Dear Datu Dimao:

The Commanding General has directed that you be informed that the Separate Company, Second Basak Infantry Regiment, Lanao Military Sector, Fighting Bolo Battalion Unit, United States Army Forces in the Philippines, purporting to be a guerrilla organization under your nominal control, is not favorably considered for recognition as an element of the Philippine Army.

A set of general requirements for guerrilla recognition, established by General MacArthur during the liberation of the Philippines, has been used as a guide in considering the record of this unit. After careful investigation and full consideration of all substantiating records and testimony of witnesses having pertinent knowledge, recognition of this guerrills unit is not deemed to be warranted because of reasons mentioned belows

- a. Record of service was not substantiated by sufficient acceptable evidence.
- b. The unit was not maintained satisfactorily in the field in opposition to the enemy.
- c. Activities of the unit did not contribute materially to the eventual defeat of the enemy.
 - d. A definite organization was not established.
- e. Adequate records were not maintained (names, ranks, dates of enlistment or joining, dates of promotions, and necessary related information).
- g. Unit did not show satisfactory continuity of activity and organization.

WAS WAR

g. Members of the unit did not devote their entire effort to military activities in the field to the exclusion of normal civilian occupation and family obligations.

Authority NND 885076 DECLASSIFIED Tour attention is invited to Presidential Executive Order No. 68, Commonwealth of the Philippines, copy of which is attached, for any necessary action in commercion therewith.

Sincerely.

1 Incl Executive Order No. 68 dated 26 Sept 45

Report on the Lanao Military Sector, Fighting Bolo Battalion Unit, United States Army Forces in the Philippines

- 1. The following report concerns the overall command of the Lenaco Militery Sector, Fighting Dolo Battalion Unit, United States Army Forces in the Philippines, consisting of approximately 128 different units. A pertial list of the larger units are listed in peragraph 3 below. The Lenaco Militery Sector, Fighting Dolo Bettelion Unit, (LMS, FEDU, USAFIP), is also known as the "Fighting Blade Weapons Division" and the "Fighting Blood Weapon Division". A physical invostigation of the unittin the field was not made nor considered necessary or desirable, but the commanding officer and other persons having pertinent knowledge of the unit's activities were contacted either personally or by correspondence. The statements of those contacted, and a complete study of the records of the unit, are reflected in the findings.
- 2. A few of the subordinate units of the Fighting Blade Weepons Division have been previously and separately not favorably considered for recognition by this headquarters. It was considered at that time that those units were only independent "Belo Units", when this overall command was studied, those units were included for reconsideration. This report will support the previous discussion of those subordinate units of the Fighting Blade Weepons Division, and at the same time take into consideration the overall command and other subordinate units of that command, now pending under request for recognition.
- 3. The following is a pertial list of subordinate units comprising the Lanco Military Soctor, Fighting Bolo Battelion Unit, United States Army Forces in the Philippines:

First Coastal Regiment Third Coastal Regiment Forth Coastal Regiment First Boloe Regiment Second Basak Regiment Third Dasak Regiment First Unayan Regiment First Separate Regiment Western Lango Troop Movement Upland Infantry Regiment Western Lanao Separate Special Bn Bolo Battalions Separate Battalions and Companies Special Battalions and Companies Attached Battalions and Companies Provisional Battalions

