COURIER

12 Oct 50

B

FROM : CG JLCOM YOKOHAMA JAPAN

TO : CINCPAC TOKYO JAPAN

INFO : CG FEAFF TOKYO JAPAN

NR : EX 31270 JTO

URMSG AG 523.8 (17 Aug 50) TO, 6 Oct 50, reference ammo unloading capacities of JLCOM ports. Under existing waivers, and based on recent performance data, maximum monthly unloading capacities are as follows: (All in short tons)

Kurihama	36,000
Taura	54,000
Kobe	30,000
Moji	36,000
Sasebo	24,000

Or in the aggregate, 180,000

Reduction from previous estimates is due to lack of personnel to open Shimizu, and the restrictions placed on Moji. Full use of Sasebo and Moji cannot be made due to the fact that the majority of cargoes is destined for depots in central Japan, necessitating long and prohibitively costly rail hauls. Capacities shown above are further reduced by fact that ammo must be out-loaded as well as discharged. Out-loading reduces individual port unloading capacity as much as 50%. If the anticipated delivery schedules from the West Coast during the period 20 Sep to 29 Oct materialize fully, and out present inability to effect diversion to Korea continues, delays of up to 10 days per ship are anticipated until this peak load passes. In this regard computations in this hq from DA msg W 93600 indicate that during the period 13 Oct to 9 Nov inclusive, a total of 122,104 L/T is scheduled for arrival in Japan.

DECLASSIFIED PER JCS LTR OF
20 AUG. 75

NR : EX 31198 GS

The following is presented in clarification of EX 31169 GS. To prevent duplication of effort and simplify operation of airlift to Korea; request Eighth Army coordinate and edit all requests for supplies to be shipped by air from Japan.

Request Eighth Army establish new SOP for handling air lift requests and supply cutoff date for action by this headquarters and aerial ports on outstanding requests of X Corps, 3d Log Comd, 2d Log Comd and 1st Marine Div.

CO Aerial Port Ashiya AB reports backlog of 2500 tons. This includes 900 tons Marines; 860 tons AF; 748 tons Army as of 0800 hours 9 Oct.

Shipments of treadway bridge, C rations, assault rations, wet cold weather clothing and Signal supplies will add to this backlog. Request priorities be assigned to these cargoes soonest and information sent to CO 1st Aerial Port for action, this headquarters for information.

Urgently request approval project and allocated dollar funds in amount of \$10,000 for construction of 2 latrines, 118th Sta Hosp, Fukuoka. Construction of each latrine will include installation of 8 showers, 12 lavatories, 8 water closets, and 6 urinals. Latrines required in detention area, which is being used as temporary wards at present in support of Korean operation. Patient load increased to around 700 beds from rated capacity of 200 beds. Enlisted det of 345 men now quartered in tent camp and will be required to share above latrines with 300 patients until detention moves back to their regular quarters on reduction of patient load. At present there are 8 showers, 4 lavatories, 10 water closets, 8 urinals for 300 patients and hospital detention. New construction limited to minimum essential requirement and no use of other facilities or less construction will provide required function. Confirmation project will be forwarded ASAP.
