I. ORGANIZATION

A. Identification of the unit, full name and geographic location.

No change for the period covered. (See January, April and August 1952 Historical Data Reports.)

B. Internal structure of organization: Subordinate units.

No change for the period covered. (See January 1952 Historical Data Report.)

C. Primary and secondary missions of the unit, with functional chart.

(1) No change for the period covered. (See January, June,

July and September 1952 Historical Data Reports.)

(2) Previously reported new Table of Distribution together with a revision of the unit's primary and secondary missions submitted to RYUKYUS COMMAND, APO 331, on 24 September, has not been returned. However, the command is geared for operations under this new T/D in the performance of its missions. (See September 1952 Historical Data Report.)

II. OPERATIONS AND TRAINING

A. Summary of the situation; primary objectives; trends; and reasons for success or failure of operations.

(1) Accomplishments of the missions assigned this unit is contingent upon the final decisions of higher headquarters reference to additional personnel spaces shown by experience to be necessary.

This is particularly true in regard to the accomplishment of the War Claims Commission Project (WCC), as completed cases adjudicated by local civilian employees waiting final review by DAC employees continues to mount.

As a matter of fact, under the scheduled accelerated completion date, this Project should have completed 26,237.75 certifications as of 31 October 52. However, due to insufficient DAC Final Reviewers, only 2,782 cases have been completed, to date, leaving a backlog of 22,685.75 cases accumulated.

- (2) Under an agreement between the United States Veterans Administration, Manila Regional Office and the Commanding Officer, Adjutant General Records Depository, this headquarters effective 1 September 1952 discontinued certifications on loyalty status to USVA, MRO. The USVA, MRO from 1 September began securing loyalty information on all categories of claimants direct from the OSI District Office # 2, Clark Air Force Base. (Tab A)

The Loyalty Records Section, Veterans Branch, AGRD, ceased to function at the ^{log} COB 28 October 52. The difference in date of discontinuance of certifications and actual finalization of the Section was necessitated due to previously submitted cases by AGRD to the OSI on which returns had not been received, and had to be transmitted to USVA. Veterans Branch Memorandum No. 10, dated 7 October 1952, fully explains the Sections close-out phase and responsi-

bilities. (Tab B) *effect operations under current*

One local civilian employee, Claims Examiner was RIF'd (after refusal to accept another position at a lower grade) and another local civilian employee, Typist, was transferred to the Veterans Branch typist pool.

- (3) Records Branch, AGRD, assumed control of retained loyalty records data. Such files are maintained in Room 317, Palma Hall. *of copies was at the direction of the Exec-*

- (a) Due to lack of personnel and the possibilities of even further curtailments, the proposed statistical data report for WCC Project has been postponed. It was decided that in the event statistics over and

3. *WCC:* above actual intake of WCC Form-602 and AGRD output of certifications on AGRD-WCC Form 1, would be obtained by the sampling method.

- (b) Newly begun semi-monthly Narrative Report to the Commanding General, RTUKYUS COMMAND, APO 331, was changed to a quarterly report. (Tab C)

- (c) All SOP's of every branch were corrected during the

- month and now reflect operations under current
- B. Operational plans. A completely new SOP for the AGRD Officers' Open Mess was required to reflect operations under current procedures of operation of an Open Mess.
- (d) Began a "Basic Branch SOP" file, keeping current two copies of published SOP's. Maintenance of the file and number of copies was at the direction of the Executive Officer.
- (e) Accomplished a set of eleven (11) combination Organizational-Functional-Position-Grade Charts for all branches of the headquarters. (Tab D)
- (f) Continued a perfect Organizational and Functional Charts (orthodox) for all branches.
- (g) With the discontinuance of the Document Unit, Investigation Branch on 3 October 1952, Management Unit assumed the responsibility of maintaining certain files transferred from the Document Examiner to the OIC-MU as an additional function of the commands S-2.
3. Efficiency of all operations: Generally Excellent.
- C. Ground safety program with accounts of accidents and corrective action. There were no disabling accidents during October.
- D. Communication activities, installations changes, problems and solutions. No change for the period covered. (See January 1952 Histo-

rical Data Report.)