- a. Prior to the arrival of the Japanese invading Forses on Mindence, Brigadier General Guy O. Fort, commending the Slst Division, USAFFE, Lenac Military Sector, organized the "Bolo Battalion," for the purpose of aiding the Slst Division. The missions of the Bolo Battalion were as follows:
 - Guarding the beaches in order to give timely warning in case of enemy landings.
 - (2) Acting as Labor Battalions when so desired.
 - (3) Guarding bridges and roads.
 - (4) Guarding ammunitions, supplies and other military installations.
 - (5) Suppressing fifth column activities.
- b. The "Lenao Military Sector" was divided into four units. Each unit was composed of several groups or companies, as meny as there were municipalities or municipal districts in the unit. Each group or compeny was commended by a Senior Leader, usually the Mayor of the municipality or municipal district, and two other leaders selected from the group or compeny. Each Belo Battalion Units which comprised the "Lenao Military Sector" were commended by Sector Commender, supposedly an officer of the USAFFE.
- c. On 21 May 1942, six days prior to the surrender of the 81st Division. General Fort ordered Datu Busran Kalaw to take command of the entire Blade Weapons Forces (Fighting Bolo Battalion Units), which were then extended along the coast from Iligan to Cabuano Barracks and on the Lake-Shore of Lake Lanao. On 27 May 1942, the 81st Division, USAFFE, surrendered, and three days later Datu Busran Kalaw reorganized the Bolo Battalions. "To this organization, everybody was permitted to join-members of the former Bolo Battalions, ex-USAFFE, Civil Government employees" - Numbrous companies, battalions and regiments were organized, until all the regions of Lanao, not occupied by the Japanese were covered. The organization was partly completed on 31 August 1942, and consisted of approximately ten (10) regiments. several separate, special provisional, combat, and attached battalions and companies, with a total strength of approximately 35,000 officers and men.
- d. The activities of the unit consisted primarily in continuing civil and military government and the care and protection of civilians. A few claimed skirmishes with the Japanese are discussed in more detail in the findings of this report.

- c. On or about December 1942, Lt Col Hedges, commending officer of the 108th Division, 10th MD, began to organized the Moros into the Maranac Militia Forces, (MMF). Datu Eusran Kalaw and approximately 8,000 members of the Bolo Battelion Units were inducted into this unit; and were subsequently recognized as the Maranac Militia Force (MMF) of the 108th Division, 10th Military District.
- f. For further information relating to the alleged history of the Leneo Militery Soctor, Fighting Bolo Battalion Unit, United States Army Forces in the Philippines, see attached unit files.

5. FINDINGS:

e. The following persons were interviewed or questioned by letter and their statements are reflected in the findings:

0

Sulu

b. Records of service were not substantiated by sufficient acceptable evidence. The Lene Militery Sector, FIBU, USAFTP, and its subordinate units, as presented for recognition, was not in any sense a well-organized guerrille unit. Prior to the surrender of the 81st Division, USAFTE, the Bolo Battelions were used by General Fort as "Bolo Units", "Ferner Bettelions", and "Labor Bettelions". According to the "Guerrilla Resistence Movements in the Philippines", a collection of monographs previously published by the Philippine Sub-Section, G-2, General Headquerters, Southwest Pecific area, the Mores were under their own leaders, but had been paid by the USLFFE prior to the surrender. But even if they had not been paid, their activities would not constitute a claim

Authority NND 895078

for guerrilla activities, but rather would be a claim for pay as labor battalions in aiding the 81st Division. Letter Order from General Fort to Datu Kalaw, ordering him to take command of the Blade Wespon Forces does not necessarily prove that the unit continued as a well-organized unit. The Guerrilla Resistance Movement in the Philippines (extract as Incl 1) and letter from Col. W. W. Fertig, (Incl 2) state that when the Japanese invading forces landed at Davao the Moro Force disselved rapidly, and that the activities against the enemy as claimed by the Lanao Military Sector, after the surrender of the 81st Division were not the activities of the Blade Wespon Units, but a general and spontaneous uprising of the people. The records of the unit. such as General Orders, S-1 Reports, and S-2 Reports, consist primarily of promotion papers of the members of the unit. Promotions were made periodically. Each month most officers were promoted to one higher rank.

