M/R: Copy of Hq, FEAF ltr to USAF Overseas Affairs Branch auth ZI recruitment
for PI, Okinawa and Guam of man-wife teams and female dependents of
military or civilian principals on duty in these areas. Since CG MARBO rad
CSGAP 20230, 27 Dec 47, to Eighth Army, info CINCFE, did not concur in
employment of dependents because of assignment refusals after arrival,
breaking of agreements, pregnancy, and morale problems due to inability
to employ all dependents, GHQ FEC rad C 66406 requested current comments
and recommendations of GC MARBO. GHQ FEC was advised by rad SP 8826
that notwithstanding the info cited to Eighth Army, CG MARBO was in
favor of such recruitment and requested that similar approval be extended
to Hq, MARBO if authorized by CG FEAF. Inst rad advises no objections
interposed by GHQ FEC to employment of such personnel provided Naval
Governor concurrence is obtained. Concurrence: A-1, FEAF (Col Davis)

TO : CINCFE
INFO : CG 20TH AF
NR : SP 8826

DECLASSIFIED PER JCS LTR OF
20 AUG. 75

Reurad CX 66406. This command has an established policy in connection with the employment of civilians as fol: The employment of dependents of mil or DA and AF Civilians pers. who have not been auth dependent housing, is prohibited. This precludes the recruitment of the husband, wife, or any other dependent of pers in the MARIANAS BONIS Area who have not been legally auth family type quarters."

Foregoing policy was concurred in by CG 20th AF and is applicable to all AF and Army installations in MARBO Area. The reason for the above policy is that in the past in many cases dependents of pers not assigned family type quarters assigned to this command upon arrival refused assignments or broke their contracts shortly after arrival. In many cases wives became pregnant and had to be returned to the ZI shortly after arrival in as much as dependent housing is not avail. It has been best that the policy of hiring dependents created a morale problem due to the fact that dependents of all pers desiring their dependents in this command could not be employed by reason of children in the family and since domestic help is not avail in the area.

Notwithstanding the foregoing reasons for the present policy this hc concurs in the request of CG FEAF and if approved for that command will be adopted as policy in MARBO provided ea individual being recruited signs a statement at the time of recruitment that

DECLASSIFIED PER JCS LTR OF
20 AUG. 75

M/R: Referred rad from CG, MARBO, requested use of Keeler Polygraph (lie detector) and operator in connection with Farnsworth case. Ruth Farnsworth was Dept of Navy Civilian employee who was murdered on or about 11 Dec 48. Written permission must be obtained from subject or subjects before polygraph examination may be conducted. Previous experience by CID Lab indicates that transportation of polygraph machine to outlying areas is desirable only in exceptional cases inasmuch as the machine is easily damaged in transit. Inst rad is to request MARBO to submit additional information before approval for transportation and use of lie detector may be granted.

Re DA rad WCL 29556 DTG 160012 Z, rad your hq C-64726 dtd 22 Oct 48 and rad your hq CX 66424 DTG 181045 Z. This hq concurs with recommendation contained in rad CX 66424 as the only means of preventing mass turnover and transfer of personnel however this hq considers that wage increase as recommended in ourad S-8655 dtd 1 Nov 48 is the minimum increase to alleviate recruiting difficulties. District Engineer and Air Force concur in 25¢ per hour increase.

Funds are not available for wage increase program. It is estimated that approximately \$313,500 will be needed to cover wage increase of 25¢ per hour for remainder of Fiscal Year. At present no competition from Navy since Navy wage board rated generally lower than those paid DACs. Info this hq indicates that wage board increase in ZI will make recruitment increasingly more difficult unless comparable rates are established for Guam. It is presumed PHILCOM is experiencing similar recruiting difficulties. Recommend higher wage board pay schedule for Guam than for PHILCOM to compensate for non favorable living conditions.

Reurad ZX 29159, dtd 8 Nov 48. This radio in 2 parts.

Part 1: Processing of unknown remains exhumed from cemeteries in the Marianas Islands for identification purposes has been completed. All cases are either in Search and Recovery Section for comparison against missing in action files or have received board action and have been forwarded to Office of the QMG. Plans based upon the OQMG Form 371 files now in possession of the Search and Recovery Section call for the dispatch of all unknown, non-recoverable and major discrepancy case files, for remains exhumed from cemeteries within this command, to Office of the QMG by 1 Jan 49. The receipt of additional OQMG Forms 371 from Office of the QMG will delay final dispatch until additional cases have been processed.

Part 2: Unknown remains exhumed from cemeteries on Okinawa will be processed for identification purposes and findings recorded at the Central Identification Point by 20 Dec 48. Since missing in action files for Ryukyus Command have not been forwarded this command, it is recommended processing records and recommendation of the Central Identification Point be forwarded to PHILCOM with remains for necessary comparison with missing in action files, board action and final dispatch.

Following is data for transmission to State Dept regarding territorial post differential for Guam: Population Year 48 is 89,800. Area of Guam 25 square miles. Composition inhabitants: Guamanians 30%, military 30%, dependents 4%, US Nationals 14%, Nationals Philippine Republic 22%. Direct commuting by water with US and Manila, by air line with Philippine Islands, Japan, US via Honolulu. Latitude 13 degrees north altitude sea level high of 1300 ft altitude, this hq 400 ft. Topography hilly coral and volcanic covered with dense jungle tropical vines and trees, mosquito infested wherever ground not cleared. Climate tropical, maximum average 91 degrees, minimum average 81 degrees. Humidity, average 80%, annual rainfall 100 inches. May thru Dec hottest and most humid. No accessible locations where climatic conditions are favorable because of transportation difficulties.

