DECLASSIFIED PER JCS LTR OF
20 AUG. 75

Reurad Jan C 58110. Procurement raw cotton is subj.
Re offer Anderson-Clayton to sell 7,000 bales Mexican
Lower Calif cotton, and similar proportions, you may consider,
DA views are as follows:

A. If at any time avail, appropriated funds would
not be used to purchase other than US cotton without specific
auth from DA, such use of appropriated funds would not be con-
sidered here unless specifically provided for in appropriations.

B. Any cotton procured from proceeds of exports,
OJEIRF money or other non-appropriated funds will, if pro-
cured by the DA here, be limited to US cotton to be shipped
from US ports.

C. In direct procurement by SCAP from proceeds
of exports or other non-appropriated funds, type of cotton and
area from which procured and other details of procurement
are, in gen, matters for decision by SCAP, subj to any agreed
upon programs and other gen directives from Army, such as
and break-down of the current 500,000 bale procurement pro-
gram.

D. It is assumed here that any current cotton
procurement adheres to and 500,000 bale program per ourad
Dec W 91476, unless otherwise stated, and Army apl obtained
prior to purchase. Mexican procurement would need to be con-
sidered as part of 20% unallocated.

E. In view of above, it is suggested that SCAP
decision in this matter be fyd (over) directly to Anderson-Clayton

CONF'D

(3) Pacific Overseas Airlines will lift 1 plane load during 3d week of Feb.

(4) If possible, beginning the 4th week of Feb each of the above non-scheduled airlines will be given 1 full plane load each week Seattle to Tokyo. Baggage allowance is 66 lbs per passenger except for infants under 2 years of age for whom no allowance is made. Baggage not accompanying passengers on plane will be handled as cribbag baggage.

Each port embarking the personnel is responsible for furnishing ETA reports to the CG at destination, info to OCT Movements Division. ETA reports will include names of passengers, name of airline, departure time, date, ETA, flight number.

2. To CG SEPE. Contact Pan American Airlines, Mr John Rogers, and arrange for weekly flow of passengers destined for Guam and Manila. Arrange with CG SEPE to have a maximum of 32 passengers per week called into SEPE for movement to Tokyo via Pan American. When arrangements have been completed, advise CG at destinations and CINCPAC of projected schedule.

3. To CG SEPE. Contact Northwest Airlines, Mr Walter Jorg, and arrange for maximum of 45 passengers per week Seattle to Korea and or Tokyo. Arrange with CG SEPE to have passengers destined Korea called to SEPE for airlift to Korea. Passengers destined Korea will have priority over those destined for Japan on Northwest Airlines. AF representative, Mr Harry Thomas, will arrive Seattle 2 Feb 48 to coordinate arrangements with non-scheduled airlines enumerated in part 1 above. When firm arrangements have been completed advise CINCPAC and CG USAFIK of projected schedules.

4. To CINCPAC. As non-scheduled airlines are operated in behalf of Army for purpose of lifting department pers and dependents it is assumed here that landing privileges at Haneda are authorized.

This message in 4 parts.

1. To all. Commercial air and surface transportation will be utilized to augment military transportation in order to reduce backlog of 1st class passengers including dependents destined for Guam, Manila, Japan and Korea. Funds for this travel are available as set forth in message TCMOV PC 3575 dtd 17 Jan 48 not to all or needed. Based on projected requirements and capabilities through 30 Apr 48 it is expected that commercial transportation will be required for the following numbers of passengers to destinations indicated: To Guam-76; to Manila-57; to Japan-1537; to Korea-65. Fol airlines to be utilized to extent indicated:

A. Pan American. All passengers destined for Guam and Manila plus 17 and 15 passengers each Monday and Friday respectively for Japan, travel originating at San Francisco.

B. Northwest Airlines. 15 passengers each Tuesday, Thursday and Saturday, total 45 per week destined for Korea and Japan. Travel originating Seattle.

C. Three non-scheduled airlines will participate on plane load bases, minimum 35 passengers, as follows:

(1) Alaska Airlines will lift 1 plane load Seattle to Tokyo during 1st week of Feb.

(2) Transocean Airlines will lift 1 plane load Seattle to Tokyo during 2d week of Feb.

Para A. Won settlement for servants to remain as at present, settlement will be made by the individual for non custodial or non maintenance services with finance officer on a fair dollar basis. This would permit retention of 50 to 1 conversion rate without undue hardship on the individual.

Para B. A more realistic rate of 200 to 1 to be established, with settlement for non custodial and non maintenance services by the individual for the full cost.

Para 4. If further information or discussion is desired it is suggested that a teleconference may be arranged at your request. Otherwise request your views by early message, info CINCPAC.

10 FEB 49

DECLASSIFIED PER DA CIRC 7/127
23 DEC 53

Reference WX 93680, ZGCG 43, CX 58053. Conference held by Under Secty Draper attended by representatives of Army, Comptroller, P and O, CINCPAC, USAFIK, subject Korean Trade with Japan and Pay As You Go. USAFIK comments on WX 93680 were considered.

Para 2. Regarding trade with Japan, tentative position of DA, subject to agreement of other interested agencies, is that order of source of payment as given in WX 93680 to remain unchanged. Item C to be reworded substantially as follows: "Dollars available for this purpose from Pay As You Go proceeds." This is interpreted to permit CG USAFIK reasonable latitude in determining extent of availability of Pay As You Go funds for payment to Japan, but will not authorize commitment of Pay As You Go proceeds entirely to purposes other than payment of Japanese commitments.

Para 3. With reference CX 58053, which indicates position of CINCPAC regarding change in 50 to 1 military conversion rate at this time, Under Secty desires a statement earliest of CG USAFIK regarding conversion rate. Implementation of Pay As You Go will not change existing situation whereby individuals occupying quarters for dependents are required to give up quarters allowances. Question of amount of custodial and maintenance service furnished with quarters as a charge against ESA funds, to be determined by the theater. Settlement by individual for service other than custodial or maintenance visualized as possible in following ways.

Your CX 58299 passed to JTF 7 for action. Discussions now underway with AFS and NATS relative safe passage of acft through danger area should obviate problems mentioned in reference message. No commercial traffic involved as far as known here. Believed inadvisable to amend danger area particularly in affected section of area because of meteorological condition.

