Balance of money
conducted in connection
with Philippine Army
Claims

X.1 The following is an estimate of the number of Philippine Army personnel that died prior to surrender or in POW camps and those that survived:

TOTAL USAFFE Personnel	129,146
Died in Capas	29,000
Died on Death March	7,000
Died in OTHER Pow Camps	300
Missing in Action	5400
Killed in Action	4000
TOTAL PERSONNEL ESTIMATED	45700
Alive subsequent to Surrender	74,446

2. A survey of 10,256 201 files was made to determine the probable number of cases that would be affected in arriving at the cost of paying for No Casualty Status, erroneous deductions pertaining to NSLI, Quarters, 3 months advanced pay, etc and emergency & guerrilla monies.
3. The ratio of officers to enlisted men is determined as 1 officer to 15 Enlisted men. In computing the cost of the items listed in paragraph 3, this ratio was applied to 74,446 Philippine Army personnel estimated to have survived the surrender. The following
- (1) An estimated 79,312 enlisted men survived

QUARTERS ALLOWANCE

A - CASE OF PINTO, VICTORICO A.

(1) Allegations submitted by the Committee:

(a) EXHIBIT No. 1, Executive ORDER dtd 10 MAR 42
fixed the Pay and quarters allowance of
officers and enlisted men effective 15 MAR 42.

(b) STATEMENT OF PAY & ALLOWANCES, ^{Exhibit No. 39,} dtd 4 Dec 47
indicates subject was not paid Quarters
allowance.

(c) President Truman's Executive ORDER abolished
the area where quarters allowance could be
paid due to inadequate quarters. He further
contended in his Executive ORDER that the
housing for officers and enlisted was not
adequate and therefore ~~the~~ the men should
receive quarters allowance.

(2) Evidence in Subject's 201 file reveals the following:

(a) FM 23 dtd 23 Aug 46 reveals that subject was
single and that he did not receive quarters
allowance.

(b) RPD 307 under MPA, ^{dtd 22 Oct 47} states that subject
was not entitled to quarters allowance.

~~1- Quarters~~

a. Errors in quarters ~~entitled, not paid~~ being checked to determine the cost involved to reimburse those people that were married + entitled to quarters allowance. This means pulling the 51 201 files involved & checking the period of service that A/P determined was a pay status. The days involved then must be broken down to prior to 1 Jul 42 + subsequent to 1 Jul 42 in order to compute the amount involved.

b. Question - Our statistic shows that 191 officers and 2738 EM were reported as single + not paid. Inasmuch as the Committee contends that inadequate quarters were furnished ~~all men married or single~~, should we compute the actual cost of quarters in view of the possibility that they may be reimbursed this amount or will the committee accept the number of people involved + decide one way or the other based on those figures alone.

To compute this amount would mean pulling 2921 201 files and figuring the no. of days of pay status prior to 1 Jul 42 unless a statement of pay + allowances is present in one

+ subsequent to 1 Jul 42. Is it necessary
to do this?

2 - NSL1 - The cost of reimbursement on
NSL1 cannot be computed from our figures
and would mean checking each 201 file
in order to determine how many monthly
premiums were deducted erroneously.

3 - Returned to Military Control after 15 Aug 45. -

a - From the 10,000 records surveyed, 1360 records
revealed individuals returning to military control
after 15 Aug 45; however, they were not denied
Arrears in Pay. The records were not
checked to see if the Arrears in Pay Program
charged the individual with pay for the
period subsequent to 15 Aug 45 during which they
were not present ^{for duty} and then deducted it
again. It is possible in most of these
cases that the A/P program deducted
this pay without giving them credit
in their total pay. (See claim submitted by
the Committee on Abildos + Hickelas).

Unless a statement of Pay & Allowances is present in the

b. If so each 201 file that shows a deduction on a basis would have to be rechecked in order to find out the total amount deducted.

c. There is a total of 288 files found that reveal erroneous deductions were made.

d. In screening some of the reports, it was found that the average erroneous deduction for E-1 was \$50 and officers \$400.
