1. Further to SACSEA signal SAC 17564 TOO 300930 GH Nov. Forwarding text of SCAP signal CX 67594 of 26 Nov and to SCASEA signal SAC 17563 TOO 300925 GH Nov. Following is text of SCAP signal CX 68208 of 16 Dec.

Plan for release of Japanese shipping recovered in South East Asia waters and committed to SEAC-Japan repatriations services subject urad SAC 17563 of 2 Dec 46 refers. Radio in three parts.

Part 1. It is not practicable to supply Japanese crews for this shipping. I note 553 of British Ambassador 7 Oct 46 to US State Dept in which you announced your retention of JSPS and rejecting the offer of repatriation by SCAP it was stated phased release would however continue throughout 1947 and it would be carried out in British shipping.

Part 2. Warships Arasaki Hayasaki and Waratake now in Japan will require 30-45 days extensive repairs. Statement regarding retention by SEASEC of those vessels is not understood as 17 June 1946 SACSEA-SCAP agreement provided for return those vessels upon completion of last scheduled voyage in implementation of program returning JSP not retained as labor. Urad of 20 SD 3 of 14 June 1946 refers.

Part 3. Further action upon planned release outlined urad CX 67594 is being held in abeyance pending receipt SEASEC comments, concerning statement of Part 2 above.

2. SEALF are signalling separately to War Office regarding shipping implications of above.

Part 1. A and B noted. Regarding C it is not possible for us to provide crews for these vessels and your agreement is therefore requested either to (A) retention of present crews until ships no longer required, or (B) replacement by fresh Jap crews after each voyage to Japan.

Part 2. Retention of 3 ships is necessary in same way as for merchant ships until completion of repatriation of JSP from SEAC. Regret therefore that they can not be returned to Japan by 31 Dec 46 as requested by you and we must retain them until final date when repatriation JSP completed. They will then be used to repatriate crews of ships remaining in South East Asia.

Revised casualty figures for this action are 278 Indonesians killed and 16 prisoners. A second attack was made by the Indonesians on August 12th. The largest party encountered was 50 strong and as the attack was expected it achieved little success. In Batavia Army patrols have cleared roads to Tamboen but otherwise this front has been quieted, Pandoeng the casualties received by the Indoeseans in the battles on 29, 30 July and 1 August were much higher than at first believed. The total killed over the period of three days was 450. In Sourabaya there have been no major clashes but the latest reports indicate increased signs of tension. Sumatra. There has been increased activity at Padang and a curfew was imposed on 5 August. A number of local leaders were arrested on 5 August because of an alleged Nica spy was removed from Padang contrary to orders of the local British Commander. The prisoner was returned and the leaders released on 9 August. On 7 August Dr Gani was appointed Vice Minister of Defence Sumatra, and Lt Gen Soenarajo C-in-C Tri Sumatra. These appointments were made from Java. In general the period of Tramazan is expected to show an increase in activity. 6. Paragraph five has been seen and agreed by the Dutch, and the whole has been sent back approved by the Special Commissioner. All informed.

Reference your CX 63363 TOO 061303 1 August.

1. Considerations given in your paras one and three are appreciated. After full examination here it has been considered essential that 104500 JSP shall be retained in SEAC not later than the end of 1947 to assist on repairing the ravages of war. A recommendation to this effect has therefore been submitted to London and is doubtless now under discussion both there and Washington. It will be remembered that permission has already been accorded for the retention of this number till the end of 1946 or early in 1947.

2. All JSP in excess of these 104500 are now being repatriated. Until the decision from London asked for in para one above has been received no action can be taken towards repatriation of the balance.

3. Intend that the 104500 JSP mentioned above shall be repatriated in ships on British Charter as and when their tasks are completed final drafts being cleared not later than end 1947 but possibly earlier.

Weekly analysis India.

Para 1. Political: In an effort which is viewed in some quarters as a possible concession to the Moslim League Maulana Azad has announced that he will withdraw from the Presidency of the Congress Party in the very near future and has recommended Pandit Jawaharlal Nehru as his successor. If and when this occurs, it will place a Hindu at the helm of the Congress and might possibly lead to a quicker meeting of the minds between the League and Congress as Jinnah has constantly refused to deal with the Congress and Congress has based his refusal on, among other things, the fact that he would not deal with a traitor, that is Azad. The Cabinet mission having given the 2 parties an opportunity to voluntarily get together and discuss their positions and attempt a solution May issued invitations for a tri-party meeting in the hopes that some way out of the present deadlock can be found. It is thought that the invitation was issued on the basis of the following principles: (A) Establishment of an Indian Union to deal with defenses, Foreign Affairs and communication, (B) Maximum autonomy for Provincial Units, residuary power vested in Provinces, (C) Creation of 2 groups of Provincial Units, 1 group consisting of predominately Hindu Provinces and 1 of Moslim Provinces. These 2 groups to decide by agreement amongst themselves what subjects other than those mentioned in (A) would be placed under the Indian Union. (D) Indian States to fit themselves into the plan in a manner to be agreed upon by all parties. If success comes from the tri-party meeting it can be expected then an Interim Government will be shortly set up and functioning. At present the States and other so called Ministries have intimated they will not demand a place in the Interim Govt but will be content to deal with it after it is set up and functioning.

NEW DELHI RADIO NR: 301510 Z CONTINUED:

It is thought that any Interim Govt proposed by the Mission would have its membership based on the results of the recent Provincial elections. The invitation from the Mission to the 2 parties has somewhat clarified the situation which had appeared to be deteriorating very rapidly. To further assist in the solution of the present problem the Mission is moving to Poona where it is hoped that the cooler temperature will find their counter part in cooler temperaments among the personnel involved. Continuation of Indian National Army trials despite recent Govt statements that such would not be the case, has cast a shadow on the Indian Govt which had its reflection in enhancing the difficulties being encountered by the Cabinet Mission. Hindu and Muslim disturbances on a small scale continue. Charges put forth by both parties against the other claiming that one or the other is arming for large scale communal riots have no basis according to information given this office by Govt of India Security and Intelligence Officials.

Para 2 . Economic: Mr Hoovers whirlwind tour through the drought area has resulted in a rebirth of confidence on the part of the Indian people in what America can and will do to solve India's food shortages. It is thought that Mr Hoover has convinced Govt and Party Officials of the necessity of India having to solve a good portion of her own food problem not only this year but in the future and although the rest of the world will help to the extent possible Mr Hoover pointing out of the fact that India was no worse off than certain other portions of the world has had a palative effect on India's self righteous food attitude. There is a definite food shortage and there will continue to be a food shortage. However the severity of this shortage is dependent to a great degree upon proper government action and reaction to the situation as it develops day by day. In line with the proposed Bombay Railway strike which would have a disastrous effect on the transportation facilities within the really hard struck areas, Bombay, Madras, Bangalore, requires immediate and strong Govt intervention to prevent it. The use of Royal British Navy ships both combat and transport to bring grain and cereals from Australia is a definite sign that at least the British Home Govt is aware of the serious situation with regard to food.