Reurad Sept CX 55658. Claims of Press Wireless Inc against Japanese Govt is subj.

1. Urad gave info re dollars due from Press Wireless to SCAP.

2. Fol is excerpt recent let from attorneys for Press Wireless Inc:

"The books acct of Press Wireless Inc show as of 15 Aug a balance due from the company to the US Treasury Dept for the acct of the Japanese Govt of \$96,444.23, and a balance due as of 31 Dec 41, owing from the Japanese Govt to Press Wireless Inc, representing the 3d and 4th quarters of 1941 traffic balances, in the sum of \$55,464.14.

It would appear that both these items are for the acct of the Japanese Govt, and, if so, the balance owing by the Japanese Govt to Press Wireless should be offset against the indebtedness of Press Wireless to the Treasury Dept, leaving a net balance due of \$40,980.09."

3. Please advise. Do you have comment on fact Press Wireless admits debt of \$96,444.23, whereas urad gives amount of debt as \$96,332.51?

DECLASSIFIED PER JCS LTR OF
20 AUG. 75

Reur ZX 35683 dtd 18 Jan 48. In reference to 4,000 tons rice allocated from Egypt, Egyptians are not willing to allow any rice to be exported at the present time except when a comparable allocation of cereals is turned over to Egypt to replace rice. Subj to SCAP approval it has been proposed here to transfer allocation of 4,000 tons wheat equivalent of flour (880 tons product weight) in exchange for the 4,000 tons rice allocation and Egyptians have agreed to this proposal.

Providing SCAP is agreeable to turning over to Egypt above mentioned cereal allocation, it is requested SCAP proceed with negotiation to purchase 4,000 tons of rice from Egypt and it is recommended that a price not in excess of \$175 per mt FAS be offered. It is informally understood that Egypt will ask about \$195 per ton for rice. Considering Egypt's anxiety to obtain dollars and additional cereals it is believed they will reduce price considerably.

DECLASSIFIED PER JCS LTR OE
20 AUG 75

Procurement of FY 48 GARIOA Funds, Project 163 is subj.

1. Fol items are now under procurement or will be procured.

A. Procurement program 4 as screened by Mr Pawley, copy of which was taken by him to Korea.

B. North Korean power program spot reqmts.

C. Pusan Marine Depot spot reqmts.

D. Fishing equip spot reqmt, schedule 4 A 5 A 1.

E. Repairs and tie-in material for USS YFP-1.

F. Other spot reqmts for which rad confirmation from USAFIK has been recd. Schedule numbers will be furn later by CAD.

2. Present procurement here is to regard any spot reqmt as informational or of lower priority than program 4 unless and until rad advice is recd from USAFIK confirming reqmt and indicating priority.

3. Present indications are that approximately \$5,000,000 may be avail for further commitment in add to commitments stated in Para 1 above. These unobligated funds do not include any dollar commitments made in Japan. Procurement action here must be initiated and funds allocated before 1 May. It is therefore highly desirable that reqmts for approximately double this amt be recd in Wash at an early date, with indications of priority for procurement.

FORM DA AGO-11 (REV. 1-1-54) (FORM 50) (CONT'D)

Part 1. Personnel who speak, read, and/or write with native fluency.

Part 2. Personnel who speak, read, and/or write with understandable fluency.

Part 3. Personnel who speak, read, and/or write with difficulty but understand the language and/or make themselves understood.

Fluency for the sake of this report is defined as the absence of hesitation in speaking and/or reading and/or writing a foreign language; which hesitation is induced by the necessity of concentration on the language being spoken, read, or written as distinguished from concentration on the subject matter itself.

In determining fluency of individuals who are found to be able to read and/or write and/or speak one or more of the foreign languages listed above, cases of doubt will be resolved in favor of reporting rather than not reporting the individual.

The following additional information concerning personnel reported under each part of the report is desired, as applicable:

- Item A. Name.
- Item B. Station.
- Item C. ZIP
- Item D. Grade.
- Item E. Education (Item 36 on WD AGO Form 56, and Item 8 on AF AGO Form 23)
- Item F. ADOT Score
- Item G. Primary MOS
- Item H. Months of effective service remaining in current enlistment as of 1 March 48.
- Item I. Category of non-RA off
- Item J. Additional language or languages in which individual is skilled.
- Item K. Status of movement of dependent or dependents (address if address is covered, or route, scheduled for reply shipment, in dependents, etc., as applicable)
- Item L. No. of months remaining of current enlistment before eligible for extension. Form 5-5-48 for overseas command only.

It is desired that this report be submitted by

DECLASSIFIED PER DA CIRC. #127
23 DEC. 53

1. All Armies notified direct.
2. DA plans envisage that in the very near future a system for linguistic record keeping will be instituted Army wide which will provide the DA by 1 Aug 48 with a detailed individual report of the fluent linguistic resources within the Army at any given time. Pending implementation of this plan it is essential to obtain from all commanders a one-time report of all officers and personnel having certain degrees of linguistic ability in the below specified languages who can be readily utilized or made useable as linguists with a limited amount of refresher language training.

Accordingly, it is desired that a thorough screening be made of all officers and personnel assigned to your command who are qualified as linguists in the following languages: Albanian, Arabic, Bulgarian, modern Greek, modern Hebrew, Japanese, Korean, Pasian, Russian, Serb-Croatian, Turkish (note: FRO only Japanese and Korean).

It is desired that personnel officers screen all WO 1-60 Forms 66 and 67 and interrogate personnel having any degree of linguistic ability in the language listed above.

It is desired that the report be submitted in 3 parts indicating the following degrees of fluency:

DECLASSIFIED PER DA CIRC. #127
23 DEC 53

Reourad Jan W 94322, reourlet AGAO-S 004.2 (10 Dec 47).
CSCAD establishment of SCAP cotton textile acct in Chase
National Bank, NY City is subj.

1. In accordance ourlet AGAO-S 004.2 (10 Dec 47) CSCAD,
and on basis equality of opportunity policy, agreed to by
State, Treasury, Federal Reserve, and Army, to be followed
in establishment accts or branches American banks. In connec-
tion with occupational activities, practice has been to
select institutions in sequence for specific service from
chronological list of banks from which written requests have
been recd in Wash.

