Dear Mr. Aguirre:

The Commanding General has directed that you be informed that the "Fifth Regiment, Central Division, Army of the Agno, Fil-American Guerilla Forces, USAFFE," purporting to be a guerrilla organization under your nominal control, is not favorably considered for recognition as an element of the Philippine Army.

A set of general requirements for guerrilla recognition, established by General MacArthur during the liberation of the Philippines, has been used as a guide in considering the record of this unit. After careful investigation and full consideration of all substantiating records and testimony of witnesses having pertinent knowledge, recognition of this guerrilla unit is not deemed to be warranted because of reasons mentioned below:

- a. Record of service was not substantiated by sufficient acceptable evidence.
- b. The unit was not maintained satisfactorily in the field in opposition to the enemy.
- c. Activities of the unit did not contribute materially to the eventual defeat of the enemy.
- d. A definite organization was not established.
- e. Performance of the unit did not indicate adequate control by its leaders.
- f. Unit did not show satisfactory continuity of activity and organization.
- g. Members of the unit did not devote their entire effort to military activities in the field to the exclusion of normal civilian occupation and family obligations.

Report on the "Army of the Agno"

1. The following report takes into consideration the overall command of the Army of the Agno, which consists of numerous regiments as listed in paragraph 2. The investigation of the Army of the Agno consisted of two phases; Phase 1, being a physical investigation of the 31st Infantry Regiment, Army of the Agno by Capt Tabora and Lt De Silva, to determine if further investigations of the subordinate units of the Army of the Agno would be necessary. The report on the 31st Infantry Regiment is attached as inclosure 5. The result of that investigation indicates that no further field investigation would be necessary. It is considered that this investigation is adequate. Phase 2, was an investigation by Capt Robert L Morton of the records of the unit and the interviewing of top guerrilla leaders and Philippine Army personnel who had operated in the region claimed by the Army of the Agno.

2. The following is the list of subordinate units comprising the Army of the Agno, all requesting recognition:

Camp Estaris, Army of the Agno  
 Dagupan Inf Regt, Army of the Agno

 1st Regt, Western Div, Army of the Agno  
 28th National Vol Inf Regt, Northern Luzon (Agno) Area

3. ALLEGED HISTORY: The histories of the various units of the Army of the Agno varied as to the means and methods by which organizations were formed, but the general drift of all the histories combined, is that the Army of the Agno was organized in the early part of 1942 through the leadership of Miguel Acosta, who gathered USAFFE stragglers, deserters, and men who were cut off from the main lines of resistance by the Japanese forces. Apparently the organization became big and, in addition to the USAFFE members, inducted persons from all walks of life. During the year 1942 the Army of the Agno undoubtedly resisted the Japanese to some extent as many members of the unit were USAFFE men who had maintained their arms and had the will to continuously fight the enemy.

In the early months of 1943, Acosta surrendered to the Japanese and the organization was disintegrated. The members who wished to continue guerrilla activities joined with other units such as the ECLGA, under Lt Col Edwin P. Ramsey; Luzon Guerrilla Army Forces, under Major Lapham; USAFIP NL, under Col R. S. Volckmann; or ROTC-Hunter's under Col Terry Adevosco, whereas, the remainder of the unit not wishing to carry on active resistance, returned to normal civilian pursuits.

For further information relating to the alleged history of the Army of the Agno, see attached unit files.

4. FINDINGS: The following persons were interviewed and their statements are reflected in the findings:

Ruperto K. Kangleon, Secretary of National Defense, Republic of the Philippines  
Gen Calixto Duque, Deputy Chief of Staff, Philippine Army  
Col A. G. Gabriel, G-2, HAF.

Parish priest in the town of Manaoag and several civilians.

b. As stated in the preceding paragraph, it is probable that a few of the original USAFFE members of the original unit resisted the enemy in the year 1942, but it is impossible to determine those members, for they have undoubtedly joined other guerrilla units and are no longer carried on the rosters submitted for recognition. The Army of the Agno claims activities throughout the Japanese occupation and the American liberation, but these activities consisted mainly of "house guard activities" as partly admitted by the unit's history, and were not the activities of a well organized guerrilla organization.

c. Record of service was not substantiated by sufficient acceptable evidence. The Army of the Agno, and its subordinate units, as presented for recognition, remained absolutely passive during the occupation and the liberation. It was not in any sense a well organized guerrilla unit, due probably to lack of arms and the absence of an overall command. There is no supporting evidence presented to substantiate the claims in resistance against the enemy. Though the unit claims attachment to an American Force, the evidence presented shows attachment as paid labor battalions and individual laborers. Affidavit from disinterested persons recommend certain individuals as to their existence and activities. It is to be noted that in most cases, if not all, those persons were recognized members of other guerrilla units. This further indicates that Acosta took certain politicians and recognized guerrillas and built his unit around them, hoping to get consideration on the basis of the activities of the recognized personnel.

d. The unit was not maintained satisfactorily in the field in opposition to the enemy, because the USAFIP/NL, ROTC-Hunter's, LGAF, and BOLGA, all recognized guerrilla organizations, operated and dominated the area claimed by the Army of the Agno. The statements of guerrilla leaders, as discussed in paragraphs 4 h and i, indicate that the unit did not exist during the occupation and liberation.