NEW DELHI RADIO NR: 301501 Z CONTINUED:

Para 3. Military: Very little activity of a Military nature was evident in Govt circles this past week other than continued insistence by the 2 parties that Indianization of the Indian Army be speeded up and also that demobilization be continued. This last was prompted by the Govt policy of holding personnel eligible for discharge in relocation centers for a short time to carry on a program of reconversion to civil life through courses in cottage industries etc. The personnel held in these relocation centers are presumably volunteers. It is the opinion of this observer that the Govt has the idea in mind of setting up these centers and endeavoring to keep as many people as possible in them during the next several months. One thought is that they can be fed more easily by the Govt and will not become a burden on their native village as far as food rationing is concerned. The second thought is that as long as they are still under some form of Governmental control they would not be available to dissident factions to use in any large scale communal or political outbreaks.

DECLASSIFIED PER DA CIRC. #127  
23 DEC. 53

Demands now being received from Masters of SCAJAP Liberties for fuel water provisions and general stores exceed anything agreed in annex IV para 3 to your memo to the Imperial Japanese Govt. File Number AF 370. 05 (16 March 46) GC (SCAPIN 862) of 16 March 1946 on the subject of repatriation and the quantities indicated in your Cite CX 59625 timed 060311 April which specified 25,000 barrels of oil for 20 Liberty ships. (1) The master of R. H. DANA VO 30 has received signals timed 020720 021940 and 031920 ALR May from Repatriation Transport Department Japanese Shipping Corporation copies of which you are requested to obtain. These constitute orders to disobey Allied authority in this area and quote SCAJAP as authority. You will agree that such procedure cannot be accepted. 3. Demands have been received for such items as gasoline for motor-boats and in some cases ships have arrived without sufficient provisions for the ship's crew 4. It is my intention to meet every reasonable demand as including provision of sufficient fuel to bring ships back to sea area should they be returning. In this connection the British Admiralty have laid down that only sufficient fuel for the return voyage to Japan should be supplied but I realize this might be little in view of your overall plan. 5. It is requested that you will confirm that my intentions as stated in the previous para are satisfactory and that SCAJAP will be instructed to obey my orders implicitly while in this area. 6. Should R. H. DANA refuse to obey orders I intend to hold her here under arrest pending clarification of the authority of the Japanese orders quoted in para 2.

Weekly analysis India.

1. Political: For the past week the Cabinet Mission has conducted talks with leaders of Congress, the Muslim League, the Princes, and independent political authorities. The Muslim League through its leader Mr Jinnah states categorically that Pakistan must be acceded or there can be no solution of the problem. To Jinnah India is not 1 but 2 countries that is, a Muslim country, a Hindu country. In line with this he claims that he is not an Indian but a Muslim. In contrast to this the Congress leaders state that there are no problems between the Muslims and the Hindus that cannot be worked out but this cannot be done until definite and complete independence is 1st granted. Nehru says that it is not a matter of Congress recognizing Pakistan but rather a recognition of the fact that Pakistan is an impossibility from an ethical and moral point of view and incompatible with general Indian thinking. The attitude of the Princes is that they will deal with any new central government on the same basis that they now deal with the British Govt, that is they will have aithonomy within their states in all internal matters and will look to the center only seek regard to national defense, transportation, communication, finance and foreign affairs. The other minorities concerned, Sikhs, scheduled classes, etc, indicate their favor towards a united India. The smaller minorities maintain that with a united India and a strong central govt their demands can be worked out. This is the Congress point of view also which includes redistribution of provincial boundaries and adequate constitutional safeguard for the minorities. The idea that the constituent assembly should also be the interim governing power is gaining favor in all circles except the Muslim; particularly is this thought being pressed by the Congress. The idea of a separate Sikh state has been repudiated by the Sikh leaders themselves who maintain that they are for a united India and only would press for a separate state were Pakistan to come into being. The past week has provided the Cabinet

Mission with the view points of all interested parties and now the question is-will the Mission project their own proposition to the Indian leaders or will they demand that the Indian leaders submit to them plans for the turnover of control. The concensus of opinion is that the Mission, now that they are in possession of all the facts, wishes to act as an arbitrary body in bringing the various Indian factions together and that they will accede to any reasonable solution as offered by the Indians. Not much action is expected in the forth coming 2 weeks due to the Easter Holiday, etc. No violence of a political nature was reported. No reaction as yet to President Truman's Army Day speech.

2. Economic: Although reliable figures are unavailable, persistent reports continued to the effect that the capital ownership is shifting from foreign to Indian hands. The concrete example is the sale of the Daily and Weekly "Times" of India, an influential Bombay paper from English ownership to Indian ownership. If this change of capital ownership is true, it is not believed that fear of actual expropriation of capital and industry by an Indian Govt is behind the change but rather that the special privileged position now enjoyed by foreign capital would be abrogated entirely or at least reduced. No new figures are available regarding the the prophesied famine but it is interesting to note that rationing has been extended to more and more cities but still not to the villages because of administrative difficulties. With the return to India of Mudaliar and Cis consequent reports on the Indian Food Mission, Indian press indicates a resentful suspicion that the rest of the world does not regard the Indian food situation to be as serious as at 1st recorded. It is this observers belief that with proper control and distribution of available food there will be no undue hardship of a famine nature unless such would be politically expedient for govt or the opposition.

3. Military: Pressure on the govt for release of INA prisoners seems to be having effect in that press reports are increasingly frequent regarding the release of large numbers of former INA personnel. No further statements have been made by govt regarding the previously reported trial of 3 INA major generals scheduled to be held in April the trials may be dropped or held in abeyance for use as political bargaining items by govt. No incidents concerning military personnel refusing to do duty have been reported during past week. The discharge of Indiets in both the Army and Navy continues as rapidly as facilities permit. At the same time a concentrated enlistment program is being carried on.