2. Sequence list of banks seeking SCAP commercial accts
to be established in US and dates of their written request
fol:

- A. J Henry Schroder Banking Corp NY 19 March 47.
- B. First National Bank Phila 10 Apr 47.
- C. Bank of Manhattan NY 10 Apr 47.
- D. Bank of America San Francisco 30 Apr 47.
- E. Guaranty Trust Co Ny 19 Jun 47.
- F. Chase National Bank NY 10 Nov 47.
- G. Central Hanover Bank NY 19 Nov 47.

3. If exceptional reasons exist for selection bank not
in proper chronological sequence, theater must be prepared to
furn justification that will withstand any charge of discrim-
ination. Long experience Federal Reserve System indicates
"first come, first served policy" least vulnerable to criticism
from keenly competitive banking institutions. Practical ap-
plication, however, should preclude tendencies to grant mono-
poly on various services to single bank or to few banks already

Dr Jacobs, Messrs Symmes, Comer met with Under Secy Dreper and others from Army and State today.

Jacobs indicated considerable pressure from press for his recommendations and other details of Japanese textile industry. Jacobs had press conference today, but held it to gen discussion.

Mr Dreper asks if there are objections to release to press of Jacobs's report, including 16 recommendations, or will you release Tokyo with SCAP comments? Jacobs requests Army inform him prior to any release, so that he may notify members of Am Cotton Mfg Assn. Awaiting your advice.

Reurad Jan C 58115 and ourad Jan WCL 26990. American raw cotton procurement is subj.

1. Urad now being studied and comments thereon will be forthcoming soon.

2. As you know the OJEIFR financing has not yet been arranged. Also no other dollar funds are now avail for buying American.

3. According to our records, you now have an unallocated balance in Japanese trust fund of \$16,135,421. We have also just received \$8,000,000 from USCC as part of the \$27,000,000 recapture from proceeds from other than cotton textiles paid to CCC. In add your NY office is holding \$5,000,000 collected on Dutch Cotton Contract Nbr 1003 (see ourad). The above does not consider any funds held in SCAP commercial bank accounts.

4. The recent procurement of cotton by the GM here resulted in the purchase of 49,000 bales for \$9,317,842.50. The procurement of an add 1,000 bales to make up the total of 50,000 is planned within the amt allocated. Separate cable dispatched on GM procurement.

5. Info is requested soonest as to whether you desire DA to procure add cotton at this time using SCAP funds for amt. A decision on this point is important now, in view of approximately 3 months time required from time SCAP places request until cotton is delivered in Japan. Cotton may be procured in less time, but, to obtain best prices, about 3 months considered necessary. Now planned to utilize AM for

FROM : CSCAD ECON NR : W 95562 8 FEB 48 CONT'D

- C. SCAP estimated FAS cost of items listed Par 2, part 1, C 57264 blank \$7,350,136.
- D. SCAP estimated FAS cost of items listed Par 1, part 1, C 57264 blank \$3,158,794.
- E. Tentative allocation to RWUKVUS per used CR 56571 and C 57264 blank \$2,415,000.
- F. Incentive goods program allocation as per used C 55474 and C 57264 blank \$2,000,000.
- G. Allocations made to date, excluding Para A thru F above, and reorientation, reeducation and dependent school allowance blank \$1,499,200.
- H. Total allocation and/or tentative allocations to date blank \$22,423,130.
- I. Funds remaining, not allocated blank \$4,995,869.

Part 3:

Re part 2 used C 57264. SCAP estimated FAS cost of indiv quantities of cotton, shags, and cuir at \$15,105,000. Funds in amt of \$3,000,000 transferred from Proj 162 to CUNGFE as per used C 57693 considered applicable against raw material reqmts for fishing fleet. Consideration being given also to deducting \$820,000, by 47 funds, released to SCAP by termination of Manchurian hemp contract with China to purchase shags in Philippines from \$15,105,000 reqmt (see W 94374). Request your opinion on this latter matter.

As per subpar I, Par 2, part 2, this rad, there remains unallocated in Proj 162, \$4,995,869. As concerns this amt, it is necessary to consider that all items requested in part 1, used C 57264 have not yet been procured and FAS cost may be more than that indicated in used C 57264.

Request you consider allocation of those items remaining unallocated in Proj 162 in connection with fol:

- A. Procurement of items required other than items listed as raw material reqmts for fishing fleet and in add to those items listed in Part 1, used C 57264.
- B. Procurement of raw materials for fishing fleet reqmts as set forth in Part 2 used C 57264 and as considered adjusted in Par 1, Part 3, this rad.

D. Your desired procurement priorities for items to be purchased with GARIOA funds.

E. Your estimate, in terms of dollar value for equivalent food imports, of increased fish catch which could reasonably be expected.

Part 4. Seeds. Maximum utilization of seeds must be accomplished to increase future crop yields in all areas. Presentation of realistic seed programs is therefore vital in order to enable the dept in formulating sound long range plans.

- A. What are your total reqmts.
- B. Your estimates of indigenous production.
- C. Estimates of expected availabilities from other than US sources on basis of dollar procurement?
- D. What stocks are required for carryover?
- E. What are amount of all your advance growing contracts to be paid from FY 49 GARIOA funds?

transportation costs where applicable. Use footnotes for all necessary explanations.

Part 2. Fertilizer Reqmts. The availability of fertilizer for import into your areas of responsibility during FY 49 will remain in short supply. Complete answers to the following questions are absolutely necessary to enable the Dept to meet with this problem wisely and efficiently.

A. Your very minimum requirements for each maj type fertilizer to maintain present crop yields.

B. Your reqmts to bring production of direct food crops up to maximum possible yield.

C. Estimate of total desirable amounts, including application to meadows, pastures, and industrial crops.

D. Expected indigenous production of each maj type fertilizer:

1. On basis of present economic rehabilitation programs.

2. On basis of increased economic rehabilitation programs through European recovery plan and proposed economic rehabilitations programs for Japan, Ryukyu Islands, and Korea.

