MEMORANDUM FOR: Chief, Investigation Branch

SUBJECT: Investigation of Bataan Military District Casualty Roster.

1. This memorandum is to confirm orders issued verbally by Lt Colonel E. Rinaldi, Executive Officer, AGRD, this date.
2. Colonel Rinaldi indicated that the entire casualty roster of the Bataan Military District would be investigated to determine any irregularities as to service, date and method of death, etc. Since your Section is presently investigating part of this roster, this effects a continuation of that project. It will entail checking the entire roster against cases already investigated by your Section leaving a balance to be determined. If a case is determined to be covered by evidence present in another file, such evidence will be used in the latter case also, precluding field investigation.
3. The entire roster is determined to be one project and should be concluded as such. It is not desired that any case be left undetermined. It is requested that all cross references in any particular case be made prior to conclusion to preclude a second review upon return to this Section.
