Ramsey requesting urgent instructions as to how bandits under name of Haps should be handled, also if and when he can expect supplies for 500 men presently guarding his General headquarters. As often stated Ramsey has done and is doing better job than most of those who in past have been pampered and loaded with supplies. If you cannot supply him direct, drop supplies ear marked for him here and I will get them to him. I repeat he is worth it. Please reply soonest as I know his ~~side~~ position is desperate.

Your number 18, what in hell have you done with my signalled supply requests for past three months. Your supply vessels so far as I concerned were cook tours. I have been on my knees for past 60 days pleading for gas and oil and other items enable me just keep open. Check up on my past signals and you will see what I mean. Fyi on first so called supply vessel received following, weather equipment, nine cases ration, two cases aspirin tablets, one carton cigarettes. Second supply vessel unloaded one ton junk out of which I salvaged two radios. It sounds like Whitney is back on Job if so three cheers from Mindoro and church services your benefit.

Rowe to General MacArthur: "Sir, since Colonel Whitney left Brisbane my supplies have been ridiculous. Like your good self in past have tried to do best by improvising but some items cannot be improvised. I have always realized importance of my assignment and assure you have done and will continue to do best to attain your objectives which incidentally are also mine 'to go home'. Request one shipment supplies which will be small but will include what I need for 100 days, receipt of which will enable me assume full responsibility for supplying you with information I know you need from this area. "List of supplies necessary will be sent on your request."
