Dear Mr. de Joya:

The Commanding General has directed that you be informed that the "Pioneer Calamba Town Guerrilla, PAIT", purporting to be a guerrilla organization under your nominal control, is not favorably considered for recognition as an element of the Philippine Army.

A set of general requirements for guerrilla recognition, established by General MacArthur during the liberation of the Philippines, has been used as a guide in considering the record of this unit. After careful investigation and full consideration of all substantiating records and testimony of witnesses having pertinent knowledge, recognition of this guerrilla unit is not deemed to be warranted because of reasons mentioned below:

- a. The unit was not maintained satisfactorily in the field in opposition to the enemy.
- b. Activities of the unit did not contribute materially to the eventual defeat of the enemy.
- c. A definite organization was not established.
- d. Adequate records were not maintained (names, ranks, dates of enlistment or joining, dates of promotions, and necessary related information).
- e. Unit did not show satisfactory continuity of activity and organization.
- f. Members of the unit did not devote their entire effort to military activities in the field to the exclusion of normal civilian occupation and family obligations.
- g. Many members apparently lived at home, supporting their families by means of farming or other civilian pursuits, and assisted the guerrilla unit on a part time basis only.
- h. Record of service was not substantiated by sufficient acceptable evidence.

b. Record of service was not substantiated by sufficient acceptable evidence. Neither this unit nor the Pioneer Balayan Town Guerrilla, Bahia-Deguito Unit, FAIT, to which this unit claims affiliation, can present any evidence of having ever existed other than on paper.

c. The unit was not maintained satisfactorily in the field in opposition to the enemy. The unit never functioned as a combat unit either before or after the arrival of the Americans. The unit claims to have had 30 arms, all homemade. The unit has no certificates of attachment with US Army units.

d. A definite organization was not established by this unit. With few exceptions, all the officers and non-commissioned officers in the unit are members of two families, de Joya and de Leon. The unit never kept rosters or any other records. Although this is a small unit, 117 men, the leaders did

RESTRICTED

not know where they could get in contact with the men listed on the roster of the unit.

e. Performance of the unit did not indicate adequate control by its commanding officer. The unit engaged only in minor activities, such as telling the local peasants to waste fertilizer and not to turn over the proper amount of their cotton crop to Japanese authorities. The unit claims to have engaged in covering up some Japanese foxholes and to have cut some barbed wire entanglements; no substantiation to these claims could be found. The leaders admit that the largest number of the unit ever assembled together consisted of the officers and non-commissioned officers who belong to two families that reside nearly next door to one another.

f. Unit did not show satisfactory continuity of activity and organization. The leaders of the unit admit that they followed the lay-low policy. The Mayor of Calaca, who is a recognized member of the Blue Eagle Command, stated that he knew of the unit, but knew nothing of its activities. Col Aderoso, Col Usali, Lt Col Ocampo, and Major Ruffy were questioned as to this unit; each stated that he had never heard of it. Lt Comdr Rowe who supports the Pioneer Balayan Town Guerrilla, Bahia-Deguito Unit, to which this unit claims affiliation, stated that he did not know there was such a unit.

g. No useful purpose will be served by any further investigation of this unit as there are no worthy members and the unit suffered no casualties.

4. POLITICAL ASPECTS:

This unit does not appear to have any political affiliations nor aspirations.

5. RECOMMENDATIONS:

It is recommended the Pioneer Calaca Town Guerrilla, PATT, be not favorably considered for recognition.

PIONEER CALACA TOWN GUERRILLA
F. A. I. T.
AFFILIATED TO BAHIA-DEQUIPO UNIT
CALACA, BATAVIA

BRIEF HISTORY
OF THE
PIIONEER CALACA YOUNG GUERRILLA
F.A.I.F.
AFFILIATED TO BARRIA-DEGUITO UNIT
CALACA, BATAVIA

The news that thousands of American and Filipino soldiers died in prison camps and of the crimes committed by the Japanese to our women and children aroused the fury of our people against the Japanese invaders. It was then futile to take up arms, we then being poorly organized and unprepared. But the hate for the cruel Japanese did not fade away or end there; in fact, the hate found expression in some way or other.

Sometime on October 16, 1942, Atty. Pablo S. de Joya called the attention of some men, that since we might be killed, our women be abused without resistance and help the cause of American in the prosecution of war to victory, that an underground resistance movement be organized. Many were more than willing to join, having realized and known that DEMOCRACY is sweet--very sweet! Jose de Leon (1st. Yr. Medicine) was approached about the matter, organization being delicate and be kept with complete secrecy. It being harvest time and some of the men to be recruited to join the cause, being in the barrios, it was thought best that a meeting be held in the house of Atty. Pablo S. de Joya. Present were Delfin de Leon (Pharmacist), Policarpo B. Mendoza (B.S.C. graduate), Jaime de Leon (H.S. Graduate) and Atty. Pablo S. de Joya. It was agreed that men be recruited.

During the second meeting in one of the huts in Bagoartubig (one of the barrios in Calaca), it was decided that the guerrilla movement just organized be affiliated to a guerrilla organized in Belayan to have connections. Policarpo B. Mendoza, who was born in Belayan but was living in Calaca at the time, was told to shoulder the mission. The case was dropped for a time because Policarpo B. Mendoza was then sickly.

Just then in December, 1942, Major Asador Deguito came to Calaca and convinced us to join their guerrilla organization. We did, and affiliated our movement to the Pioneer Belayan Young Guerrilla Fil-American Irregular Troop. From that time on, we were sending reports to Major Deguito through our so-called "runner" about the activities of our organization. When, however, Major Asador Deguito was apprehended by the Japanese soldiers and latter killed, we contacted Colonel Vicente Galvez in 1944.

ACTIVITIES

When the Japanese cotton growing company was established in Calaca, the fury against the Japanese was aroused to greater height. Because nearly all fertile land was planted to cotton and we would be short of foodstuff. A meeting was held in the house of Atty.

(2)

Pablo S. de Joya. Delfin de Leon asked those present the best thing to do in order that the efforts of the Japanese cotton company be futile. Having discovered ~~that~~ by some of our members through underground movement that the cotton to be raised by the Japanese were not to be used solely for purposes for clothing but to be used for war material, Lt. Delfin de Leon suggested to convince the cotton farmers that the fertilizers distributed by the cotton company to them be buried or thrown to the river. We told cotton tenants that they should report only portion of their harvest, and use the great part for their own.

Once in a while some Japanese came to Calaca and surveyed military strategic places, especially in places far from the town, where they dug foxholes. We sent men to spy their activities in the said strategic places and report the matter to Major Amador Dequito. Now, when the Japanese soldiers left the town, we sent our men to cover the foxholes dug by them.

Then, when the barb-wire was placed by the Japanese along the shore of Salong and Camachiligan (Calaca) to delay American movement in case of landing which were expecting, some of our men cut the same barb-wire.

Inasmuch as there were (and are) different guerrilla units organized in Calaca, we cooperated with the other units; in fact, we helped when some Japanese were encountered in barric Decanlao. And good enough, five Japanese were killed.

Yes, it is no longer Spanish regime, but when a nation is under the heels of a cruel master, it tries to rise, however poorly equipped the guerrillas are. And that's what happened to us--we used home-made guns and bolos just to defend our cause--the love for FREEDOM.

We certify that this is a true Roster of the Pioneer Calaca

Deguito Unit, with a total strength of:
