Commanders: this command precluded by military necessity from approving requests for ordinary leave since beginning of hostilities in Korea. Impact here of provision of Armed Forces Leave Act of 1946 limiting accumulation of leave to sixty days will adversely affect morale of substantial numbers of personnel at end of this fiscal year. Recommend consideration of joint action to effect amendment to change the present policy in order that personnel will not lose leave through circumstances beyond their control.

**Z-36199**

For G-4/D-8. Reurms DA 41863 dtd 25 Jan.  
Subj is League of Red Cross Society Donations for Korean Civilian Relief. Comments and/or concurrences on principles stated in urmsg follow.

First principle: Concur.

Second principle: Delete "in consultation as appropriate with Red Cross Representatives". This proposal is impractical since allocations are made on a bulk basis without regard to the source of donation. It is impracticable to segregate and earmark sups from specific donors to be allocated to specified recipients in Korea. It is inappropriate for Red Cross Representatives to participate in the allocation of sups received from other donors and it is equally inappropriate to permit Red Cross participation without also authorizing other groups to have representatives engage in such activities, which would create administrative chaos.

Third principle: Do not concur. Distribution of sups in Korea must of necessity be made to meet the needs as and where they arise. Korean Red Cross, as one of many Korean agencies engaged in relief in Korea, has received and will continue to receive its proportionate share of sups regardless of source of donation. Comment on earmarking of sups made reference principle 2 above applies equally to this principle.

Fourth principle: Do not concur. Remysg CX 68526 CIVKOR 63 dtd 8 Nov 50 and urmsg W 97019 KOR CIV 66 dtd 22 Nov 50. Sale of relief sups to individuals requiring relief but who can pay was authorized as a measure of controlling inflation. Ymsg CX 50616 CIVKOR 73 dtd 7 Dec 50 comments on impracticability of segregation and earmarking sups from specific donors. Proposed fourth principle is impractical. However, if the types of goods donated by League of Red Cross societies fall into categories which are not scheduled for sale, this principle in effect will be carried out.

Fifth principle: Do not concur. Personnel recruited by United Nations against requisitions from United Nations Command for personnel to carry out civ relief in Korea become members of United Nations Command and lose their identity as far as parent organization is concerned on arrival in this theater. Therefore, there are no Red

PERSONAL FOR BROOKS. Ref your msg DA 42476. This msg in 3 parts.

Part 1. This information has not been passed to major subordinate commands for reasons indicated hereafter.

Part 2. Urgently request reconsideration of proposed criteria in part 2 your msg for the following reasons:

a. Use of same identifying bar for overseas service in Korea as was authorized in WW II is inconsistent as such action only remotely connected with WW II.

b. Those personnel wounded in the initial critical period in Korea and who did not serve six months in Korea would have no distinctive overseas bar to denote their Korean service.

c. Restricting the wearing of the bar to personnel who served in Korea creates an injustice to those Dept of Defense personnel in Japan and Okinawa whose sole duty is supporting the war effort in Korea.

Part 3. This is a definite morale item, therefore strongly recommend adoption of policies similar to those contained in GHQ, FEC letter AG 421.4 (11 Jan 51)GA, dated 14 Jan 1951, subject: Proposed Overseas Service Insignia. Signed Hickey.

[Handwritten mark]

FROM:                    JINCFE TOKYO JAPAN  
TO:                      DEPTAR WASHDC . . . . . PRIORITY

Z - 34900

Attention Brooks. Reference is CINCFE message C 53578, 16 Jan 51. This message in five parts.

Part I. General. This is additional information to that which you have in your PIO biographical files, Generals Gay, Barr, Church and Kean. Copies of all available citations awarded for service in connection with war effort in Korea will be forwarded air mail.

