Re Part 6 C urad ZX 25852, reduction of overseas tour to 18 mos for DA mil pers and 15 mos without dependents and 24 mos with dependents for AF pers does not materially affect the present dependent housing situation this command. It is estimated that dependents will arrive overseas during mos of Jan, Feb, Mar and Apr 49 after husbands have completed 11 to 12 mos on their current overseas tour. After month of Apr 49 it is estimated that waiting time before dependents are able to join their husbands will increase up to 13, 14 and 15 mos. Above estimates are based on complete survey of DA mil pers after announcement of 18 mos tour and partial survey of AF pers after announcement of reduction of AF tour. AF unable to furnish complete info due to restrictions imposed during 6 mos allowed for implementation.

Part 5 of urad ZX 25852 will not effect dependent housing until after Apr 49. Inasmuch as waiting time is expected to be more than 12 mos after Apr 49, a group of applicants ea month thereafter will not be eligible to have their dependents join them because of the restrictions of Part 5 of USAR cited above. In such cases applicant will not know until ea priority list is prepared whether his dependents will be able to join him. In those cases where it is apparent that dependents will not arrive before applicant has completed 12 mos on current tour, request auth to extend individuals current tour beyond 24 mos for purpose of bringing dependents overseas so as to complete 1 yr after arrival of dependents or request auth to include such individuals on priority list and return the pers to ZI upon completion of 24 mos prior to completion of 1 yr in command after arrival of dependents. The foregoing recommendation

CMC B

24 Oct 48

FROM : CG MARBO
TO : CINCPAC
NR : S 8600 S-GBI

DECLASSIFIED PER DA CIRC. #127
23 DEC. 53

The Army Corps of Engrs spent \$50,700,000 on construction project on Guam in the yrs 46, 47, 48.

The Governor of Guam has requested the Navy Department to transfer to the Naval Government of Guam title to all lands owned by the USA, other than those required for use by the Armed Forces. As soon as this is done the governor will direct, through the medium of the land transfer board, that these lands be sold to the Guamanian people. It is expected that when this is accomplished that there will be sufficient land throughout the island for the establishment of permanent homes and a solid economy for the Guamanians.

In an effort to encourage rebuilding of Guam the governor issued executive orders Nbr 5-48 effective 20 Oct 48 providing duty free importation of building materials for 1 yr from date. Building materials from the US and the Philippines have always been free of duty, but are very short of supply now. This order will make it possible to bring in building materials from other countries at a much lower cost than has been possible in the past.

The request of the Philippine Air Lines for a freight and passenger stop at Guam which was reported last week was not objected to by the Army, Navy or Air Force and is expected to be granted. If it is granted MARBO command indicated that it might use the line for emergency transportation for civilian personnel desiring transportation at personal expense and some cargo purchased through non-appropriated funds

DECLASSIFIED PER JCS LTR OE
20 AUG. 75

Subject is Philippine Scout Program. This rad in 5 parts.

Part 1: Re CINCFE rad CX 64471. Request concurrence following plan re movement of this personnel.

Part 2: For your info Philippine Scout losses this command for Nov approximately 1,100. 50 per cent to be shipped to your command on USAT Gen Morton, ETD Guam 2 Nov 48 and balance on USAT Gen Greely ETD Guam 12 Nov 48, one third of this total is for separation from service.

Part 3: If possible and space permitting request 1,000 Philippine Scouts be shipped to MARBO on USAT Gen Morton, ETD Manila 10 Nov 48 and 1,000 on USAT Gen Greely, ETD Manila 20 Nov 48.

Part 4: Essential that these replacements be assigned to MARBO units prior to arrival. Request clearance for assignment team of 1 off and 3 EM to arrive your hq approximately 1 Nov for this purpose. Plan includes forming detachments prior to embarkation to expedite movement upon arrival to receiving organizations. Orders complete with essential Morning Report data and records are necessary for use by assignment team upon arrival to permit rapid assignments. Classification and personal interviews not contemplated.

Part 5: Requisition will be forwarded soonest by Army or Service but will include for your consideration bandsmen and Special Service Philippine Scouts.

NR : S 8553 S-GBI

DECLASSIFIED PER DA CIRC. #127
23 DEC. 53

The personnel strength of Guam Police Dept is at the present time 219 men and 1 women. The dept is operated under the Naval Govt and is made up of civilian, Naval and Marine personnel. The break down of the dept is: 1 maj, USMC: 1 Lt cdr, USNR: 1 1st Lt and 1 2d Lt, USMC: 61 enlisted Marines: 3 civilian police lts: 150 civilian police officers: and 1 female matron.