## Weekly analysis India.

1. Political: the meetings between the cabinet mission and the political leaders this past week reached the point where it was now necessary that Congress and the League get together and agree on the type and form of interim government and constitutional assembly which they wish to form to take over and independent India or it will be necessary that the cabinet mission submit a plan of its own and try to bring about a meeting of the minds of the League and Congress. It is the considered opinion of competent authorities that Mr. Jinnah may be willing to accept certain compromises in his demand for Pakistan. This might be acceptable to the Congress. In the event his compromises are not acceptable the mission must submit an interim government plan of its own probably based on provincial representation and leave all the matters of detail to this interim government. In event that the mission should back the Congress and ignore the Muslim minority there is a possibility that Mr. Jinnah might become hysterically temperamental and choose to go down with the ship and refuse any and all cooperation and call upon his followers to resort to force. Should this happen the British would be duty bound to back the Congress to restore and maintain law and order and it is quite certain that a period of intense disorders would ensue if this happens. However were Mr. Jinnah to offer to meet the Congress halfway it is felt that an equitable solution can be worked out between the 2 parties. The main point of conjecture now is will Jinnah be sane and reasonable or will he, regardless of the cost to India, elect to become a martyr to the Muslim cause in India and the Middle and Near East. Rumors continue with increasing prevalency to the effect that individuals of all faiths are storing clubs, bricks etc against possible communal and/or political outbreaks.

FROM : NEW DELHI TO WASHINGTON 222230Z 24 APRIL 1946 CONT.

The government of India and GHQ authorities assure us that they have been unable to discover any definite plan for organized outbreaks on the part of either the Congress or the League members. However due to the contagiousness of these rumors and the high state of excitement which is endemic throughout the country today, only a small match is needed to cause a flareup that might have a wide repercussions. Certain regulations have been promulgated and put into effect which prohibit the possession of army, clubs, knives, etc but to date none of the defense of India regulations regarding assemblage, freespeech, of freedom of the press have been called into force. The situation can best be summed up as one of extreme combustibility which requires only a small spark to set it off. This ignition can be the result of

(1) Failure of Congress and League to find a common meeting ground,

(2) British backing of Congress against the League ignoring Muslim. minority,

(3) Any little incident in any part of the country which would smack of a communal or political nature.

Swift and strong action by authorities will be needed to prevent any local incidents from becoming widespread regardless of this origin.

2. Economic: the presscampaign berating American complacency regarding the Indian food situation continues. Comments from Indian government officials and newspapers remarks indicate that much good is expected as a result of Mr. Hoovers visit to India this coming week. It is thought that if the food board has actually made the commitment of roughly 1 and  $\frac{1}{2}$  million tons of grain nothing would do as much good to stop the havoc cry of famine as to have definite dates announced for the beginning of shipment of these grains to India. Once such dates have been announced and the food begins to arrive in the country much of the grain that has gone under ground and into the black market would find its way into legitimate channels and ameliorate the present shortage. The food situation is serious and no doubt a great many casualties will occur from famine, however, as stated previously, with the addition of the food promised by the food board and with proper handling of transport within India by the

responsible government the deaths from famine will not be as great as in the Bengal 1943 shortage. Naturally the food situation is closely related with the political condition and one can hardly speak of politics without drawing a corollary reference to food. For that reason it is not wholly improbable to think that any government in power might stoop to use the shortage of food as a weapon in behalf of their own cause.

3. Military: the inquiry commission to investigate the Royal Indian Navy mutinies has been sitting in Delhi the past week. To date 2 main causes brought to light as being mainly responsible have been

(1) an imposition of inexperienced officers and non commissioned officers from the Central and Northern portions of India to command naval other ratings composed primarily of southern Indians. The officers being of different political and religious beliefs and unable to converse with their subordinates in a common tongue aroused suspicion and distrust in the temperamental minds of their subordinates.

(2) the fact that the ratings involved in the mutiny were mostly educated individuals from Madras and south India extremely susceptible to any agitation or dissident ideas that might have come up.

There have been no reported cases of any disaffection in the army since the last report. In the event troops are required to quell any severe disturbances that arise in the future the loyalty of the army will cause little concern as long as the disturbances can be explained to the MAG as being of a political nature. However should wide spread communal disturbances arise the loyalty of certain units could become questionable were they called upon to attack civilians of their own creed. This statement is a slight change from former observations made here but represents the change in attitude as tension mounts throughout India.

5. Burma. Chinese troops are reported to have completed withdrawal across Burma, China frontier. 27 March anniversary of Burma National Army revolt against Japanese was quiet with no incidents. Aung San at a meeting in Rangoon stated that if the Anti-Fascist Peoples Freedom League did not win in forthcoming elections AFPFL would set up a parallel government. Nehru met Aung San night of 25-27 March in Rangoon and spoke with Indian Airforce personnel. No demonstrations or incidents. It is reported that the Burma Communist part has split with Thakinsoe setting up a new organization, Communist Party Burma. SOE is reported to be violent Communist. Reduction of British Forces in Burma continues with main headquarters on 7 Division moved to Mektila.

6. Malaya. Singapore Island and Malaya reverted to civil government on 1 April. Mister Gimson, new governor of colony of Singapore, is in Singapore. Complete tour of Nehru in Malaya was noteworthy because of quiet restrained reception given Nehru by Indian residents and by complete absence of disturbances. Indian troops appeared apathetic. Railway strike continues with little change in situation. Increased bandit activity is reported on the Malaya border. Estimated 500 armed guerillas in this area.

7. Siam. Assembly has passed vote of confidence in Pradit's Government. Siamese tax criminal act has voided and all war crimes suspects including the premier Pibul have been released. On 9 March the premier described Anglo-Siamese agreement as too restrictive and hoped modifications could be effected. He also said Siam-USA negotiations of loan of 10 to 20 million dollars had commenced. The late premier Khuang Aphauwong stated that negotiations with Vichy-French government in which Siam acquired French territory were \* \* \* \* \* compensation to the French and that a plebiscite in the military would show a majority desiring to remain under Siam.

8. French-Indo-China French have admitted that terms of Franco-Viet-Nam agreement were more liberal than authorized by Paris, but that Dargenlheu had authorized liberalizing terms because of Franco-Chinese tension. A delegation of Viet-Nam from Hanoi visited Phaltrang and agreed with French to cessation of hostilities there. French have also arranged to occupy Tourand and Hue. Handover to French in north FIC ES proceeding smoothly except in north Laos where Chinese remain because of the \* \* \* \* \* opium crops yet to be harvested. French troops from China in Tokin are waiting to occupy this sector. Majority of Chinese troops remain in Haiphong. 1200 Chinese of 60 Army sailed from Haiphong with 22 and 20 Divisions of 93 Army reported still in Lanson. Chinese troops are evacuating Vientiano. In Cochinchina Annamites continue to perpetrate incidents using small armed bands. French have refused to treat armed Annamites in Cochinchina as regular troops as had been done in Annam and Tonkin. In southern Annam activity is reported on the decline. British and Indian troops in FIC are due to leave 20 April for India by sea leaving behind only a small guard force.

Subject. Impending coal crisis SEA 1. Before the war SEA was self supporting in coal but 1 only direct result war against Japan has been that sources coal supply particularly in NEI and FIC not at present available.

2. Sumatra was confidently expected export 30,000 tons coal per month towards our requirement but may not maintain this figure due delicate political situation.

