3010327

FROM: CINCFC TOKYO JAPAN  
TO: DA WASH DC.....ROUTINE

224851 Reference WARTAG radio WCL 45047, 29 May 1946. This radio in three parts.

Part 1

For morale reasons, it is deemed desirable to permit military personnel otherwise entitled thereto on permanent change of station from zone of interior to Japan to transport their dependents to Japan prior to assignment of public quarters under priority system. This arrangement would result from allowing the individual concerned to provide quarters for his dependents at own expense through private agreement, by leasing privately owned quarters not on procurement demand by U.S. Government. No rental allowance to be paid individuals who occupy U. S. Government procured houses. Request consideration be given to amending DA policy expressed in last sentence of reference radio to permit military personnel under stated circumstances to enter into private rental agreements with foreign nationals or agencies in Japan under controls established by the Commander-in-Chief, Far East.

Part 2

If paragraph one, herein, is favorably considered, CINCFC proposes that individuals who enter into private rental agreements for privately owned quarters may, upon application, effect the travel of their dependents and the shipment of household goods and automobile into Japan as follows:

a. Authorize immediate travel of dependents to Japan without regard to the priority system when travel is by commercial means at no expense to the U. S. Government. Travel from ZI to Japan to begin only after clearance to DA by SCAP.

b. Authorize transportation of dependents to Japan without regard to the priority system via government transportation. Dependents for whom travel is requested on government transportation to be included at the end of the current priority list being prepared at the time of receiving the application.

UNCLASSIFIED

FROM: CINCFE TOKYO JAPAN TO: DA WASH DC GA WAB BM/vm 30 September 1949

c. Authorize household effects and privately owned autos to be shipped via government transportation in accordance with established procedures when such shipments are authorized by existing directives.

d. Authorize the payment of rental allowance to military personnel, otherwise entitled thereto, who procure living quarters through private rental agreement for privately owned property not under procurement demand by the U. S. Government, and who are not assigned public quarters.

Part 3

Request approval.

**X24606**

1. Revision of FECOM OI No. 8 to include reqmt for report of items transferred to AF in Philippines without reimbursement subsequent to 1 Apr 49, not repeat not considered feasible by CINCFE for following reasons.

a. Logistics operations required by OI No. 8, with respect to actual transfer of property were completed prior to receipt by CINCFE of SR 730-5-1, AFR 67-22. Advance copy of SR arrived this comd approximately 3 Aug 49. Further, transfers were made in bulk.

b. Through the process of screening by PHILAIRCOM, certain quantities of property which were transferred to AF without reimbursement were subsequently determined to be excess to AF and were shipped to Army installations in FECOM outside the Philippines area. An additional quantity was determined to be unserviceable and was transferred under Philippine Bulk Sales Agreement. Consequently, an accurate determination of AF and Army equity is not possible.

2. Therefore, CINCFE considers that the transaction dealing with transfer of property to AF in the Philippines has been consummated. Request concurrence.

Memorandum for record

1. Inst msg pertains to establishment of program utilizing Class A excesses or surplus Army stocks for SARIQA and incentive goods rmts.
2. WOL 41958 requested info as to CINCPAC's probable intent to limit incentive goods program to Class A excesses and surplus stocks pointing out that such restriction would nullify the benefits and render the program infeasible. It further recommended all classes of surpluses and excesses be accepted allowing the appropriate tech sv to determine the practicality and economy of shipping materials to the Ryukyus after considering the condition of indiv items.
3. Inst msg concurs in DA suggestion. However, msg requests DA to allow responsibility for item selection remain with FEG.
4. Approved by O/S, 28 September.

CINCFE INFO COPY

- M/R: (1) DA notified CINCFE that State Department had requested IG of this headquarters to assist Mr. Lawrence Taylor of the State Department in his inspection of the Embassy in Korea, including KNAG.
- (2) Conference was held with Mr. Taylor at which time it was determined that Mr. Taylor would require about six weeks to complete his inspection, whereas the IG would only be required about 10 days. It was agreed that the IG should proceed to Korea on or about 25 November. In addition to normal inspection, the IG will be a military advisor to Mr. Taylor on certain overall support and administrative matters in so far as they pertain to KNAG. Mr. Gerald Warner, Diplomatic Section, GHQ, will advise this office if any change of date is desired by Mr. Taylor. Report of inspection will be submitted direct to Mr. Taylor. (Col Martin, 26-6005)

