DECLASSIFIED PER JCS LTR OF
20 AUG. 75

NR : DA 83412

The Sec Army has expressed his keen interest in the concern over the successful development of the Psy War Spec Opns Program. He has emphasized the necessity of full recognition by all comdrs of the vital importance of this program to natl defense and security in the present emergency, and has directed that the fullest cooperation of all echelons of comd throughout the Army be achieved and maintained to insure the highest degree of success in the development and progress of this program.

The Ofc of the Chief of Psy War, established as an Ofc of the Spec Staff, USA, on 15 Jan 51 by SO Nbr 1, DEPTAR, dtd 17 Jan 51, has created a strong organization for the formulation and development of Psy War and Spec Opns Plans for the Army, and for the supervision of the execution of DEPTAR Programs in these fields. It is directing every effort to further the success of this program and to assist as appropriate all other agencies of the Army in the execution of their part thereof.

It is desired that you render the fullest measure of support and cooperation in furthering the Psy War and Spec Opns Program and in insuring its successful development and progress within your respective comds.

Primary importance within the overseas major comds, especially in active and prospective theaters of opns, is the organization and functioning of the Psy War and Spec Opns Staffs on a sound, active, and effective basis in order that current and future opportunities for effective Psy War and Spec Opns may be exploited to the fullest practicable extent. Such a basis should envisage

supervision and guidance over an appropriate combination of propaganda and unconventional warfare activities by staff organizations that will provide effective integration of these activities in such a way as to insure full support of combat operations now being conducted or contemplated and planned for the future.

It is equally important that the commanders of overseas commands formulate detailed plans for the conduct of Psy War and Spec Opns in the event of a general war, and that these plans contemplate the use of all known techniques and facilities available for such operations.

Effective coordination of Psy War Measures and Spec Opns at the national level is essential, and to this end, commanders in overseas theaters and areas should forward full reports on current and future plans and operations.

I cannot emphasize too strongly the necessity for your full recognition of the importance of Psy War and Spec Opns in which the Sec Army has expressed such interest and concern. It is desired that you give planning, preparatory measures, and the conduct of actual opns in the fields of Psy War and Spec Opns the priority commensurate with their importance.

Agent General shall establish relationship.

Part 2.

1. Following represent views of Army-State-ECA subject your further comments after consultation with Kingsley:

A. Activation of UNKRA should be distinguished from proposed UNKRA operations in your command. UNKRA has been activated by Ref B and by appointment Agent General who will be able to perform following functions independent of any activities in your area.

(1) Take over at Lake Success:

(A) Operation of ad hoc arrangements heretofore administered by Secy Gen for relief and civil assistance contributions of other states, UN agencies and non governmental organizations,

(B) Conduct of negotiations with respect to requirements, contributions and deliveries with such states, agencies and organizations and;

(C) Liaison on these matters with Unified Command.

(2) Develop program for post hostilities operations integrated with current program of Unified Command.

(3) Establish organization for planning post hostilities operations.

B. Following possible UNKRA activities your area during current phase should be considered by you and Kingsley:

(1) In preparation for post hostilities operations, provision of such advice, assistance, and personnel in connection relief and rehabilitation planning and operations as may be mutually agreeable to you and Kingsley.

(2) Arrangements to assume not later than 30 June 1951 technical assistance and advisory functions to ROK now being performed by ECA Mission.

C. During present phase relief and rehabilitation operations in your command must be under your direction and control. Hence organization conducting such operations in your area, whether military or UNKRA, should be under your command until you determine otherwise.

Part 3.

1. United States efforts to effectuate solid UN support for Korean relief and rehabilitation make eminently desirable implementation of Ref B as soon as military situation will permit. With this in view President has budgeted no ECA funds for Korea for FY 52.

2. Proposed ECA phaseout is intended to effect smoothest possible transition to UNKRA and to permit UNKRA draw on experience of ECA personnel in Korea, with possible recruitment some of its staff from ECA personnel still in your command. R A prepared to assist UNKRA in developing program and assuming responsibility for technical assistance to ROK.

3. If, however, after consultation with Kingsley, you should consider retention of ECA in Korea of vital importance to your operations, DA will on your request endeavor to obtain reconsideration of present ECA phaseout plans.

Part 4.

1. In regard to funding for remainder FY 51 request being prepared giving legislative authority to President to transfer available ECA funds to Army and UNKRA in such amounts President may determine. Pursuant preliminary discussions with Budget Bureau, State and Army preparing submissions along following lines:

A. DA to request amount necessary for relief type items for which funds must be committed before 30 June 51.

B. State to request as UNKRA contribution amounts necessary:

(1) For administrative expenses UNKRA;
(2) For ECA type sustaining imports, on understanding UNKRA and DA will enter into agreement for procurement and introduction into Korea by DA in accordance priorities you may determine.