Part II. Maj Gen Hobart R. Gay. Names 1st Cav Div and Gen Gay are practically synonymous. Div definitely reflects his drive, aggressiveness and daring. Led Division into Korea, 18 Jul. Relieved 24th Division south of Taejon on 21 July and by successive delaying actions retarded advance of North Korean forces until defensive perimeter established at Pusan. Successfully defended Taegu. Participated in break out of UN forces from perimeter on 16 Sep and led Eighth Army in linkup with Inchon forces at Osan on 28 Sep. Continued to lead Eighth Army drive to capture Pyongyang. On 2 Dec when Chinese Communists threatened to overrun Eighth Army right (east) flank, the 1st Cav was given the mission of holding them. This they did. Awarded 1st Oak Leaf Cluster to DSC for conspicuous bravery and the DFC for air flights under particularly hazardous conditions. Recommended for DSM. The very strong affection that the men of the 1st Cav Div feel for their commander can be traced to his leadership but also to his unrelenting concern about their personal safety and welfare.

Part III. Maj Gen David G. Barr. Reorganized and trained 7th Inf Div in Japan in record time. Led Div since landing at Inchon 18 Sep. Some of the outstanding operations after landing were capture of Suwon, key south Korean communication point, linkup with Eighth Army at Osan and conducting successful attack on 12 hr notice which involved moving RCT, in its first combat operation, over 15 miles at night, making an amphibious attack across Han river at dawn and capturing the key hill dominating the city of Seoul. Second amphibious landing was made at Iwon on 29 Oct. After attacking across rugged mountains,

UNCLASSIFIED

FROM: CINCFE TO: DEPTAR GA PSD JJD MM 22 Jan 51

Div captured Kapsan in North Korea and continued drive to Yalu near Hyesanjin. These were the only American troops to reach and occupy positions on south bank of Yalu facing Manchuria. Skillfully withdrew from Yalu when Chinese Communist offensive began on 25 Nov. Assisted materially in reducing pressure on 1st Mar Div at Chosin so that it could be withdrawn. Had major role in defense of Hungnam perimeter and in the evacuation of UN forces from this port. Presently engaged in defeating Chinese Communists in Korea. Awarded DSC and SS in Korea. Recommended for DSM, see CINCFE message Z 34730, 21 Jan. Gen Barr has the complete confidence of and is very close to his men. No personal sacrifice for their benefit is too great as far as Gen Barr is concerned.

Part IV. Maj Gen John H. Church. Assumed command 24th Inf Div on 23 July at a critical yet very difficult period. Div disorganized. Had lost many key leaders, and was at 45% strength. NK drive threatening Pusan from south forced commitment of Div in this condition. Under Gen Church, Marines, ROKs and 24th Div were banded together and stopped NK threat. On 16 Sep, 24th Div broke hold of NK forces encircling Eighth Army by capturing Waegwan and Taegon. Continued advance northward until Div reached Songchon and within sight of Yalu by late Oct. Prior to assuming command of the 24th Div, Gen Church had been charged with organizing advance CP, GHQ in Korea and with reorganizing the dispersed elements of the ROK forces. It was due in large part to his heroic efforts between 27 June and 12 July that impetus and direction was given to reestablishing the deteriorating front lines. Awarded Legion of Merit for this latter action and the 1st Oak Leaf Cluster to SS for gallantry in action on 19 Sep. Recommended for DSM (see CINCFE msg Z 37430, 21 Jan). 24th Div awarded Dist Unit Citation and has been proffered the ROK distinguished citation. Gen Church is a tireless worker and is unremitting in his devotion to his men and their welfare.

Part V. Maj Gen William B. Kean. Commanded 25th Inf Div since 7 Sep 48. After arrival in Korea on 10 Jul 50 led Div through 190 days of combat. Outstanding operations - 10 Jul to 31 Jul. With Div held line northwest of Taegu against desperate assaults by two North Korean Divisions until forced withdrawal after four days fighting. On 21 July - 1 Aug task force Kean staged diversionary attack toward Sinju to delay the enemy's attack on the Naktong line until this line could be prepared for defense. After taking part in coordinated Army attack launched on 24 Nov 50, Div repulsed strong counterattacks. As enemy offensive forced 8th Army back, 25th covered withdrawal in defensive positions at Pahchon and Won-ni. Gen Kean executed the all important mission of defending the bridges and fords across the Chongchon River to cover the withdrawal of Army units. Detailed planning resulted in the completion of the withdrawal and the destruction of the bridges in the vicinity of Anju in an outstandingly successful manner. Personality -- quiet and unselfishly

FROM: CINCFE TO: DEPTAR GA PSD JJD MM 22 Jan 51

devoted to the welfare of his men. Outstanding in carrying on his responsibility for the men he commanded. Decorations -- SS at Shinju; DFC for aerial flights while directing his Div to combat. DSM recommended.