The jurisdiction of the dept extends to all parts of the island with the exception of the interior limits of military reservations. The dept has authorization for a total of 250 civilian police officers but is not able to get them for the salary that is authorized. This is due to fact that natives of the island are able to find employment elsewhere at greater pay.

The Philippine Air Lines made application this week to the Civil Aeronautics Board for an amendment on its foreign carrier permit to make Guam a traffic stop on the Manila-San Francisco route. Traffic would be limited to Manila, Guam, Honolulu and San Francisco only.

This report covers the native population of the Trust Territory of the Pacific Islands as prepared by CINCPACFLT Intelligence based on 1947 surveys. Eastern Caroline Islands Area: Truk District, 15,065, Ponape District, 9,577: Western Caroline Islands Area: Palau District, 6,004, Yap District, 4,652: Marshall Islands Area: Majuro District, 5,270, Kwajalein District, 4,270: Northern Marianas Islands Area: Saipan District, 5,548.

B

FROM: CINCFE

TO : CG MARBO PRIORITY

NR : Z-26143

Reurad SPREC 8047, 7 August 48, review of construction projects outlined therein indicates necessity for revision because of:

- a. Lack of description of MARBO Central Exchange Warehouse construction.
- b. Questionable availability of quonset huts for North Field Service Clubs.
- c. Unrealistic estimate of theater construction costs unless troop labor is employed.
- d. Lack of description of proposed MARBO base library.

Desire that all recreational construction projects required to be supported with nonappropriated funds be restudied and a revised list be submitted with justification for each project. Listing of projects will include description of each project, cost estimates, and priority. Each project must be justified separately indicating need for the project, basis of cost estimates, proposed means of construction (by District Engineers, commercial contracts, and/or utilization of troop labor), availability of materials, and other pertinent data.

Ourad Z 25960 delayed departure of Lt Colonel Russell C Cabot, now on TDY your headquarters, in order that he can review revised list of projects with appropriate personnel of your headquarters and 20th Air Force. Request prompt action in this matter so as to enable Lt Colonel Cabot to reach Headquarters RYCOM on or about 15 October for purpose of reviewing construction projects of that command.

DECLASSIFIED PER DA CIRC. #127
23 DEC 53

In the past week the following changes have taken place among the construction companies under govt contract on Guam: Pomeroy Construction Company has ended original contract and is in final phases of closing out business; MKPK Construction Company has announced that it will fold in Jun 49.

Brown Pacific Maxon Construction Company will continue to be chief construction company on Guam. It has been indicated that Navy will control all contracts doing construction for mil on Guam.

In Sep 48 Vinne BOSEY terminated a contract for moving scrap metal and surplus material from Trust Territory to China, but initiated a new contract at insistence of Naval Govt to comply fully with original commitment to empty Trust Territory of scrap metal and surplus material which had been agreed upon previously by USA and Chinese Govt.

BOSEY, Chinese Govt Agency, is selling scrap metal to Bethlehem Steel Corporation indirectly; Bethlehem Steel Corporation maintains supervisors on Guam to insure proper loading of scrap metal on ships by Lipsett Salvage Company working in conjunction with Bethlehem Steel Corporation.

All the above information gained from employees and personnel supervisors of Brown Pacific Maxon, MKPK, Pomeroy and Bethlehem

Steel on Guam.

A new road is being built at south end of island of Guam beginning where the main highway crosses the Talofofu River. It will run 1 mile to west from that point. The road being built in connection with project now under way by Pacific Island Engineers, a private company, to find a place to dam up the Talofofu River as water supply for south end of island. Source of information: Guam News.

Office of Deputy High Commissioner, Trust Territory, Guam, recently completed a full report of welfare of Trust Territory to United Nations. Report will be submitted in full in a separate report. A current report on Trust Territory is being prepared by Office of Deputy High Commissioner for submission to House Committee from Senate, due to visit Guam in Nov 48.

DECLASSIFIED PER DA CIRC. #127
23 DEC. 53

Reurad WCL 29764, dtd 2 Oct 48. In two parts,
Part 1: Graveside processing records indicate identification tags found on grave marker and remains of Brig Gen Claudius Easley, SN 05026, formerly interred in Plot 5, row 22, grave 683, Island Command Cemetery, Okinawa. Remains of Gen Easley will be loaded aboard the USAT Dalton Victory, expected time of departure Saipan 31 Oct 48.

Part 2: Three major discrepancies of identification tags exist in Plot 5, row 22, Island Command Cemetery, Okinawa, graves 690, 694, and 695.