2. Legislation for FY 52 being prepared in form of appropriation to President for Korean civil assistance with authority to expend:

(A) By direct UNKRA contribution;
(B) By United States agencies on behalf UNKRA or;
(C) By United States agencies in discharge own responsibilities.

Flexible legislative authority will make possible allocation of United States funds in light of situation then obtaining. Regardless of agency budgeting, DA will insist upon sufficient funds for support of your civil assistance activities.

20 AUG. 75

REURMSG C 55117 dtd 8 Feb 51. Boundary shown on AMS Series L 541 was taken from Japanese maps which were based on 1905 treaty. Series L 541 being repl by Series L 542 which will show boundary as agreed to 14 Aug 1945. Copy of applicable sheet of this series being fwd air mail. See World Aeronautical Chart 381 for generalized position of boundary in accordance with 14 Aug 1945 agreement. State Dept Bulletin 10 Feb 1946, if avail, gives more accurate delineation. In an exchange of notes on 14 Feb 1950 USSR and Communist China abrogated 1945 agreements but State Dept is of opinion, based on avail evidence, that both countries are continuing to operate largely on basis of 1945 agreements. Such exceptions as were explicitly made in 1950 to the 1945 agreements re Port Arthur Naval Base area do not include a redefinition of the boundary. REUR query B State Dept does not generally "recognize" boundaries but is of opinion the one based on 1945 agreements is most acceptable for working purposes.

DECLASSIFIED PER JCS LTR OF
20 AUG. 75

URMSG CX 53704, MYMSG W 01396, this msg in 2 parts, subject is Authorization for Medium Tanks.

Part 1.

A. Ref Para 1. DEPTAR concur medium tank authorization as outlined therein except:

1. Substitution of 9 M 26 and M 4 A 3 medium tanks for the light tanks in the 7th Recon Co and 73d Tank Bn.
2. Hqmt for 3 regimental tank companies for 7th Div considered withdrawn by URMSG CX 54617.

B. Total medium tanks authorized above is 705 (210 M 46, 410 M 4 A 3, 85 M 26) excluding Co A, 79th Tank Bn, scheduled for inactivation per URMSG CX 53704.

C. Ref Para 2.

1. Medium tanks your hands 30 June plus quantities shipped from ZI or ordered shipped 1 Feb including tank and Marine Div total 1440 (299 M 46, 319 M 26, 822 M 4 A 3), excluding 69 M 46 as replacement for 69 M 26 to be returned to ZI.

D. Ref Paras 4 and 5 losses 185 (40 M 46, 33 M 26, 112 M 4 A 3) plus authorized allowances 705 total 890. Assets 1440 (including unsvc tanks), less losses and authorized allowances 890, lv balance 550 medium tanks (118 M 46, 132 M 26, 300 M 4 A 3 for replacement purposes, excluding 69 M 26 to be returned to ZI. This is equivalent to replacement sup of authorized tanks by type at 14% of 4 months M 46, 11 months M 26 and 5 months M 4 A 3.

E. Ref Para 6 DEPTAR capability to support authorized allowance 705 medium tanks limited to 620 M 4 A 3/M 46 sub tanks (210 M 46, 410 M 4 A 3). Monthly replacement for medium tanks on this basis is 87 M 4 A 3/M 46 tanks (30 M 46, 57 M 4 A 3) starting Feb 1951. Resup of M 26 tanks for Marine Tank Bn not required until last quarter 1951.

This msg in 2 parts. Commodity committees is subj. Ref is State Circular 450 (Feb 030413 Z).

Part 1. State reqs Sebald discuss the following matter with MacArthur and seek his advice. Reply may be sent either by MacArthur after discussion with Sebald or by Sebald after coordinating reply with MacArthur, but in either case will be fwd'd to Department of the Army. Text of State msg is as follows:

"As stated State Department Circular telegram 450 of Feb 21951, U.S., U K and Fr have agreed on establishment of 6 committees and have issued invitations to Govts."

"The invitations were limited to a few leading producing and consuming countries; generally the 5 leading exporters and 5 leading importers were selected. Japan would qualify in some commodities on the basis of statistical position. Was understood in tripartite discussions that U.S. would represent Japanese interest pending peace treaty or agreement before peace treaty by commodity committees themselves for Japanese inclusion. Agreement was reached for inclusion Federal Republic Germany in view tri-partite occupation and control of Federal Republic over import-export programs under occupation statute."

