M/R: 1. Basic is request fr CIE for extension of passport of Mrs. Takako Shibusawa based on ltr fr her brother, Tsuyoshi Matsumoto, to allow her to study at Univ of Hawaii thru June 1950, after she completes current study at Univ of Houston, Texas. Current sponsor, Mrs. Lobit, Dickinson, Texas, requested extension to complete present term there due to delay in arrival in the U. S. caused by shipping strike in 1948. Z 27131, 24 Oct 49, granted extension to 1 May 50 to allow for completion of current semester studies there. Mr. Matsumoto guarantees logistic support for his sister to continue studies at Univ of Hawaii fr Feb thru June 1950.

2. G-1 authorized approval of extensions per C/N fr C/S, 5 Jan 1949.

1. Radio 46339 from DA (FAOA) 16 September 1949 requested import certificates for narcotic items on RYCOM FY 50 import program. Radio ZX 23734 to DA (FAOA) advised import certificates would be forwarded as soon as actual requirements were determined.

2. Letter AG 441.1 (7 Sep 49) PH, 27 September 1949, subject: United Nations Narcotic Report Forms and FY 1950 Narcotic Import, requested information relative to the necessity of 3,750 grams cocaine listed on 1950 import program since stocks reported on hand as of 31 December 1948 totaled 5,000 grams and consumption figures showed 977 grams per year.

3. When no answer was received radio Z 26498 to RYCOM requested immediate reply.

4. Radio R 06426 dated 26 October 1949 was received from RYCOM giving a summation of issues of Cocaine Hydrochloride and requesting deletion of item number 95 FY 50 project 156, Cocaine Hydrochloride.

5. Summation of stocks on hand and amounts issued furnished on Radio R 06426 does not tally with regular consumption report and stock reports received on United Nations report forms. However, cancellation of the item is being requested in the attached radio to DA since no justification can be given at this time for the importation of what appears to be more than a 4 year supply of cocaine. Memo for Record:

1. General Nold informally notified this headquarters upon his arrival that OKED would be placed under the control of CINCPAC.

2. DA radio WEL 49530, advises CINCPAC that a DA letter, TAG, AGAO-S-322 (21 Oct 49)CSOID/C2, subject: Transfer of Okinawa Engineer District, published 22 Oct 49, transfers OKED including current personnel and responsibilities to CINCPAC effective 1 November 49. Additionally advises that funds and military and civilian spaces will be transferred by separate DA action. To date neither the TAG letter nor any amplifying information regarding the transfer has been received.

3. In telecon held 27 Oct 49 OKED requested early reallocation of funds which as yet have not been revoked through Engineer Corps channels and reallocated to CINCPAC.

4. Instant radio points out lack of receipt by CINCPAC of implementing data for assuming control over OKED and requests early advice of allocation of funds.

MEMO FOR RECORD

20 October 1949

Radio WCL 48641 stated that to change electric motors on Joy Coal Loading equipment would be costly and recommended that specifications remain as was ordered by radio Z21175.

As Coal Loaders and Coal Cutters are operated at same location in mine, electric motor specifications must be the same. Therefore, DA is requested to procure 3 coal loaders and 3 coal cutters for use with 220 volt, 60 cycle motors instead of 2 each of this type as requested by radio Z22438.

Joy Manufacturing Company Tokyo Representative advises that the 3 loaders with 60 cycle motors are ready for shipment. Allocation of equipment to coal mine will be changed to accommodate the 3 loaders and cutters with 60 cycle motors.

For JCS. This radio in two parts.

Part I. REURMSG W-86030, 24 March 1949. Clarification of Far

Eastern Commission policy toward patents, utility models, and designs is requested.

a. Re paragraph 4 (1), not clear whether it is intended to extend benefits of this program to Japanese corporation owned wholly or in part by Allied nationals which was treated as enemy, and whose patents of Allied origin were allowed to lapse (for non-payment of required annual fees) by custodians installed by Japanese Government.

b. Other patents of Allied origin registered in name of same Japanese corporation expired during period of custodianship. Should such patents be revalidated, restored, and extended upon demand by the owner?

Part II. REURMSG W-92634, 14 August 1949. Clarification Far

Eastern Commission policy toward trade-marks and trade names is requested. Re paragraph 1, not clear whether it is intended to provide

for restoration of trade-marks registered in names of Japanese

For OMB RO. Subject is release of report. Approve

public release of Report of Education Survey Group with following statement from Supreme Commander for the Allied Powers: "This report and its accompanying recommendations have been prepared by Dr. William F. Fogarty, Chancellor of Syracuse University, and other distinguished educators, following an extensive on-the-ground survey in Japan. The voluntary efforts underlying this survey exemplify a commendable devotion to the cause of academic advancement through the international exchange of students and ideas. For this public spirited support of the joint American and Japanese effort in the building of the new Japan, I am most grateful. The findings, conclusions and recommendations cannot fail to receive the thoughtful consideration of interested public and academic agencies and thereby prove most helpful in the orientation of related policy. Douglas MacArthur."

For COT. Reference is paragraph 2f(29) and chart on page 10, DA Pamphlet 29-14, 1948.