Expected availabilities from other than US sources on basis of dollar procurement.

Part 3. Supplies and equip required for rehabilitation of fishing fleets. Info you submit will be highly essential to Dept in obtaining maximum food imports against your FY 49 reqmts.

A. What are your full requirements? Include:

1, nbr and type of additional boats.

2, amounts by items of raw materials for processing by you into nets and other equip.

3, amounts by items of finished products such as floats and fishermen's gear.

B. Your estimates of expected indigenous production of items you list in answer to question A.

C. Estimates of expected availabilities from other than US sources on basis of non-appropriated funds.

Agricultural supplies and equipment, FY 49 is subj.
This radio in 4 parts:

- Part 1. General.
- Part 2. Fertilizer Requirements.
- Part 3. Fishing Fleet Supplies and Equipment.
- Part 4. Seed Requirements.

Part 1. General. Critical limitations exist upon both actual and predicted availabilities of most agricultural supplies and equipment. The DA must establish realistic priorities within available supplies and equipment in order to meet the most vital input needs in the occupied areas for FY 49. To do this accurate info is needed from you detailing your FY 49 requirements without regard to monetary ceilings or obligatory limitations but bearing in mind that costs are a real consideration. The desired info is to be used only for internal planning purposes by The Office of the Food Administrator. It is urged that efforts be put forth to obtain these reports upon the basis herein stated. They are not being requested for comparison with any previous estimates submitted by you for other purposes such as the GARIOA Budget or any economic rehabilitation programs. It is further requested that you radio your reports so as to reach the Dept not later than 21 Feb 48. For your guidance, lines along which the requested material is desired are stated in the remaining 3 parts. Please list commodities by item, quantity in tons, procurement cost and basis, and

Estimate Soviets will not invade Iran at this time.

Assassination Ghandi has resulted suppression by Govt India all communal organizations and private armies as step to help preserve public order. Period of mourning still restraining Hindu actions.

UN Palestine Commission seeking solution to problem of providing enforcement agencies to support partition in face Arab noncooperation and British decision to give no support to implementation of partition. Arabs continue to build up mil organization in and near Palestine. Arab Jewish conflict shows no new patterns.

Refusal by Iraq of New Anglo Iraq Treaty had repercussions in other near eastern countries resulting in their increased unwillingness to place restrictions on their sovereignty by treaty. This further evidence of increasing Nationalism in Arab States forcing abandonment of traditional policies of powers in dealing with them and making more difficult the establishment of mil security in that area.

In Europe, Italy has outlawed Communist Quasi Mil Force. If effectively implemented in face Communist opposition, will materially reduce Communist capability for revolutionary action. Belgium, apprehensive of continued and widespread Communist violence in Western Europe this spring, has taken positive steps to alert and reinforce Gendarmerie and Army within her borders.

DECLASSIFIED PER JCS LTR OF
20 AUG. 75

Week characterized by difficulties of Korean and Palestinian UN Commission in carrying out their assignments, by stiffening Iranian attitude toward USSR and by further development Anti Communist measures in Europe.

UN Commission Korea, having been refused entry Soviet Zone and having consulted only Korean Rightists and Moderates, is sending chairman back to UN for further instructions. Meanwhile Communist controlled Leftists in South Korea refused to cooperate Commission and committed numerous acts violence and sabotage to protest against commission and attempt to discredit US Mil Occupation. Acts sporadic and relatively ineffective, and public order unimpaired.

Communist attacks on Nats lines of communications south of Mukden continue, denying reinforcement from North China. Civil disturbances symptomatic dissatisfaction present regime which may soon lack minimum popular support necessary for survival.

Soviet note to Iran protesting alleged US activities as violation of Soviet Iranian Treaty of 1921 laid groundwork Soviet mil intervention. Iran has replied, denying allegations and claiming points raised are purely internal matters. Estimate Soviet note diplomatic maneuver to further 1 or more of fol:

1. Discourage Iranians from accepting US arms credit;
2. Bring about termination US Missions;
3. Secure consideration of recently rejected oil concession proposal;
4. Provide basis armed intervention under 1921 Treaty;
5. Establish, in conjunction other recent Soviet protests to US, basis for action in UN charging US endangering peace.

Relet AG 423 (13 Nov 47) ESS/PT, ourads Jul W 82313 and Sept W 87180 and urad Sept C 55266. Asiatic Trading Company is subj.

1. On basis info furn Para 3 relet do not concur in recommendation made therein. Exception might be warranted in Asiatic case only if reqnt Para 2 (A) (3) W 82313 actually fulfilled.

2. Policy formulated pursuant to re cables based on principles that all goods currently exported from Japan must conform with current procedures requiring payments in acceptable currencies. Not desired to establish precedent that would make it difficult to refuse requests of other countries that Jap firms be required to complete unperformed contracts still outstanding with respect to which foreign currency deposits made prior to 8 Dec 41. Consequently, only exceptions to be made are those clearly falling within circumstances as stated in Para 2 (A), (1), (2), (3) and 4 of W 82313.

"2. Clearance of allied and neutral civilians. The CPS Branch of the AG Div this hq is the employment agency for these individuals. All pers in this category must receive a completed security clearance prior to their employment. This security clearance will consist of the fol 3 parts:

"A. Filing of the annex to application for federal employment. (For CIC Central Registry Files).

"B. Presentation of a clearance from the govt of the individual to the effect that he or she is politically sound and will be a loyal employee to the US Forces. In the event that a person is stateless, he or she will present a statement for their country of residence testifying their political soundness and background.

"C. A clearance by the Office of the Deputy Dir of Intelligence this hq.

"3. It is to be emphasized that unless extremely cogent reasons exist, such requests will ordinarily be disapproved.

"4. Enemy and ex-enemy pers restricted. In cases where enemy and ex-enemy pers may be classified as technicians for whom no replacements are available a commanding officer may at his own discretion allow these persons access to material classified as high as confidential. A person is classified a technician when he possesses a skill which cannot be duplicated readily; for example, a radio repairman or a qualitative analyst could be termed a technician. A typist or clerk may not be designated as a technician."

Transmittal to CG FEAF authorized.

cotton from reqstd \$180,000,000 for Japan.