E. Operational plans, special studies, new techniques and status of projects.

1. Historical data maintained by the Records Branch was again implemented by the additional of a new Historical Reference Files:

Anti-Sabotage Regiment (1941-1942). (Tab E)

2. One hundred fifty-six (156) names were added to the "List of Unacceptable Affiants" as indicated in Veterans Branch Memorandums Number 11, 12, 13, 17, 18 and 19. (Tab F-1-2-3-4-5)
3. Time and Attendance Reports, effective 27 October 52, were decentralized from the timekeeping section of the Civilian Personnel Office and made an operational function of the individual branches, per Memorandum No. 10, dated 21 Oct 52. (Tab G)
4. Veterans Branch issued three memorandums during the month listed some very valuable information concerning prisoner of war status, useful to both the Review and Adjudication Section as well as the War Claims Project.

Veterans Branch Memorandum No. 14, dated 21 Oct 52:

An exhaustive study of the Educational Corps program of the Japanese Imperial Forces of Philippine Army Personnel reveals identifying information concerning certain codes used after the names of PA personnel. The memo also gives instructions and examples on

- how POW status periods are to be adjudicated in view of this new information at hand. (Tab H)
- Veterans Branch Memorandum No. 15, dated 21 Oct 52: Contains additional information concerning the graduates of Dau (Educational Corps Program) and gives special instructions of the adjudication of POW status in certain cases. (Tab I)
- Veterans Branch Memorandum No. 16, dated 28 Oct 52: Gives a list of one hundred forty-five (145) names of Philippine Army Personnel listed in Colonel Yei-kichi Yamamura's autograph album which the Branch has concluded to be conclusive proof that these persons attended spiritual and rejuvenation training under the Educational Corps Program. (Tab J)
- In accordance with adjudication instructions, POW service for persons listed in these three memos above will be determined as terminating on 9 August 1942. (Tab H)
5. For the period covered AGRD output was as follows:

	<u>Total</u>
WCC Certifications	871
VA Form 3101	819
VA General	264
Philippine Governmental Agencies	1,061
U. S. Governmental Agencies	168
Reclamas	1,253
Miscellaneous Correspondence	327
Miscellaneous Printed Matter	22

F. Summary of training situation, trends, reasons for success or failure in reaching training goals.

No change in training situation and trends. (See January 1952 Historical Data Report.)

G. Types of training offered, statistical summary and analysis of effectiveness.

Training completed during the month of October was as follows:

T I P	3	Hours
Physical Training	6	Hours
Fire Prevention	1	Hour
Officers' Call	1	Hour
CBR Training	1	Hour
Defense Plan	1	Hour

H. Problems and solutions; training accomplished as compared to training scheduled.

Training accomplished according to schedule with the exception of the TIP hour on 21 October, cancelled due to the typhoon alert. (Typhoon Trix - Valid.)

In addition to training accomplished by military personnel, all resident DAC and DAFC personnel of the Diliman Housing Area participated in the Fire Prevention portion of the training schedule. (Tab K)

Likewise all military and civilian employees at the Palma Hall office were instructed in the use of hand fire extinguishers strategically located in the building. Demonstrations by fire

fighting personnel of the AGRD Fire Department followed the verbal instructions.

A staggered schedule was followed in order that all Sections could participate without complete disruption of work. While the demonstrations were taking place outside of Palma Hall, Branch Chiefs conducted an inspection of their respective areas and issued corrective actions on fire hazards where noted.

On Monday 13 October, a mandatory meeting of all dependents personnel over 15 years of age and domestic help who are residents of the AGRD Diliman Housing Area was held for the purpose of receiving instruction in the use of fire-fighting equipment and prevention of fires. The meeting was held in the compound Chesson Theater at 0900 hours.

I. Complete account of ground and air defense training.

Not applicable for the period covered.

III. PERSONNEL

A. General statement of personnel situation.

1. Military:

No change in officer personnel during the period covered. Headquarters remains at T/D strength of twelve (12) Officers.

2. Civilian:

- (a) One DAC, Document Examiner, Investigation Branch was repatriated on 11 October 1952. However he is carried in a duty status until finalized at San Francisco.
- (b) One DAC, Claims Examiner, terminated locally.