Community health conditions not under general surveillance so as to furnish figures on birth rate, death rate or infant mortality. Figures not available total number deaths during past 5 years.

Diseases recorded locally as endemic for natives are tuberculosis, measles, intestinal parasites, respiratory diseases.

US personnel:

- (1) Fungus infections,
- (2) Neuropsychiatric conditions,
- (3) Jap B encephalitis,
- (4) Respiratory diseases,
- (5) Gastro intestinal afflications,
- (6) Industrial and vehicular accidents,
- (7) Yaws.

Local community housing available consists prefabricated, converted quonsets, floored tents. Same accommodations available American personnel. Housing screened, bed nets used all military and civilian areas. Water furnished Army, Navy Public water supply system. Source tide locked pools in coral pumped to storage and chlorinated and piped in iron and wood stave pipes to using locations available 12 hours per day not at all times in quantities sufficient furnish proper sanitation. 85% population using public supply, other 15% use wells and rain water.

Food: All food items secured thru importation. Army Navy inspects meat handling markets. No inspection fish, shell fish. No milk. Sewage disposal primarily deep pit latrines in coral under base. Sewage disposal by seepage from pits. Human excreta not used for land fertilizing. Island has good drainage, no storm sewers, numerous open ditches in rainy season; general collection surface water which drains out thru coral. Garbage refuse collected daily. Disposal to pits and to ocean. Deceased persons disposed by burial. Pest control for mosquitos, flies, lice, rodents, fleas but inadequate for rodents, mosquitos in jungle areas. Total hospital beds 750, non charity. Medical surgical nursing obstetrical care available serious cases. Emergency dental treatment furnished. Common drugs difficult procurement, military issue only. One civilian dentist practicing on Guam. Hospital employs 32 physicians, 39 nurses, 2 sanitary inspectors. Communicable diseases reported. Children receive small pox, typhoid immunizations, general public small pox, typhoid, tetanus and encephalitis.

Recreational facilities outdoor movies, swimming, tennis, bowling. Facilities limited and difficult access because of transportation. Only 18 civilians have families present, quarters not available to 95% of dependent civilian personnel.

Comment: American Nationals cannot own land on Guam nor buy or rent property making family life impossible for 95% of personnel. Limited recreation transportation and supplies puts mental hygiene of employees at unsatisfactory level.

Health conditions good except for fungus infections, skin and ears, sanitation fair, available medical care fair, hospital

care fair, climatic effect on children and men fair, women poor. Civilians serving Guam should take vacation every 6 months. General effect of climate cause physical deterioration, irritability and discomfort. Hazards this island affecting infants and children: Heat rash, fungus of ears, feet and skin, measles, mumps, tropical ulcers, impetigo etc.

Following statistics furnished to indicate conditions housing, transportation and conveniences: From 10 to 15% employees resign before completing 1 year agreement, 60% fulfill 1 year, 25% extend to 18 months. 2 employees have expressed desire for 3d year after completing 2 years. 98% all employees complete 1 year return to ZI for leave purposes before entering 2d year. Island subject to torrential rains occasional typhoons, last one occurring 12 Nov. Educational facilities include primary and high schools, no colleges. Laundry service greatly deficient not available to 95% of employees. Cleaning limited, restaurants not available. Officer clubs open only to civilians above grade 7 or equivalent. Employees are isolated from most areas of island, all native villages off limits and most of shore line and beaches. Transportation very limited, roads excellent, gasoline adequate. Gen environment creates restrictive social atmosphere, recreational supplies dependent on imports and very limited. Housing, messing simulate camp life. Approximately same conditions as above apply for Saipan.

Informal info received by this hq indicates that 1st Lt William H Griffin, O1281806, Finance Dept, has been granted an extension to his current overseas tour. Lt Griffin is assigned to FEC for duty with Audit Agency FEC on Guam.

Lt Griffin departed ZI on current overseas tour 17 Jan 47 and depts arrived overseas 26 Jan 48. Inasmuch as Lt Griffin completes overseas tour in Jan 49 and agreement to remain overseas 1 year after arrival of depts in overseas command, this hq committed the depts quarters presently occupied by Lt Griffin to family to arrive in Jan 49.

Also it is the policy of this command to disapprove extensions of pers who occupy dep quarters so that quarters may be turned over as rapidly as possible and therefore keep the waiting time before families can join their husbands to a minimum. Pers of this command are presently waiting from 11 to 15 months before depts join them. If Lt Griffin has been granted an extension it will cause an adverse morale problem. A majority of pers who occupy dep quarters have requested extension but have been denied such extension.

Lt Griffin had previously requested info regarding his possibility of extending and was informed that it was against the policy of this command and was given reason therefor. Request status.

Reurad C 64726, DTG 220913 Z re proposed wage increase. This command concurs in wage increase of 25¢ per hour across the board. District Engineer (For Contractors) has no objections. Air Forces concurs and recommends increase. Navy has proposed and contemplates similar increase.

Comments: This increase should relieve current recruitment difficulties and afford a more equitable administration of step rate increases. Funds are not available to administer increase