- c. The unit was not maintained satisfactorily in the field in opposition to the enemy, for prior to 27 May 1942 the Slst Division, USAFTE, dominated the erea and subsequent to Sept 1942 the Marance Militia Forces of the 10th Militiary District, a recognized guerrille organization of approximately 8,000 formor members from the claiment Bolo Battelions, dominated the erea. Resistance activities against the Jupenese during the 3-months period between those dates consisted of an uprising of the people of Lamae, and not in guerrilla eactivity by the LMS, FDDU, USAFTP. The statements of guerrilla leaders, as discussed in peragraphs 51, 51, 5k, indicate that the Bolo Battelions was not maintained after the surrender of the Slst Division.
- d. Activities of the unit did not contribute materially to the eventual defect of the enemy. The "Guerrille Resistance Movements of the Fhilippines", brings to the attention that the Moros were noither a valuable ally nor a dangerous enemy. The principal claim for recognition by the LMS, F2BU, USAFTP, is based upon two local battles with the Jepenses in September and October 1942. The Dieman Islam Unit, a bitter foe of Kalaw, under Datu Diempun, also claims credit for these engagements, as indicated above and by incls. 2 and 3, written by individuals having personal knowledge. These battles can not be accepted as the activities of this or any other organized guerrille unit. The Lenso Military Sector, FBBU, USAFTP, is therefore claiming activities which were executed by the initiative of a resentful and angered tribe, rather then by their units.
- e. A definite organization was not established. Prior to 27 May 1942, Datu Dusran Kalaw was an intelligence agent of the Sist Division, USLFFE, and during the latter menths of the same year he became a member of the Marcane Militar Force. Officers and enlisted men of the Lance Military Sector, FRUL LMS, lived with their families and supported them by means of normal civilian pursuits throughout the occupation. Practically all of the battalion commanders and ranking officers on the rester of

this unit were mayors of the verious towns or held other political positions during the Japanese occupation. The members of the unit who were interviewed, with the exception of the leaders, could not give their positions within the verious units and most of them stated that there was very little organization within the unit.

- f. Adequate records were not maintained. Monthly rosters, appointment and premotion papers, deted back as far as 1942, were submitted as records; but an examination of those papers showed that most of the monthly rosters were made at one time, using carbon papers and leaving the dates blank, so that the date could be placed in later. Furthermore the paper used did not show the wear and tear of paper that had been used since 1942.
- g. Unit did not show satisfactorily continuity of activity and organization. Colonel W. W. Fortig, commanding the 10th MD, states that this unit did nothing to stop the Japanese (See Inel 2) advance and were more hermful than helpful to the USAFFE. "The Guerrilla Resistance Movement in the Philippines", supports this statement of unsatisfactory continuity of activity and organization by declaring that the More forces dissolved rapidly after the Japanese Landed in Davse. The unit could not show any conclusive supporting evidence which would sustain their claims of activity subsequent to the surrender of the Slst Division.
- h. Members of the unit did not devote their entire effort to military activities in the field to the exclusion of normal civilian occupation and family obligations. The members of the unit helding political positions, such as mayors, continued to remain in office during the Japanese occupation. The members of the unit who were common farmers and laborers continued their normal pursuits.
- i. Attached hereto, as inclosure 2, is the first indersement, dated 15 January 1947, from Colonel Wendell Fertig in enswer to letter from this headquarters requesting information regarding the Fighting Blade Wespons Unit. Colonel Fertig, formerly with General Fort, later became commanding officer of the 10th Military District. In his indorsement Colonel Fertig emphasized that the Blade Weapons Unit (also known as the Lenao Military Sector, FBBU. USAFIP) did nothing to stop the Jap advance and contributed nothing to the resistance prior to the surrender. He further states that the period from the surrender to the organization of the Maranao Militia Forces on Docember 1942 was one of non-resistance. except for the resistance of a group of Moros under Manalao Mandalinao, whose name is not included as one of the leaders of the Lango Military Sector, FBBU, USAFIP, whereas he is recognized as the regimental commander of the 127th Regiment, MMF. 10th MD. Colonel Fertig further states that the encounter between the Japanese and the Moros was occasioned by a general uprising of the people and not by the Blade Weapons Units. Col. Fertig recommends that the Blade Wespon Units and associated units in the province of Lango be not recognized.