7 October 1948

NOTE FOR RECORD:

1. Radio from Marbo SP 8507 MBSIG, dated 4 October 1948, made reference to CX 60666 and W 83505 which were in exchange of radios with DA relative to disposition of T/O & E equipment on Marbo made excess by inactivation of certain AAA units and advised that: "CG 20th AF in rad AISUP 0571 requests availability of 4 ea SCR 584 stating that equipment modification list will be prepared if equipment is available. Four ea of subj sets are in stock on Saipan. No known firm requirement for same in MARBO. Request advice as to whether sets may be issued to 20th AF upon approval of modification list by CINCPAC".

CinCfe rad

2. /CX 64019, 24 Sept 48, to 8th Army and Marbo stated that it is desired that equipment presently in excess in Marbo as a result of inactivation of AAA units be transferred to 8th Army pointing out to Marbo that first priority for activation of additional AAA units is in Japan.

3. 8th Army rad EK 35621 GS made reference to CX 64019 and furnished requisition EVIL-SIG II-AAA-W685 to cover shipment of related Signal items. In telephone conversation between AAO (Col. McGarraugh) and Signal Supply (Lt. Col. Phipps) 7 October 1948, the fact that a firm requirement in Japan exists for SCR-584 radar sets made available by inactivation of AAA units at Marbo was verified.

4. The above action requests that radar sets SCR-584 made available by inactivation of AAA units be transferred to 8th Army and further requests that the additional quantities of SCR-584 in excess to Marbo requirement be reported to CinCfe for disposition.

5. This action concurred in by G-3,
G-4,

C. H. P.

DECLASSIFIED PER DA CIRC. #127
23 DEC 53

Most controversial topic of discussion among Guamanians at present time is the acquisition by Naval Govt of lands for mil use which Guamanians own or on which they are living. Comments following as regards acquisition of areas for mil use are extracts from congressional record of 8th and 9th Congress and were not derived from official mil sources.

In a special session with the Naval Governor of Guam, Rear Admiral C. A. Pownall, on 27 Sep 46, members of the Guam Congress stated openly that they believed the Naval Government's choice of lands for mil installations on Guam had not been made with the best interests of the Guamanians in mind.

Congressman Carlos Taitano, Representative from the Barrigada District, Guam, stated in the aforementioned session that the Government of Guam should be a model of the democracy which is the United States of America, and that the government which now exists on Guam is not a democracy but under the complete rule of the Dept of Navy and that the Guamanian has little if anything to say about his own personal and business affairs. The Governor of Guam stated that the Navy Government is not always in a position to tell the individual Guamanian why he is being moved from his land to make way for new military installations or improvements to mil installations already in use, as such matters are usually classified and not authorized for release to the general public.

The Guamanian Congress may introduce and pass bills on matters affecting Guam, and the bill is then passed up to the Naval Governor of Guam. If the Naval Governor vetoes the bill, the Guam Congress has the power of direct petition to the Dept of Navy.

Most of the controversy discussed herein was touched off by the recent acquisition by the Army on Guam of a portion of

Tumon Bay Beach as a recreational beach for the mil, Guamanians allowed another segment. Members of the Guam Congress maintain that the mil on Guam have acquired the majority of the beaches available to the Guamanian for swimming and fishing, which they resent greatly.

The 8th Guamanian Congress unanimously passed a bill which would leave the Tumon Bay Beach open to all concerned, which bill was vetoed by the Naval Governor of Guam. The bill was forwarded to the Dept of Navy which ruled that the Army and Air Force on Guam could build their segregated recreational area on the Tumon Bay Beach. Members of the Guam Congress have openly stated that they believe liaison too close between the Naval Governor of Guam and the Dept of Navy for any petition from them to be taken unbiased or without pressure from WITH the Navy. Some members of the Guam Congress have expressed an intense desire to know, "Are we citizens or not?"

Members of the Guam Congress have indicated that a House Investigating Committee from Washington, headed by Rep Barkley, will visit Guam in Nov this year, at which time the grievances of the Guamanian people will be brought up before the Committee.

Current West Coast shipping strike has had little if any effect on the Guamanian economy, the foodstocks on Guam being of such a level as to support the Guamanian population for some time. Some commercial establishments such as the beverage bottling plants on Guam have had to curtail their production or shut down completely for lack of material with which to work, but reports indicate that shipping is commencing from the New York Port in the face of the continuing West Coast shipping strike against all but vital mil shipments.

