WCL 22482 refing
WCL 21137 refers

FROM: SCAP TOKYO JAPAN TO: DA WASH DC DRH/ccs 14 October 1950

Memo for Record:

1. WCL 47726 requests participation of Chief, CIE "and such members of his staff as may be required" and "a leading Japanese educator" at a conference on occupied areas to be held in Washington 30 Nov - 1 Dec. sponsored jointly by DA, State, and Amer. Council on Education.
2. SCAP representatives have participated in previous conferences of similar nature sponsored by same agencies.
3. The Cinc has expressed a desire that Chief, CIE, participate in the forthcoming conference.
4. Colonel Lou Van Wagoner, Chief, Reorientation Branch, Office of Asst. Sec'y of the Army, is now in the theater. The matter of additional SCAP representation has been discussed with him. It appears feasible and economical to draw on services of persons recently terminated by CIE and now in DA employ. Among these are Dr. Louis G. Moss, and Dr. Paul Webb (part time DA consultant).
5. Japanese educators "able to present Japanese viewpoint" may be found among GARICA students and national leaders in EI. Colonel Van Wagoner concurs in this.
6. Instant radio assures SCAP representation and requests further detailed info on conference program.
7. No departure from established policy is involved. The interests of other staff sections have been considered.
8. Approved by Chief of Staff 13 October 1950.

ZX20390 This message in two parts. Part I. USAFI Guam serving Armed Forces personnel was transferred 1 September 1950 from Army to Navy control. After conference with representative of ComNavMarianas, it is planned to retain this establishment as a branch USAFI in FEC under the provisions of Sec II AR 85-10. Commandant USAFI Japan will continue to exercise policy control over USAFI Guam. USAFI Japan will provide USAFI Guam with correspondence lesson service and USAFI materials and keep records and make reports of registrations and test results. Request this plan be approved. Part II. Since COMNAVMIANAS is charged with operational responsibility of USAFI Guam, request authority be issued for COMNAVMIANAS to appoint Commandant of USAFI Guam.

Z-20385

The following radio received from CG, MARBO.

"Local press reports that the new Revenue Act passed 23 Sep 50 makes income taxes due and payable for all servicemen and federal employees serving on Guam retroactive to 1 Jan 50. HR 8920 proposed Revenue Act of 1950 contained this provision but the Senate Finance Committee report shows that since no current payments of tax have been made and since it is likely that most of the individuals in question have carried on their affairs for more than half of 1950 without reserving funds with which to pay this tax, the imposition of tax 1950 incomes would result in hardship. According to information here the Senate Finance Committee made the change effective for the taxable years beginning after Dec 31, 1950. Request info on whether local press reports are true and if so recommend that further legislative action be requested to exempt the taxable year of 1950. Otherwise many servicemen and federal employees, not having made any provision for this tax, will be faced with extreme hardship."

Request clarification soonest and copy of Act by air mail

- NR Return (3)
- DCS/SCAP

NOTE FOR RECORD:

1. NRS visiting expert program for FY 51 includes project under which services of Dr B. S. White, employee of US Dept of Agriculture and spec in agricultural outlook studies and reports, have been requested for period of 90 days in Japan to recommend to the Japanese the best methods for conducting agricultural outlook studies and publishing periodic forecasts for use of Japanese farmers.
2. WCL 46708 states that USDA feels that services of US spec in Japan would be enhanced if prior to his visit 2 English speaking Japanese who will be responsible for carrying forward agricultural outlook studies in Japan could visit USDA's annual outlook conference beginning in US on 30 Oct 50 and also visit several US state agriculture colleges.
3. Although NR agrees with this proposal in principle the only two sources of funds to cover travel expenses of Japanese are limited. Avail-

able GARIOA funds for use under the Interchange of Persons Program have been allocated for balance of FY 51. Foreign exchange funds available to Japanese under the Import of Technology Program would, for this travel, require expenditure of yen from the Japanese MAF foreign travel budget which is extremely limited. It is considered unwise to recommend to the Japanese Government expenditure of these limited funds for this purpose.