B. Authorized and assigned strength at the beginning and end of reporting period with an explanation for the difference.

As of 30 September:

<u>B. Casualties</u>	<u>Authorized</u>	<u>Actual</u>
1. Officers	12	12
2. DAC's	20	26
3. DAF's	2	2
4. Local Civilians	365	353

As of 31 October:

1. Officers	12	12
2. DAC's	20	25
3. DAF's	2	2
4. Local Civilians	365	359

1. One (1) DAC, Claims Examiner assigned to the WCC Project was terminated on 11 October, bringing Department of the Army civilian strength down to twenty-five (25) assigned. However actually present for duty there are only twenty-three (23). One DAC being repatriated and one on sick leave (repatriated to ZI) are carried as assigned although not present for duty.
2. During the month six (6) local civilians were assigned bringing the total to one hundred eighty-two (182) local civilian (Army) and one hundred seventy-seven (177) local civilian (Air Force).

C. Manning policies and sources of personnel.

No change for the period covered. (See January 1952 Historical Data Report.)

D. Casualties, complete names with exact dates and causes.

There were no casualties during the month of October.

E. Personnel problems, methods of solution, and personnel efficiency.

1. Representation to higher headquarters is still being invoked in an effort to obtain approval of additional Army spaces (DAC) to adequately staff this headquarters to successfully meet its commitments.
2. During the week of 6 October an Organization and Manpower survey of the Air Force service support elements of AGRD was conducted. The Manpower Survey Team consisted of Captain Matthew R. Gincher; 2nd Lt John A. Chalk; S/Sgt Hugh G. Weatherford and Mr. Gil J. Justalero (Filipino civilian employee). (Tab L, L-1)

The team reported to the Commanding Officer, AGRD at 0735 hours, 6 October. After securing billeting accommodations at the Diliman Housing Area, the team immediately began their survey. Two members worked with the Headquarters Commandant and Post Engineer Branches at Diliman while the other two members remained at Palma Hall working in the Supply (Motor Pool included) and Adjutants Branches.

At 1300 hours on Friday, 10 October, the survey team presented to the Commanding Officer and the Executive

LT. COL. J. T. MESEROW

Officer the result of their findings. During the meeting, each Branch Chief was individually interviewed and appraised of the survey findings and where adjustments appeared to be needed were so informed.

The team departed AGRD at 1520 hours 10 October 1952.

3. Partial results of the survey were made known to this headquarters by letter, Hq Thirteenth Air Force, APO 74, subject: "Withdrawal of Air Force Service Support Civilian Positions", dated 23 October 1952. (Tab M)

Sixteen (16) positions were withdrawn as follows:

<u>Function</u>	<u>Quantity</u>

In reply refer to: 3058-8

Colonel Albert A. Lindquist
Commanding Officer
AGRD, 8133d Army Unit
APO 928

Dear Colonel Lindquist:

Reference is made to your letter of August 8, 1952, requesting immediate implementation of a plan that this office seek loyalty information on all categories of claimants direct from the OSI District Office #2, Clark Air Force Base, rather than through your office as has been the established procedure heretofore.

In my letter dated February 27, 1952, it was stated that consideration would be given such a plan upon completion of the project, which has been in progress for some time, of reorganizing and indexing the CIC and CID records now in the OSI. Although indexing of the records in the OSI District Office at Clark Air Force Base is not yet completed and may not be for some time, I believe it is sufficiently advanced that it would be logical to institute the procedure you suggest at this time.

This office will assume the responsibility of securing information as to derogatory recordation direct from the OSI District Office effective September 1, 1952. As you indicated in your letter of August 8, 1952, your Headquarters will continue until completed those cases processed by your office prior to that date.

Sincerely yours,

s/ R. B. Lovett

VETERANS BRANCH MEMORANDUM)

NUMBER 10)

Loyalty Information

1. On 1 September 1952, the Loyalty Records Section discontinued requesting loyalty information from the CSI. This action does not relieve this headquarters of responsibility for loyalty data in certain cases. The following examples are furnished for the information and compliance of responsible personnel of this Branch:

a. Cases remaining unaccomplished over an extended period.