"Although it is believed Japanese economic interest can be met adequately through U.S. representation as through direct representation, recognize that announcement of establishment of commodity committees including Germany but not Japan can cause unfavorable

reaction in Japan, and propose seek Japanese inclusion in Cotton Committee before public announcement. Appears that consideration Japanese inclusion in other groups may have to await organization of committees, which will then decide on membership themselves."

"Discussions now under way with U.K. and FR particularly re cotton committee. Rqst ur comments on:

1. Feasibility direct Japanese Government representation on committee without SCAP observer or alternate.
2. Whether any official action can or should be taken by you to indicate clearly that Japanese Government has free hand in matters of commodity imports and exports."

"Press has reported constitution of commodity committees without names of countries invited. Agreed by 3 countries keep this info Confidential until replies received to invitations. Suggest countries invited to committees other than cotton not be discussed at this time with Japanese Government."

"Will keep you advised."

Part 2. From Department of the Army for info of MacArthur and Sebald. State has been informed of this note.

Both Defense and Army strongly of opinion that Japan should be invited to sit on such of the committees as may be appropriate under the criteria established by US, UK and France (That is, 1 of the 5 leading exporters or importers). Appreciate your views as to committees in addition to cotton on which you believe Japanese representation would be justified.

10 Feb 51

FROM : DEPTAR (SACOA OABC) WASH DC
TO : SCAP TOKYO JAPAN
NR : DA 83166

URMSG Jan C 52455. Blocking Chinese Communist Assets Japan is
Subj.

Ques raised. URAD has been considered with participation Allison
and Diehl in relation to US psn in UN and measures adopted by US.
Following is psn State, Treasury, and Army Depts.

In present circumstances believe politically undesirable now
that peace settlement under active consideration compel Japan adopt
economic warfare measures for Commie China going substantially be-
yond those export control measures now in effect unless additional
measures recmed by UN or adopted by other maj free countries.
Suggest matter financial controls and more stringent export controls
be put before Japanese Govt with indication that while a Japanese
decision to conform its machinery and practices (with due regard
differences existing trade and foreign exchange controls) to those
of US would be approved, matter at present time is one to be freely
decided by Japanese themselves.

If Japanese Govt does not decide apply controls as comprehen-
sive as US, it is believed appl of SCAP pressure should be considered
nec only in event hostilities between US and Commie Chinese forces
extended to other areas, or if Japan non-cooperates in agreement
reached in UN or with key countries, including UK and Western European
countries for appl of additional economic sanctions including
financial controls.

ROUTINE

FROM : DEPTAR (SAOOA OABC) WASH DC NR : DA 83166 10 FEB 51 CONT D

In view existing foreign exchange and trade controls in Japan, it is believed financial measures adopted need not in any event be identical with those of US. New Japanese regs might be limited to prevention trfs without license from convertible yen accts by persons acting on behalf aggressors. Escrow dollar accts could be similarly dealt with if trade restrictions not adequate.

Should Japanese not desire institute open controls directed at Commie China you might wish suggest Japanese institute close covert screening convertible yen accts under gen regs requiring licenses for trfs.

Also appreciate your requesting Japanese Govt cooperate by taking steps as may be requested through you by US Treasury Dept to assist US enforcement Treasury regs. Treasury presently reqs that Japanese take such steps as may be practicable to divulge through you any interest of designated nationals in deposit accts or in other prop, In United States held in Japanese name.

FYI the term "designated national" includes all Chinese and Koreans resident in China or North Korea as well as companies or other orgns organized under the laws of those countries or having their principal place of business therein or substantially owned or controlled from those countries whether directly or indirectly. Chinese or Koreans who have not been in China (other than Formosa) or North Korea since 17 Dec 1950 and have not since that date acted or purported to act directly or indirectly for or on behalf of China (other than Formosa) or North Korea and who are not now in any Communist country are not treated as designated nationals.

US regs afford almost complete latitude to Chinese in the US with the exception of those who have been in Commie China or North Korea since eff date of regs or who since that time have acted or purposed to act for or on behalf of Commie Chinese or North Korean auth. US regs are basically aimed at financial and trade transactions with Commie China and North Korea rather than at control of subversive elements in this country although they are susceptible of use in this connection should sety auths so desire.

