1. A field examination is requested for the purpose of securing evidence from which a determination may be made as to whether the veteran died in line of duty while on active service with an organization recognized as being in the service of the armed forces of the United States on the date of his death.
2. The record includes a VA Form 3101, VAB Form 32 and VAPI Form 37, dated May 23, 1949, showing the veteran's rank and organization as PFC. A Co., Batangas Military Area, Andersons Guerrillas; that he had recognized guerrilla service from July 16, 1944 to January 16, 1945; that it is determined that he died on January 16, 1945 at Aga Nasugbu, Batangas, Philippines; the cause being "killed by Japs"; and that the guerrilla unit was recognized on July 3, 1942.
3. A casualty roster in this office of the Batangas Military Area, Andersons Guerrillas, shows that the Pfc. Pedro Jonson, was inducted in that unit on September 2, 1943; killed in line of duty on January 16, 1945, while a recognized guerrilla at Wawa Nasugbu, Batangas, and that he had an inactive period of service from September 2, 1943 to July 15, 1944, and active service for six months, that is, from July 16, 1944 to January 16, 1945.
4. It is requested that the field examiner furnish a report showing the civilian and military activities of the veteran from December 8, 1941 to the date of his death, which should include his occupational history during the Japanese occupation; whether he performed any active military service and, if so, furnish the date and place he reported for active duty from his inactive status shown as being from September 2, 1943 to July 15, 1944; the nature of the active duty performed, as well as the date, place and cause of death. All available information should be furnished showing the circumstances leading up to the veteran's death as well as the means by which he died.
5. It is further requested that the examiner include in his report copies of all available evidence upon which the service department based its report of the veteran's service and death.
6. The above mentioned casualty roster includes 43 names as members of the Batangas Military Area, Andersons Guerrillas and shows that all of the members except one were "Killed in line of duty", apparently while at their respective homes, that is at Nasugbu and Lian, Batangas, or Sto Tomas, Batangas; that all the members, except three were "Killed in line of duty" on the same date, that is January 16, 1945, and that none of the members were killed in action.

Manager, VA Regional Office

XC-6 264 302
JONSON, Pedro

7. Inasmuch as none of the casualties of the Batangas Military Area, Andersons Guerrillas were killed in action, according to the roster, and all except one member was killed, apparently at their respective homes, this suggests a general massacre of all of the population occurred in the area, including Nasugbu, Lian and Sto Tomas; therefore the examiner is requested to include in his report a history of the activities of the Japanese in the Batangas Area, as well as all available information, showing the circumstances by which 40 members of the Batangas Military Area, Andersons Guerrillas, were killed in line of duty on the same date.

8. The examiner's attention is invited to the fact that a number of claims for death compensation based upon the death of members of the Batangas Military Area, Andersons Guerrillas, are pending in this office and that his report, particularly to that part having reference to the requested history, will also be considered in those cases which include:

Basilio N. Jonson	XC-6 307 437
Ambrocio G. Jonson	XC-6 370 318
Marcial C. Medrano	XC-6 372 274
Jovencio V. Limjoco	XC-6 370 130

9. It is contemplated that this report will consist of depositions and certificates of search where necessary and all leads disclosed will be followed up and fully developed.