(1) VA Form 3101 requested loyalty check in addition to service data and no action was initiated for loyalty on receipt of the 3101, hence loyalty data is not available. Use the following remark:

"Loyalty data request was not initiated by this headquarters prior to 1 September 1952"

(2) VA Form 3101 requested loyalty check and action was taken for loyalty on receipt of the 3101. Prior to completion of adjudication, a check will be made with Loyalty Records Section to determine if loyalty data is available. If available, the Loyalty status data will be attached to the service certification and an appropriate statement will be entered on Item 21 of the VB Form 32. If the loyalty data has been forwarded to the VA under the "Closeout" program, the following statement will be entered in Item 21- "Remarks" of the VB Form 32:

"Loyalty data was forwarded to VA prior to completion of this certification. Information requested is on file in that office"

b. Cases containing VA Form 3101 dated 1 September 1952 or subsequent thereto, wherein a specific request is made for loyalty.

(1) On accomplishing of the service certification, the following statement will be entered on Item 21- "Remarks" on VB Form 32:

"Loyalty data is not a function of this headquarters. Refer to VA MFO"

c. Any case irrespective of the VA Form 3101 being old or new,

MEMORANDUM
NUMBER 10

21 October 1952

TIME AND ATTENDANCE REPORTS

1. In accordance with AFM 40-1, Chapter AF Pl2, 27 Sep 51, the use of locally devised forms or transcribing postings from individual time reports in connection with the preparation of official time reports is not authorized and will be discontinued.
2. The SF-1135 and SF-1136 (Time and Attendance Report) on which employee's attendance and absence is recorded originally will be transmitted to CPO, AGRD without consolidation or transcription to another form. Therefore, in view of the above, effective 27 Oct 52, certification responsibility of Time and Attendance Reports will be decentralized to a sufficiently low supervisory level so that the person exercising the certifying responsibility will be in a position to have personal knowledge of the facts to which he certifies.
3. The supervisor responsible for certification of attendance reports may assign to a subordinate the details of checking daily attendance and posting the report forms daily. Assignment of these tasks to a subordinate does not relieve the supervisor from exercising reasonable care to insure the accuracy of the reports he certifies .
4. The Branch Chief in all cases will assume full responsibility for the execution of the plan by his supervisors, the accuracy of the reports and the promptness of submission.
5. The branch may be divided into sections or units as the case may be to allow for sufficient supervision in timekeeping. The breakdown and designations, by name, of supervisors responsible for timekeeping functions and for certification of attendance reports will be submitted by each Branch Chief to CPO, AGRD on or before 22 Oct 52. Names of alternates may be included in the designations to provide for continuity of operations during the absence of primary designee.
6. After CPO receives from the Branch Chiefs the breakdown of sections or units and names of supervisors designated responsible for each, the CPO will prepare the first Time and Attendance Reports by name for each section or unit for submission to the Branch Chiefs. Subsequent reports will then be prepared by each group thru the Branch Chiefs using the first report (prepared by CPO) as a guide on which to make deletions and additions as personnel changes occur. Individual instruction on their maintenance will be available at the CPO when requested.
7. Time reports will be prepared as follows:
 - a. Army Funds - In duplicate, one (1) copy to be forwarded to CPO, AGRD, and one (1) copy for file.

Memorandum No. 10, HQ AGRD, 8133d AU, APO 928, 21 October 1952 (cont'd)

b. Air Force Funds - In triplicate, two (2) copies to be forwarded to CPO, AGRD, and one (1) copy for file.

c. No cards or reports of any other form will be maintained.

d. Time Reports will be submitted to CPO, AGRD at 1500 hours, on the Friday when due.

8. This action will be absorbed as an additional duty and will not occasion a request for increase in personnel.

VETERANS BRANCH MEMORANDUM)
:
NUMBER 14)

EDUCATIONAL CORPS

1. Camp Del Pilar, Dau, Pampanga
2. O'Donnell Concentration Camp, Capas, Tarlac

1. An exhaustive study of the Educational Corps program of the Japanese Imperial Forces of Philippine Army Personnel reveals that the initials appearing on Capas POW records signify the following:

- L-D - "Left for Dau"
- S-D - "Sent to Dau"
- A-D - "Admitted Dau" or "At Dau"

2. "T-OD" is determined to signify: "Trained - O'Donnell." This would pertain to personnel who took the spiritual and rejuvenation course at one of the two Educational Corps Schools. This was in keeping with the Imperial Japanese Army Policy of finding employment for released war prisoners who were graduates of the Educational Corps. It is believed that the POW records of the graduates who did not receive immediate assignment were so marked in order to keep the records up to date, and after these graduates were released, they were notified of available employment by publication in the Manila Tribune. In making this determination 85 test cases were examined, with a view to discover how many claimants admitted in their Forms 23 that they had been given spiritual training. The investigation revealed that 56 subjects were not asked if they took training at O'Donnell at the time of their processing, for return to military control or failed to answer the question. Ten subjects denied having undergone such training, and 13 admitted that they had. Six case files have been retained to show that "T-OD" is an abbreviation for "trained at O'Donnell".