Subject is FY 52 Budget. Indications are that BOB will hear FY 52 GARIOA reqst first week March. Although delay beyond that time possible, GARIOA request should be in final form by 1 Mar. Expect GARIOA budget will include only administration and reorientation projects for Japan and same plus economic aid for Ryukyus. Understand administration and reorientation programs are under review SCAP. Revised estimates should be avail Wash on or about 20 February. Request SCAP personnel familiar with details of administration and reorientation requirements be made available to assist preparation budget request and defense before BOB. Also request person familiar with economic aid program Ryukyus be detailed TDY Wash on or about 20 Feb to assist with defense that portion of budget. Info required also on present status of GARIOA construction program on Okinawa including rehabilitation of quonsets. RYCOM representatives should also have latest info re status commercial accounts.

URLTR AG 319.1 (14 Jan 51) ESS/PS, subj "Requirements for United States Commodities and Materials" dtd 14 Jan 51, and DA letter to Maj Gen William F Marquat, same subj, dtd 6 Dec 50 subj is Japanese import requirements for second quarter of 1951. This message in 2 parts.

Part 1. US export quotas for Japan for second quarter 1951 now being formulated. OIT Commerce requests advice ASAP as to whether requirements for second quarter 1951 listed in requirement report transmitted by your letter are firm. Mr Blanton, ESS, GHQ, here on TDY expresses belief that requirements for second quarter as listed in report are firm. Question arises however in view of Para 5 your ltr, which states that the submitted list should not be construed to reflect a final statement of requirements beyond the first quarter.

Part 2. Commerce advises that following commodities have been added to "1950 OIT Commodities and Materials List for Foreign Requirements" dtd 31 Oct 50 which was forwarded to you by reference DA ltr:

(Fol in 2 columns)

Schedule B Number	Commodity
300,600	cotton linters, bleached
211,000	gum rosin
211,100	wood rosin, except B wood rosin
211,800	tar and pitch of wood
212,510	tall oil, crude
212,550	tall oil, refined
211,400	gum spirits of turpentine
211,510	wood turpentine

Please submit by air mail soonest requirement report for such of these commodities as may be necessary. Requirement report should include requirements for 1 year, broken down by quarters, beginning with second quarter 1951. Second quarter requirements submitted should be firm. Please furnish justification for these requirements in detail as outlined in instructions forwarded by reference DA ltr. In addition OIT states that fel info would assist in obtaining proper export quotas:

A. Source of imports by country other than United States.

B. Special justification for commodities which have been placed under domestic allocation by NPA. (NPA has advised DA that SCAP is being forwarded copies of NPA orders concerning domestic allocations. Please advise if you are not receiving such orders.

C. Detailed justification in cases where Japan's requirements have increased above level of 1950.

Please submit negative report on such of above commodities as require no US export allocation.

Import rqmts of calf and kip skins and wet cattle hides is subj.
URMSG Oct 50 C 65702 and URLTR AG 319.1 (14 Jan) ESS/PS subj "Rqmts for United States Commodities and Materials" dtd 14 Jan 51. This msg concerns first quarter 51 rqmts only. Msg in 2 parts.

I.
Part 1: Calf and Kip skins. Commerce had recd appls for licenses to export calf and kip skins to Japan for first quarter 51 in amount of 102,000 pieces. Tentative quota for Japan for this pd is 41,000 pieces (aprx 188 mtons). This quota was established in accordance with ref msg. In view of volume of appls which more than double ur rqmts est it is believed that you may desire additional supply of calf and kip skins for this period. Ur comment rqstd ASAP. If upward revision recommended please furn justification similar to that furn for rqmts in ref ltr.

Part 2: Wet cattle hides. Commerce advises that appls pending for cattle hides for first quarter 51 total 46,000 pieces (aprx 627 mtons) which is less than quarterly average recent licensing and exports for Japan. Commerce advises that cattle hides will likely be placed under export control in near future and has established tentative quota of 65,000 pieces for Japan for first quarter 51. Please advise if this quota is suf. If not, rqst justification in line with that furn for rqmts ref ltr.

