Washington 28 Nov: The State Dept was informed today that the steamship Sir John Franklin of United States registry had been shelled while going up the Yangtze River en route from Hong Kong to Shanghai. The information was cabled by Walter P McConaughy, United States Consul General at Shanghai..... In the current instance the state Dept was not informed whether the fire came from ships or from shore batteries.....

Washington Post:

Columnist Drew Pearson, 29 Nov:Despite Russian ballyhoo about withdrawing from North Korea, enough Soviet troops were left behind to police the pro Communist Govt. The Soviet "Military Mission" still in Korea is reported at the following strength: 2,000 Army 1,500 Navy and 500 Air.

Washington Star:

Columnist Doris Fleson, 28 Nov: The Cartels and Monopolies which served the Axis powers so well are seeking to regroup both in Japan and Europe. Evidence to this effect is reaching the capital in ways that cannot be ignored and the problem of how best to cast America's weight against the old practices is increasingly to the fore in the State Dept, the Army and the ECA.

Representative Carl Vinson, Chairman of the House Armed Services Committee, said today that there "isn't a chance in the world" that Congress will extend the peace time draft law next year....

Baltimore Sun, AP Lake Success 24 Nov:

Britain called on Russia today to end Communist led violence in Greece and Korea as a proof to the United Nations and the world that she really wants peace. Hector McNeil, Chief British Delegate told the United Nations Political Committee Russia could end tension on two sides of the world by acting in her role as a leader of world Communism. He said she could order Communists to disassociate themselves from the Greek Civil War and the violence that has split Korea into two armed camps. . . . Neither Vishinsky nor McNeil mentioned the Chinese problem today.

New York Herald Tribune reporter Robert L Moora, Washington 24 Nov:

5 Republican Congressmen today condemned the State Depts handling of the Angus Ward incident in China as "unbelievable bungling" and called upon President Truman to dismiss Secretary of State Dean Acheson and all other Department Officials who had a hand in it. . . . in the Far East "is beyond calculation."

Washington Times Herald, AP Tokyo 24 Nov:

An American book has started a fresh discussion in Japan of the myth of Gen Tomoyuki Yamashita. The book is Frank Reels "The Case of Gen Yamashita". The myth is that Yamashita actually was not executed but is being kept secretly to lead a Japanese Army under the Americans in some future conflict with Russia. This myth crops up in almost every discussion of the book. Some of the few Japanese who have read the book express the private opinion "it would do the United States good to publish the book here because it would show how compassionate the Americans are. . . . Despite contrary statements there never has been complete freedom of the Japanese Press, and no Japanese editor expects it as long as the occupation lasts.

Washington News, reporter Oland D Russell 25 Nov:

The United States Air Force offered today to send a plane into Red controlled China to bring out Angus Ward and his consultant staff if the State Dept could arrange a safe conduct from the Chinese Communists. "We have plenty of planes in Japan and on Okinawa to make the trip" said an Air Force spokesman

Washington Star Bulletin 23 Nov: Release of American Consul General Angus Ward and 4 members of his staff after a months imprisonment by Chinese Communists at Mukden Manchuria was announced today by the State Dept. . . . The State Dept said it has instructed Mr Ward and his entire staff "To depart from Mukden forthwith"-something they have been trying to do for more than a year. . . .

Washington News Reporter Oland D Russell, 23 Nov: An American General is being detained by the Chinese Communists in Red controlled Nanking. . . . This was learned today by the Scripps Howard Newspapers as the State Dept awaited word from the 30 Nations Vit had asked to intercede with the Chinese Communists for the release of Consul General Angus Ward. . . . The officer who has not been permitted to leave Nanking is Brig Gen Robert H Soule, Military Attache to the American Emb. His wife and daughter are with him. . . . Secretary Gray said he hoped to see Defense Secretary Louis Johnson today and take up the Gen Soule case. . . .

Chicago Tribune Correspondent Walter Simmons, Okinawa 20 Nov: The American decision to build Okinawa into an aerial base dominating the Central China Coast will involved numerous problems, a survey of this rugged island shows. . . . Okinawa troops will get 6 Theaters, 4 Service Clubs, 2 Gyms, 2 Libraries and several bathing beaches. The Army hopes these recreation facilities will cut its venereal disease rate. "It looks like we'll have to penicillin the whole island" remarked Maj Gen J R Sheetz, Ground Force Commander. . . .

New York Times Correspondent Lindesay Parrott, Tokyo 22 Nov: Premier Shigeru Yoshida today for the second time warned the Diet against careless discussion of a Japanese Peace Treaty. Such talk, he indicated, might prejudice some of the allied nations against Japan's aims. . . . Mr Yoshida's remarks were made at the time when Japanese political circles were studying reports from Washington that the allies planned to maintain a considerable degree of control over Japan even after a treaty, possibly with some form of Allied Council in Tokyo as supervisory agent. . . .