Food and Agriculture Organization of the United Nations has invited Japanese representatives through SCAP to attend Fifth Session of the Conference of that organization to open at Washington, DC, on 21 November 1949 and extend for approximately two and a half weeks.

Following Japanese Nationals have been nominated to attend this conference: Tokichi Abiko, Motosaku Fujinaga, Mitsugi Yamashita and Atsuyoshi Hosokawa; these individuals to be accompanied by the following DACs: William C. Herrington and Thomas E. Ritchie. Security clearances and visa arrangements have been completed for the Japanese Nationals.

Commercial air and surface transportation is available. However, in order that travel of the above DACs may be via USAT to conserve GARIOA travel funds allocated this headquarters, and to conserve funds in SCAP commercial account, request authorization for transportation of these four Japanese Nationals to ZI and return to Japan via USAT on a space available, non-reimbursement basis. Cost of subsistence and for travel while in ZI will be paid from SCAP commercial account.

MEMO FOR RECORD:

1. Ltr, DA AGAO-C 230.14 (13 Sep 49) SSARS, subj: Recruitment of Recreational Personnel, 15 Sep 49, requested concurrence of CINCFE of establishment of an orientation program at Hq Sixth Army for Service Club and Library personnel for purpose of providing one week orientation experience and suggested that FEC obligate N/A Funds to cover additional travel and per diem costs for such personnel. Ltr further suggested that sum of \$7,500.00 for FY 50 as an estimated fair share of recruiting costs.

2. GHQ, FEC considered that additional expense, involving per diem and return travel to point of hire, necessitated by detailing personnel for one week with Hq Sixth Army was unwarranted.

3. CINCFE rad Z 25569, 8 Oct 49 informed DA of nonconcurrence in DA proposal for reasons given above and advised of remittance of funds for Overseas Affairs Branch.

4. DA rad WCL 48560, 17 Oct 49, requested that DA proposal be reconsidered.

5. Inst rad informs DA that further study being conducted and that results would be fwded soonest.

For CSGLD/D5.

171015

1. References: Urmsg WCL 48122, 14 Oct 49, ourmsg ZX 24606, 29 Sep 49, urmsg WCL 44044, 27 Sep 49, CINCFE OI 8, 12 Jul 49, and urmsg W 87053, 12 Apr 49. Following answers your query re disposition of depot stocks of items common to A and AF.

a. Upon receipt of urmsg W 87053 a conference was immediately held with representatives of CG FEAF. As pertains to depot stocks of items common to A and AF it was agreed that Army owned items excess to Army current, future, and anticipated reqmts would be made available for transfer to AF w/o reimbursement. Therefore, this agreement was incorporated in OI 8.

b. Depot stocks of Army owned items common to A and AF required for current and future needs of Army units were directed to be shipped to other comds.

c. Excess items made available to but not required by the AF, were reported to DA for disposition instructions.

d. The transfers were effected in accordance with instructions existing at time transfer was made. All depot stocks of common user items in the Philippines have been transferred to AF except that action required by Part Five of ourmsg CX 51356, 12 Jul 49, has not been completed.

2. A related subject:

a. According to DA instructions only major end items in FECOM were divided and allocated. Common user items not repeat not divided and allocated were to be issued and reqs to ZI appropriately annotated.

b. This has been in effect in FECOM for sometime. However, many common user items were and are still being issued to AF from excess stocks and replacement from ZI is not repeat not required. Query: Is it the intent of DA that such issues from excess stocks be made on a reimbursable basis only.

FROM: CINCFC TOKYO JAPAN

TO: DEPARTMENT OF ARMY WASH DC.....PRIORITY

INFO: CG EIGHTH ARMY YOKOHAMA JAPAN.....ROUTINE (COURIER)

ZX26271 Reference Part I your message WCL 47467, 12 Oct 49. The establishment of FEC classification and assignment teams at ZI ports considered essential to most efficient and proper functioning of plan outlined in CINCFC radio ZX 24569, 28 Sep 49, for following reasons:

1. Desire to select personnel to meet needs of various major sub-commands and GHQ FEC. This requires an intimate knowledge of command organization and structure, missions and conditions.
2. Selection and assignment is a command responsibility of ^{so} much importance that it precludes the delegation of this responsibility outside of the command.
3. To avoid malassignments and provide equitable and impartial distribution desire to maintain administrative control by FEC over screening.
4. If approved, CINCFC proposes that one member of each team be replaced quarterly to insure presence of individual familiar with current changes in organization and location of units, transportation of dependents, and manning requirements. Individuals selected initially and as replacements will be those approaching the completion of a normal foreign service tour.
5. Assignments will be made to 12 major commands, (division, comparable level, or higher) and 38 Army Troop Units (separate battalion, etc.) It is considered that assignment group under command of FEC will make more effort to comply with the wishes of FEGOM in the detailed assignments required. Direct channels of communication to this group will make possible instant changes in desired assignments.
6. Establishment of classification and assignment team composed of personnel from the Far East Command would assist in proper classification by permitting personal interview with representatives experienced in FEC local problems.
7. FEC representatives would be familiar with unit locations and AFO addresses of the units to which pipeline personnel is being assigned and would be able to furnish replacements with sufficient advance information to insure proper routing and early receipt of mail and baggage.