3. FIC was expected produce considerable quantity coal for export but unsettled political situation there has made export coal other than from existing slack heaps impossible. This slack has limited uses.

4. Despite assistance from India and total shipments 20,000 tons monthly commencing May from Hawaii and Canada apparent that short fall in sea requirements likely to reach 77,000 tons on May rising to 80,000 tons shortfall by July.

5. Majority coal required this area for bunkering of shipping. Essential employ shipping lift fullest capacity during present rehabilitation period and while shortage continues of present food stocks. In addition coal demands imposed by SEAC operational commitments are still considerable.

6. Appreciate fully that difficulties exist over coal situation Japan. Assistance urgently required however to maintain essential shipping and services Sea and avoid further privation in complicated food crises. Most grateful therefore your endeavour make available to Sea monthly coal allocation for next 6 months up to 80,000 tons per month.

Revised priorities for repatriation urad SCAP CX 59267/261315 Z  
March is subject. 2. Your A. It is not desired to concentrate  
Japanese Jrose Burma to Riouw Islands for following reasons. First.  
The whole lift available is intended to clear Java and Sumatra and  
is not therefore available for Burma. Second. Only 9,000 gut of  
the available lift of 16,000 is capable of the voyage to Rangoon  
and then only at 7 knots. Therefore the concentration proposed by  
you even if undertaken after the clearance of the NEI would be  
uneconomical. Third. In addition corn is more plentiful in Burma  
than in Riouw and it is proposed to use Japanese as agricultural  
labour in the interests of vital rice production in Burma up to the  
time of their final departure to Japan. 3. Your B. A separate reply

Here is weekly situation summary for IBT for week ending 23 March (Control Symbol GO-00-17)

India: Beginning 21 March, A hunger strike was initiated among the Delhi Provincial Police in support of demands for increase of salaries and allowances and shortening of working days. British Military were called out to maintain order as the situation deteriorated. On Friday morning a demonstration involving about 100 police took place in old Delhi resulting in the arrest of 86 of the men. On Friday evening, an official police communique stated that police were again functioning normally while an official deputation investigated grievances. On Saturday morning, British Military were still maintaining cordon around part of Old Delhi and refusing passage to Military vehicles. American Military personnel are restricted from zone of disturbances and none involved to date.

Burma: Chinese troops in the Myitkyina area are withdrawing under orders from Generalissimo. Waingmaw area, 4 miles Southeast of Myitkyina, is clear of Chinese, and British Forces are taking over. Odacoitylis is reported increasing in Arakan and minor incidents of dacoity are reported from other areas including Bilin, 60 miles East of Rangoon and Pegu. Famine is reported in the North Yebyu area and general shortage of rice in Tavoy.

Siam: Supreme Allied Commander expressed some concern over the fall of the Siamese Government which resulted from the Assembly insistence upon passing price control bill to which the government was opposed. Chief British concern with fall of Siamese Government centers around possible repercussions on export of rice and implementation of British treaty demands.

French Indo-China: 9000 French troops have completed disembarkation at Haiphong, and relations with Chinese reported improved. 20 French reported killed in Sino-French artillery exchange previous to disembarkation. A few anti-French demonstrations have occurred in Hanoi and Haiphong, but it is believed that Chinese are anxious to hand over to the French in an orderly manner. It is believed relief of Chinese by French forces will be finished by 31 March. 1000 French troops attacked Chinese Garrison at Savanneket. Chinese withdrew and requested French to cease attack. Cochinchina rebels continue terrorist activity. Mop-up operations continue in areas 120 miles southwest of Saigon, 40 miles northeast of Saigon and 25 miles Northeast of Saigon. General Le Clerc arrived Hanoi morning of 18 March and French took over Southern French Indo-China from SEAC midnight 4/5 March. Responsibilities of Mountbatten in French Indo-China now concerned solely with Jap repatriation for which he will act as representative for SCAP.

Malaya-Nehru arrived Singapore on 18 March, met Sac at Government house and drove through cheering crowds to Indian Welfare Centers. No incidents of disorders so far reported, and visit believed success. Nehru addressed large crowds at various points in tour around Malaya. However, warmth of reception diminished as he traveled north fr Singapore. Crowds in most cases contained members of Indian National Army in uniform. Communist Party in Malaya has been generally inactive since meeting of all Malaya Congress. Sino-Malaya friction continues throughout Peninsula and number of minor clashes have occurred. Tension still high as result of Perak massacre, but no new incidents reported. In an inter-racial clash at Perak, 13 miles west of Ipon, 7 Chinese houses were fired on 5 March and in retaliation Chinese killed 57 Malays the following day. No Chinese casualties were discovered, but it was reported that 100 Malay refugees, the majority wounded, were evacuated to another village. It was reported fr Perak on 8 March that Chinese youths are receiving Military Training fr the Communists, and that night classes for Chinese children are also being sponsored by Communists. Subversive Indian elements are increasing propaganda in Malaya. In Singapore subversive pamphlets have been distributed calling on Indian services to prepare for revolt. tinues and 5500 railway workers out of total of 12000 have been on strike for over 6 weeks. It is believed many of the strikers are prevented fr returning to work by intimidation of labor organizers. Pijate Base on Malaya-Siam frontier was attacked by combined British Forces. A number of arrests were made without casualties to British. British patrol in Sungei-Perak River area reports some trouble with ex-Kuomintang Bandits, and states it observed 80 Chinese in green battle dress drilling with variety of Arms.

Java-Buildup of Dutch Troops in Batavia, Emarang and Sourabaya continues. Dutch Marine Brigade in Sourabaya now complete and has relieved 123rd Indian Brigade. Indonesian activities on the increase in Hemarang and Sourabaya areas. The first formal meeting between the Dutch and the Indonesian presided over by Clark-Kerr took place on 15 March. Second meeting held on 16 March, and formal procedures of future conferences agreed upon. Two TLT-Committees have been set up to study details of proposed agreements. Another meeting was expected after 20 March. Recent changes in Sharirs Cabinet not considered significant by British. Eleven members of old Cabinet remain, and only Ministers of Supply and Minister of State are of doubtful loyalty to Sharir. It is indicated he plans to drop these 2 as he gathers strength.

Sumatra-1 clash reported 1 Armedan on 18 March between British Troops and Terrorists. 6 Chinese killed and 8 wounded when Dutch Troops opened fire on Chinese mob which refused to disperse on Bangka Island.

Bali-terrorist activity on small scale has increased in most areas.  
Evacuation of Japs as laborers has begun.

Outer islands-Manado now closed and leaders of mutiny are being tried. Some minor clashes reported in Palapo area of Southern Celebes.

2. The following is the revised priority for the concentration of Japanese in the RIOUW Islands and for the repatriation to Japan.