M/R: Cited DA msg establishes 15 mos fgn sv tour in Rycom for Army pers and makes no distinction between tours of pers accompanied or unaccompanied by depts. Curr prescribed tours are 18 mos unaccompanied and 24 mos accompanied by depts. AF tour is 15 and 24 mos respectively. Inst msg rqsts confirmation of CINCFE intpr and is self-explanatory. Coordinated with Dep Hsg (Maj Groves). FEAF (Maj Gen Weikert) concurs. Gen Weikert proposes to dispatch msg to DAF with reom that AF tours be changed to agree with DA tours in FEC. This action coincides with the express desires of the CinC that the fgn sv tours for Army and for Air Force pers be the same on Rycom, and, further that the fgn sv tour on MARBO be the same as that prescribed for RYCOM. This is interim action on G-1 Journal 8788. Suspend until 30 Sep 49.

GENERAL HEADQUARTERS  
FAR EAST COMMAND  
OUTGOING MESSAGE  
UNCLASSIFIED

FROM : CINCPAC

DATE: 24 Sept 49  
TOC : 240855

TO : DA

NR : 2 - 24248

Reurmsg WOL 43796 because of devastation of RYCOM quarters caused by typhoon Gloria it was necessary to evacuate approximately 60 DACs from Okinawa to Japan. This pers not transferred to Japan, merely placed on TDY, as it was contemplated that quarters could be rehabilitated and return to Okinawa from Japan effected at early date. It now develops that complete quarters rehabilitation will be delayed and fifty DACs now in Japan on TDY cannot be utilized for an extended period. Ten of original sixty have been returned to Okinawa. CG RYCOM requests that those DACs now in Japan be utilized elsewhere by FEC as continued salary payments with no production for RYCOM will have considerable impact on RYCOMs FY 50 funds. At this time approximately 25 of 50 RYCOM DACs in Japan cannot be absorbed by FEC either in current or anticipated vacancies. Considered here both impractical and expensive to either transfer to Japan such RYCOM pers as are actually surplus to Japan or to return to Okinawa for RIF. Request reconsideration be given request in ourmsg Z 23792 and such action authorized in this instance. It is emphasized that a maximum effort will be made to place this surplus pers with FEC and FEAF installations; however, it is known that utilization of all categories is impossible.

2-24201-Refua

UNCLASSIFIED

FROM: CINCFE TO: DEPT OF ARMY GA/MPD FCC/vh 22 Sep 49

M/R: In a service message dated 14 July 49 the D/A nominated Col. Paolo H. Sperati, 09667, Inf to be G-1 Rycom, and in the same message nominated Col. Richard P. Ovenshine, 012303, Inf to be G-2 Rycom. Officers were referred to Gen Eagles for comment. Gen Eagles declined Sperati and accepted Ovenshine. D/A was so informed by service message. In WCL 27706, Jul 18, D/A req dest instr re Sperati. In Z 17424, 22 July 49 D/A was given Yokohama as dest. In WCL 35259, 18 Aug 49, D/A informed that Sperati not avail for Yokohama shipment and that repl would be furnished. In Rad WCL 42881, 21 Sep 49, D/A designates Col Ovenshine as Sperati's repl and gives Yokohama as dest. This action is direct conflict with Par 28, DA SO 149 CS which assigned Ovenshine to RYCOM shipment. Instant rad makes reference to pertinent communications re Ovenshine, points out necessity for local action transferring 4 Cols to Rycom because of insufficient quality of Cols ordered to RYCOM by D/A, and indicates CINCFE does not concur in change in dest. of Ovenshine. Reference is made to telecon 2669 between D/A and General Beiderlinden.

Subject is Japanese Fishing Area. Memorandum to

Z-23869

the Japanese Government, SCAPIN 2046, 19 Sep 49, redefines area authorized for Japanese fishing and whaling to include an extension of the area (to which US has agreed) to the east as far as the 180th Meridian, the southern limit remaining as before along the 24th parallel. Japanese fishing vessels are prohibited from approaching closer than three miles, instead of twelve miles as previously in SCAPIN 1033, to the coast of any island within the area defined for their operations, not under the present administration of the Japanese Government. Details of this new SCAPIN released to press 1000 hours, 21 Sep 49. Copies of this SCAPIN being forwarded to DA by mail. area authorized for the operation of inspection vessels (SCAPIN 1037/2) is being extended to include a small area to the east of this new extension. Information on this change will be forwarded soonest

For CSGLD. Subject is termination of Lipsett Corporation Contract No. W-94-131-S-QMC-1. Reference JPR 5-502.1(2). This message in seven parts.