ARMY GOVERNORS ISLAND NY (PASS TO CO PICTINNY ARS)

NR : DA 82982

Re TELCON between Mr Sorg of AMC and personnel of this office 5 Feb 1951 relating to incoming messages AT 745 and 747 dated 28 Jan and 27 Jan respectively. Current investigation at Picatinny ARS indicates approx 4% failure of standard M 155 fuzes at room temp and 20% failure at 0 degrees F and 24% failure at minus 10 degrees F. Action taken to supply 2,000 M 155 E 1 fuzes (reworked, relubricated and increased booster charge) at earliest date (possibly 4 weeks). Further action taken to supply additional 10,000 as soon as possible, reworked in same manner. Request this office be furnished results as soon as possible on functioning of first 2,000 reworked fuzes supplied FECOM with increased booster charge but without relubrication. As discussed above total of 12,000 M 155 E 1 fuzes (rework, relub and increased booster charge) considered sufficient to meet immediate requirement until complete assurance of satisfactoriness of modification is determined by FECOM. All modified fuzes will be inspected 100% before shipment to insure proper functioning. Action has been taken to test modified fuze in M 29 A 1 clusters and M 105 leaflet bombs. Delays may be encountered in supplying large quantities of M 155 E 1 fuzes (relub) because of necessity of using new booster cups, and lack of M 155 fuzes having Westclox movements.

REURAD CX 54810. MATS Pacific Svc is being operated at maximum capability for presently assigned acft. Furnishing addnl airlift for 4400 replacement pers between 16 and 28 Feb would require major disruption of commercial and mil air schedules. Mvmt by surface lift on fast vessels will result in closing 14,300 replacement pers in FEC by about 12 Mar. In view of small time differential between the air and water mvmt, the token allocation you can make from Feb US 34 allocation for this purpose, and the disruption of other air schedules which would result, it appears here best to move the replacements, other than the 603 you can handle within your present Feb air allocation, by surface transportation. Rqst concurrence.

URMSG C 53393 dtd 14 Jan 51 and DA msg DA 82056 dtd 26 Jan 51
and DA 82320 dtd 30 Jan 51. — *PA COLLINS*

1. A levy has been placed on ZI for 14,300 enl pers basic tng only (12,500 Inf, 1,800 other) for shpmt to FECOM during Feb and Mar in addition to planned shpmts announced in DA 82056.
2. Planned shpmts of indiv repl (including this levy) arriving your comd during period Feb through Apr total aprx 41,000. Considering the 3% reduction in auth announced in DA 82320 for which implementing instr will be issued in near future, these shpmts are projected to bring you to auth str by early May
3. Rqst verification of the foregoing projection and your estimate of monthly rqmts during period May through July assuming that you will begin rotation of aprx 5,000 per month starting in May and assuming that enl which expire during the period 9 Jul 51 through 8 Jul 52 will be extended for 12 months by Congressional action. Estimated losses should include those enlistments which were extended by WCL 35093 dtd 28 Jul 50 and which therefore expire on or after 27 Jul 51; such pers should arrive in ZI aprx 30 days prior to expiration of extension to insure their discharge on or before date of expiration.
4. Due to limitation of enl pers sources it will not be possible to replace man for man in MOS and grade. Bulk of shpmts will probable be cross section of output from the Br Tng Cen.

DECLASSIFIED PER DA CIRC. #127
23 DEC. 53

Reference your Z 12483 and Z 24538 and ZX 35273.

Design of Service Ribbon and regulations pertinent to Korean Service Medal approved and pending revision of Army Regulations 600-65 following is announced for information and guidance:

"Para A. Description. The Medal of Bronze is 1 1/4 inches in diameter. (Design to be announced later). The Med is suspended by a ring from a silk moire ribbon 1 3/8 inches in length and 1 3/8 inches in width composed of a white stripe (1/32 inch), United Nations blue band (and 9/32 inch), and white strip (1/32 inch).

"Para B. Requirements.

"(1) Service between 27 Jun 1950, inclusive, and a terminal date to be announced later, under any of the following conditions:

"(a) Within the territorial limits of Korea or on waters immediately adjacent thereto; or

"(b) With a unit under the operational control of CINCFE, other than one within the territorial limits of Korea, which has been designated by the Commander-In-Chief, Far East, as having directly support the military effort in Korea; or

"(c) Was furnished an individual certificate by the Commander-In-Chief, Far East, testifying to material contribution made in direct support of the military effort in Korea.

"(2) The Service prescribed must have been performed:

"(a) While on permanent assignment; or

"(b) While on temporary duty for 30 consecutive days or 60 days not consecutive; or

"(c) While in active combat against the enemy under conditions other than those prescribed in sub-paragraph (2) (a)

and (b) immediately above, provided a combat decoration has been awarded or an individual certificate has been furnished by the Commander of an independent force or of a division, ship, or air group, or comparable or higher unit, testifying to such combat service.

"Para C. Service Star.

"(1) Description. Same as Paragraph 25 d (1) AR 600-65 (2) requirements. Combat Service within the area described in sub-paragraph b above, one Bronze Service Star for each campaign (see AR 260-15). The individual must meet one of the following conditions:

"(a) Assigned, or attached, to and present for duty with a unit during the period in which it participated in combat.

