Mr. Agustin S. Reyes
Virac, Catanduanes
Philippines

Dear Mr. Reyes:

The Commanding General has directed that you be informed that the Virac Troopers, purporting to be a guerrilla organization under your nominal control, is not favorably considered for recognition as an element of the Philippine Army.

A set of general requirements for guerrilla recognition, established by General MacArthur during the liberation of the Philippines, has been used as a guide in considering the record of this unit. After careful investigation and full consideration of all substantiating records and testimony of witnesses having pertinent knowledge, recognition of this guerrilla unit is not deemed to be warranted because of reasons mentioned below:

a. Record of service was not substantiated by sufficient acceptable evidence.

b. The unit was not maintained satisfactorily in the field in opposition to the enemy.

c. Activities of the unit did not contribute materially to the eventual defeat of the enemy.

d. Adequate records were not maintained (names, ranks, dates of enlistment or joining, dates of promotions, and necessary related information).

e. Unit did not show satisfactory continuity of activity and organization.

f. Members of the unit did not devote their entire effort to military activities in the field to the exclusion of normal civilian occupation and family obligations.

Your attention is invited to Presidential Executive Order No. 68, Commonwealth of the Philippines, copy of which is attached for any necessary action in connection therewith.

Sincerely,

1 Incl

REPORT ON THE " VIRAC TROOPERS "

1. On 2 September 1947, 1st Lt Delfin Jaranilla, Jr., examined the unit file of the " VIRAC TROOPERS ", and interviewed the officers of this Division who went on a field investigation of units in the Bicol regions. A field investigation of this unit was not deemed necessary. This is an initial investigation of an independent unit.

2. ALLEGED HISTORY:

(See attached unit file)

3. FINDINGS:

a. Record of service was not substantiated by sufficient acceptable evidence. Some allegedly original patrol reports and expense vouchers were submitted as supporting evidence, but these records, whether genuine or not, cover only a period of three months in May 1942 to August 1942.

b. The unit was not maintained satisfactorily in the field in opposition to the enemy. An examination of the submitted evidence discloses that the subject unit was in fact known also as " Municipal Guards, Police, Virac "
(Incl 1), and that performance of police duties, i.e., patrol for enforcement of laws and ordinances, arrests of criminals, investigations, etc., were the principal activities of the unit (Incl 2). The unit was armed " with barely half a dozen home-made shotguns and hardly a dozen rounds of ammunition " (Certificate, Hon.R. Socito, Governor of Catanduanes, Incl 3), for the 6 officers and 117 enlisted men. Except for the alleged killing of one Japanese who had been in charge of organizing the puppet municipal goverment in early 1942, the unit did not even allegedly perform any other anti-Japanese activity. In September 1942, when a large Japanese garrison was established in Virac, the unit apparently disbanded.

c. Activities of the unit did not contribute materially to the eventual defeat of the enemy (See preceding paragraph).

d. Adequate records were not maintained. Aside from the unit roster and from the patrol (police) reports, no military records such as individual 201 files, general and special orders, record of promotions, directives, memoranda, plans, etc, were submitted.

DECLASSIFIED
Authority NND 883078

DECLASSIFIED
Authority NND 883078

e. Unit did not show satisfactory continuity of activity and organization. According to the certificate of Governor Socito of Catanduanes which serves as the unit history, the subject unit was organized in May 1942, composed of men with a " military background ", killed one Japanese in the early days, enforced the laws and ordinances and maintained the peace and order until nine months later when a big Japanese force arrived in Virac forcing the unit to " maintain a mobile headquarters ", from which time no other activities against the enemy are recited. It is further stated by Governor Socito that on 14 May 1944 several members of the unit (naming them) were arrested by the Japanese " charged with extensive espionage work ". The nature of the intelligence and to whom it was submitted was not disclosed. To all appearances, the unit disbanded in September 1942, because the supporting papers submitted cover the period May 1942-August 1942 only.

f. Members of the unit did not devote their entire effort to military activities in the field to the exclusion of normal civilian occupations and family obligations (See preceding paragraphs).

g. Lt Charles L Homewood, one of the officers of this Division who were sent to the Bicol regions on an extensive field investigation, reported that when he interviewed Major Faustino Flor, a recognized guerrilla leader who was in Catanduanes before and during the Liberation, Major Flor stated that he never heard of the " Virac Troopers " on the Island of Catanduanes.

h. No casualties were suffered by the subject unit.

i. No useful purpose will be served by further investigation of this unit.