4. SCAP msg self explanatory
5. Chief, NR, discussed this with DCS/SCAP (Gen Keyser) on 7 Oct 50.

Z-19427 For CINPO. Pass to Muriel Lawrence, Childrens Village, 420 Lexington Avenue, New York City. Reurlet 13 September following statement

by Cpl. Bart Johnson for your annual Americanization Day. "During World War II I remember I sat where you sit today and listened to soldiers who had fought for our country. At that time I did not realize fully what they had been fighting for. Today I do. After three months in Korea many things are clearer to me now than they were five years ago, or even five months ago. Today the US is making good the commitments which she made to the people of the world. Today our country is fighting to keep the democracies of the world free by upholding the UN. Having seen the armed force of the US take the field to uphold our international commitments I feel proud and know that you feel proud to be an American. So, while I am no longer in Childrens Village with you, we are linked by a common bond of Americanism. I want to urge you to grow and live as good Americans, proud of the role which the US is playing in making the world free and our country a better place in which to live." Informatively, Cpl. Bart Johnson, RA12300425, entered army at Fort Dix 1 April 1948. Arrived in FEC July 48 and came to Korea in July 50 as member of 519th MP Bn. Was promoted to corporal on 6 Aug 50 while serving with 519 and was transferred to G-4 section Hq EUSAK on 22 Sep 50. He is now a message center clerk charged with responsibility for routing radiograms and other messages and papers in the section.

4-19291

For SACOA CARD. Reamsng WCL 46127, 1 October 1950, outlining five-film basic primer of the United Nations, in principle the project is acceptable, and treatment outlines are requested. However, the statement that it "will be purely informational rather than political" is not understood. If this means that the films would confine themselves rigidly to the presentation of "facts" in the manner of a training film on the assembly and nomenclature of the alarm clock, excluding all elements likely to influence attitudes, reconsideration is desired. Granted that it would be useful to have available a film to project whenever a curious or puzzled highschool student or housewife wanted to know how membership on the Security Council is rotated, the greater and more immediate need is for films which will overwhelm the indifference of audiences and make the United Nations comprehensible in terms which are personally significant to each individual causing him or her to sit up and say, in effect: "That's for me! I wasn't at San Francisco, but people like me were there. I'm not in the General Assembly, but decisions there affect me. I've never seen or talked with anyone in UNESCO, but that outfit is working away on problems that are just as much my problems as they are of anyone else. The United Nations means that the best minds in the world are working for me." Unless the proposed films in some measure can arouse such an attitude, they will fill only a secondary need. From the same standpoint, it is wondered whether the Trusteeship Council, important though it is, requires a separate film. Some of the special agencies would seem to lend themselves to more profitable treatment. Whatever the content of the films, it is imperative that the presentation be simple. Anything unlikely to be clear to a twelve-year-old should be avoided.

Pass to Sec State. Reurmsg WCL 46080 dtg

291545 Z Sep 50. This msg in two parts. Part one. Decisions regarding the construction of whaling factory ships do not involve the question of Japan's future whaling rights. Like other SCAP economic policies, approval or disapproval of the proposed construction is not an expression of long-range Allied policy and establishes no precedent. SCAP policy has consistently been to make fullest use of Japanese facilities to increase food production, thus reducing food deficits and their burden upon the U.S. Employment of larger factory ships is in accord with this policy and need not preclude nor prejudice future discussion of Japan's whaling rights.

For your info SCAP favors use of larger factory ships for following reasons: (1) Existing Japanese factory ships were constructed to war-time standards and converted in 1946 to present use. Accordingly they are imperfectly adapted to present use and life expectancy is short. Early replacement is desirable to insure continued efficient operation and to avoid risks to life and cargo; (2) Present Japanese whaling methods involve extraction of whale oil from blubber, bone, and some internal organs on factory ships and

UNCLASSIFIED

salting and freezing of whale meat for transport to Japan. These methods were initiated early in the Occupation to alleviate a critically short supply of protein foods. They involve the use of a large number of salting and freezing ships, greatly increasing costs of the expeditions. With the easing of food shortages, but continued demand for edible oil, it is desirable to process most meat for oil, bringing only small quantities of meat to Japan. This is impossible with the existing factory ships. These vessels are too small to permit installation of additional equipment. Employment of larger factory ships will permit change to more economical operation and enable production to meet changing demands; (3) Employment of larger factory ships will make possible technological improvements which will insure higher quality products.

