A F F I D A V I T

(Q.M.C. NICHOLS FIELD)

21 June 1945

I, Frank Bernacai, T/Sgt., at present on duty with AFPAC Training Group, after having been duly sworn, depose and say:

That I was on duty at Nichols Field Detachment QM Corps prior to the outbreak of hostilities in December 1941. I was foreman of all the shops and have personal knowledge of the employment status of civilian employees of the installation.

At the outbreak of the war 8 December 1941, Lt. Col. Bogar ordered me to get all civilian employees off the field, including most of the permanent employees. I was instructed to tell them to evacuate their families and to stand by for call to duty if we set up another installation.

Prior to the outbreak of the war we had the problem of building barracks for troops coming over from United States and many temporary employees were hired from time to time for building platforms and remodeling further. These employees were not intended to be permanent. However, we had a number of permanent employees who can usually be identified by their long period of service.

I will furnish by separate list a number of permanent employees of whom I have personal knowledge. Also I may be able to furnish information of employees who failed to remain on duty until duties were officially suspended or whose conduct was such as to reflect on their loyalty to the United States.

-- Permanent

Subscribed and sworn to before me this _____ day of _____
1945 at GHQ AFPAC, Recovered Personnel Branch, APO 500.