C. Commercial banks and exim bank financing of OJERF is not yet avail, it is not known how soon this financing will be completed. OJERF negotiations are subj of sep telecons and cables.

3. Commercial banks and even more so exim bank will not refinance balance of CCC-USCC obligations on CCC-1 and 2 programs; at least until indebtedness is reduced to approx 10 to 15 millions and covered by fwd sales. Reasons are dislike of bail-out plus dislike by export-import bank to impinge established govtal financed opns. Exim bank has in past refused to refinance RFC loans.

Best indications now are that when OJERF is established OJERF will refinance 10 millions recently committed SCAP Trust Funds for procurement of US cotton. Especially if this can be done prior to passing title to Boeki Cho by delivering shipping documents in Japan.

Present negotiations for cotton financing by banks with gold pot base limited to 60 millions for cotton.

4. Army has reqstd State Dept to assist in collecting Chinese balance. SCAP desire to participate in European Recovery Program if program materialises has also been referred to Dept State.

published in Japan after completion of arrangements between US proprietors of copyright and Japanese publishers as to adequate translation, credit lines, copyright protection and reimbursement.

The activities of any Japanese association and its related business negotiations should be limited to trade association activities and practices which are consistent with legislation dealing with fair trade practices and with the dissolution of control associations."

Considered by Army that above conforms substantially to procedures recommended in plan "B" used C-56153. Your concurrence or dissent desired, please with particular reference to acceptability of above conclusions as interim US policy through JIC for acceptance and implementation of existing contracts and/or options on US works of recirculation significance.

Reured Oct C 55153. Present discussions here on appropriate policy for treatment of UN copyrighted material in Japan preclude accurate forecast when action may be finalized or transmitted. However, considered by both depts interim policy for treatment US copyrighted material essential to accomplishment of reorientation mission and utilization of existing contracts for US works on which royalties have been advanced from appropriated funds. Tentative conclusions reached by Army and State for interim policy on treatment US copyrighted property pending formulation FEC policy are as follows:

(A) Without any presumption, favorable or otherwise, as to the abrogation of the US-Japanese Copyright Convention of 1905, and in pursuance of the policy advocated in State Dept cable Nbr 955 April 12, 1946, literary works originating in the US should be protected in Japan in such manner as SCAP may consider to be fair and just.

(B) To facilitate the translation and publication in Japan of copyrighted literary works in the US and found essential to the successful accomplishment of the reorientation phase of SCAP's mission, a license should be issued to the US Govt in accordance with procedures established by SCAP. As licensee, the US Govt should act as intermediary in completing the arrangements referred to below in para (C).

(C) Literary works originating in the US may be

DECLASSIFIED PER JCS LTR OF
20 AUG. 75

Reurad Feb Z 38340 and ourad WCL 29319. Binder twine is subj.

1. Info in this cable supersedes info in ourad. RFC has declared excess WAA which in turn has declared surplus approx 20-1 million lbs Mexican made binder twine. This twine is made of Mexican henequen fiber. It is new and in good condition. It is anticipated that WAA will be reimbursed for withdrawal at .16¢ per lb. It is baled, 1 type bale containing 105-lb balls ea and weighing approx 50 lbs gross; 2d type bale containing 68-lb balls ea weighing 50 lb gross.

2. WAA is air mailing you sample addressed to SCAP and marked: "binder twine, fishing fleet."

3. It is requested that you consider the use of this binder twine to meet some of raw material fishing fleet reqmts. This in view of fact that office material distribution plans on stockpiling abaca. Large purchases of abaca by SCAP in Philippines market are not considered favorable to stability of that commodity market in consideration both of limited supply of abaca and of world needs of abaca.

4. Request you reply soonest inasmuch as WAA has planned announcement of public sale of binder twine on about 20 Feb.

21 Armies notified direct.

Palestine and Korea continue perplexing. UN Palestine Commission has requested Security Council to provide it with non Palestinian Armed Force lacking which it can neither maintain order in Palestine upon termination of mandate nor carry out its mission. 3 lines of action appear open to Security Council: 1 find the armed force, 2 refer matter to Gen Assembly for reconsideration or 3 refer matter to International Court of Justice. Neither of the 2 latter alternatives solves more immediate problem of maintaining order in Palestine upon termination of mandate.

About 6,000 Arab volunteers are estimated to have entered Palestine to help the 100,000 armed Palestinian Arabs of which some 10 to 15,000 are in loosely organized units. The Arabs are based on hills of Western Galilee and those of Nablus area. Their operations show evidence of organization and planning and are currently directed at covering entry of Arab bands into Palestine, blockade of Jewish Communities and capture of stores. Against Arab initiative, the 90,000 Zionists Militia are employed about 2/3 in static defense and 1/3 for offensive and relief operations.

In Korea Soviets are moving rapidly to forestall UN action by setting up Korean state which will eventually claim sovereignty over whole nation and which Soviets will be willing to recognize. Establishment of North Korean Peoples Army, estimated at 125,000, has been proclaimed and radio has announced submission

Subj is Army expenditures in Philippines. Ref WK 90509 of 23 Jan 47, 96069 of 11 Apr 47 and urad CX 52418 of May 47.

1. Treas Dept has requested, for use of national advisory council, up to date data reflecting Army expenditures in Philippines during calendar yrs 46 through 51. Majority of data is being prepared from sources available here. Required however, from CINCPH is "pay to Philippine Army" and "back pay to Philippine Army" from appropriation "expenses, Army of Philippines" through 40 FY, as well as "estimated local six employee dollar requirement" previously furnished in urad CX 52418 of 6 May 47.

