Dear Sir:

I have the honor, in representation of the prewar employees of the TACLOBAN ELECTRIC & ICE PLANTS, Ltd. of whom I am the attorney-in-fact, to request the reconsideration of your decision on our petition for the payment of backpay as such employees. It will be recalled, as can be verified from your records, that we became in effect employees of the American government when the USAFFE took over the management of the above-mentioned firm in conformity with a contract executed with the officials of the firm by representatives of the U. S. Army. As such employees, we rendered services to the firm during the enemy occupation and up to the time the firm was turned over by the USAFFE to the Philippine government.

We cannot understand the reason for denying our claim for our services, when the claim of Mr. Joseph V. House based on the aforecited contract was honored by that Office. The basis of the two claims is the same, namely, the contract entered into with the U. S. government. If compensation is given to one, justice demands that it should also be given to the other. We who rendered services to the firm and to the U. S. government even deserve a greater consideration, for our claim is not based on mere property used by the USAFFE but on our sweat and toil during the long months that the war lasted.

Hoping that our plea will meet with your kind attention and that your decision in the premises will be generously reconsidered, I am

Very respectfully yours,

P. G. COLOMA

1. Attached correspondence is considered insufficient proof on which to base individual claims submitted by employees of the Tacloban Electric & Ice Plants.

2. It is further considered that more evidence should be submitted to prove that attached contract is a true copy of contract drawn up on 21 April 1942.

3. It should be noted that the employees of the company will be recognized as War Department employees if the contract is valid, but will not come under the provisions of the Missing Persons Act as they were employed less than 30 days at the time job ceased to exist due to enemy action.

4. Persons who submit claims for any time prior to 15 April 1942 will automatically be excluded from benefits of the Missing Persons Act because their status was not that of a War Department employee.