Further delay in reaching a decision jeopardizes the economic success of the expeditions and immobilizes both public and private capital. It is therefore planned to grant early approval for the construction of one ship. Salvage of the other vessel was approved on 28 Sep 50 and is now in progress. Consider that further discussion with UKLM will accomplish nothing significant.

Part two. For info of UK, the 1950-51 expedition will consist of the following ships: Factory Ships Misshin Maru and Hashidate Maru; 18 Catcher Boats; Four 10,000 Gross Ton Refrigerator Ships, Tenyo Maru, Tenyo Maru No 2, Settsu Maru, Tadotsu Maru; 3,500 Gross

NOTE FOR RECORD:

1. DA Message WCL 46080 dtg 291545 Z Sep 50 contains the text of an Aide Memoire from the UK delivered to State on 15 Sep 50. UK requests information on the composition of the 1950-51 Japanese Whaling Expedition and raises objection to the approval by SCAP of the construction and salvage of new Japanese whaling factory ships. The UK argument is essentially the following: According to the terms of a U.S. State Department Aide Memoire of 4 Oct 46, any long-range consideration of the rights of Japan to conduct whaling operations is a matter for Allied discussion and decision. UK considers that the proposed construction and salvage of whaling factory ships in Japan is essentially a long-range consideration, and therefore UK should have opportunity to discuss all aspects of the matter with SCAP prior to a decision.

2. NR considers that while the construction of new factory ships may be economically a long-range consideration, the use of such ships does not raise the question of Japan's future whaling rights. Like other SCAP economic policies, approval or disapproval of the proposed construction and salvage is not an expression of long-range Allied policy and establishes no precedent. Therefore discussion with UK is not necessary. SCAP granted approval for the salvage of one factory ship on 28 Sep 50, and plans to grant early approval for the construction of a second vessel.

UNCLASSIFIED

Page 3 of 4

FROM: SCAP TO DA NR/F1 HGS/WCH/CMA/WA/rip 5 Oct 50

3. In ref msg State suggests that SCAP may desire to discuss the contents of the UK note with the UKLM in Tokyo. Upon the advice of DS, NR recommends that the matter not be discussed with UKLM.

4. SCAP msg states SCAP's position in subject matter, notifies State of SCAP's reasons for favoring the use of new factory ships, and provides the info on the 50-51 expedition requested by UK.

5. Coordinated with ESS (Mr Wingo).

6. Concurrence:

.DS (W. J. Sebald)

7. Approved by Acting Chief of Staff on 4 Oct 50.

Z - 18990

For the Adjutant General. Following message, number ALPACFLT 71 from CINCPACFLT quoted for information. "Consider free mailing privileges apply to all Naval units under operational control of COMNAVFE except Guam and the Philippines. ALNAV81-50 refers." CINCFE advised by COMNAVFE this being interpreted to extend free privileges to shore and floating installations Japan, Okinawa, and Formosa areas. Advice requested if this message based on designation by President of geographical areas other than Korea as combat zones or theaters of military operations within the purview of Public Law 609.

CINC

K. B. BUSH,
Brigadier General, USA,
Adjutant General.

/s/ CARL H. CUNDIFF
CARL H. CUNDIFF
Major, AGC
Assistant Adjutant General

MEMO FOR RECORD: Instant radio to DA is result of receipt of the quoted ALPACFLT 71 message and the interpretation thereof supplied Postal Branch by Lt. Hartwich, USN, COMNAVFE.

PL 609 (Sec. V, Bulletin 13, DA, 16 Aug 50) specifically states that mail "...which is sent by a member of the Armed Forces of the U. S. while on active duty or in the active service of the Armed Forces of the U. S. in Korea and such other areas as the President of the U. S. may hereafter designate as combat zones or theaters of military operations...shall be transmitted in the mails free of postage..."

