1. Authority is requested for the dispatch of the following-named naval officer to the 10th Military District for duty:

Lieut. M. M. WHEELER, USNR

2. This officer, now in Navy communications here, is not only an expert communicator and cryptographer, but is thoroughly versed in the requirements of signal security. As such, he can advise Colonel FERTIG in such matters, while administering the Navy Control Station and developing better coordination in the coast watcher net.