Part 1. Following background furnished: Effective date of subject contract was 10 January 49; scope and purpose was that Government agreed to sell, and contractor agreed to demilitarize, remove, and buy certain described items of scrap generated from demilitarization of ammunition located on Saipan, at total estimated income to government \$465,000. Contractor entered into performance. On 27 May 49 fire of undetermined origin occurred, resulting in detonation of approximately 16,080 tons of various types ammunition. Contractor had moved approximately 5,295 tons to demilitarization area and actually shipped 2,218 tons at this time. Effect of detonation was to render completion operation more hazardous and costly.

Part 2. Thereafter on 12 July 49 contractor wired CG MARBO proposing termination with mutual releases. CG, MARBO, after obtaining authority from CINCFE, replied agreeing to terminate with both parties mutually relinquishing all claims or liabilities against the other. Representative of Lipsett replied to CG MARBO by letter on 28 July 49 that Lipsett would not agree to a termination which did not reserve contractor's right to seek relief, and verbally representing that the contractor had a claim of approximately \$240,000 as alleged loss sustained by the fire and counter proposed that CPFF contract be negotiated in lieu of possible prosecution of claim. It was the position of Lipsett that further performance was prevented by virtue of complete destruction of the subject matter thereof. On instruction of CINCFE, letter was sent by Contr Off on 6 Sep 49 to Lipsett asking for definite statement as to whether contractor would complete work or abandon same, and that abandonment would be considered a repudiation; the Govt reserving right to hold contractor for any damages sustained thereby. On 14 Sep 49, letter recd by CG MARBO from representative of contractor to effect that contractor has not and does not repudiate; however, "Lipsett Incorporated does agree to the termination of said contract under the terms set forth in your radio of 25 July 49 wherein your hq (MARBO) stated that it was then authorized to terminate subject contract under conditions wherein all parties thereto agree mutually to relinquish all claims or liabilities whatsoever which have or may arise out of subject contract." CG MARBO recommends that contract be so terminated.

GD P&P GD/bs

Part 3. Contract has no termination clause, extends 547 days after effective date, and does not obligate contractor to maintain rate of progress. At present time contractor is performing no services under contract nor showing indication of resuming work thereunder.

Part 4. After review of all circumstances the following additional conclusions reached: 1. That the contractor has no probable claim against the Govt; 2. That the contractor has no probable legal defense in case the Govt elects to recover and can establish damages; 3. That the Govt would have a probable claim for damages against the contractor in event of contractor's repudiation. However, the amount of damages is at best speculative and depends on future operations, prices obtained for scrap from other sources and methods adopted.

Part 5. Only possible basis upon which the Govt may be liable to contractor is that Govt fire-fighting equipment failed to function after arriving at scene of detonations after fire was in progress.

Part 6. It has been determined that present and future operations to clear area effected by explosion should be undertaken by Army and not rpt not by a civilian contractor. This operation extremely hazardous and can be safely accomplished only by personnel trained in Army techniques. Civilian contractors unable to provide adequate equipment and trained personnel except at prohibitive cost to Govt. Action already being taken by Army to clear area.

Part 7. In view of the above considerations, authority is requested under provisions JPR 5-502.1(2) to negotiate a termination agreement of subject contract with Lipsett Inc whereby both parties agree mutually to relinquish all claims or liabilities whatsoever which have or may arise out of subject contract.

For FAOA. Informally offered exchange 55,000 M/T U. S. number 2 yellow corn CIF Sweden for 50,000 M/Ts new crop rye ex Sweden CIF Japan with no cash settlement. Deal favorably considered here since rye has higher extraction rate and greater consumer acceptance than corn and unit cost of rye landed in Japan under this exchange would about equal landed cost corn to Japan ex U. S. For evaluation of offer need following: Unit cost U. S. number 2 yellow corn landed Sweden; unit cost U. S. rye landed Japan. Request comments.