3. Initial - "R" - preceding a date on POW records is determined to mean "released". An examination of 70 test cases reveals 47 cases completely compatible with the Manila Tribune extract and Form 23. Twelve cases where the POW record and Manila Tribune release dates are non-compatible, and 10 cases where the POW record is non-compatible with Form 23.

4. Initials "B-OD" on the POW record are determined to mean "Back to O'Donnell" - and pertain to officers who took spiritual and rejuvenation training at Camp Dau, and who, because of ill health or other reasons, were not given an assignment, in the Educational Corps, Bureau of Constabulary, etc., and were returned to O'Donnell pending release.

5. The above determinations are based on the study and interpretation of the Manila Tribune, captured Japanese documents, and over eight hundred case files of Philippine Army personnel. ~~In the absence of evidence of a more official nature, these determinations are believed to be reasonably correct.~~

6. It is believed that further examination of case files will not effect a material change in the above determinations.

7. The Educational Corps was organized by the Imperial Japanese Forces to train Philippine Army personnel for positions with the Japanese Army and/or the various Puppet Government agencies. One school functioned at Camp O'Donnell, Capas, Tarlac for enlisted men and another at Camp del Pilar, Dau, Pampanga for officers, and later, for enlisted personnel also. The school was divided into three classes or terms as follows:

1st Class: Commencement date: 18 July 42
Graduation date : 10 August 42

2nd Class: Commencement date: 14 August 42
Graduation date : 1 September 42

3rd Class: Commencement date: 4 September 42
Graduation date : 18 September 42

8. The first class at Camp del Pilar consisted only of officers, who after graduation were assigned either to the Bureau of Constabulary or remained in the Educational Corps as Instructors, Station Complement, or Cadre. Students whose names appear on the Station Complement Rosters will have POW Service terminated 9 August 42. The POW Service of these individuals terminated as of the graduation date of the 1st class. This graduation date, 10 August 42, is to be the date of release, as they were not prisoners of war thereafter. Some of these case files will have Manila Tribune records showing a later release date. The date appearing on the Manila Tribune record in these cases, will not be accepted for POW release date.

Example #1: Form 23 - 9 Apr 42 - 1 Sep 42 - POW
WCC 602 - 9 Apr 42 - 8 Sep 42 - POW
POW Record: LD 7/18

Subject individual's name appears on the Station Complement Roster as an Instructor.

Adjudicate: 9 Apr 42 - 17 Jul 42 - O'Donnell Concentration Camp
18 Jul 42 - 9 Aug 42 - Dau, Pampanga

Example #2: Form 23 - 10 Apr 42 - 15 Sep 42 - POW
WCC 602 - 10 Apr 42 - 20 Sep 42 - POW
POW Record: SD 7/18/42
Manila Tribune: To be released: 15 Sep 42

Subject individual's name appears on the Station Complement Roster as a guard.

Adjudicate: 10 Apr - 17 Jul 42 - O'Donnell Concentration Camp
18 Jul - 9 Aug 42 - Dau, Pampanga

9. Dau trainees whose POW records bear the remark: "L-D" or "S-D date," will, in most cases, have POW service terminated on the day before graduation of the particular class they attended.

Example: Form 23: 9 Apr 42 - 1 Sep 42 - POW
WCC 602: 10 Apr 42 - 3 Sep 42 - POW
POW Record: LD 8/14/42

Adjudicate: 9 Apr 42 - 13 Aug 42 - O'Donnell Concentration Camp
14 Aug 42 - 31 Aug 42 - Dau, Pampanga

Exceptions to this rule will be those cases with a Manila Tribune record and where subject individual's name does not appear on the Station Complement Rosters, and wherein subject individual did not subsequently become a member of the Bureau of Constabulary. In these cases the date on the Manila Tribune will be acceptable as POW service release date.

