October 1980

Records from General Headquarters, Supreme Commander for the  
Allied Powers (SCAP), 1945 - 1952.

118 Hollinger Document Cases            3 Flat Storage Boxes

The records of SCAP are only those kept by General MacArthur's staff. Its scope pertains to the governmental functions of the Occupation of Japan during the period August 1945 - April 1951. By no means does this record group contain all the material dealing with the Occupation. Record groups 4 and 6 should also be consulted for a more complete viewpoint.

The collection is divided into five series with the bulk of the material under correspondence. Correspondence is filed chronologically, except the Office of Military Secretary which is filed alphabetically by correspondent. Series 3, Occupation Staff Sections, contains the records of the different sections in the Occupation government. These records contain the bulk of the informative material about this period. The Outline of Arrangement should be consulted for a breakdown of the staff sections. Series 4 contains many petitions to MacArthur from relatives of convicted Japanese war criminals asking for clemency. It should be noted that these petitions are written in Japanese. Printed Material, found in Series 5, contains bulky books and articles found in the collection. Of particular note is the Selected Data on the Occupation published by SCAP for the benefit of important groups and individuals visiting Japan. Series 6, Restricted Access Materials, are CLASSIFIED documents and may not be researched without proper clearance from The Adjutant General of the Army.