Washington Times Herald Columnist George Sokolsky 23 Nov: On May 31 the State Dept notified Angus Ward the American Consul Gen in Mukden to close up shop and come home. The Chinese Communists or the Russians would not permit him or his wife or any of the other officers of the Consulate to leave. . . . The suggestion that our State Dept appeal to Soviet Russia for aid in freeing Angus Ward is undignified. Have we sunk so low- there is only one solution: Let Gen MacArthur go into Mukden to bring Angus Ward and his wife out alive-or dead.

Recently Camera Press Ltd of London asked CSPID to accredit Horace Bristol, formerly with Fortune Magazine, as their correspondent in Tokyo. In reply to rqt for information on Bristol's status following reply recd "the following is the correct relationship between this orgn and Mr Horace Bristol: Mr Bristol sends all his photographs to us for distribution on a fixed commission basis throughout the world except the US and Japan, where he handles syndication himself. He takes picture stories in response to our rqsts and in response to fixed asgmts we obtain for him from magazines in the territories svcs by us. He is not an employee in the sense that he is on our payroll, but I hope that this will not make it impossible for him to be accredited to the authorities in Japan as our correspondent."

This furnished for your information and guidance in determining whether Bristol entitled to accredited status.

The United States made a bid today for a world wide protest to
the Chinese Communists against the ill treatment of the American
Consular Staff at Mukden during the past year....In a note to
30 Nations in every quarter of the globe, including the Soviet
Union and 4 others within its sphere of influence, Secretary
of State Dean Acheson asked that they express to highest auth-
orities at Peiping their concern over a "direct violation of
the basic concepts of international relations"....The immediate
reaction to the note here was favorable....

New York Herald Tribune Correspondent Allen Raymond, Tokyo
21 Nov: A large plurality of Japanese, questioned by the Tokyo
newspaper Mainichi for 6 days, want the permanent neutrality of
their country guaranteed by the United States after an early
peace treaty. Persons who prefer an American guarantee out-
number almost 2 to 1 those who want a collective guarantee by
a group of powers....

Sen William F Knowland of California told a press conference
here today that he had sent a radio message to Pres Truman
demanding a blockade of the Chinese Communist coast if the
Reds fail quickly to free Consul General Angus Ward....At
Wash the State Dept said through a spokesman that it would

forthcoming from the White House.

New York Times, Tokyo 20 Nov: Because of measures taken
at the occupations insistence, trade is stagnating, stockpiles
are mounting, employers are failing to meet payrolls and panic
is waiting just around the corner, according to a document
forwarded to Gen Douglas MacArthur and the Japanese Govt today
by the Japan Management Association. The body demands among
other things: Sweeping revisions in the Tax Reform Plan
prepared by Carl S Shoup....Virtual reversal of Joseph M Dodge's
policies for equipment loan credit; release of export stock-
piles to the domestic market for the dual purpose of checking
the Black Market and providing industrial funds and in default
of these and other necessary measures, the immediate devaluation
of the yen....

Washington Star, AP Tokyo 18 Nov: Russia has announced she will repatriate 10,000 more Japanese war prisoners by the end of Nov, Gen MacArthur's Hqs announced today. This may wind up the Russian Repatriation Program, leaving about 300,000 Japanese unaccounted for....

Washington Times Herald 18 Nov: An ex Lt Col, Charles Gordon of Scottsdale Pa, former Finance Officer for the Military Govt of Korea, filed suit in district court yesterday demanding that the Army produce letters showing why he was forced to accept a discharge in July 47. Gordon, in his action, stated he served in Korea from Sep 45 until March 47 when he was ordered to the Pentagon on a "Top Secret" mission....

New York Times, Seoul 17 Nov: The defense of the Korean Republic against attack by North Korean communists would depend heavily on the establishment of a compact, alert defensive AF in the opinion of 2 retired USAF generals. They are conferring here with President Syngman Rhee on how to create an AF. Maj Gen Chermault and Brig Gen Russell E Randall former US Air Attache in Moscow, told a news conference this morning that they were in Seoul as the guests of Pres Rhee....

Washington Star, 18 Nov: Tokyo AP: The increasing possibility of an early peace treaty with Japan finds the occupation withdrawing steadily from Japanese affairs...probably the most significant withdrawal was dissolution of Civ Aff or Military Govt Teams on the prefectural level several months ago. These teams had been stationed in every prefecture to interpret occupation directives to the local officials. They were probably closer to the Japanese than any other occupation agency...Opinions vary as to how well the Japanese are managing their increased autonomy. Gen MacArthur the Supreme Commander, says in effect, "fine." Some people in his own Hqs complain-unofficially of course-that the Japanese don't seem to have changed much....

New York Times Reporter Walter H Waggoner, Washington 17 Nov: President Truman today described the imprisonment of Angus Ward by Chinese Communists as an outrage. In the strongest official language yet used on the subject Mr Truman snapped out his personal reaction to the arrest of the United States Consul General in Mukden in response to a question at the news conference this afternoon....

New York Herald Tribune, UP Tokyo 17 Nov: Sec of the Treasury John W Snyder arrived here today for 3 days of policy talks with General Douglas MacArthur which Japanese economic circles hope may result in an "Asiatic Marshall Plan." Mr Snyder, who was accompanied by Governor Ernest Gruening of Alaska...lunched with Gen MacArthur and his top financial adviser, Joseph H Dodge. Later he held conferences with Japanese Premier Shigeru Yoshida ..