INFORMATION COPY

WCL 225-41-Ref

228015 Ref

8. FEC representatives should be able to explain accurately policy and procedure on travel of dependents, housing and other facilities in Japan.

9. Assignments to units are now being made here, part of this assignment team will be transferred to first group organized and continue their duties with more experience than that had by a new assignment team.

For TAG AGAO-R. Reference DA msg WCL 42302, 12 Sep 49 and CINCFE msg Z 23790, 20 Sep 49.

Considered desirable to continue a single uniform tuition rate in Japan applicable to both elementary and secondary dependent schools.

Tuition rate established -- \$280 per student per year.

Computation follows urmsg WCL 34977, 22 Oct 48. Estimated total cost, appropriated and nonappropriated funds divided by average enrollment. Appropriated fund costs are based on amounts shown in FY 1950 restatement contained in FY 1951 budget as follows: Personal services \$1,349,589; nonpersonal services \$198,000; nonappropriated funds \$96,218; total \$1,643,807. Average enrollment is average of opening day enrollment 5,497 and estimated peak enrollment of 6,291 which is 5,893.

Total number eligible students enrolled as of 12 Sep 49 in grades 1 thru 12 is 5,310.

Copies to: CinC, C/S, AG

Memo for Record:

DA msg WCL 42302, 16 Sep 49, requested info re tuition rate for non-eligible students in the Dep schools in Japan.

CINCFE msg Z 23790, 20 Sep 49, stated that last year's established uniform tuition rate of \$330 would be in force until reports of new enrollments were received and new computations made.

DA msg WCL 34997, 22 Oct 48, gave instructions and method of computations to be used in calculating tuition rates.

Inst msg to DA advises new enrollment figures and establishes a uniform rate of \$280 for noneligible students both elementary and secondary, for the school year 1949-50.

Tuition is paid in ten equal installments and reimbursements will be made to those who have paid in advance.

Approved by C/S on 6 October 1949.

SCAP Circular 22, subject: "Private Commercial Entrants",
13 September 1949, copies of which have been forwarded includes following
changes: Entry permits are valid for an indefinite stay in Japan provided
entry is accomplished within six months of date of issue. A semi-permanent
residence permit is no longer required. More than two representatives from
any private firm or enterprise are permitted entry requiring occupancy in
Trade Service Hotels when such occupancy does not restrict entry of other
applicants. Dependents and clerical assistants are also authorized occupancy
in Trade Service Hotels when such occupancy does not preclude entry of any
commercial entrant. Importation of automobiles authorized either accompany-
ing or at any time thereafter. Request interested governmental agencies be
informed and military permits be issued in accordance therewith effective
as soon as practicable.

For TAG attn AGPI-OD-C. REURMSG WCL 44537.

Gen Willoughby has no personal knowledge of the allegations referred to therein but believes Gen Casey's comments pertinent. Lt Col Allison Ind this Hqs states: "For one week following the outbreak of war, I was associated in the Public Relations Division of Hqs USAFFE with the then Major and later Lt Col Diller as my immediate Chief. During that time I had some contact with the matter included in the allegations set forth in the reference radio. To the best of my knowledge and memory but without reference to a single written note, since my existing records contain no such references, rigid controls were placed on all commercial broadcasting stations by PIO, Hq USAFFE at the outbreak of war. Regular programs were permitted subject to revisions without notice. Most equipment was earmarked for destruction, while other equipment was designated for requisition for setup on Corregidor and Bataan. Prior to the retreat commercial stations often were utilized for jamming shortwaves from enemy stations or for propaganda.

Upon retreat extensive demolitions of equipment (civil as well as military) was entered upon by order of USAFFE. Included, to my knowledge, was some broadcasting equipment. I knew that the Manila studio of KZRM and the transmitter at Polo, Bulacan were ransacked for useful equipment, but that one small transmitter was left operating in order to permit announcers to broadcast coded phrases to the forces on Bataan indicating the extent of enemy penetration. I cannot be certain but I firmly believe some of the equipment I saw both on Corregidor and Bataan to have come from KZRM. On one occasion I was told by a member of Public Relations that KZRM equipment was utilized on Corregidor for "Voice of Freedom" broadcasts. I cannot state from my knowledge that this was true.

C-in-C

It is my opinion that the allegations essentially are true. I do not believe that the corporation lost all of its equipment in consequence of USAFFE action, but I believe that major damage resulted therefrom."

For FAOA. Reurmsg WCL 44003. Subject exchange of U. S. corn for Swedish Rye. In view of long-haul Swedish rye to Japan, cost to be borne by supplier, unable to obtain ton for ton offer. Possibility of counter-offer 26,000 MTs corn for 25,000 MTs rye. Based on price data urmsg WCL 44003, Swedish rye would cost Japan \$74.45 per metric ton at 26/25 exchange rate. This is roughly \$10 less than landed cost U. S. rye and slightly less than landed cost U. S. corn which has lower extraction rate and is less acceptable as staple food. Request comments.