(A) Concentration in the RIOUW Islands. Evacuation of Japanese from Java, Sumatra, Bali, Lombok, and Madura is to continue in all available Japanese coastal shipping in accordance with the priorities to be decided by C in C ALFSEA.

(B) Repatriation to Japan. 1st priority British Borneo estimated date for completion mid Apr 1946. 2nd priority French Indo China 45% allocation of lift. To be coal burners where practicable. Outer islands of Netherlands East Indies 45% allocation of lift. Siam 10% allocation of lift. 3rd priority Burma and Riouw Islands each 50% allocation of lift after completion of repatriation from Siam.

3. Repatriation from the outer islands of the NE I is to be carried out in the order of priority to be decided by C in C ALFSEA in consultation with the Dutch.

4. As it is impracticable with the lift at present available to accord highest priority for repatriation to Koreans and Formosans in all areas, these latter are to be segregated from

Here is weekly situation summary for IBT for week ending 16 March (control symbol GO-00-17).

India - No significant developments to report.

Burma - Operations against Chinese guerrillas in WA States continued with area reported clear on 12 March. Incomplete figures on Chinese casualties are 47 killed and 12 wounded. No change in situation reported around Yitkyina. 17 Indian Division is to be only division remaining in Burma and tactical Headquarters has moved to Maymyo with main Headquarters established at Meiktila. 27 March is anniversary of Burma National Army Revolt. Civil sources indicate possible disturbances in Irrawaddy and Henzada Districts during March. Aung San states he intends to visit India to contact Indian leaders.

Siam - No change reported in Intebhal political situation. Kuomintang guerrillas have increased activity in area immediately North of Malay border. Anti-guerrilla measures are being taken by Malayan Command and will extend into Southern Siam.

French Indo-China - Correcting last weeks summary, French are moving 5th Colonial Inf along Mekong River to Pakse instead of Pad Sane. French control now extends over all Southern Fic with exception of few isolated pockets. French administration has been restored in governments of Southern provinces where it is reported Annamites are returning to work. In Northern Fic Franco-Annamite agreement was reported signed on 6 March and Annamite authorities attitude described as friendly. French troops landed at Haiphong on 7 March after incident in which Chinese fired on disembarking French troops, reportedly killing 20. Situation now reported as

Malaya - The 2 alleged American polio cases at Singapore reported in last weeks summary were found not to be polio upon evacuation to and thorough examination at Calcutta. Following All-Malay Congress, United Malay National Organization has been formed at Kuala LQMPUR. 39 associations from all parts of Malaya were represented, and the Malayan Union proposals were unanimously and unconditionally rejected. British Government was invited to inquire into the situation again.

Java - On 10 March, convoy travelling from Batavia to Bandoeng, guarded by 1 Indian Bn with tanks, met heavy opposition about 30 miles from Bamdoeng. As of 12 March, convoy still held up and had suffered casualties of 10 killed and 59 wounded. All tanks in convoy had been damaged, mostly by fires. Tactical Hqs of 1st Indian Inf Brigade with 1 Bn has been dispatched from Bandoeng to rescue convoy. Elsewhere in Java, military situation remained unchanged. On 9 March, 1 Dutch Regiment landed at Batavia, 1 Dutch Bn landed Semarang, and 1 Dutch Brigade less 1 Bn landed at Sourabaya. Sharir made formal protest to Allied Commander-in-Chief over Dutch landings, but no other reactions have developed. Talks between Dutch and Indonesians, presided over by Sir Archibald Clark - Kerr began Wednesday night, 13 March, but as of 15 March no knowledge of progress available to US Liaison Section at Hqs SACSEA.

Bali - Occupation continues, and Dutch troops have been generally well received. 1 case of firing on Dutch troops reported in Western part of island.

Outer islands - Dutch civilians have been evacuated from Manado, and mutineering COPPSN ES there are being relieved by fresh troops. On 13 March, word received that Manado mutiny ended, and Dutch flag rehoisted. Leaders have been arrested and are being held on Dutch Naval vessel.

Foreign Office advise legal position of Koreans  
and Formosans may be summarized as follows.

(A) Korea and Formosa still under Jap sovereignty  
and strict technical status in enemy territory under allied  
military occupation.

DECLASSIFIED PER JCS LTR OF  
20 AUG. 75

(B) Inhabitants are still Jap citizens.

(C) Formosa not yet Chinese and Korea not yet  
acquired sovereign independent status.

(D) Koreans and Formosans in Saigon therefore are  
technically enemy aliens.

(E) Purported severance of associations Saigon  
could not have any effect on status Korea or Formosa or  
nationals belonging to or exiled from those countries.

From property point of view are being classed as  
"Enemies" until satisfactorily proved they are not cloaking Jap  
assets. That in line with US policy.

4. It will be appreciated that whilst they are technically  
"Enemy Aliens" there is no reason why as a matter of policy they  
should not in fact be treated on different basis and each case judged  
on its merits. Onus on Korean or Formosan concerned to prove he is in  
fact a quite friendly alien". Have reason to believe some of these  
people amongst the worst of the guards over our prisoners during  
occupation and we must be in position to treat such as Jap war criminals.

Weekly situation summary for India-Burma Theater for week ending Mar 9 (Control Symbol GO-00-17): India-Delhi quiet on 8 and 9 Mar following rioting on 7 Mar in protest against observance of victory week.

Reported in press that official statement of casualties is 3 civilians killed and 13 injured. Comment: No inspiration on part of Major Political Parties apparent, and principal leaders have condemned violence. Rioting appears to have been caused by holligan elements. Possibility of communist background for disorders should not be overlooked even though communist participation not demonstrated. Official British Report states that communists exploited RI NSN mutiny in Bombay and played important part in subsequent rioting. Same Report mentions resolution passed by Central Committee of Indian Communist Party in Dec 1945 stating that present situation provides unique opportunity for final bid for power through general hatred against British rule and expressing fear that opportunity may be lost because of estrangement between Moslem League and Congress Party. Another British Report expresses anxiety over possibility of famine and disorders that may result.

Burma-Anti-Fascist League continuing efforts to enlist support of rural population and continues to show interest in Shan and Karen minorities. Burma Communist Party recently initiated attack on US. Information of an under-ground movement in Rangoon led to arrest of 1 of Communist Party founders. British accuse Burmese press of publishing malicious and exaggerated reports of misbehaviour of African Troops in Henzade Area where British report cordial relations between African Troops and locals. Chinese Guerillas from across Chinese border occupied village of

Following is relay of TST 1067: "To WARCOS info COMGENIB from COMGENSPORE. Reurad WX 98964. Mountbatten has proposed to British Chiefs of Staff that Supreme Allied Headquarters terminate first part of May giving way at that time to a Supreme British Headquarters. Beginning at once present SAC Headquarters is being gradually reduced to 20 officers, the strength of proposed British Supreme Headquarters. In general terms the mission of Supreme British Headquarters as planned will be broad strategic planning, interservice coordination, and long range combined training of forces in British territories of South East Asia. In the mean time repatriation of Japs will continue (present estimate based on shipping available gives completion date 3 years hence).

