To : Commanding Officer, P.S.D.

1. It is requested that instructions be issued to units under your command to secure, wherever possible, heavy timbers and transport same to the site of any bridge that has been destroyed on main or secondary highways.

2. Instructions should also be given to your local units to station men to meet all American patrols entering their areas to act as guides, to show patrols the location of possible fords where it is necessary to by-pass destroyed bridges and to give information of any Japanese units or Japanese stragglers in their areas.

My dear Commo,

We dropped at your Headquarters this afternoon but you were out. I had some important matters to take up with you. In the meantime prepare a list of all your men that are on patrol duty along the foothills with the complete name of their unit as: "1st Pltn., 'B' Co., 1st Bn., 6th Pampanga Regiment", etc. I may pick this personally in the morning or send a messenger to get it for me. This is very important and must be very accurate. State also your area used by said patrol. Indicate any other activity taken by your boys but not covered by this instructions.

We are now getting better results. We expect something concrete in a few days.

Best regards and good luck.