Example: Form 23: 9 Apr - 5 Oct 42 - POW
WCC 602: 9 Apr - 4 Oct 42 - POW
POW Record: S-D 9/3
Manila Tribune: Released: 26 Sep 42

Subject did not join the Bureau of Constabulary nor does his name appear on the Station Complement Rosters. He attended the 3rd class at Dau from 3 Sep - 18 Sep 42. Normally, POW service would terminate 17 Sep 42, but Manila Tribune shows a later date, (26 Sep 42).

Adjudicate: 9 Apr 42 - 2 Sep 42 - O'Donnell Concentration Camp
3 Sep 42 - 17 Sep 42 - Dau, Pampanga
18 Sep 42 - 25 Sep 42 - O'Donnell Concentration Camp

It is determined in these cases that subject was returned to O'Donnell pending release.

10. Cases wherein subject's name does not appear on the Station Complement Rosters, where he did not become a member of the Bureau of Constabulary, and whose 201 file contains no Manila Tribune record, yet subject is claiming a release from POW service beyond the graduation date of his respective class, release date will be determined according to the compatibility of his previous

statements relative to POW service. However, POW Service will not be extended beyond seven (7) days after graduation of the class subject attended.

Example: Form 23: 9 Apr 42 - 27 Sep 42
Form 23: 9 Apr 42 - 27 Sep 42
WCC 602: 9 Apr 42 - 28 Sep 42
POW Record: S-D 9/3/42

The third class graduated 18 Sep 42.

Adjudicate as follows:

9 Apr 42 - 2 Sep 42 - O'Donnell Concentration Camp
3 Sep 42 - 17 Sep 42 - Dau, Pampanga
18 Sep - 24 Sep 42 - O'Donnell Concentration Camp

11. In a case where subject became a member of the Bureau of Constabulary, his POW service will terminate the day before graduation of his respective class, irrespective of a Manila Tribune date to the contrary.

12. In adjudicating cases relating to the Educational Corps where POW's received spiritual and rejuvenation training, it will be noted in a great number of cases that the subjects showed a reluctance to indicate in their statements that they were at Camp del Pilar, (Dau). In these cases the alleged POW service was indicated on the Forms 23 as having taken place for the entire period at O'Donnell. The initials L-D - S-D - A-D on the POW record will always indicate that subject was at Dau, and from the date following these initials, it can also be determined which class he attended. Likewise, in cases where subjects became members of the Bureau of Constabulary, they will often claim to have been "forced" into that branch of service or to have been "planted" into the organization by an intelligence agency. Their claims for POW service will often include the period of training at one of the three Constabulary Academies they attended for advanced training following their graduation from the Educational Corps; hence, the POW service of "EC trainees" will always be terminated the day before graduation of their class.

NUMBER16)

Philippine Army Personnel Listed in Colonel Yeikichi Yamamura Autograph Album

The following listed Philippine Army personnel signed individual testimonials of praise to Colonel Y. Yamamura, Japanese Commander, of Camp Du, Pampanga during the period 30 July 1942 - 8 August 1942. This is conclusive proof that they attended spiritual and rejuvenation training under the Educational Corps Program, as students in the 1st class.

SUBJECT: Restriction on Travel

TO: Each Officer and DaC

1. The following restrictions on road travel outside the Manila area are published for compliance by all military and DaC personnel and their dependents:

a. Highway travel between the Manila area and Clark Air Force Base and/or Camp John Hay is restricted to Highway No. 3 and is permitted only between 0600 and 1800 hours.

b. With the exception of that portion extending from Timog Avenue to Cubao Circle, travel on Highway No. 54 is restricted to the period 0600 to 1800 hours.

c. All highways, roads and trails are "Off Limits" between 1800 and 0600 hours with the exception of the route from the aGRD Housing Area to Manila via UP Road and Highway 54 to Cubao and Aurora Avenue to Santa Mesa Boulevard. In this connection attention is directed to the fact that the curfew for travel in Air Force and Army recreational vehicles in Manila and its environs is established from 0100 to 0600 hours.

2. The above restrictions do not prohibit directed official travel at any time, however, such travel will be kept to an absolute minimum. Separate instructions are being issued governing the travel of DaC investigator personnel while on field trips.