New York Daily News editorial 18 Nov: A leading American expert on the most effective ways to deal with Communists has suggested to us a plan for getting Angus Ward and his 4 associates out of whatever red jailhouse they are now inhabiting in Mukden, Manchuria....The above mentioned expert says that our State Dept should issue forthwith an announcement to this effect:

"The United States Govt has today instructed Gen Douglas MacArthur, Supreme Allied Commander in Japan to take over the case of Angus Ward and obtain the liberation of Ward and his 4 associates within a period of blank days from XXXX. Gen MacArthur has a free hand in the matter, and will proceed exactly as he sees fit. The United States Govt will back him to the full in any course of action he may adopt." Now there it seems to us, is the most hopeful and concrete suggestion anybody has yet made on how to clean up this international kidnap outrage....

Washington Times Herald 18 Nov: United States Diplomats in the Far East, scene of growing Communist strength will be summoned to a regional conference at Bangkok Siam, late in January, the White House announced yesterday.... Philip C Jessup will be sent to conduct "general review of the situation in the area"...

Washington Star, AP Tokyo 17 Nov: Treasury Sec Snyder flew into Japan today. Gen MacArthur met him at Haneda airport. Mr Snyder said his visit has nothing to do with occupation policy. It's only purposes is for inspection of Coast Guard installations.... Four members of Congress also arrived on a separate mission. They want to see what can be done about easing the occupation burden on the American taxpayer....

Washington Star, AP Okinawa 17 Nov: What happens to the 750,000 inhabitants of the picturesque Ryukyu Islands is important to the US. Okinawa, midway in this Archipelago curving southwest from Japan toward the Asian mainland, is a major American air base. Presumably it is a prospective target for a Communist political approach. So American officials have started a new effort to improve the island's economic situation.... Maj Gen J R Sheetz who came here a few weeks ago as American commander and Military Governor sizes up things this way: The islands show no promise of ever becoming self supporting. Re WCL 23389. I believe desirable to grant Mr Blind permission. He is highly respectable lawyer connected with Goldthwaite Dorr's firm. Dorr spoke to me about his proposed trip. One important advantage is that he can protect whatever business interests Kaufman has thereby protecting us and you against claim that we are seriously prejudicing Kaufman financially by refusal or delay in his admission to Japan.

Baltimore Sun, AP Wash 14 Nov: Gov Ernest Gruening of Alaska says defenses there are so weak it "Could be taken tomorrow by a minor scal airborne invasion"-possibly by a single parachute division....Gruening, who gave his views in an interview in the US News and World Report, was asked how small a force could do it....

New York Times, Manila 14 Nov: President Quirino said today that if the Philippines participated in a Japanese peace treaty his country would insist on full war indemnity and would seek allied endorsement of a "hard peace." He said "The US may be able to condone all Japanese obligations but we cannot. The US is rich but we are not."

New York Times correspondent Lindesay Parrott, Tokyo 14 Nov: Informed Japanese today are expressing some anxiety over the reelection of Elpidio Quirino as president of the Philippines. Fears are expressed that this means the maintenance, even the intensification of a "tough" policy by the Philippines toward Japan to which the US might be compelled to give some measure of consideration....

Wash Star, AP Anchorage 14 Nov: About 200 officers of the Army, the Air Force, Navy and from allied countries are going to move into the occasional 50 degree below 0 cold of the big Delta Training Center this winter to study new data on the Russo-Finnish War. Maj Gen Stanley L Scott, Army Commanding General of Alaska, described the information on Russian-Finnish tactics as valuable but went no further. He did not indicate the source of the material....

New York Herald Tribune, AP Manila 12 Nov: Heedful of developments in China, the Philippine Republic is planning to devote the bulk of it's armed strength to internal security. Schemes for defending these islands long coastline from invasion a major problem for a 1st class military power- are far beyond the means of this country....The American Joint Military Advisory Group to the Philippine's Govt has repeatedly advised that the chief danger to this country is from within, rather than without....Since 46 the Philippines have received \$163,000,000 in military assistance from the US. American military advisers on the spot believe the US has more than fulfilled it's commitments under the Military Assistance Agreement of 47....A high source gives assurance that the US intends to back up the Philippines for some time to come, but that this country will be expected to improve the quality and reduce the size of it's military establishment to fit it's means.

Wash Times Herald 11 Nov: The US Atomic Energy Commission announced yesterday that Japan, first and only nation to feel the destruction of the Atomic Bomb, has been declared eligible to receive radioisotopes, humanitarian by-product of the weapon....The AEC said that isotope export to Japan will be handled through the office of Gen MacArthur.

The Conservative leader made his statement in answer to questions from the floor of the Upper House based on reports from abroad that Britain and US might be willing to offer a treaty to Japan without the participation of the Soviet Union and Communist China....

Wash Post, UP Tokyo 11 Nov: Premier Shigeru Yoshida caused a brief sensation today when he told the Upper House of Parliament that Japanese delegates would walk out of any peace conference if the treaty terms were unsatisfactory or refuse to sign....