j. Ascended herewith as inclosure 3, is a memo to Lt Col Sheftoo, former Chief of Guerrilla affeirs Brench, from Edward M. Kuder regarding the Bolo Battelions under Dusren Kelew. (It must be noted that the "Diama Islam" unit mentioned in his report is not a part of the Leneo Militery Sector, FBBU, US.FTP) Mr. Kuder was an American educator who had spent years educating the Mores before the wer and who later became Director of Civil Affeirs for Leneo under Colonel W. W. Fortig. This mene indicated that the Leneo Militery Sector, FBBU, USAFTP, is a recented that the Leneo Militery Sector, FBBU, USAFTP, is a recented that the Leneo Militery Sector, FBBU, USAFTP, is a recented that the Leneo Militery Sector, FBBU, Charlelly all of its members into the unit during the years 1945 and 1946, and that the leaders have been collecting focs from the members inducted. Mr. Kuder has full knowledge of the activities of Leneo, during the occupation, and he recommends that this unit be refused recommitten completely.

k. A letter "To Whom It May Concern", from General Calixto Duque formerly Chief of Staff, 81st Division, (USAFFE), and at present Deputy Chief of Staff, army of the Philippines, was presented as supporting evidence of Kalaw's activities. On interviewing General Duque, he stated that he had been with the 81st Division until the surrender and was then prisoner of war in Mindanao until January 1943. He acknowledges the appointment of Datu Busran Kalaw as special agent of the G-2 Section 81st Division, but he did not know of any of Kalaw's activities after the surrender. He further stated that the Moros of Lango were very destructive after the surrender of the 81st Division. He asserted that the Moros had embushed some of the USAFFE members of the 81st Division while they were escaping to the hills. He also claimed that there was no organization of the Moro people and that they were a great hindrance to the people of Lanao, especially the Christians, for the Moros had attacked various Christian barries, had raped and killed the inhabitants and had looted houses. General Duque had heard of the defeat of the Japanese at Taparan, but he did not know how it was accomplished.

1. An affidavit from Major Dominador Garcia, formally AC of S, G-3, Blat Infantry Division, USAFFD, was forwarded as evidence of the existence of the Bolo Battalions. When interviewed, Major Garcia stated that he knew nothing of the activities of Kalaw, or the Bolo Battalion, after the surrender of the Slat Division.

m. Attached herewith as inclosure 4, is a confidential report from Operative Number one, Intelligence Section, NPC, PA, Lence Province, Operative Number, Lt Menioba Aguan, a native of Lanae and former member of the Bole Bettalions, later became a member of the Marance Militia Force. It is noted, that within the report, Lt Aguan brings out the fact that efter the surrender of the Elst Division, many of the members of the Bole Bettalion became Collaborators, infanous looters, robbers, bendits, etc., while others continued their normal pursuits. He further states that the rester and orders submitted to this headquarters were antedated, and that the eadre of the Bole Bettalion are members of the alreedy recognized Marance Militia Forces.

- n. Datu Darengina Diampuan, a non-recognized guerrilla' leador, who had operated in Lance, cleims that Datu Kalaw had never had an organized unit after the suremelser of the Stat Division. He further stated that Kalaw is using the Bolo Dattalion as a noney-making proposition, in that, he is charging the usebers for their membership. Datu Darengina Diampuan also claims that the Moros of the former Bolo Dattalion under Kalaw were more destructive during the degenees occupation than they were constructives.
- o. It should be emphasized that the More of Lamo were organized into the Marman Wiltitis Force, with a strength of approximately 6,000 neabors. The Marcuse Militis Force was recognized with the 10th Military District as part of the 105th Division. The dates of recognition of the Marmane Militis Force were revised wask to 16 September 1942. This recognition and revision constitutes adoute and just recognition of military services the More of Caman to the war effort.
- p. No useful purpose will be served by any further investigation of this unit.
- q. There are no individual manbers worthy of recognition with the exception of these already recognized with the Maranies Millitia Force. Although some casualties are claimed in the rosters, it is assumed that these curvalties occurred in the general uprising of the people, and not as members of an organized unit. These casualties or their heirs may continue to submit individual request for casualty recognition.
- 6. PCLITICAL ASPROTS: Nost of the leading figures in the submitted rostors are political aspirants, indicating that the unit may be used to support these politicians in their attempts to gain office.
- Sector, Fighting Bolo Battalion Unit, United States Army Forces in the Philippines, otherwise known as the Fighting Blade Waspons Division, be not favorably considered for recognition.

Robert J. Morton Ceptain, Ord

See incls filed w/ Team Leader's Report in GAD.