TO: DEPTAR WASHDC . . . . . OPERATIONAL IMMEDIATE

Z34730 Personal for Brooks. This msg in two parts.

Part 1. Recommend the award of second OLC to DSM for Maj Gen David G. Barr, 010313, US Army. This officer is highly recommended for DSM by Maj Gen E.M. Almond, CG X Corps and concurred in by Lt Gen Ridgway. Gen Ridgway desires to present this award prior to departing of Gen Barr for new asgmt. Proposed citation follows: "For exceptional meritorious conduct in a duty of great responsibility during military operations against an armed enemy in Korea from 30 June 50 to 20 Jan 51. As CG of the 7th Div, immediately preceding his arrival in Korea, Gen Barr was faced with the momentous task of reorganizing and treating his division after it had been depleted of trained troops to reinforce units already committed to the battle front in Korea. The highly successful accomplishment of this task in a minimum time is evidenced by the outstanding combat effectiveness displayed by his division in Korea. Gen Barr displayed a high degree of leadership, aggressiveness, and a complete devotion to duty during the planning stages and execution of the amphibious landings and combat operations during the invasion of Inchon and the attack southward to seize Suwon and its vitally needed airfield. The combat effectiveness of the division in amphibious operations once again proved itself during the invasion of Iwon and the attack NW to the Yalu River on the Manchurian Border. His highly competent supervision of command and staff functions as revealed in the smooth transition of this division from a peace time mission to one of combat in such an extremely short period, ably demonstrated his superb fitness for high command. His leadership, initiative, tactical judgment and unremitting devotion to duty in projecting and coordinating the tactical elements of his command have materially contributed to the success of the UN mission. Frequently exposing himself to enemy fire, he personally visited subordinate commanders on the front lines and by fearless leadership aided and encouraged his forces in the attainment of their assigned objectives. Gen Barr's extraordinary performance of duty reflects great credit on himself and is in keeping with our highest ideals and the esteemed traditions of the military service. Entered the federal service from Alabama."

Request final action on this award by radio ASAP. WD Form 638 forwarded by airmail confirming this recommendation.

Part 2. Recommend the award of the DSM to Maj Gen John H. Church, 08197, US Army. This officer was highly recommended for the DSM by the late Lt Gen

FROM: CINCPAC TO: DEPTAR WASH DC 21 Jan 51

Walker and the award is concurred in by Lt Gen Ridgway. Gen Ridgway desires to present this award to Gen Church prior to his departure in the near future on new assignment. Proposed citation follows: "Gen Church rendered exceptionally meritorious and distinguished services in the performance of duties of great responsibility during the period 23 July to 20 Jan 1951. When Gen Church assumed command of the 24th Inf Div, combat effectiveness had been reduced to less than 45% by an exhaustive delaying action during which the Division had suffered severe losses in men and equipment. Though the Division had been relieved for badly needed rest and reorganization, the gravity of the military situation necessitated immediate recommitment to defend the western flank of the American zone against an enemy drive on Fusan. Gen Church committed his forces on an eighty mile front and succeeded by a series of tenacious delaying actions in thwarting the enemy threat. On 6 Aug 50 the Division was given a new defensive mission on the central Naktong River line. The enemy succeeded in securing a bridgehead on the southern end of the Division's new defensive sector. Gen Church committed the small reserve available to him in an effort to contain the penetration. When the reserves proved to be insufficient, he audaciously withdrew infantry and artillery units from the remainder of the Division's wide front and replaced them with his engineer battalion. With these new forces, he counterattacked the enemy bridgehead which succeeded in containing the enemy. When the 1st Provisional Marine Brigade was attached several days later, another counterattack was made which succeeded in erasing the enemy bridgehead. On 6 September 1950, Gen Church was ordered to move his command to the Kyongju-Pohang area where the enemy had breached the lines of the Army of the Republic of Korea. He was ordered to assume command of the badly shaken Republic of Korea Forces in his zone in addition to the 24th Inf Division, and to restore the original line. By a series of rapid attacks, he accomplished this mission. Several days later Gen Church was ordered to cross the Naktong River in the vicinity of Waegwan and to attack to the northwest along the main axis of communications in South Korea with Haejon as the Division objective. Initial elements of his command crossed the Naktong River on 18 September 50 against heavy opposition. Eight days later the Division recaptured Haejon. In this ninety mile offensive more than seven thousand prisoners were captured, hundreds killed, countless items of armor and equipment destroyed, and the once powerful enemy divisions in this area rendered totally ineffective. Several weeks later Gen Church was ordered to move his Division to the north, attack across the 38th parallel and cut off the peninsular portion of North Korea to the west of Haeju-Chaeryong. Again he directed elements of his command in an outstanding offensive that accomplished this mission and inflicted severe losses upon the enemy. On 20 Oct 1950, Gen Church was ordered to move the 24th Inf Division to the vicinity of Pyongyang and attack to the northwest on a forty mile front. Gen Church made brilliant tactical decisions backed by a correct analysis of the enemy's capabilities and probable courses of action. His decisions enabled the Division to overrun each of the enemy's many defenses in the area. The record of the 24th Inf Division in Korea is a noble one and its achievements under Gen Church mark a distinct period in its magnificent accomplishments on the battlefields of Korea. Gen Church's exceptionally