"(b) Under orders in the combat zone and in addition meets any of the following requirements:

"1. Awarded a combat decoration.

"2. Furnished a certificate by a commanding general of a corps, higher unit, or independent force that he actually participated in combat.

"3. Served at a normal post of duty (as contrasted to occupying the status of an inspector, observer, or visitor).

"4. Aboard a vessel other than in a passenger status and furnished a certificate by the home port commander of the vessel that he served in the combat zone.

"(c) Was an evadee or escapee in the combat zone or recovered from a prisoner of war status in the combat zone during the time limitations of the campaign. Prisoners of war will not be accorded credit for the time spent in confinement or while otherwise in restraint under enemy control.

"Para D. Arrowhead.

"(1) Description. (See Para 26 e (1) AR 600-65 (2) requirements. Participation in a combat parachute jump, combat glider landing, or amphibious assault landing within the territorial limits of Korea under either of the following conditions:

"(a) Made a combat parachute jump or combat glider landing into enemy-held territory as an assigned or attached member of an organized force carrying out an assigned tactical mission.

"(b) Went ashore in the assault waves on an amphibious landing on enemy-held territory as an assigned or attached member of an organized force carrying out an assigned tactical mission."

URMSG C 54773 subj cotton linters and pulp.
1. URMSG to effect that no facilities exist in Japan to process raw cotton linters into cotton linter pulp not acceptable to allocating committee without further detailed explanation. Committee holds that Japan has historically imported raw cotton linters and therefore must have facilities avail to process raw linters into pulp for manufacture end items such as being procured by military. Opinion of Committee that facilities now being used to convert raw linters into pulp manufactured into export and domestic end items should be used in manufacturing US military reqmts in Japan. Hence, Committee considers linters already shipped to Japan adequate to fill these military reqmts.

2. In view of above, request information as to why raw linters already exported from US to Japan cannot be processed into pulp to meet US military reqmt high tenacity rayon yarn for tire cord for military use. Decision Committee pending receipt satisfactory answer this question; therefore, request reply ASAP.

Trustee in bankruptcy of US Estate on Japanese shipping Corporation (Nippon Yusen Kaisya) has queried Dept of State re arrangements which may have been made between the US and Japan that would prevent trustees libeling corporations vessels calling at US ports. Trustee alleges claims of American creditors against the Japanese Corporation total \$218,236.

States tentative opinion is that unless there have been legal proceedings in Japan which have created a new juridical entity, vessels of the Corporation would be subj to attachment or libel in courts of the US for prewar claims. Therefore, State feels only practical alternative would be for the company and the Japanese Govt either to make the fgn exchange available voluntarily for such claims or to pay the claims only after the libels have been adversely decided. To pay claims voluntarily might involve questions of equity toward claimants unable to attach assets of other Japanese debtor companies.

In view of the importance of this ques in connection with the revival of the Japanese merchant marine, and its relevance to other claims against Japanese companies which may be held by Nationals of the US, would appreciate your views on the specific problem of creditors here attaching or libeling Japanese vessels or other property to collect prewar debts. Would also appreciate your views with respect to general problem of attachment of libel action against Japanese vessels in other fgn countries.

State Dept is delaying final reply to trustee pending receipt of your views.

There have been frequent statements in the press that the 2d Div panicked. Noted with interest your stories about the 2d Div. Would like very much to have you write a feature article in a national magazine revealing the gallant conduct of the div and its vital role in saving the Eighth Army. If you are still in Korea, believe you could assemble data there which would be of value before leaving. Hope you will undertake this as whispering campaign about the div is reaching serious proportions.

URMSG C 54310, 27 Jan 51, Part 2, Para 1 and your "Rqmt Report to the US Dept of Commerce, OIT" dtd 26 Jan 51. Subj is synthetic rubber. Msg in 2 parts.

Part 1. GRS and Butyl rubber are now under alloc. Detailed GRS and Butyl rubber rqmts for 51 are urgently needed here for presentation to allocating committees. Info shld be furnd in same form as the ref 26 Jan report.