Extract of Guerrilla Resistance Movements in the Philippines

The Moros and the Maranao Militis Force: The Moro problems on Mindanao have long been a source of discontent and unrest. The Moros are a distinct Mohammedan group and are found throughout the Sulus, along the southern coast of Zamboanga, the southern half of Lenao Province and across Cotabeto to the Davao Gulf. The Merenao (Lenao) Moros are perhaps the brovest, proudest and the most intelligent of the Philippine Moro groups: Marenao (Lanao), Meguindanao (Cotabato) and the Tao-Sugs and Samals (Zamboanga and Sulu). Intelligence, courage and pride, however, do not make the Lanso Moro cither a valuable ally or a dengerous enemy. His intelligence is more nearly sly cunning, going hand in hand with treachery. The Moro nes little respect for the Christian Filipino and may always be antegonistic towards him.

More villeges are small, usually built up around a farming community, and the irhabitents are usually related to each other. While each community is loyal to its own leader, the leaders of those inter-related communities form as association and have a group leader, or Datu, to whom all community leaders are loyal. For the past forty years Mores have been under the control of the Philippine Constabulery, but most of the Moros remember that they were once the absolute rulers of their areas and were free to rob and murder groups less powerful than themselves. With any relaxing of police authority meny of them soon return to their naciont customs of robbery and murder, with loyalty only to their immediate leaders.

To prevent bloodshed between Moros and Christians, no Moros were allowed to live on the north coast of Lenao and none lived in Bukidnon. During the chaos following the surrender, Moros came down the north slopes of the Lenao hills and began molesting the Christians. MORGAN's retaliatory measures were so violent, however, that the feelings of the Moros were aroused more then ever, and it has been only with considerable erre that the support and neutrality of the Moros was maintained. In the Dinas vicinity of southern Zamboenga no Christian deres set foot now as a result.

In January 1942, when it became evident that it would be difficult if not impossible to stem the tide of the Japanese invesion of the Philippines, Gen. FORT tried to beleter the Mindanae Force by organizing and placing thousends of Moros in helding defensive positions along key highways in the southern part of Mindanee. He organized the Moro Bollo Battalion, active young Moros armed with knives. The Moros were under their own leaders but were paid by USAFFI. They had little time for training and when the Japanese landed in Davae, the Moro force dissolved rapidly. Many prominent Moros were attached to this group and later became active in guerrilla effairs in Laneo and Cotabato.

Lt. Col. HEDGES began to organize the Moros in December 1942 - Jenuary 1943. He collected most of the former members of the Bolo Battalion and formed the Maranao Militia Force. The early leaders of the Moros in guerrilla activities were: MINDALANO, former member of the Bolo Battalion, a hot tempered young Moro; Busran KALAW of Momungan; Datu LaGUINDAB of Ganassi; Joseph SANGUILLA of Mumay and Medalum; and Datu BUNTALIS of Masiu.

By late 1942 the Moros had collected a fairly large number of weapons. After the surrender they ransacked the battlefields and waylaid civilians and former USAFFE soldiers Dattlefields and waylaid civilians and iormer UNAFFF COLDERS for weapons. The threat to the guerrilla organization was real. The efforts of Busran KALAW, MINDAIANO, the Sultan of Ganassi and many others to bring the Moros into line is a monumental tribute to their respect for the American people. They were supported in their efforts by very small allotments of arms and supplies from the guerrilla headquarters. The one time location of the District Headquarters in Lenao and the presence of guerrilla leaders (such as Lt. Col. HEDGES and Mr. KHUEF) who knew the Moros well, were fortunate in and Mr. KUDER) who knew the Moros well, were fortunate in this connection.