4. POLITICAL ASPECTS:

This unit was recommended for recognition by the present Governor of the province of Catanduanes.

5. RECOMMENDATIONS:

It is recommended that the Virac Troopers be not favorably considered for recognition.

OFFICE OF THE PROVINCIAL GOVERNOR
Province of Catanduanes
Municipality of Virac

27 February 1946

TO WHOM IT MAY CONCERN:

The undersigned, in his capacity as Provincial Governor for Catanduanes Province, has the honor to certify that the VIRAC TROOPERS (Formerly Catanduanes Guerrilla) was the first organized guerrilla unit in Catanduanes.

That it was organized on 5 May 1942. Ninety-five per cent of whose members were men of good military background being veterans, reservists, members of local boy scout organization and militarily spirited civilians.

That the first real achievement of the Unit was the killing of the Japanese charged with the organization of the Japanese local puppet government. This killing marked the end of the Japanese rule in the province. That thru the initiative of this Unit, all Japanese appointed Officials were removed and were replaced with the former Commonwealth Officials. Thus, in this province, the Commonwealth Government continued to function with the support and cooperation of the VIRAC TROOPERS, who help enforce the laws and ordinances and maintain peace and order aside from their continued anti-Japanese movements.

That nine months after, a bigger Japanese force arrived at Virac, maintained a garrison there and fortified it militarily. That for the safety of its members it had to maintain a mobile headquarters. That with barely half a dozen home-made shot guns and hardly a dozen rounds of ammunition, it continued its anti-Japanese movement until the members were absorbed by a bigger and better equipped guerrilla unit.

On 14 May 1944, Capt. Agustin S. Reyes, Lieut. Francisco G. Arcilla, Lieut. Jose G. Ignacio, Sgt. Wenceslao Lumbao and sveral others were raided by the Japanese soldiers then stationed at Virac garrison. They were caught and were charged with extensive espionage work. The timely intervention, however, of the Officials of the Japanese puppet government plus the amnesty granted at the time (Phil Independence under Japanese Rule), have commuted the sentence to confinement with hard labor. For 33 days these prisoners labored under Japanese armed guards.

I certify further, that all the activities of the VIRAC TROOPERS were within my knowledge and consent as lieutenat governor then and cooperated wholeheartedly in their underground movement.

pay the amount of s[illegible]y centavos (P.60) to compensate the little damage done by their carabao that went astry. Patrol Leader received the amount on receipt.

(3) Antipolo- Jose Bautista, a native of Antipolo, was said to have insulted the First Barrio Lieutenant and threatened to kill his sister. Investigations was conducted and found him guilty. he was made to sign an affidavit.

There was a written complaint against Macario Gonzales and Esteban Arcilla of Magnesia having been charge of personal injuries. Patrol Leader decline to take action owing to the absence of one of the defendants. Patrol Leader Suggests to patrol Leader No. 3 to direct his route to Calumpang wherein resides the complainant. For his convinience, he must approach Fabian Pantino, a trooper, for he acts as one of the witnesses to the offended. This complaint was submitted to the Barrio Lieutenant of Antipolo but I rather would suggest to stage the investigation in Magnesia, there in live Macario Gonzales and Esteban Arcilla.

(4) Talisoy- The Barrio Lieutenant of Talisoy ought to be subjected to strict dicipline for waging himself in an illegal fishing. He was found to have managed an unlicensed "baling net".

(5) Simamla- A simple case was brought up for investigation. It remaindd pending due to the fact that the defendant failed to appear.

(6) Palnab- Here are two undesirable persons, Dominador Marquez and Jose Panti, who precisely are the ones causing much trouble whenever they get drunk. Patrol Leader suggests that they must always be the concern of every patrol directed to this barrio.