Whether this above new command proposal is accepted or SACSEA is retained a small liaison mission intimately conversant with SCAP problems and policy will be required at Singapore to assist in coordination of mutual British-US post war obligations. These may include Japanese repatriation, war crimes, and graves registration.

Plans are being constantly revised or drawn up which will affect the above activity of interest to US after close IBT. Consequently the eventual interest of US Headquarters should have representation here earliest. These responsibilities in final analysis center is SCAP. More over advantage should be taken of present liaison detachments briefing and associations.

After completion of turn over to State Department of India Burma SEAC responsibilities (other than above) and closeout of minor liquidation problems the requirements on such a liaison mission will be light. It can be assumed that commercial or British Command set up will be available for clear EW code messages to SCAP.

Concur that United States Army Liaison Section should continue to function until SACSEAS responsibilities for disarmament and deportation of Japanese Nationals from SEAC are completed.

Upon inactivation of IBT such liaison section should be reassigned to SCAP. When SEAC is inactivated the liaison section should be attached to the proposed British Supreme Headquarters. The latter does not have operation control over FIC south of 16 degrees, it is recommended that protection of US interests in all FIC be given Commanding General China Theater and liaison section be relieved of any responsibility therefore.

If the US Liaison Section is to be reassigned to SCAP upon inactivation of IBT, advance planning therefore should be initiated at once by SCAP. Such should not only include future size and composition of the liaison section but also its administration, supply, and operational responsibilities. To accomplish this, it is recommended that staff officer from SCAP visit Timberman at Singapore and this headquarters at early date.

Recent Mutiny in Rin is subject of Government investigation. Reurad W 98816, dtd 28 Feb, following is Analysis of Election results desired: In Assam, where total number of seats in assembly is 108, Congress party won 58 seats, Muslim League 31 (out of 34 Mohammedan seats), Nationalist Muslims 3 (out of 34 Mohammedan seats), Independents 7, and Europeans 9. Of total of 50 seats in Northwest Frontier Province, Congress Party won 30, Muslim League 17, Nationalist Muslims 2 and Sikhs 1. "Overwhelming" Congress Majority mentioned Ourad CRA 4546, dtd 24 Feb, referred to Majority Vis A Vis Muslim League in both Provinces. Congress Victory in Northwest Frontier Province is explained principally by support of Pathans (largest and most influential single group of Provinces Population). Pathans, though Muslims, have generally supported Congress Party for reason unknown (effort being made to ascertain cause). It should be noted that Pathan support of Congress Party does not necessarily mean rejection of Pakistan. Jinnah and League have repeatedly stated League not interested in Ministries but only in Pakistan, and various Congress Leaders have held out promise of Plebiscite to determine issue in Areas concerned. Congress Victory over League in Assam generally follows pattern of Populations composition: Of total 10,204,000, people in Province (1941 estimate), 4,500,000 are Hindus and 3,500,000 are Muslims. Other Factors in Congress Majority in Assam are release of large numbers of "Detenus" (Mainly Congress Party Members) in 1945, lifting of Ban on Congress Committees in Province, and Congress Party winning of 15 seats from Hindu Mahasabha, Ahom Sabha, and Communist Party. Muslim League won no-Mohammedan seats and lost 3 Mohammedan seats to Nationalists Muslims.

Burma- Anti-Fascist League has Cabled appeal to UNO requesting it take up cause of Burmese Independence. At Meeting between League and Karens on 13 Feb, Aung San Agreed to formation of separate Karen State provided scheme is agreed to by Burma Minority in Shan states and League is consulted. Further information on group of 375 Chinese Troops reported last week as arriving near Myitkyina on 15 Feb states that Commander of Group told British Authorities Group is part of 76th Div with HQS at Paoskan and that his duties are to take over Former Chinese road Engr installations and to arrest Chinese Deserters. Commander refused to withdraw Troops without orders from his HQS which he promised to contact by Radio. Further detachments, probably between 200 and 300 were left at various points along Lex Road on Burmese side of Frontier. Governor of Burma has made Urgent representations to British Government and to Chungking to secure withdrawal of these Troops. On 15 Feb, 3 men of Frontier Constabulary were fired on by Chinese Troops 8 Miles North of Sadon.

Siam-on 19 Feb, British Garrison in Siam reduced to 4 BN. Guard ommitments is reason given by British So no further reduction of Garrison at present. Although care is taken to keep US representatives out of picture, Liaison Staff at HQS SaeSEA reports that all is not well in Anglo-Siamese relations, possibly caused by proposed introduction of Japs from Burma into Siam. Arrangements for Siamese Army Officers to attend British Comd College as guests of British Government have been cancelled.

French Indo-China- French continuing to extend hold over Southern French Indo-China and Saigon Phan Thiet Road Saigon Phan Thiet Road has been opened. Reentry of French Troops into Laos Officially announced, and serious difficulties in Laos are not anticipated. Revised total Japs in Southern French Indo-China given as 70,000. Question of agreement between France and Indo-Chinese Nationalist Leaders is reported to have been subject of discussions in Paris by Admiral Dar-genlieu.

Malaya-Move of 25th Div to India continuing. Inter-Racial tension still strong in Perak and South Pahang. All Malayan Congress being held in Kuala Lumpur 1 to 4 March which may result in combination of various Malaya Nationalist movements in opposition to Malayan Union.,

Here is weekly situation summary for IBT for week ending February 23. Control symbol GO-00-17.

