Mr. Everett F. Drumright
Acting Assistant Secretary
for Far Eastern Affairs
Department of State

Dear Mr. Drumright:

I am referring to your letter of 16 June 1954, file reference 711.11-31/6-254, addressed to the Secretary of the Army in behalf of the Philippine Embassy, requesting information regarding the Volunteer Guard Organization of the Philippine Republic.

The records show that the Volunteer Guard Organization, Cebu Area Command, was not favorably considered for recognition as a guerrilla organization. Accordingly, individuals claiming service with this organization are not entitled to benefits under laws administered by the United States Government.

The Guerrilla Recognition Program terminated with the deactivation of the Guerrilla Affairs Division on 30 June 1948. Subsequent to that date, the authority to extend recognition to individuals and organizations claiming guerrilla service ceased to exist.

Sincerely yours,

JOHN A. KLEIN

Dear Mr. Secretary:

There is transmitted a copy of the text of a note from the Philippine Embassy and copies of its enclosures, which pertain to the alleged guerrilla activities of the "Volunteer Guard Organization, Cebu Area Command," during the occupation of the Philippines by the Japanese.

In order that the Department of State may decide what further action should be taken in this matter, it would be appreciated if the Department of the Army would advise whether the unit in question was recognized as a bona fide guerrilla unit and paid as such (see third paragraph, page 2 of the attached resolution), or, if not, whether there is any record of it.

It would also be appreciated if the Department of the Army would confirm this Department's understanding that, in the event that the unit was not recognized, it is now too late for reconsideration of any application for recognition which it may have made.

Will the Department of the Army please return the enclosures to this letter when they have served their purpose.

The work or missions of the Volunteer Guards were more dangerous and sacrificial than the regular army, carrying their provisions to different destinations and messages from one point to another, without complaints and protection. Many were actually killed by the Japs during the performance of their missions without receiving any compensations or rewards for their poor widows and children. The Volunteer Guards were doing underground works or missions. Oftentimes, they were sent by the Army Officers to penetrate the Japs occupied area, to observe the strength of the enemies and to locate their outposts preparatory for the attack and to gather and steal the nit to do so. They were given assignments to gather the wounded and deads from the battle fronts. They also saved the lives of the American Aviators during the bombing of the Japense boats, headquarters and depots, specially in Cebu, when the American airplanes were hit by the Japanese anti-aircrafts and pongpong guns. Had it not been for the brave Volunteer Guards, these American Aviators were either captured or killed by the Japs. Thank God, for courageous and daring work of the Volunteer Guards all these American Aviators were saved, cared for and sent to the submarine boats who were looking for these lost American Aviators;

Dear Mr. Ignacio:

I am referring to the roster of alleged former members of Fil-American Irregular Troops, Talbas Regiment, formerly Antipolo Unit, which was submitted in connection with a claim for pay and allowances based on alleged guerrilla service rendered during World War II.

The first requirement for crediting an individual with recognized guerrilla service is that his name appear on an approved reconstructed roster of an organization. Records on file in this office do not indicate that the above mentioned guerrilla unit is an approved guerrilla organization.

The extension of official recognition to individuals or organizations claiming guerrilla status was a function of the Guerrilla Affairs Division. Under this program, a period of some three years was allowed for guerrilla units and members of such units to request official recognition. When that organization was deactivated on 30 June 1948, the guerrilla recognition program terminated and the authority to alter, amend or modify previous decisions made, ceased to exist.

In view of the foregoing, I know of no other action that may be taken.

Miss Tomasa L. Fontanilla
2836 Rizal Avenue
Ext. Santa Cruz, Manila
Philippines

Dear Miss Fontanilla:

Reference is made to your recent communication, with inclosed roster, addressed to the Secretary of the Army, Washington 25, D. C., concerning recognition of alleged guerrilla service rendered by former members of Fil-American Irregular Troops, Talbec Regiments, formerly Antipolo Unit.

The first requirement for crediting an individual with recognized guerrilla service is that his name appear on an approved reconstructed roster of an organization. Records on file in this office do not indicate that the above mentioned guerrilla unit is an approved guerrilla organization.

The extension of official recognition to individuals or organizations claiming guerrilla status was a function of the Guerrilla Affairs Division. Under this program, a period of more than three years was allowed for guerrilla units and members of such units to request official recognition. When that organization was deactivated on 30 June 1948, the guerrilla recognition program terminated, and the authority to alter, amend or modify previous decisions made, ceased to exist.

In view of the foregoing, I know of no other action that may be taken.

Sincerely yours,

DAVID H. ARP
Colonel, AGC
Commanding