For political reasons the Maranao Militia Force is paintained as a segerate part of the 10oth Division, and is pro-bably the bost armed single group of guerrillas on Mindanso. The present organization and strength of this force is as follows:

124th Regt, MMF, Hq Rupagon, Lanao CO: Cart. Mecaurog ARUMPAC	<u>Off</u> 36	1,538
126th Regt, MMF CO: Maj. Busran KALAW	118	1,124
127th hegt, MMP, now sieging Malabang CO: Capt. Manalao MINDALANO 128th Regt, MMF, now sieging Malabang	73	788
CO: Maj. Anonngo BAGUINDAALI 129th hegt, MMF, Hq Taraka, Lanao	100	951 1,202
1st Prov. Regt. 2nd Prov. Regt.	78 63 53	928 533
2nd, 4th, 6th 8th Separate Battalions 5 Separate Companies	71 597	1,470
Total	597	8,841

Lt. Naguib GUANDY, Chinese-Moro mestizo and pre-wer mayor of Malabang, has been responsible for organizing Moro resistance south of Malabang on the Lango coast. He has protected the Christians and has kept on good terms with the Ja-penese to obtain supplies. KNLAW is a native of Mormogar, Lanao, was mayor of Momungan at outbreak of the war and is ex-provincial treasurer of Lanao. He is an associate of Capt. MORGAN, and actively resisted the organise since 1942. MIN-DALANO is an ox-school inspector, clever and courageous, vory hot tempered. He was the first to fight the Japanese nifer the USAFFT surrender. ARUMPAC was mayor of Lumbater; Sever, a little politice, a good manager and belongs to the disonic order. BAGUINDAALI is popular as one of the first Moro guerrilla leaders.

Copy reproduced - 15 Apr 47

PROTACIO CABIAS 1st Lt., Inf., AUS Chief, Records Section

SUBJECT: "Blade Weapons Division"

- TO: The Commanding General, AFWESFAC, APO 707. From Co. Wendell W. Fertig, Det Pat Fitzsimons Gen Hospital, Denver 8, Colorado.
- Mar 46, this same general subject, and I will reiterate the recommendation contained in that letter (Incl 3). Therefore in my opinion this group is 156 entitled to recognition for any activities following the enganisation of the 10th Military District on 16 Sept 42. All mus who assisted my unit after that date have been included in regular unit resters and only recognized. Thus the Blade Weapon units are entitled to no consideration except for services rendered between the date of their organization (about Jan 42) and the date of 16 Sept 42.
- 2. That period comprises two general but diverse phases. The first covers the passive and active phase of the Mindanao campaign prior to the surrender of General Fort and his forces on 29 May 42. During the invasion period April 30 A May 42 while I was actually with General Fort, he placed great confidence in the help to be gained from the Blade Weapon units which he had organized. This help was not forth occining. THEY DID NOTHING TO STOP THE JAF ADVANCS. When the demadle followed after A May 42, the Moros engaged in wide scale locting. In July 42, It Col Charles Smith, CE (then a civilian employee of the USED) stated that General Fort was forced to surrender since his reserve food stores and ammunition had been locted by the Larao Moros. From evidence, which I believe was conclusive, the Blade Weapon units contributed nothing to the resistance cause during this first phase.
- 3. The second phase of inertia that extended from 29 May 42 until 16 Sept 42, was one of quietness except for the centinued resistance of Manalao Mandalinao (New Representative from Innao is the Finipipe Legislature) and his group in conjunction with that of Datu Aguam. The Japs failed to with this group. In Asyas, a company of departure were wiped out on the east shore of Leke Marao, but this was done or a general uprising of the people and not by the Elafa Leapons Entire
- 4. CONCLUSION AND RECOMMENDATION- A careful study of this problem was made during the occupation period, and I found Little end-dence that the Blade Weepon units contributed to the foreturing of the resistance movement. It is therefore recommende that this and exercise ted units in the province of Lena be [Mg prograted.]

Wendell W Fertig Colonel CE

PROTACIO CABIAO Ist Lt Inf., AUS Chief, Records Section

(Incl 2)

Manila 9 June 1946

MEMO for Lt. Col Shaftoe, Chief, Guerrilla Affairs Division, AFWESPAC, on Lanac Guerrillas.

THE DIAMA ISLAM

This is an organization which deserves considerable credit for providing the big impetus that turned most of the large Moros against the Japa.

I was th Larac, with the Moros and the guerrilla novement from the moment the Japs invaded Larac, April 29-30, 1942 up to Sept 29, 1943. I was never in Japs hands, but had to leave Larac for Australda by submarine on Sept 29, 1943, due to illness.