2. Before forwarding compiled complete data to treas, same will be cleared with CINCPH.

DECLASSIFIED PER DA CIRC. #127
20 DEC. 53

1. Current DA policy relative to the shpmt of linguists overseas is as follows: All pipeline pers having linguistic ability are reported by name, gr, primary SSN, and language ability to TAG and are asgd to the oversea comd having usability of the language concerned. In addition to specifying the SSN of each EM, oversea orders indicate that the EM has certain linguistic ability.
2. It is recognized that linguist pers may be of alien nationality or origin and, accordingly, may be considered security risks by oversea comdrs. There is no DA policy in effect, or is the establishment of one contemplated, to provide for the screening of linguist or any other type of pers prior to shpmt who might possibly constitute a security risk because of nationality of origin or place of birth.
3. If, later thorough investigation, determination is made by the oversea comdr that pers ordered to or currently asgd within the comd constitute a security risk and it is desired that such pers be ret'd to the ZI, auth for such action is hereby granted.
4. The orders of pers ret'd to the ZI under the prov of par 3 above, will clearly refer to this msg as auth and will further indicate what asgmt, if any, is considered

Reured CX 58731. DA concurs in end will welcome visit by Major Gen Hugh J Casey, Engr GHC FEC, on temporary duty to Washington for conference on engineer situation in FEC.

Possibility of Gen Casey appearing before Congressional Appropriations Committee on FY 48 construction budget will be explored. The latest indication is that FY 49 construction authorization legislation will not be considered by the house until about 15 Mar with appropriation legislation being considered some time subsequent to that date. It is therefore suggested that Gen Casey be scheduled to arrive in Washington on or about 15 Mar.

bases broken down by maj commodity gps and country fr which received.

No transactions involving G. A appropriated funds should be included in info furnished in Sect A and B, above.

It is requested that statements reflecting info outlined above be furnished for fol periods:

1. Fr inception of import-export program through 31 Dec 46.
2. For calendar yr 47.
3. For Jan 48 and ea succeeding month thereafter on monthly and on cumulative basis for calendar yr.

Reports for Jan 48 and succeeding months should be recd here not later than 30 days after close of ea month under review. It is appreciated that scope of import-export operations makes accounting difficult and that certain elements may not be avail in time to prepare and render reports as requested. Your reports should not be delayed because of delinquent info. Prepare and submit your reports with such explanations and qualifications as are deemed appropriate and include missing info in your next monthly report. CCC and USCC have been very slow in rendering their accounting info but this info is being passed to you as soon as avail.

It should be noted that under orgn of info requested in Items 1, 2, 3, 4 and 5 of Sect A above, that monthly activity reported under Items 2 and 4 should be reconcilable with change in cash positions as reported under Item 5 for close of ea month.

We cannot over-emphasize urgency of obtaining regularly financial info on import-export program. Lack of detailed info places us in untenable pos in budget hearings before Bureau of Budget and Congress and hearings before other congressional committees.

ZI Armies notified direct. Past week marked by significant developments in world affairs.

Assumption of unrestricted control of Czechoslovakia by Communists expected. With Communist control of police and propaganda machines, concerted demonstrations of Communist supporters, ineffective political and military opposition and passiveness of general populace any other outcome highly unlikely.

Violence in Palestine increases as Security Council begins consideration problem. Moderating influence among both Arabs and Jews helpless in face of unrestrained violence of extremists. Arab success thus far in jeopardizing United Nations Program for Palestine as well as recognition of value near east oil as political weapon will probably intensify Arab determination to defeat partition.

In France, 48 class originally scheduled for induction Dec starts call up 15 Apr. Change largely necessary because certain older contingents technically unavailable under present law.

In Italy vote in Pescara generally regarded as good political weather vane for all Italy reveals strength of Communists and non-Communists approximately equal. Soviet propaganda in favor returning colonies to Italy currently helping Communists in election campaign.

Iranian Government has agreed to US arms supply. Acceptance indicates further willingness to risk offending Soviets.

outstanding, an agreement by SCAP to pay sum of \$5,000,000 monthly to CCC until contract is paid off would probably be satisfactory. This would require about 12 pmts. It is suggested that if this method of handling CCC contract is acceptable to SCAP, that it may be desirable for first 2 or 3 months the \$5,000,000 pmts to be taken from the \$27,000,000 presently being recovered from CCC. The \$27,000,000 plus is sum paid to CCC last year from SCAP Trust Fund Acct. In add to proposed, JEIA--CCC agreement which fol, another par would need to be added which would state that SCAP agrees to make shpmts and fulfill contracts of \$41,000,000 assigned by USCC to SCAP, Tokyo and NY Office. Also, please indicate your best judgment when textiles will be delivered for shpmt for \$41,000,000 worth of assigned contracts. In view of freedom from restrictions as to sales for dollars, credit, mixing, and so forth, suggest that serious consideration be given to SCAP take-out. Proposed JEIA take-out fol:

"The Honorable Secretary of Agriculture:
Dear Mr Secretary:

"We refer to the agreement of July 22, 46, as amended, between the US Secretaries of State, Army, and Agriculture; the Chairman of the Board of Directors of US Commercial Company; and the Office of Mil Govt for German (US), covering the provision by commodity credit corporation, an agency of the US Dept of Agriculture, of raw cotton for the manufacture of cotton textiles in Germany under the supervision of OMGUS, and covering also the disposition of such textiles. It is understood that the agreement of July 2, 1946 as amended, shall be terminated by the parties thereto effective as of the effective date of this agreement.

"In order to expedite the liquidation of the program and to effect prompt repmt of CCC advances, it is hereby agreed as fol:

1. In consideration of the provision by CCC of 217,017 bales of cotton which are acknowledged by JEIA to have

FROM : CSCAD ECON NR : W 96503 26 FEB 48 CONTINUED:

way may be found to release certain amt of such mixed textiles from CCC contract remts and be placed under jurisdiction of SCAP.

Part 3. It was suggested that consideration be given to switching by reallocation if necessary to other sources of supply certain Japanese remts and in lieu of paying US dollars for such supplies pmt to be effected with Japanese produced textiles. Essence of this suggestion would be to shift dollar pmt for sups to be procured in US for Japan to pmt with Japanese textiles for similar sups from some other sources, and pmt of dollars to CCC. Can you indicate any remts for which procurement is to be with dollars which could be procured elsewhere and pmt to be made in textiles wholly or at least in part. Also, in this connection, DA is exploring with other federal agencies possibility of utilizing cotton textiles in Japan as medium of exchange in Federal Govt procurement in areas which might accept Japanese textiles in full or part pmt.