MEMO FOR RECORD:

*W. F. Marquat*  
W. F. MARQUAT  
Major General, U.S. Army  
Chief, Economic and Scientific Section

17 September 1949

1. The local representative of the Continental Grain Company has offered informally to exchange 50,000 MTs of new crop Swedish rye for 55,000 MT's of U.S. #2 yellow corn. The Swedish Government or appointed agent would deliver the rye to Japan and the U.S. would deliver the corn to Sweden. No cash would change hands. The cost of 55,000 MTs of corn and transportation charges to Sweden would be paid out of Japan's GARIOA appropriation.

2. The current FAS cost of U.S. corn is about \$60 per MT and the transportation cost to Sweden is approximately \$8 per MT. The total cost to the U.S. (out of Japan's GARIOA appropriation) for delivering 55,000 MTs of corn to Sweden, based on a CIF cost of \$68 per MT, would be \$3,740,000. In exchange, Japan would receive 50,000 MTs of rye, which, when divided into \$3,740,000, would cost \$74.80 per MT. This price compares with the current cost of corn ex U.S. landed in Japan of approximately \$73.50. Since rye has a higher extraction rate (more edible product per unit of raw material) and a greater consumer acceptance than corn, it appears that this offer is favorable to Japan.

INFORMATION COPY  
UNCLASSIFIED

WCL-44003 *Rehler*

FROM: SCAP to DA, ESS/PD WFM/FLW/HFS/EMC/go

3. In order that this offer be evaluated further, it is necessary to get a quotation of the current landed cost of rye shipped to Japan ex U.S. and the landed cost of corn shipped to Sweden ex U. S. (the \$68 figure used in paragraph 2 is an estimate). This information will make it possible to compare the landed cost of rye in Japan ex U. S. and the landed cost of Swedish rye shipped under the proposed exchange.
4. The outgoing radio informs DA of the corn-rye exchange offer and requests comments. Information needed to evaluate offer is requested.

Medical Corps officers procured under provisions of reference "a" are arriving this command with less than 1 year service remaining under volunteer category statement. Shipment such personnel apparently in accordance with reference "b". However, some are accompanied by depts pursuant to authority contained reference "c". Interrogation these officers reveals they are not aware of provisions reference "d", nor have they volunteered to remain at overseas station for 1 year from date of arrival of depts as provided in para 11a reference "e". Query: Is it the intent of the DA that provisions of reference "d" apply to those medical corps officers procured under civilian intern program (reference "a") prior to change in this program announced in section two, DA circular 13, 1949. Provided answer is affirmative, request action be taken to inform all such officers accordingly and to amend applications form prescribed in appendix 1 reference "e" to include volunteer statement required by para 11a reference "e".

M/R: DA directives not clear as to applicability of 1 yr serv after arrival of depts to certain MC officers.

Provisions of cited directives:

Reference a. Established program under which medical college graduates would be given Res commissions and allowed to take intern training on AD. Initial program required 1 yr service for each yr training. Later changed by Cir 13, 1949, to require 2 yr service for each year training.

Reference b. Provides that MC and DC officers with 8 mos service remaining may be sent o/s.

Reference c. Established coordinated tvl of depts for MC and DC officers.

Reference d. Provides that qualified officers with depts may be retained o/a for completion of service required subsequent to arrival of depts in the o/a cmd even though a new statement is not signed.

Reference e. Is regulation governing tvl of depts to o/a areas. Coordinated with MFD (Major Erickson) Med Sect concurs.

For JUSOPS (NAFAP FISCO). This is Jap Loan 22.  
Subject is PL 320 procedures.

1. Reurad WCL 34703 Loan Jap 19. Re Part 3. Text individual notes will follow.

2. Re Part 4. Agree remit estimated amount interest through commercial bank and will endeavor effect payment by end of FY quarter. Request later radio advice exact amount and that difference be netted with estimated amount for subsequent FY quarter when payment thereof is requested, showing both figures.

3. Re Parts 5 and 6. Prefer use separate notes for total payments to shippers each month by each of 3 banks. Agree bank commissions, cable expenses, other charges, and weight adjustments to be handled separately since such items do not need medium or long term financing.

4. Reurad WCL 34553 Loan Jap 20. Again propose all adjustments be handled here separately through usual channels since notes will be for lump amounts and variations from total will in net represent a very negligible amount of the financing. Payments of adjusted amounts due to shippers and collection of adjusted amounts due from shippers can be made for account of SCAP Commercial Account without appreciably affecting position of liabilities under PL 320. If this illegal will follow procedure recommended. urnsg.