Hence, although I did not see the fights the Diama Islam put up, in fact we shout 50 kilemeters eway, still I had eye-without reports of it within two days afterward, and observed how the which province rung with the exploit of Sept 12, 1942, and how the Notes were stirred up and inspired by it.

It is true there had been encementer and animakes prior in this, but this was the first the proteind bettle. The proof while which the large were overwhelmed and wiped out, all but one way, the property of the property of the property of the property stone for kindene, one for Lamo alone and the shock for the other stone for kindene, one for Lamo alone made on the property of the sland, if do not think the lap force was on large as the blams loaders claimed, for I checked the number of deed several lapt note of the non-control the corpuse at the tire, The fifteen as cargadors by the Japa, who were smucht in the direct of these of the kernes did not better to count these.

After this disparer the Japa borbed the whole cast ofte of the Lake, where the fight occurred (Tampuran) for nearly a spoth, using frem 3 to 11 planes delity, other which again in med-orderer 1942. This time they came with around 500-600 troops, in wrights, using the read around the north end of the lake.

They were again attached by the Diams warning and thin these did not try to tend their ground, but find to a wooded thil, Josing some of their trudes in the process, & the hill, they are the to rully as hold off through attackers until the batterns with the time at the time attached the min low, and until reinforcemente case to enable them to retreat. The Hores [cat theat 25 one in this fight and claimed heavy lesses for the Japa, but as the Japa carried them doed and wounded sumy, and to mit the lingers in Dansalm (day main particul)

Page 1 of Incl 3

report. This report put the Jap total casualties at under a hundred.

But the Japs never came back, and never again patrolled in the interior of Lanac, although they maintained their garrison at Dansalan by virtue of the highway to Iligan, and at Garassi by means of the Lake, from Dansalan.

Thus, within five months after Corregidor, the interior country of Larac was freed of the Japs and remained free. This was a remarkable achievement and is due largely to the Diama Islam.

Since the Japs never returned they had no more fighting to do, but did guard the lake to prevent supplies from reaching the Japs.

As the Piama Islam was self-supporting in the way of food, guns and ammunition, many of its members found economic pressure too strong honce joined the Marenao Militia Force under Col. Fertig, some months later, for the sake of better pay and supply.

Pride, perhaps misplaced, kept the others from joining and held them to something of a home guard organization.

Yet, it must not be forgotten that they battled and best the Japs before Fertig even started, and it must also be realized that had it not been for the beatings and fight they gave the Japs, Fertigls initially puny organization would in all likelihood have been crushed.

The Diama Islam rendered a real service.

Their leader claims 4,599 men on his roll. Fersonally, I think this is greatly exaggerated. I don't believe they could possibly have more than 2000 men. This jibes well with the population figures for that area, but, knowing as I do how factional the Morcs are among themselves, I would examine even that figure with caution.

I beliele the Diama Islam is ontitled to some recognition after careful investigation.

The Bolo Battalion, under Busram Kalaw

I understand this outfit claims 40,000 members. If such is their claim it is the wildost fabrication. The "seat" of this organization was in the area along the Danselan Higgen road. If it had 40,000 members why could it never close that road, nor take the Jap outpost of 20 men guarding the Fants bridge, when between 1000 and 2000 Diama Islam could beat the Japs so badly in the Diama's home territory?

Page 2 of Incl 3

Busran Kalaw, the Bolo Battalion leader, may claim credit for the Diama Islam's exploit at Tamparan. It may be true that he was there, but his back was to the Japs, and it was in trying to overtake him that the Japs ran into the Diama.

Busran never got closer than 5 kms to the Japs, and I never saw him with as many as 200 men, although I saw him a dozen of times during the guerrilla times.

There was a real Bolo Battalion organized by General Fort before the Japs came, April 29-30, 1942, but it never exceeded 5,000 men and virtually all of these joined the MMF under Fertig.

After Fort's surrender, to give him credit, Busran Kalaw tried to stir up resistance against the Japs, but he had a following only in his own area, Baluy, the thinnest populated area of Lanac. He could not possibly have had one thousand men.