FROM: CINCPAC TO: DEPTAR WASHDC GA WAB/ok 21 Jan 51

meritorious conduct in the performance of outstanding services as CG of the 24th Inf Division and attached troops reflects great credit on himself and the military service. Entered the military service from New York."

G-4 KOREAN ECONOMIC AID PROGRAM

GD KEA JSH/kt  
21 January 1951

MEMORANDUM FOR RECORD:

Subject: Request for Authorization to Procure Civilian Relief Supplies for Korea.

1. In accordance with DA msg W 99351, 21 Dec 50, instant msg requests authority to procure 1,000 MT of soap and 63,800 lbs of calcium hypochlorite for civil relief use in Korea. These quantities are within approved program requirements for South Korea for FY 51.
2. Requirements for this procurement were contained in EUSAK msgs G-1-598 KGAN, 8 Jan 51, G-1-727 KCAC, 10 Jan 51, and G-1-1320 KCAN, 16 Jan 51. Modified by telecon, Lt Col Hardin (G-4 KEAD) with Lt Col Sundlof (CAS EUSAK) to reduce Feb and Mar soap reqmts to 500 MT for each month.
3. Subject msg points out to DA that it is felt here that price of soap in Japan is excessive. Info is requested from DA on any quantities programmed in ZI for supply against South Korean requirements. Authority is requested to procure locally the remaining quantity of soap to meet emergency needs which cannot be supplied from ZI for Feb and Mar deliveries.
4. The lead time for procurement of these two items in quantities requested is approximately three weeks. In view of the short lead time, it is planned, based on DA reply, to place only those quantities on procurement at this time to meet Feb needs. The local procurement which might be necessary to meet Merch reqmts can be held in abeyance until the first week of February and still meet planned phased delivery schedules. This will permit some latitude for maintaining a balance between procurement of these items and the constantly changing requirements for Korea.
5. Stocks on hand in Japan which are to be used to meet requirements for Cheju-do are: Soap, 206 tons; Calcium Hypochlorite, 1,000 lbs. Neither of these two items are on procurement at present.

M/R, subj: Request for Authorization to Procure Civilian Relief Supplies for

6. The total estimated cost of this procurement is:

Soap, 1000 MT @ \$500.00	- \$	500,000
Calcium Hypochlorite, 63,800 lbs @ \$0.18	- \$	<u>11,484</u>
Total	- \$	511,484

7. Coordination: QM (Maj McAlheny)  
PH&W (Dr. Bond )  
EUSAK (Lt Col Sundlof)

8. Within established policy.

9. Initiated action completed. Necessary procurement action will be taken upon receipt of requested authorization from DA.

For CINFO. Following text Republic of Korea presidential unit citation awarded 25th U.S. Infantry Division:

"The Republic of Korea, September 29, 1950. Presidential Unit Citation. The President of the Republic of Korea takes profound pleasure in citing for outstanding and heroic performance of duty on the field of battle during the period 1 Aug - 11 Aug 1950, the 25th U.S. Infantry Division for the award of the Presidential Unit Citation.

