- Reurad CX 64876 (271129/Z), following report submitted:
1. Reports of invasion from North Korea have specified that invasion will take place after consideration of Korea question in UN, or after American withdrawal of troops, or in spring of 1949. However, a North Korean rumor received this week is that at unspecified date North Korean farmers will enter South Korea armed with harvest tools to liberate oppressed South Koreans. Peoples Army troops are not to go into action unless South Korea Police and Constabulary attempt to stop farmers and sympathizers. South Korea Labor Party members are to disrupt rear areas of defenders. (Evaluation F-6).
  2. A large number reports have been received that there will be disturbances in South Korea within coming 2 weeks. Date of 7 Nov for widespread disturbances is accepted by this office because of evaluation of informants (1 is B and 3 are C), and fact that that is anniversary of Red Revolution.
  3. Other reports of disturbances in South Korea are as follows:
    - A. South Korea Peoples Liberation Revolutionary Army vanguard action corps will commence rioting in Kaesong coordinates (950-1690), Tongduchon coordinates (1000-1680), Kangnung coordinates (1180-1660), Korangpo coordinates (980-1690) and Taegu coordinates (1160-1440) in very near future. Necessary information concerning radio CSGPO WX 91494 (cite EX 32223 EE) relayed to major subordinate commanders as directed. Periodic report for 29 Oct follows: On or about 21 Oct, 200 sticks of dynamite and 200 detonators were stolen from an isolated construction camp of the Ikewa Gumi Construction Company in the southern part of Chiba Prefecture. Informant believes that the thieves were company employees and that they intend to sell the stolen explosives. (Evaluation C-3).

Informant in Ibaraki Prefecture states main topic of discussion by Leftist leaders in confidential meetings is an alleged revolutionary upheaval throughout Japan early in 1949. The exact timing depends on the situation in Korea and it is thought that the signal will be the withdrawal of Russian occupation forces from Korea. (Evaluation F-6).

D. On 15 Oct, 10,000 In Min Gun arrived in Haeju. (Evaluation F-4). 400 or 500 soldiers of this force wear uniforms of Peoples Liberation Army of Manchuria. (Evaluation F-6).

Comment: The employment of political advance guard is not new to Soviet practice.

E. Rumor is that a "strong force" of Peoples Liberation Army, came from Manchuria to Hamhung coordinates (1040-1920) on an unknown date prior to 13 Oct. Same informant reports he personally observed elements in Pyongyang about 28 Aug. (Evaluation F-6).

F. Political investigators known as "Kong-Jak Tai" have been visiting South Korea from Kaesong coordinates (950-1690) west, disguised as farmers and interrogating South Korean farmers concerning Communism.

G. Rumor is that Chinese Communist Force and Peoples Army leaders met last Jun and agreed that 45,000 Chinese Communist forces would be sent to North Korea to assist in invasion.

Comment: The presence of troops from Manchuria, if true, is considered indicative of an invasion. The operations of the Kong-Jak Tai may possibly be tied in with reports of farmers participating in an invasion as transmitted in Para 1 of yesterdays rad. We are receiving reports of build-up of In Min Gun in parallel area. However, it was expected that In Min Gun would replace Soviet forces and their presence is not considered indicative of invasion plans.

3. Reports of plans for uprisings in South Korea received are:

A. There will be demonstrations in Inchon coordinates (960-1630) between 25 Oct and 18 Nov. (Evaluation C-3).

B. On 7 Nov Communists will riot in Pusan coordinates (1200-1340). (Evaluation C-3).

C. Communists in meeting on 21 Oct decided to stage general strike throughout South Korea during early part of Nov. (Evaluation police report).

Comment: These dates tend to negate dates furnished by Intelligence Division.

4. Code word was erroneously reported yesterday as "WOODCUTTER." Code word is "WOODCHOPPER" (spelled William Oboe Oboe Dog Charlie How Oboe Peter Peter Easy Roger). This message is WOODCHOPPER 2.

1. High ranking In Min Gun officers in Namchon-Jon were overheard on 21 Oct 48 to say that on 3 Nov 48 North Korean Forces will move to liberate oppressed laborers and farmers in South Korea. (Report was third hand). (Evaluation F-3).

2. Presence of Communist forces from Manchuria reported as follows:

A. On 24 Aug approximately 1,000 former Chinese Communist Army combat veterans arrived at Musan coordinates (1150-2200) and were dispatched in small groups to Peoples Army camps to instruct in warfare. These are apparently Chinese and not Koreans. (Evaluation C-3).

B. On 10 Sep refugee observed group of sightseers in Pyongyang. They used Chinese-Manchurian dialect. Uniforms were black blouses, black dress trousers, low cut black shoes (some of canvas), and caps just like In Min Gun except sky blue color. Refugee estimates 500 members in Pyongyang. (Evaluation F-6).

C. On 8 Oct Korean Volunteer Army in Manchuria sent 12,000 Infantry and 800 "Kong-Jak Tai" to Pyongyang to join In Min Gun. (Kong-Jak Tai are apparently Counter-Intelligence troops).
