Facts about Apayao Co-

a. Apayao Co was the former PC Co at Kabugao under the command of the then Capt Silvino Garcia. All Officers and men of that PC Co were inducted at Kabugao by the then Capt Ralph Praeger sometime before the middle of 1942.

b. Pursuant to memorandum date July 6, 1942, jointly signed by Gov Adduru and Capt Praeger, all USAFFE Forces in Cagayan were placed under the command of Gov Adduru, and Capt Praeger was made "in charge" of Apayao Force.

c. On or about Sept 1, 1942, Gov Adduru moved his Hq from Siuan, Rizal, to Kabugao.

d. In February 1943, in conversation had among Gov Adduru, Major Praeger, and Capt Garcia at Grace Ridge, the organization of a new Battalion was planned and arranged, and effective Feb 15, 1943, Apayao Co was made one of the companies of that battalion, known as 3rd Bn of the Adduru Force. The command of Apayao Co was ceded to Lt Taib Surian, who was promoted effective Feb 15, 1943 by Gov Adduru to 1st Lieutenant, Capt Garcia was effective also that same date (Feb 15, 1943) made Major and given the command of the 3rd Bn. It was for this reason that the command of Gov Adduru became known as "Cagayan-Apayao Forces".

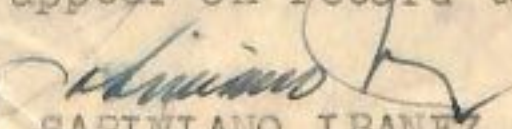

e. Let it be made clear that while most of the members of Apayao Co were made of record to have joined the Adduru Force on Feb 15, 1943, this does not mean that they were inducted into the USAFFE effective that date. The real fact is that they were inducted long before and that was as early as prior to the middle of 1942; but they were not officially made part of the Adduru Force until Feb 15, 1943.

f. Sector of Apayao Co was the whole of Sub-Province of Apayao. Co Hq was at Kabugao up to about December 17, 1942, when same was transferred to Tawit, Apayao, in view of an impending penetration of the enemy to Kabugao.

g. Achievement of Apayao Co was the full maintainance of peace and order; complete prohibition of communications between the sub-Province and any area actually occupied outside by the enemy; and prevention of infiltration into the Sub-Province of any Jap or Jap agent or any puppet government official or employee or representative attempting to conduct enemy pacification drive. Also keeping under protective custody Jap prisoners of war up to as late as March 1943.

h. 3 members of Apayao Co, namely, Sgt Ludasan, Pvt Abansado, and Pvt Marquez, were killed by the enemy before the official incorporation of the command into the Adduru Force. But these, prior to such incorporation, had already been serving the Adduru Force since the date they appear on record to have joined the Apayao Co.