Part 4. CCC reaction is favorable to 3 cornered trade by SCAP which would complete cycle, ie, raw materials from source of procurement to US for sale in dollars and pmt for materials to be made with Japanese textiles. Items which would come under this proposal includes rubber, fibers, rice, oils, tin, copra and spices, in fact any items definitely saleable in US for dollars.

Part 5. On 5 Dec '47, new inter-agency cotton contract was consummated for OMCUS. This contract in its remts is very similar to SCAP contract of 6 Jan and covers German CCC cotton deal. OMCUS and Bi-Zonal Import Export Agency known as Joint Export Import US/UK Agency (JEIA) is most desirous of securing contract with CCC which will eliminate present restrictions. In order to secure complete freedom of selling as to currencies, credit, prices and accounting JEIA has agreed to pay \$3,000,000 per month to CCC until entire remaining indebtedness is paid off. This will require \$3,000,000 pmt for between 11 and 12 months. JEIA take out is not yet in operation as JEIA requested deletion of Par 5. Elimination of this par is presently under negotiation with CCC. Conversations have determined that of approx \$60,000,000 which remains to be paid to CCC after completion and shpmt of present contracts

Reurad Feb CX 58597. Discussions have been held with Mr E D White, Special Asst to Secy of Agriculture concerning ways and means of modifying or changing present inter-agency cotton contract to give SCAP greater freedom of action. In order to proceed nbr of suggestions fol on which SCAP reaction and comments are requested.

Part 1. Request clarification of urad in connection with third sub par of Par 2 B. USCC State \$41,000,000 plus of textile sales contracts were assigned to Tokyo and NY SCAP Office. It is not entirely clear whether \$150,000,000 worth of uncommitted textiles which must be used to satisfy \$41,000,000 of unfilled contracts, or if textiles on hand and raw cotton conservatively valued at \$150,000,000 are in add to textiles required to complete unfilled contracts. Please clarify this point.

Part 2. In conversations with White, he indicated that CCC would consider some means whereby textiles other than those manufactured solely from CCC cotton could be released to SCAP for sale as was desired by SCAP. This would be released to SCAP for textiles produced from mixing Indian and CCC cotton. White requested that you fwd info and data as to percentage of Indian and CCC cotton used in various textiles you have in inventory could be determined what percentage of textiles could be attributed to Indian cotton, even though it is mixed with CCC that

 NR : WAR 96599

DECLASSIFIED PER DA CIRC. #127
 23 DEC 53

1. As explained orally to Gen Fox, the Secretary has modified budget procedure for occupied areas by assuming here overall responsibility for availability and expenditure of GARIOA funds for category 1 items subj to theater determination, of requirements for type and quantity of items. With latter info, we will procure items desired or nearest available substitutes. This change became necessary because of several factors.

A. Current Congressional practice of making only partial appropriations, but auth accelerated expenditure thereof and under such installment method of appropriating, we are in best position to estimate total funds which should be available and Secretary recognized that it was impossible for the theaters to be held to rigid budget procedure as this would unduly cut rations although we believe clear Congressional intent to provide adequate funds ultimately.

B. Inclusion of large amounts of surplus items bought by Commodity Credit Corp can best be worked out here.

C. Total GARIOA funds must be managed flexibly as to theaters and projects to obtain optimum usefulness.

2. As to projects 112, 122, 132, 152, and 422, Secretary has made expenditure of funds responsibility of Food Administrator For Occupied Areas subj to supervision of Under Secretary fol directive of 2 Jan setting up Office of The Food Administrator For Occupied Areas, copy of which assume you have, additional copies being mailed.

3. As to projects 162, 412, 415 and 432, administrative responsibility is vested in Civil Affairs Div, subj to supervision of Under Secretary, and necessary funds fr project 420 for trans of supplies will be provided by food administrator for occupied areas.

PRIORITY

FROM : CSCAD ECON NR : WAR 96733 28 FEB 48 CONTINUED:

- A. World dollar shortage especially in Japan's normal markets.
- B. Increasing competition for textile markets with consequent exchange and trade restrictions.
- C. Failure to sell in US making sterling area and NEI sure that piled up inventories will force sales to them in soft currencies with such useability restrictions as they choose to impose.
- D. Jacobs' recommendations regarded as disappointing.
- E. Belief that Marshall Plan will not substantially aid Japanese textile market due to higher priority imports desired.
- F. Feeling that both DA and SCAP are not taking sufficiently firm position on US sales as necessary at least to some extent, and doubt as to practicability until demonstrated of 3 or 4 cornered deals or large scale tie-in-sales govt procurement.

4 Banks arguments on representation as to value of OJEIRF and CPC reserve and agreement to bring up OJEIRF to value are:

- A. Representation as to value of OJEIRF desired on theory SCAP can know better than controller.
- B. Some representation re CPC reserve desired unless gen commitment given at least to transfer enough money to meet maturing claims of OJEIRF out of other unobligated assets re SCAP Trust Fund or trading accounts.
- C. Banks quote recent news story of \$90,000,000 restitution claim by French for gold allegedly taken fr Saigon.
- D. Banks claim that if OJEIRF assets almost surely not subj to restitution all the more reason for SCAP to give reasonable assurances that values are present or that obligations will be paid fr other sources.

5. Every argument possible, including likelihood that failure rapidly to consummate OJEIRF financing would imperil Japan's economy and political situation and also throw pvt financing into British Banks, was made at meeting which broke

NH : WAR 96733

DECLASSIFIED PER JCS LTR OF
20 AUG. 75

OJEIRF Financing is subj.

1. re Feb WDTT 9131 at Working Meeting 26 Feb, but with Coe (NCB), Arey (exec VPEIB) all bank lawyers present, majority of SCAPS suggested changes favorably received including use of CCC Inventory freed from claim as possible basis for increase of "soft currency" debt ceiling and idea of using an Exhibit F. Of course debt ceiling, option B interest, commission charge as well as degree of discretion and extent of self insurance (especially if inventory warehoused in large lots at ports is included in debt ceiling) raised questions final decision policy meeting. Also new participation clause and automatic termination of new availments, if 1 bank terminates, except as other banks take affirmative action may raise minor problems. Data will be given in separate cable and in telecons to be set for next week.