G-2 estimate of Indian political situation:

Although disturbances ranging from comparatively peaceful processions to those violent enough to warrant suppression by Military have continued to occur, there is still no evidence that major political parties have instigated any of the violence with object of securing definite political ends. Undoubtedly inflammatory utterances by both Congress Party and Muslim League Leaders have built up in minds of easily influenced citizens feeling that violent demonstrations will hasten independence. There is no reason for Congress Party to resort to force as it will gain commanding majority in both Central and Provincial Legislative elections. Congress party does not desire "revolt" because it is controlled and largely financed by Indian big business. Elections are practically over in 4 Provinces, with Muslim League gaining clear majority only in Punjab. In Sind, League has bare majority but future of Government will be turbulent. In Assam and Northwest frontier, Congress has overwhelming majority. In remaining 7 Provinces, only Brngas shows any possibility of going Muslim League. Congress will force-out of League by purely constitutional means. After completion of elections in April and formation of all the Provincial Ministries, Congress will probably demand that the promised Constitution-making body be formed from panels to be submitted by them. Since there is almost no possibility that Pakistan will have been given as a term of reference to this body, it will be unacceptable to Muslim League. Muslim League still has large amount of influence despite fact that that it wields control in but small proportion of Provincial

Ministries. League has stated repeatedly that it will not tolerate Hindu rule, and there is strong possibility that it may institute disturbances with definite political motives. There is also possibility that it may proclaim a "Jihad" or Holy War which will affect entire Muslim world. These disturbances may break out in June or July, would undoubtedly be centered in Calcutta area, and could thereby interfere with theaters mission. The possibility of famine will also tend to breed disturbances, but it is not in the interests of the Congress Party to capitalize on this situation. Muslim strength lies in areas which are most likely to be affected by famine. There are suspicions that Communist Party may be involved to some degree in the series of recent disturbances in an effort to regain some of prestige lost when it was virtually thrown out of Congress Party. The policy of "fishing in troubled waters" continues to form part of Communist Party tactics. Communist Party placard posted during recent Calcutta disorders urged demonstration to divide into small groups and "attack posts". Instructions to keep in contact with each other and avoid crowding at road crossings also given. Moscow propaganda broadcasts in Hindustani and Bengali beamed to India continue, but anti-British tone not now as strong as previously reported. One such broadcast extolled advanced cultural, social and economic state of "Soviet Azerbaijan". Reverence in mutiny, authorities believe that Indian Army, particularly combat units, will remain loyal, but there is a possibility of disaffection among service troops. One Mahratta Battalion, called out to round up mutineers in Bombay, carried out orders explicitly, even though firing on Indian Naval personnel was necessary.

India-Royal Indian Navy mutiny broke out in Bombay on 18 February, spreading to other Rinc installations, notably Karachi. Troops were employed in Vombaye and Karachi to bring situation under control. In Karachi, elements of 2nd Indian Airborne Division opened fire on Hmishindustan after expiration surrender ultimatum. Following 25 minute exchange of artillery, mortar and small arms fire, mutineers surrendered ship, and Rin trouble in Karachi is now ended. Some civilian rioting has broken out in Karachi, however, and situation is

not 5096. Land, sea and air reinforcements now being moved into Bombay with 1 Royal Navy Squadron already arrived. Mutineers surrendered "unconditionally" at 2305 hours on 22 February on advice of Indian political lead easy in face of arrival of British reinforcements. Some outlying stations delaying surrender until they are certain Bombay surrender is genuine. Indian and British troops fired on mutineers in Bombay during course of disturbance, but no firing of ships guns manned by mutineers reported. On 22 February in Bombay, usual irresponsible elements took advantage of troubled situation to commence rioting, looting, arson and general terrorism on largest scale yet seen in recent series of disturbance, necessitating drastic action by Military and Police. Estimates of civilian casualties as of morning 23 February were 60 killed and 127 injured. Civilian situation greatly improved as of 1200 hours 23 February as result of curfew enforced night 22-23 February and strong patrols of Military in tanks and armored cars. However, situation grew worse on afternoon 23 February and there has been more firing. Evidences of unrest in Calcutta and other points, but no outbreaks reported.

Burma- Burma Command concerned over presence of 375 Chinese troops near Myitkyina on 15 February. SACSEA reports that local Chinese Commander, who states he is to take over former Engineer installations and to arrest Chinese deserters, refused to withdraw, but said the Chinese would not enter Myitkyina or interfere with population. Since all CAMUN personnel have been returned to China, it is thought that there troops must either be Chinese deserters or troops from Yunnan. Effort being made to obtain further information on this. Reduction of British Forces continues with 1st Indian Armored Brigade already departed and Lushai Brigade scheduled to leave by 1 March.

Malaya-move of 25th Indian Division to India continues. Attempt by Mxuyan Communist Party in various parts of country; to celebrate 6th anniversary of Jap entry into Singapore were generally unsuccessful, and isolated demonstrations and processions were dispersed by police, with British Armed Forces

making show of force throughout day. 13 civilians killed and 10 wounded in Singapore in Malayan Communist Party sponsored procession. Inter-racial incidents have occurred in Pahang, Selangor, and Jowore. At Batu Talan (Pahang State) Malays attacked Chinese, killing 25 and wounding 17. Strong criticism continues to be directed against proposed Malayan Union by Malays, principally because of their fear of Chinese political and economic domination. Reported from Kota Bahru that general strike being planned for 3 March against Malayan Union.

Siam-reported Chief of Staff SACSEA feels Siamese might not carry out their obligations under treaty. Plan for reducing Siamese Army 7 to 5 Divisions now being implemented. Demobilization from 3 Siamese services to date totals 33784.

French Indo China-French continuing to build up and consolidate holdover Southern French Indo China. Some fighting continues in Dasthue area pro Annamite press remains generally anti-European, especially anti-French, and is becoming highly critical of Ho Chi Minh Regiment Hanoi for its failure to achieve anything constructive and alleged attempts to muzzle press.

British Borneo-Malay National Union of Sarawak has demanded that proposed change in status of Sarawak not be carried out. British believe personal visits of Rajahs solve difficulty.

Netherlands East Indies-Java: Situation generally quiet except for usual patrol clashes in Sourabaya area. Headquarters 23rd Indian Division moved Bandoeng on 14 Feb, and Headquarters 15th Tank Brigade assumed command Batavia area. Sharir reported on East Java consulting with Soekarno on Dutch proposals. Sumatra, all main centers of Banka Island have been occupied against slight opposition. Outer Islands: Dutch forces carrying out minor landings along coast of Southern Hodebo against minor opposition. Situation in Celebes has deteriorated with numerous minor clashes in Falopo Area.

INFO : SECRETARY OF STATE FOR INDIA

The Government of India with the approval of Secretary of State have decided on the following policy regarding Indian civilian collaborators outside India.

1. As no civilian collaborators already brought to India will be prosecuted unless guilty of atrocities or brutalities, they hope that a similar policy will be followed in the case of Indians outside India by the administrations concerned.
2. They do not wish Indian collaborators and traitors to be repatriated and would prefer that those who the administration concerned does not propose to prosecute should be released.
3. They recognize that they cannot resist the repatriation of such Indian nationals with a domicile in India as other administrations may wish to deport for security and humanitarian reasons however they must insist upon receiving full parentage, home address and a summary of the pro-enemy activities of any person deported and a timely intimation of his impending arrival in India.
4. They recognize also, that subject to the exception next mentioned, they cannot oppose the voluntary return of Indian nationals with a domicile in India. Here also they would like to have the same details indicated in the immediately preceding clause 3. The exception is that they reserve the right of (refusing?) the return to this country of certain individuals. Important negotiations for a settlement are imminent and it is necessary for some time to keep out person whose presence in India might constitute a disturbing influence in itself or might be utilized to further activities which could obstruct the satisfactory progress of these negotiations. "Here is G-2 sitrep on political situation in Southeast Asia for 26 and 27 January 1946:

Burma-Aung San elected President of Burma National Congress without opposition. Aung San proposed single party program endorsed by Socialists and Communists. B A Win states he will revive single party (B A Maws old party) and be independent. Reported that some sources believe Governor attempting to effect move discredit Aung San and splitting party with help of B A Maw and U Saw. Comment: Press reports that British Government, after consultation with Governor of Burma, has released U Saw, who has been detained in Uganda East Africa, and will allow him to return to Burma.