Following query in connection with FEC Cir 71 dtd 19 June 47, Para 1, leave in and between overseas areas. Request this hq be given authority to grant leave to visit Honolulu after 6 months in this command on same basis as stipulated in cited cir for period not to exceed 30 calendar days.

Reason: leave taken primarily for rest and recreation. Due to climatic conditions in Honolulu, shopping facilities, commercial billets and mess accommodations and availability of space aboard Army transports from and to Guam on space available basis, Honolulu is deemed to be appropriate place to take such leave.

Personnel not authorized to travel via military aircraft to other islands or areas for leave purposes and commercial travel is costly, therefore small percentage of personnel able to take leave. Request favorable consideration be given authorizing leave to Honolulu on space available basis for leave purposes upon completion of 6 months duty.

M/R: CG MARBO rad CPS E 16840 advises dependent housing that headquarters consists of "modified" prefab and quonsets pursuant TM 5-280 and "modified" prefabs based on plans by GUAMED. Requests info whether DAC payroll deductions should be made as directed in ZX-20131, stating that civilian quarters are same as those furnished Army Officers.

TM 5-280 covers standard construction in theater of operations. Modification of standard plans for temperate climate is authorized for frigid and tropical climates Modifications for tropical climate provide for as much circulation of air as possible.

Inst rad advises MARBO inquiry not understood as ZX-20131 clearly states that quonset or prefab dependent housing will be considered as housekeeping quarters with 1 bedroom at \$37.50 per month.

G-4 (Col Sturman & Maj McIntyre) concur.

Reurlet subject: Non-appropriated funds, File AG 123 (2 Jul 48) SS, dtd 3 Sep 1948. Paragraph 5 provides that final supplemental report of Fiscal Year 1948 funds will be submitted no later than 30 Sep 1948. It is expected that at least 6 months will be required before all Fiscal Year 1948 fund obligations are retired.

These obligations consist mainly of undelivered purchases of supplies and equipment, and cannot be retired sooner because of length of time required to secure delivery. Delivery of these supplies is taking from 6 to 10 months after orders are placed in many cases. Request authority to continue monthly supplemental reports until such time as all FY 48 obligations have been properly retired. Unexpended balance can be remitted at that time.

Copies to: CinC, C/S, AG, AG Pers Div, AG Off Br, AG P&R Br, IG, JA

M/R: DA rad W 86657 dtd 29 July 48 authorized CINCFE to retain PS officers in Category V with separation dates to be determined in accordance with the needs of PS units. This authority was passed to CG PHILCOM, CG MARBO, and CG RYCOM in CINCFE rads C 62666 dtd 30 July 48 and CX 62901 dtd 10 Aug 48. CINCFE rad CX 63118 dtd 19 Aug reminded the appropriate comds that despite other announced criteria pertaining to continental officers, PS-AUS officers would continue to be carried as previously announced. RYCOM rad E 20712, AIX-0 dtd 27 Aug notified CINCFE that PS-AUS officers with OIC commissions were permitted to apply for Cat III, and others were carried in Cat V. Final action on approval of Cat III was being suspended pending further announcement of CINCFE policy. CINCFE rad CX 63465 dtd 1 Sep replied that all PS officers would be carried as Cat V with indefinite separation date. MARBO rad SGAP 8131 dtd 8 Sep requested clarification of status of non-RA officers of Filipino descent who are US citizens. This rad also asked that CG MARBO be furnished a copy of WD rad WCL 33999 dtd 16 Apr 46. This rad was forwarded to central records depot in St Louis, and there are no copies available in GHQ or PHILCOM.

MEMO FOR RECORD:

1. a. CG MARBO radio CREC 14522, 31 July 1948, requested a grant of \$500. nonappropriated funds for use in payment of bond premiums of enlisted men during Fiscal Year 1949, as authorized by paragraph 19c(3) of AR 210-50.
2. b. CG MARBO radio CFIS 14561, 5 August 1948, subject: Bonding of Enlisted Personnel; advised that in the past premiums on official bonds for all personnel bonded under provisions of AR 35-220 have been paid by MARBO Command Headquarters Fund; that this fund had applied for funds to cover payment during Fiscal Year 1949, and requested procedure to be followed on new bonds and bonds currently in force for which premiums are due pending receipt of funds.
2. Reply to radio CREC 14522 was forwarded to G-1 for concurrence, 4 August 1948. Due to the fact that other commands were making similar requests, G-1 delayed dispatch of reply pending receipt of information from all commands to be used in a staff study on the subject which was to be submitted to the Chief of Staff. Draft of a radio to be used in making reply was included in the staff study and was approved for dispatch by the Chief of Staff.