2. Banks reaction to substance of Exhibit F proposed in TT 9131 was extremely violent. Reaction predicated on constantly deteriorating dollar sales situation and proportionately increasing conviction that OJEIRF gold and silver must be certainly available as ultimate only sure source of pmt. if sales situation continued. At NY policy meeting last week held by Commercial Banks alone we are informed that high officers expressed view that SCAP should generally agree to place in OJEIRF, in the event physical assets were found subj to restitution or of a value less than that stated in debt ceiling, an equivalent amt of CPR reserve of dollars derived fr other sources such as SCAP Trust Fund; as well as making representations and commitments listed in Para A 1, 6 of Draft 27 Jan.

DECLASSIFIED PER DA CIRC. #127
23 DEC. 53

1. As explained orally to Gen Helmick, the Secretary has modified budget procedure for occupied areas by assuming here overall responsibility for the GARIOA Budget and responsibility for availability and expenditure of GARIOA funds for Category 1 items subj to theater determination of requirements for type and quantity of items. With latter info we will procure items desired or nearest available substitutes. This change became necessary because of several factors:

A. Current Congressional practice of making only partial appropriations but authorizing accelerated expenditure thereof. Under such installment method of appropriating we are in best position to estimate total funds which should be available and Secretary recognized that it was impossible for theaters to be held to rigid budget procedure as this would unduly cut rations although we believe clear Congressional intent is to provide adequate funds ultimately.

B. Inclusion of large amounts of surplus items bought by Commodity Credit Corporation can best be worked out here.

C. Total GARIOA Funds must be managed flexibly as to theaters and projects to obtain optimum usefulness.

2. As to Projects 113, 123, 133, 153 and 423, Secretary has made expenditure of funds responsibility of food administrator for occupied areas, subj to supervision of Under Secretary following directive of 2 Jan setting up Office of The Food Administrator for occupied areas, copy of which

INFO : CINCPAC

NR : WX 96761

DECLASSIFIED PER DA CIRC. #127
23 DEC. 53

This msg referred to in Para 4 of WX 96597. It covers Budget Projects 113, 123, 133, 153, and 423. Of total cut of \$150,000,000 last Dec, only \$2,000,000 was applied to Korea in tentative working apportionment of appropriation. However no definite allocation of remaining funds can be made because cut for Germany necessitated by congressional expressions accompanying appropriation was so heavy that entire appropriation must be utilized for most immediate needs of either area pending receipt of further appropriation. Secretary Royall has directed US to proceed upon assumption that at least \$100,000,000 will be restored. This would go to Germany and should obviate above problems.

Cut of \$2,000,000 above mentioned constituted only provision for cereal pipeline shpmts to be made during Jul but purchased from current year's funds in Jun. Even if appropriation cut is restored, we cannot restore such pipeline because of necessity for providing funds for advance contracts to operate ordnance fertilizer plants after 1 Jul which through error were not included in deficiency request and for additional costs of fertilizer transp which were underestimated in Dec justification. However, we have working arrangement with commodity credit corporation under which Jul shpmts will be set up as planned and should not be delayed because of unavailability of 47 funds before 1 Jul.

As to Project 133 we believe that since POL for civ use is procured by QM in conjunction with its purchases for all requirements, and since slate for procurement is prepared by you, you will need to continue manage funds on this project.

DA MSG NBR W 96762 DTD 29 FEB 48 CONTINUED:

We are also airmailing detailed shipping program for all of above projects giving items and quantities scheduled for shipment each month on both of above alternatives. We anticipate having sufficient funds on either basis for transportation of the programs, including projects for which Civil Affairs Division is responsible.

As to Project 132 we believe that since POL for civilian use is procured by QM in conjunction with its purchases for military requirements, and since slate for procurement is prepared by you, you will need to continue to manage funds on this project. A separate cable advising of fiscal year 48 funds available for purchase and transportation of POL will follow immediately.

Reurad C 57264 of 11 Dec 47, we have transferred \$7,800,000 from Project 152 to Project 162, which Civil Affairs Division will handle.

Reurad C 58642, Parts 4 and 7, we cannot make transfer pending clearer picture of expected appropriations for additional funds for food for all occupied areas. This is for reasons above explained.

VWD

DECLASSIFIED PER DA CIRC. #1022
23 DEC. 53

This is message referred to in Par 4 of WK 96599. It covers budget Projects 112, 122, 132, 152 and 422. Of total cut of \$150,000,000 in appropriation last Dec, only \$19,000,000 was applied to Japan in tentative working apportionment. However, no definite allocation of remaining funds can be made because cut for Germany necessitated by Congressional expressions accompanying appropriation was so heavy that entire appropriation under Projects 110, 120, 150 and 420 must be utilized for most immediate needs of either area pending receipt of further appropriation. Secretary Royall has directed US to proceed upon assumption that at least \$100,000,000 of cut will be restored. This would go to Germany and should largely obviate above problems.

We have prepared alternate food plans for Japan and Ryukyus; Program 1 on assumption of restoration of \$100,000,000 and Program 2 on assumption of restoration of full \$150,000,000. Difference between them is only 200,000 tons of food which will be either all in grain or part grain and part sugar depending upon availability of grain. Stated in brown rice equivalent Program 1 will be about 1,825,000 tons of all foods for Japan and Ryukyus, and Program 2 will be full 2,025,000 tons, the same figure as in justification last Dec. Difference between Program 1 and Program 2 is limited to food. All other projects are considered firm on either of such contingencies. Will cable separately details of food program. Other programs for fertilizer, seed, medical supplies, POL, remain in substance as you know them.

INFO : CHIEF AAG NANKING (BARR)
NR : WX 96759

Reference W 96387 of 21 Feb 48. Msg today AAG Nanking China indicates Barr anxious to have you stay up to a week rather than 2 days. He keenly anticipates your visit and hopes thereby to avoid necessity sending voluminous report to Wash. He also requests that we add high level officer from Logistics and P and A Divisions to your gp. Considered here that this is unnecessary since you represent all Gen Staff Divisions. This for your info. No objection to your alteration of schedule as you see fit.

For Gen Barr: Anxious to render every assistance but feel that Gen Schuyler's gp is fully qualified to discuss our problems.