It was not until late 1945 and now in 1946 that so many membors were "enlisted" in their cutfit. It has much racketeering in it, with contributions collected from the members to pay for preparing rosters, giving birthday or baptismal presents to its leaders and their children, sale of "commissions" etc. As it stands now it is 99% fake. One of its officers a "major" or "Lt. Col." Bulog Mangobara, was actually a dog of the Japanese and guided their patrols.

I would turn this outfit down, cold and completely.

Respectfully submitted,

/s/ Edward M. Kuder Actg. Div. Supt, of Schools for Lanao ex-Director of Civil Affairs for Lanao under Col W. W. Fertig

HEADQUARTERS LANO PROVINCE MILITARY POLICE COMMAND PA Intelligence Section

APO 159 12 Apr 46

CONFIDENTIAL

Subject: Belo Bettalien, History of (Lange Province)

: PPM, Lanso Prov, MPC, PA - APO 159

Fairly reliable if not very accurate story of the history of the Moro Polo Patislion organization in Lanco, is here, submitted by this section not for jeelcusy nor selfishness, neither for aggrenaizement, but as intelligence section of the agency of the government, it will in some how dissipate any shadow of doubt on the part of the Philippine Govt much the United States. This story will not only help clear the doubts of AFWESPAC, but will in one way guide AFWESPAC to recompense justly the very patriots.

Some where in the later part of Docember 1941, letters from the Provincial Governor were sent to all Municipal and Municipal District Mayors urging each Mayor to organize in their own districts, Volunteer Guards. To give more inspiration and incentives to accomplish result to the maximum the order was propagendized thru out Lanso, that this Volunteer Guards is enunciated by the most Filipino beloved Late President Manuel L. Quezon. The Volunteer Guard was very successful.

Then and efterward some where in the earlier part of February 1942, if not January 1942, Brig Gen Guy O Fort, CO of the 81st Division (USAFFE) stationed in Lanso Province authorized the organization of the Rolo Battalion. He himself (Gen Fort) being a good and sincere friend to the Merenews for many years went around the Moro villages stressing or the importence of Loyelty to the gov't one owes an allegience. He himself (Gen Fort) witnessed and even sworned before the Koran (Sacred Mohammedan Bible) with many leading Datus that they being members of the Bollo Battellon will, in all means resist the enony, the Japonese, and even sworned that they (Datus) will never surrender to the Japonese if in case the Japanese might succeed vanquishing the USAFFE. Again Mayor (District Mayors) were made immediate leaders of their respective districts. Meny Mayors and Datus were given shot guns and even spring-field rifles Cal 30 Ml to give them more interest in leading their own people. In the months of March and April, 1942, Mayors especially of Watu, Tugaya, Becolod, Medelim, M. damba, Genessi, Pueles, Taterikan, and Pinidayen were each given seven days to guard at Barorao beach, at Malabang, Lanao to wetch and report immediately any sign of Jepanese ships seen on the Liliana Bey. This was by rotation. Even teachers headed by their District supervisor were one time volunteered to guard at Barorao.

So far, every Mayor, was allowed fifty (50) companions, They were being transported there by Army Trucks purposely designated for use of the Bolo Battalion. Officers in the UEAFFE assigned by Gen Fort to inspect and guide the Moro Polo Battalion were Major Suarez now Colonel, he is somewhere in Sulu, 1st Lieut. Memerinta Lao, now Capt, Commanding the 64th somewhere in Sulu, 1st Lieut, Memerinte Leo, now Lept, Loumernaling use Grant MP Co, Lenno Frov, MPC, FL, 3d Lt Mohenned Ali Dimepore new 1st Lieut, Commending the 69th MP Co, Lenno Frov, MPC, Pl, 3d Lt Sentos Imperial, now in the 5th Repl Bn end 3d Lt Mentoyen Bayolen; There of Incare perhaps do not know ever the number of the Bolo Bettalion that time they were heading the organization. Mejor Gebel that the ups, the one approving certificate of on individual recommended by the District Mayor to be a morber of the Ealo Bettalion. ORDER SEG ARMY