DA implemented this by radio message No. 85771 which stated that mail was required to be deposited in an APO in Korea.

MEMO continued on next page.

MEMO continued.

FEAF was advised by USAF in message that combat crews based in Japan or islands could not be accorded free postage privileges even though such crews took active part in flights over the combat zone in Korea.

Quoted Navy message appears to be contrary to the law and implementing messages. Instant radio, therefore, requests advice as to whether the President has designated other areas than Korea as places where PL 609 applies and also requests advice as to whether the privilege can be extended outside Korea (for any other reason, unknown to this headquarters).

2. CINCPAC Msg Z 16873 dtd 18 Sep 50 to Mil Gov Ryukyu Islands advises that purchase of American-made equipment through Japanese dealers is not authorized as such procurement is made direct by DA, and that if ZI procurement is desired strong justification is necessary.

3. CG, RYCOM msg R 13932 dtd 21 Sep 50 states that Gen. McClure personally desires procurement of vehicles and that for further background, Mr. Brower on TDY in Tokyo might be contacted.

4. Ref is made to conversation with Mr. Brower, who stated in effect that one of the Jeep Station Wagons is required for the personal use of the Mil. Gov. of the Ryukyu Islands and that the other five were required for use of the Mil. Gov. Team commanders. Mr. Brower also stated that due to poor road conditions, ordinary sedans were not suitable.

5. Ref is made to Check Sheet from G-4 which expressed opinion that request for one jeep station wagon for use of CG RYCOM is not unreasonable, but that sufficient justification has not been presented for procurement of similar vehicles for RMG Team commanders.

6. Inst msg requests ZI procurement of one (1) Willys Jeep Station Wagon for personal use of Military Governor, Ryukyu Islands.

7. Revised draft of radio approved by C/S 1 Oct 50.

R. B. JULIBER

Ref URMSG WCL 25807 and WCL 42473. Status SOA 59-4-402 follow:
Project 176 obligated \$74,834.42 expended \$74,829.02. Project 476
obligated and expended \$2,217.61, available unobligated balance \$767.97.
This completes this part program.

Reports required by Paragraph 2D of SR 795-25-2 were not sent during
FY 50 because of misinterpretation of requirements of the SR. Corrective
action has been taken, and for FY 51 radio reports of purchases are now
being forwarded in accordance with instructions contained in SR. The mis-
understanding stemmed from the lump sum transfer of funds to this headquar-
ters rather than individual contracts allotments with applicable part program
designations. No knowledge here of any part program numbers assigned by DA
to lump sum funds.

Suggested as means of complying with requirements of SR 795-25-2 is
a composite report to be submitted by projects and headings as required,
less part program numbers. All data are available but will take some time
to prepare because of large number contracts involved, approximately 1100,
and limitations on personnel who can be assigned.

Not understood is cross reference list requested in paragraph 3 URMSG
WCL 25807.

020531

Z-18612 Pass to the Honorable Charles Brannan, Secretary of Agriculture.

"Reference is made to the decision to control exports of raw cotton from the U. S. In this connection I wish to point out the extreme importance of cotton to the rehabilitation of Japan and other Asian countries. Plans have been made to provide Japan with 1,288,000 bales of U. S. cotton this crop year to meet the essential requirements of her industries and growing population as well as her commitments to export cotton goods to twenty-two other countries under trade agreements negotiated by this Headquarters on behalf of Japan. Cotton textiles are Japan's major export. Failure to obtain the planned amount of U. S. cotton will place a strain upon the Japanese recovery program and any amount less than one million bales this crop year will retard economic recovery in Japan, force her to reduce her trading level with other nations and destroy her ability to provide the textiles for civilian and industrial requirements of other Asian countries where unrest is preventing the growth of freedom and economic stability. These factors must be given full consideration in setting a quota for Japan and I therefore urge that the Japanese quota be at least one million bales. You are assured of full cooperation of this Headquarters and the Japanese Government in the necessary controls. Signed Douglas MacArthur."