e. A definite organization was not established by this unit because the overall commander, Miguel R. Acosta, was an officer with the Japanese Constabulary from the early part of 1943 until late in 1944, and did not return to the area of claimed operation of his unit until February 1946. During the greater part of his absence from his unit, Acosta was

assigned to the Japanese Constabulary in Cebu, and remained there until the liberation, at which time he was attached to the 6th Army and was taken to Okinawa and Japan. Officers and enlisted men of the Army of the Agno lived with their families and supported them by means of normal civilian pursuits, throughout the occupation. Many members of this unit carried on the roster as battalion commanders and other top positions, held political positions during the Japanese occupation.

f. Performance of the unit did not indicate adequate control by its commanding officer and subordinate commanders because the commanding officer was absent from his unit throughout most of the occupation, and when subordinate commanders and non-commissioned officers were questioned, they had to rely upon notes in order to give answers to the interviewing officer, which indicated that the members had been coached prior to the interview.

g. The unit did not show satisfactory continuity of activity and organization because it cannot show any achievement accomplished during the occupation or liberation, nor can it show any supporting evidence.

h. General Calixto Duque, G-3 of USAFIP, NL and at present, Deputy Chief of Staff, Army of the Philippines, stated that he had operated at Dagupan, Pangasinan, both during the occupation and early liberation, and he stated that he had never heard of the Army of the Agno nor any of its subordinate units during the occupation. Colonel A. G. Gabriel, a recognized guerrilla with PQOG, who had operated in Central Luzon, and at present G-2, Headquarters, Army of the Philippines, stated that he had had intelligence officers in Pangasinan during the occupation and that he had never heard nor received reports of the Army of the Agno, and he recommended that it be flatly refused recognition.

i. Colonels Kangleon, Marking, Anderson, Volckmann, all stated that they had never heard of the Army of the Agno during the occupation and liberation. Whereas Colonels Ramsay and Adevosio stated that they had heard of a guerrilla unit under the command of Acosta, during 1942, but the unit was disorganized and the activities were slight. They further remarked that when Acosta voluntarily surrendered to the Japanese, some of the active members joined with their command, and the remainder of the unit disintegrated. Colonels Ramsay and Adevosio recommended that the unit be not favorably considered for recognition for any of the activities which it claims. It must be noted that the deserving guerrillas in Pangasinan have been recognized with one of the units previously mentioned.

j. Attached hereto as Incl 1 is an article from the Manila Times, dated 16 December 1946, in which the Philippine Army declares the Army of the Agno as illegal.

k. Attached hereto as Incl 2 is the G-2 report from Headquarters, Army of the Philippines of its investigation of the Army of the Agno which gives basis for its claiming the Army of the Agno as illegal. This report proves beyond a doubt, that the Army of the Agno has been inducting personnel into its organization as late as March 1946, and that the leaders of the unit have been collecting fees from the members inducted. Headquarters, Army of the Philippines claims that the officers and members of the Army of the Agno may be prosecuted under the Revised Penal Code, for the following reasons:

- (1) Usurpation of Official Function - for issuing firearm licenses and permits without being duly authorized.
- (2) Illegal using of Army uniforms and insignia.
- (3) Swindling or Estafa.

l. Attached hereto as Incl 3 is a copy of confidential document, MEMORANDUM FOR THE OFFICER IN CHARGE, subject: "Army of the Agno", from the San Fernando CIC Field Office. This report emphasized the following points of interest:

- (1) The absence of the overall commander from the region he

DECLASSIFIED Authority NND 553072

50

claims to have operated during the greater part of the occupation and liberation.

- (2) Recent induction of members into the "Army of the Agno".
- (3) The non-existence of the "Army of the Agno" during the occupation and liberation.

Exhibits referred to in the report do not accompany the report, but may be examined at Headquarters, 1135 CIC Detachment, APO 707.

m. Attached as Incl 4 are the various complaints against the Army of the Agno for recruiting and organizing after the liberation. It was proven by the investigation that there was ground for those complaints because disinterested parties were interviewed and they too made the same charges. The general gist of those complaint letters is that the Army of the Agno was never a guerrilla organization during the occupation or liberation, and that many of the members were collaborators of the Japanese.

n. Timoteo Certeza, spoke highly of the unit, but at the same time stated that the strength was too large. Certeza admitted that he appears on the rosters of the "Army of the Agno" as a Major General, but when questioned about his activities he remarked that he spent the year 1942 and early part of 1943 in the mountains near San Jose, Bulacan, and then returned to Manila to carry on his normal pursuits, and has done so until the present time. He further admitted that the only connection he had with Acosta was that he authorized Acosta to organize a National Volunteer unit in the province of Pangasinan.

o. Capt Tabora, an officer of this section, who operated throughout Pangasinan during the operations, claims there was an organization under Acosta, during 1942 and although they possessed many arms their activities were nil, and that the unit had never operated as a guerrilla organization. He further stated that the unit disintegrated after the surrender of Acosta, and recommends the unit be not favorably considered for recognition. Check sheet of Capt Tabora's, regarding the Army of the Agno, is attached as inclosure #6.

p. No useful purpose will be served by further investigation of this unit.

q. There are no members worthy of recognition and it is doubtful that the unit suffered any casualties due to their activities with this unit, although it is noted that few casualties were claimed in the rosters. They could submit individual requests.

5. POLITICAL ASPECTS: It is noted that many of the leading figures in the submitted rosters were the leading political aspirants who inducted personnel into the unit and applied for their recognition indicating that the unit is being used to support many of the politicians, in their political field.

6. RECOMMENDATIONS: It is recommended that the Army of the Agno and its subordinate units be not favorably considered for recognition.