"For the unprecedented shift on the night of 1 - 2 Aug from the Army's right to left flank, for its rapid organization of defense in the Masan area and for its counterattack against 3 North Korean divisions in the Chinju area. This counterattack so disorganized the enemy's advance that it was never later able, despite repeated and heavy attacks to advance and capture the port of Pusan.

"This marked and brilliant performance of duty by each individual member of the 25th U.S. Infantry Division is in accord with the highest tradition of the military service.

"This citation carries with it the right to wear the presidential unit citation ribbon by each individual of the 25th U.S. Infantry Division which served in Korea in the stated period. Signed Syngman Rhee."

For Cinfo. Reurad DA 36838 following translation of Republic of Korea Presidential Unit Citation awarded the US 24th Inf Div: "Republic of Korea Sept 29, 1950 Presidential Unit Citation. The President of the Republic of Korea takes profound pleasure in citing for outstanding and heroic performance of duty on the field of battle during the period 2 July-22 July 50, the 24th US Inf Div for the award of the Presidential Unit Citation. As the first US division in combat at Pyongtack, Korea, it so distinguished itself by its tenacity, hard fighting and willingness to make extraordinary sacrifices against greater odds as not only to delay the advance of a numerically superior enemy, but in addition, gained valuable time to permit other UN forces to arrive on the battlefield. This marked and brilliant performance of duty by each individual member of the 24th Inf Div of the US Army is in accord with the highest traditions of peace-seeking defenders of liberty. This citation carries with it the right to wear the Presidential Unit Citation ribbon by each individual of the 24th US Inf Div which served in Korea in the stated period. Signed Syghman Rhee Unquote.

Pass to AAFMPS. Urmsg WCL 34515. Recm 25¢

admission all authorized adult pers and 15¢ all authorized  
children under 12

OFFICIAL:

APPROVED:

K. B. BUSH  
Brigadier General, USA  
Adjutant General

PAUL B. KELLY  
Brigadier General, USA  
Special Services Officer

Copies to:

- CC
- CS
- GI

MEMO FOR RECORD:

1. Present admission rates of 15¢ for children from 6 to 14, 20¢ for military personnel and their dependents, 30¢ for Dept of Army and Air Force civilians and their dependents and all other authorized personnel 35¢, should be stabilized to a straight 25¢ for the following reasons:

- (a) To have uniformity in Army and Air Force theater admission charges. In the ZI the present admission charge is 24¢ for all authorized personnel including military and civilians with children under 12 15¢.
- (b) The decrease from 30¢ to 35¢, though reducing the revenue on these sales, should be more than offset by the increase in military and their dependents rate of 20¢.
- (c) An increase from 20¢ to 25¢ for military personnel within the FEC should not be objectionable in view of the present admission rate of 24¢ in the ZI.
- (d) By standardizing on one admission rate of 25¢ for all adult personnel the temptation of selling lower rate tickets at higher prices by ticket cashiers would be eliminated. This has happened in several instances, necessitating boards of officers to be appointed to investigate.

Personal for Brooks. Recommend the award of the first OLC to DSM to Colonel Eugene M. Landrum, 04570, GSC, United States Army. This officer was highly recommended for the DSM by the late Lt Gen Walker and the award is concurred in by Lt Gen Ridgway. Gen Ridgway desires to present this award prior to the departure of Col Landrum from the FEC on or about 14 Jan 51. Proposed citation follows:

"Colonel Landrum distinguished himself by exceptionally meritorious service in the performance of duties as Chief of Staff, Eighth United States Army, Korea during the period 13 July to 3 September 1950. This was during the critical period of hostilities and the formative period of United Nations defense of South Korea. Colonel Landrum relieved the Army Commander of many detailed duties which enabled the Army Commander to devote full time to the tactical problems and execution of the war. Colonel Landrum inspired the Headquarters Staff with the determination to win. He tactfully promoted unity of purpose and obtained efficient results. Colonel Landrum coordinated the activities of the rear echelon of the Headquarters in Japan with Headquarters Eighth United States Army in Korea. This coordination often required Colonel Landrum to travel personally to Japan in addition to his duties in Korea. He assisted greatly in logistical preparations, phasing of personnel, and later in the implementation of this planning in Korea. He not only assisted in laying the plans but executing them as well. Colonel Landrum coordinated the rapid movement of troops and materials to Korea in the early critical stages of the war. His achievements are reflected in the success of the Eighth United States Army and attached troops in stopping the advance of the Communist forces. In this respect, Colonel Landrum made indispensable contributions to the military operations in Korea. His superior military knowledge was of inestimable value in meeting the situations which arose."

