MEMO FOR RECORD:

1. SS Bel Jeanne was originally scheduled to go on berth 30 Aug for lift of 20 flatcars and 50 tankers from Nagoya, 3 locomotives and 25 flatcars from Kobe, and 2 locomotives from Tokuyama to Pusan; and 15 locomotives and tenders from Pusan to Japan. CINCENSG CM 62062 of 4 Sep cancelled above routing and sent Bel Jeanne for Manila-Japan IGH lift. Hsg advised CG JLCOM and CG Army Eight that vessel for lift of railroad rolling stock would be nominated soonest.
2. FEAF (Lt Col Meehan) advised 10 Sep that tankers were urgently required in Korea to transport jet fuel. Tankers now avail in Korea are capable of lifting only 60% of requirements.
3. ISTS has made avail time chartered Alma Victory, EA Nagoya 15 Sep, to lift tankers and flatcars. According to ISTS estimates, ves should be able to load all Nagoya requirements (50 tankers and 20 flatcars). Any space remaining after loading Nagoya requirements will be negligible, therefore no arrangements are being made for vessel to load at Kobe.
4. Part 2, action msg, is to inform CG Army Eight that 15 locomotives and tenders which would have been backloaded on Bel Jeanne cannot be loaded aboard Alma Victory, as vessel is incapable of handling.
5. Action further suspended on T/J 20524 until 18 Sep pending nomination of a vessel for remaining railroad rolling stock.

MEMO FOR RECORD:

1. JLCOM msg E 30201 FB, 3 Sept 50, states an 8th Army L-17 damaged in accident and that 8th Army requested transfer of only L-17 assigned to JLCOM. Msg recommends JLCOM plane be transferred.

2. The following status of L-17 aircraft was furnished by JLCOM (Lt Col Leighton) 5 Sept 50:

a. There are no L-17 aircraft in depot stocks.

b. O/H in units:

JLCOM		- 1 (unserviceable)
Camp Brady Air <del>Unit</del> Unit		- 1
GHQ Plane Det		- 1 (being trfd to X Corps)
7th Div		- 4
8th Army		-15
24 Div	(3)

Hq 8th Army	(3) (1 unserviceable)	
25th Div	(4)	
5th RCT	(1)	
2d Inf Div	(1)	

3. In consideration of the foregoing it appears inappropriate to concur in transferring an unserviceable plane to CG 8th Army. Furthermore, since no L-17's are available in stock and if 8th Army need therefor still exists, it appears appropriate for that command to divert one L-17 from the 25th Div to Hq 8th Army.

4. Instant msg to JLCOM and 8th Army is self explanatory and advises in accordance with above. JLCOM msg E 30201 FB is passed to 8th Army for info

PHILCOM rad C 6258 D/P, 23 Aug 50. This rad in 6 Parts.

Part 1. Re part 2 and 3, cited rad. Deps traveling to the Philippine Islands at this time under tourist visas issued by Republic of the Philippines have status only of private US citizens and are entitled to no more logistic support than that accorded to any other private citizen of the US present in the Philippines.

Part 2. Re part 4 cited rad. Part 3 CINCFE rad CX 60330, 17 Aug 50 specifically stated that deps present in tourist status are not repeat not entitled to return to US at govt expense under provisions of paragraph 8c (2) AR 35-4880.

Part 3. Re part 5 cited rad. Notwithstanding considerations favoring occupancy of govt qtrs on a space avail. basis by deps in tourist status, such a practice is not repeat not considered conducive to high overall morale in the command and would encourage and abet circumvention of policy established by higher headquarters. Therefore not repeat not favorably considered.

Part 4. Re 13th AF rad 6154 D/M, 14 Aug 50 and part 4 CINCFE rad CX 60330, 17 Aug 50 those deps who proceeded to command under proper military travel authorization repeat under proper military travel authorization but traveled via commercial carrier at personal expense of the sponsor are entitled to return trans at govt expense under same conditions governing return of deps who were moved overseas at govt expense.

Part 5. Re 13th AF rad U 25624 D/P, 18 Aug 50 and CINCFE rad CX 60937, 23 Aug 50. Evacuation of deps present in command in tourist status not the responsibility of military authorities. Such deps would be evacuated by whatever US govt agency exercises responsibility for evacuation of other private US citizens.

2. CINCFE rad CX 60330, 17 Aug 50, instructed CG PHILCOM that:
- a. Tourist visas issued by Philippines Govt will not be used as a means of circumventing JCS policy suspending auth for dep tvl.
  - b. Depts present as tourists will not occupy govt housing except as guests.
  - c. Return at govt expense of depts present as tourists under emergency provisions of regulations not authorized.
3. 5. PHILCOM rad C 6258 D/P, 23 Aug 50 replies to CX 60330 as follows:
- a. Doubts authority of PHILCOM to prohibit families of Dept of Defense personnel to join them in the Philippines (a sovereign country) when travel is performed commercially under Republic of the Philippines tourist visa.

c. Recommends that depts arriving in PI as tourists be permitted to occupy Govt housing on a "space available basis".

d. States that over 150 sets of quarters are vacant at Clark AFB and points out that approval of recommendation in c would save govt money in rental allowance and upkeep.

6. In the matter of entitlement to return transportation to the US at govt expense, depts who traveled commercially at no expense to the govt, but under competent travel authorization, are entitled to govt expense return. This concept is concurred in by Comptroller and JA. However, those who travel as tourists without proper travel authorization and without regard to operation of the priority system would have no such entitlement, nor would they as private US citizens have any right to other logistic support.

MEMORANDUM FOR RECORD:

SUBJECT: Supply of Fog Oil to Navy

1. COMNAVFE requested 60,000 gallons of fog oil prior to 10 September. Since the stock on hand in Japan is 14,000 gallons plus 12,000 gallons in Pusan that is being returned to Yokohama, this requirement could not be met.

2. Instant msg notifies COMNAVFE of the expected arrival dates of Fog Oil that is on order and suggests revision of requirements and for them to establish priority. COMNAVFE is also advised that there are 99,000 gallons on hand in Okinawa but that it is not considered advisable to ship them to Japan since the drums are so old, and suggests that all ships in that area, pick up their stock in Okinawa and also for the oilers to deck load 100 drums.

3. Instant msg used in lieu of letter due to the time factor involved and the necessity to apply priorities to this item since Chemical Corps has also requested some.

4. Action within established policy.

5. Petroleum Division follow-up suspense: None.