Siam-China and Siam signed Amity Pact on 23 January, which covered in generalized terms problems of education, immigration, etc.

French Indo-China-reported that appearances indicate Paris-Chungking adjustment on question of date and manner of Chinese withdrawal was vague and general. Reported that Clarac leaves shortly for Hanoi and possibly Chungking, and that he does not hope for settlement in detail but will be satisfied if he can lay ground work for future agreement. In Saigon young French soldiers guilty of armed robbery are sentenced to 5 years imprisonment, indicating greater determination by Leclerc to improve discipline of his troops in Saigon. Reported that Chinese state no evidence of improvement in Cholon. Chinese consul deeply concerned about continued pillaging against which Chinese are defenseless, being forbidden to carry arms or go into streets after 2300 hours. Chinese resent ordinances favoring French

Here is weekly situation summary for India Burma Theater week ending 9 February 1946 (Control symbol G O-00-17:) India-recent political situation in India high lighted by continued disagreement between Muslim League and Congress on Scorn of Indias future Government and Constitutions; Series of Censure Motions in Central assembly against Government of India; and Series of Soviet Propaganda Broadcasts in Hindustani and Urdu Extolling Russians and Castigating British Policy in Greece and in Donesia. Muslim Leagues claim TEGHEPIEMT Indian Muslims probably validated by results of recent elections to Central Legislature, although not likely Muslims will be able to form Governments in any provinces except Sind and Bengal without Coalition with Congress. Civil Disturbances during provinces elections possible but likely to be limited to clashes between Muslims and Hindus; disturbancy after elections also possible, although no violence on scale of 1942 disorders likely to occur. Indian Army participation in disturbances on side of Nationalists not believed probable. Some recent Anti-American articles in Sevnonalist press believes to be result of disappointment over United States failure to help Indian freedom movement rather than out right Anti-American feeling. Comment: Russian Propaganda appears to have achieved little effect in India, as witnessed much recent widespread indignation over Russian Newspaper article and broadcast characterizing Subhas Chandra Bose as Traitor and by Sarat Boses recent condemnation of COQPWQZUM Party LC India as Jool of British Fascism. Muslim participation on side of Congress in large-scale uprising not proable-recent celebration (By Congress Nationalists) of Shubhas Chandra Boses birth day not joined by Muslims and Bombay Violence re-united when Congress procession attempted to pass through Muslim area. Chinese Correspondence regarded as reliable and Impartial expressed opinion that even threaten famine (Which he considers overemphasized by both Congress and British) not likely to cause widespread disorders in as much as congress leaders in assemble disassociated themselves from Governments a Peal to combined food board for additional rice allocation and British can therefore take credit for Amelioration of situation and cast blame on Congress for not having interest of India Masses at Hearn.

Official British report states Congress appears embarrassed by exorbitant demands of former Indian National Army personnel and states Nehru CHALLENGED Indian National Army Officers that they were not leaders of Congress and that serving officers in Indian Army there as Patriotic as those of Indian National Army.

Burmese reduction of British Forces in Burma \* \* \* \* \* 22 East African Brigade scheduled to depart during February. All United States Army personnel evacuated from North Burma except 46 members of Seacs and rescue. Chinese activities in North Burma continue to cause British anxiety, particularly disorders by Chinese bandits and deserters in Bhamo and Myitkya districts pre-British Lieutenant Colonel, civil affairs officer, killed in Mogamungarea by Chinese bandits. British have forced Chinese to evacuate Chinese village at Myitkya, where curfew from 1800 to 0600 hours now being enforced. Arrangements being made to round up and deport 500 Chinese Army deserters in same area. Most significant political event is recent return to Burma of Uncle Saw from detention in Uganda and consequent possibility of threat to Aung Sans Political Leadership \* \* \* \* \* to allow only 2 members of League to travel to England roused no widespread discontent among followers of League. British report mission in Insein Area between Karens and Burmese believed partly due to misinterpretation by Karens of announcement in December that 12th Army disbanding, Karens believing British were leaving them to mercy of Burmese. Reaction of Indian Community in Rangoon to result of Indian National Army Trials placed, although some Indians regard result as sign of British weakness. British report Dacoities in Pecu and that on areas, but no greatly diminished scale, and increased Yacoit act LKITPCS in Toungoo District, attributed to action against Dacoits Farther South. Comment: press reports continue to quote Aung Sans Allegation that Governor Intends to use Uncle Saw to undermine Aung Sans influence. League now appears under control of Aung San, and operation noted in Leagues attitude at recent events Eetins recended by 30,000, at which Aung San reelected president for coming year and at which usual appeals to all sections of people to resist British "Subjugation" of Burmese by use Old Indian Soldiers were lacking.

Andacan and Nicobar Islands—all Japanese, including War Criminals, evacuated. Civil Government resumed control on 7 February. India 116 Brigade comes under control of India.

Siam-British report all Indian National Army personnel formerly in Siam evacuated, with exception of ex-cabinet Minister of Bose Govern-

We are performing graves registration duties within boundaries of IBT as delineated in WX 51593 and JCS 388/5. In accordance with WX 68284 also plan to perform graves registration duties in SIACAREA, including FIC south of 16 degrees north latitude, west of 127 degrees east longitude. Will continue such activities until IBT is inactivated at which time responsibility will be turned over to American Graves Registration Service, India Burma I.

Since CINCAFPAC conducted operations in Dutch New Guinea, Hal Ahera and Morotai areas, undoubtedly has information on location of battle casualties in those areas and probably still has personnel stationed therein it is recommended that CINCAFPAC be made responsible for all graves registration duties in Nei east of 127 degrees east longitude.

For CINCAFPAC, COMGENIB. Request information concerning casualties and personnel missing in action of your commands which occurred in SIACAREA, outlined in para 1 above so that our graves registration responsibilities maybe discharged expeditiously. Reference WX 51593 dated 25 October 1944, JCS 388/5 of 28 April 1945, WX 68284 of 22 September 1945, WX 80523 of 1 November 1945 and CRAX 2294 of 26 January 1946