Request final action on this award by radio ASAP. WD Form 638 forwarded by airmail confirming this recommendation. Signed HICKEY.

**2 - 32967**

Personal for Brooks. Recommend the award of the first OLC to DSM to Colonel Eugene M. Landrum, 04570, GSC, United States Army. This officer was highly recommended for the DSM by the late Lt Gen Walker and the award is concurred in by Lt Gen Ridgway. Gen Ridgway desires to present this award prior to the departure of Col Landrum from the FEC on or about 14 Jan 51. Proposed citation follows:

"Colonel Landrum distinguished himself by exceptionally meritorious service in the performance of duties as Chief of Staff, Eighth United States Army, Korea during the period 13 July to 3 September 1950. This was during the critical period of hostilities and the formative period of United Nations defense of South Korea. Colonel Landrum relieved the Army Commander of many detailed duties which enabled the Army Commander to devote full time to the tactical problems and execution of the war. Colonel Landrum inspired the Headquarters Staff with the determination to win. He tactfully promoted unity of purpose and obtained efficient results. Colonel Landrum coordinated the activities of the rear echelon of the Headquarters in Japan with Headquarters Eighth United States Army in Korea. This coordination often required Colonel Landrum to travel personally to Japan in addition to his duties in Korea. He assisted greatly in logistical preparations, phasing of personnel, and later in the implementation of this planning in Korea. He not only assisted in laying the plans but executing them as well. Colonel Landrum coordinated the rapid movement of troops and materials to Korea in the early critical stages of the war. His achievements are reflected in the success of the Eighth United States Army and attached troops in stopping the advance of the Communist forces. In this respect, Colonel Landrum made indispensable contributions to the military operations in Korea. His superior military knowledge was of inestimable value in meeting the situations which arose."

Request final action on this award by radio ASAP. WD Form 638 forwarded by airmail confirming this recommendation. Signed HICKLEY.

MEMO FOR RECORD:

SUBJECT: TOG 62-0-426 Supplies

1. By rad Z 42527, 10 Apr 50 certain items were requested from DA.
2. Our Z-26819, 24 Nov, inquired of DA as to scheduled delivery.
3. DA by WCL 29303 stated item 1 (7 adding machines) was shipped from S.F. 7 Aug 50 on President Taft. Only 6 adding machines have been received. Since error in shipment may have been made, query is put as to seventh machine.
4. Line-a-times contrast was canceled by default, DA WCL 29303 advises, and revised shipping schedule is o/b 6 Dec 50. Name of ship carrying items will permit tracing.

ROK, Com, QM, Eng, Ord, Sig, Med, Cml, Trans

M/R 1. Part one of DA msg WCL 35012, 28 July 50 (relayed by CINCFE to all major subordinate commands by ltr, Responsibility for Resupply Support, 2 August 50) states:

"The Department of the Army will assume responsibility for resupply support in Korea on nonreimbursable basis for all classes of supplies except those items peculiar to another service. Resupply will be provided for all United States Forces actually stationed on the Korean peninsula. Replenishment from zone of the interior of stocks issued to forces stationed in Korea will be considered as Army requirement and so reflected on requisitions."

2. Whereas quoted DA msg clearly outlines policy for transfers in Korea from Army to other branches of Dept of Defense, it is not certain whether transfers in Korea from other branches to Army are on reimbursable or non-reimbursable basis. Inst msg requests DA to clarify this point, which was raised by receipt of bill from Navy covering transfer of mittens to Army in Korea from Navy ship.

3. Coordination not required.

4. Initiated case, related to Journal No 00292.