Part 2. The Neoprene and Buna N indicated in ref 26 Jan Report are not now under NPA alloc and may be pchsd in the open market. OIT is currently approving export license applications for these commodities on an open end basis (without country quota). OIT states that these commodities are not likely to be placed under a country-by-country quota during 1st quarter of 51, and accordingly licenses will be granted in any amts considered reasonable. However, if such commodities are placed under country-by-country quota OIT has recommended that a quota for Japan be estab for 1st quarter 51 calling for 4,000 lbs of Neoprene and 40,000 lbs of Buna N. OIT prepared above recommendation prior to receipt of your report. OIT states that Neoprene and Buna N are interchangeable for most purposes. If the above substitution by OIT is not satisfactory to you, appreciate background info nec substantiate your rqmts in case these commodities are placed under quota.

MMSG Jan DA 82100 subj is procurement of crude rubber. US and UK will hold conf in London starting 5 Feb 51 on subj of natural rubber. Duration of conf expected to be 2 weeks, and objective is to control rubber price and destination.

US will propose an allocating committee to be composed of US, UK, and as many other non-Communist Nations as desire to become members. The committee would fix world-wide allocations based on reqmts and justifications. Control would be maintained through issuance of export licenses from Singapore and London markets. Initial top price proposed to be 50 to 55¢.

Considered desirable here that Japan have representation on such a committee if US proposal is accepted. Will inform you of results of meeting ASAP.

Subj is US Mil Procurement in Japan.

URMSG Sep C 62343 and MYMSG Sep W 90738. This msg in 2 parts.
Part 1.

The Mun Board at a meeting on 1 Feb recommended that the Secy of Defense send a memorandum to the three Mil Deps directing them to:

"a. Increase purchases of mil equip in Japan to the extent practicable for use of US forces, particularly in the Pacific area.

"b. Survey Japanese industrial capabilities further in collaboration with the Mun Board, with a view to

(1) Maximum practicable utilization of Japanese facilities as a source for equip for US forces and for mil assistance programs in Southeast Asia, and

(2) Full utilization of Japanese industry in event of another world conflict.

"c. (Dept of the Army) Rqst the Supreme Commander for the Allied Powers to initiate an industrial mobilization planning program in Japan in collaboration with the Mun Board."

The Mun board also took action at the meeting formally to direct its staff "to develop with the national production authority all necessary priorities procedures to support US mil procurement in Japan, including the provision of raw materials".

Part 2.

Further info re above, including such formal reqst as may be received from Mun Board in connection with industrial mobilization planning program, will be forwarded as soon as avail.

Subj is Post Treaty Civil Information and Education Program in Japan. This msg is in 3 parts.

Part 1. State and Army now engaged in discussions on form of future civil information and education program to be conducted by State Dept in Post Treaty period. Discussions include survey of State Dept plans and policies in this field as they relate to and may effect present Army program in scope, approach, and support.

Part 2.

1. In Germany and Austria, it was found advantageous to transfer ZI support of some phases of program to Dept of State prior to transfer of entire responsibility.

2. Preliminary view here is that ZI support of exchange of persons program, less US visiting experts phase, could be assumed by State Dept on 1 Jul 51. (This assumes that treaty becomes effective after this date).

Part 3. Bearing in mind preliminary character of discussions here and necessity for forward planning, your comments requested.

Following info re Antonio Cornero Stralla received this office 31 Jan after initial NAC clearance 9 Jan: Antonio Stralla (Aka E C Moore, Tony Mickeals, Anthony C Stralla, Tony Dornero, Tony Canero, Tony Stralla, Tony M Cornero, Michael Hill, John Hayles and Anthony Cornero).

Following info obtained from confidential governmental agency re subject: Subject, fall of 1939 in San Francisco, purchased through others, 4 ships of Admiral Line which he resold. Then tried break into gambling picture in Mexico and finally went to Cuba where he supposedly still lives and operates gambling place, making occasional flying trips to US. Several individuals state having heard his possible connection with refueling Axis submarines in Caribbean and one heard him say in August 41, that he had info of value re refueling submarines in Caribbean and indicated he either was doing it or knew who was. Further reported closely connected with President of Cuba and to have gone to Washington DC in spring 41 on his behalf. June 41 subject made arrangements buy 3 tankers located outside US, names unknown and offered 1 of them to Los Angeles ship broker to resell. These tankers reportedly either had been interned or salvaged and located 700 miles from Havana, possibly Haiti. Info received that subject may have chartered interned vessels from Cuba and rechartered them to Great Britain. James H Lloyd is former

gambler and bootlegger who has been in on subjects deeds since about 37 and possibly may be interested present activities of subject. Considerable background info on subject and Lloyd set out. Subject last reported in Los Angeles 14 Jan 42 when he left for Cuba via PAA. At that time offered services to confidential National Defense informant and stated he was going to Cuba salvage SS Altadin and sell Cubans anti-knock mixture to add to crude oil. Considered as having intimate knowledge maritime and shipping matters, as well as oil and gas industry; to be shrewd, audacious; to have high connections in Mexico and other countries and to be especially dangerous if his talents are used in wrong direction.

Info derived from sources other than DA is included in summary. This info will not be passed to any agency outside DA.

Other info will be forwarded upon receipt this office.

Info this office indicated subject arrived Tokyo 17 Jan.

DECLASSIFIED PER DA CIRC. #127
23 DEC. 53

URMSG C 51294 dtd 15 Dec 50 subject Cotton Linters and Pulp.

1. Analysis US Export data above commodities discloses exports to Japan for period 1 Aug through 30 Nov 50 totaled 25,589 bales raw linters and 87 bales equivalent pulp totaling 25,676 bales equivalent. These figures apply against total US exports to all countries this period of 63,710 bales raw linters, 23,347 bales equivalent pulp or all 87,057 bales equivalent. Interagency food Committee presently considering additional allocations for period 1 Aug 50 through 31 Jul 51 to bring total to vicinity 120,000 bales raw linters and pulp. Indications are that these additional allocations will be made to cover only military requirements of claimant nations.

2. In preliminary meeting, committee notes that exports to Japan thus far greatly exceed exports to any other claimant nation and closely approximate quantity exported from US to Japan last year. As a result, committee presently unable to recommend further exports to Japan. Dept of Army representative pointed out that importance Japan receiving military and essential non-military requirements and invited attention to the fact that raw linters exported to Japan made up practically total quantity and direct military requirements in Japan totaled approximately 4,500 bales equivalent pulp. Dept of Army representative, therefore, asked that direct military requirements Cotton linters pulp be met. Committee has requested information as to whether a part of raw linters already shipped may be converted to pulp in Japan there by obviating necessity of making additional allocation pulp; therefore, urgently require following information prior to next meeting to be held Monday, 5 Feb:

NR : DA 82411

DECLASSIFIED PER JCS LTR OF
20 AUG. 75

REURAD C 54258 of 27 Jan 51.

Para 1. When dollar exchange rate received URAD appears inconsistent with data therein. Realized here abnormal conditions preclude adequate analysis of economic situation in all areas. It can be assumed that such situation will continue while combat operations exist. Appreciated rate used by US Forces will have effect over-all evaluation of when and accordingly recognize consideration of equitable rate is made in light of any inflationary effect. However, as indicated in previous radio (W 95510 of 31 Oct 50) rate determination basically necessary for equitable when sales to troops and internal US accounting purposes, in order to assure appropriate funds not unreasonably depleted when credited to suspense account in treasury which presently totals approximately \$23,000,000.

Para 2. While data furnished adequate in advising concerned agencies here of conditions in Korea (they appear not closely related to US expenditures. For further consideration here of rate of exchange for February request follow additional data. These data also to be included in future recommendations:

- A. Monthly when sales to US peers.
- B. Monthly when disbursements for services and supplies. If possible include breakdown as to labor and supply costs.
- C. If available, typical prices paid by US Forces for labor and supplies as compared to October prices.
- D. To what extent recommendation as to rate reflects political or other intergovernmental relations with Republic of Korea.
- E. Monthly when drawings by other UN Forces.

Para 3. Decision here, 4000 to 1 rate will be continued.

Para 4. Request reply soonest.

FROM : DEPTAR (SAOOA OAE) WASH DC
TO : CINCPAC TOKYO JAPAN
INFO : CG RYCOM OKINAWA
NR : DA 82393

Ref is MYMSG Oct W 94712. Subj is Ryukyus scrap.

1. DA informed that a letter dated 18 Jan 51 signed by Marvin. Plant, Chief Scrap Section, Iron and Steel Division, NPA has been mailed to the purchasing and contracting officer, Hq Ryukyus Command, APO 331. Subj of the letter was "invitation No 92-321- (S) 51-1," dated 6 Dec 50. Letter urged that preference in the bids on the above invitation "be given to responsible contractors who submit bids on the basis of the scrap being returned to the US."
2. DA had not seen subj letter prior to mailing and recommendations contained therein neither are nor can be construed to represent US policy. Instructions and recommendations MYMSG W 94712 remain unchanged.

MYMSG DA 81825.

Later correspondence from AFF contains request that problems contained reference cable be made subject of "Crash Program". It appears that as the result of recent cables the matter already has "Crash" status; however, to insure such treatment it is requested that problems be given priority to include early transmission of findings to DA. Request reply as to date a report on subject might be expected.
