MEMORANDUM FOR THE OFFICER IN CHARGE

Subject: Roster of HQ and HQ SQ 19th Bomb GP (H)
FEAF as of April 9, 1942.

Re: Interview with Miles A. Taulbee, 2nd Lt.

On 20 Feb 1945, interview was conducted with 2nd Lt. Miles A. Taulbee, at the 4th Replacement Depot, APO 72, regarding SUBJECT roster. The following information was received:

Taulbee was holding a rating of Technical Sergeant in the 19th Bomb Group, FEAF on 7 December 1941. He was promoted to Master Sergeant on 19 Feb 1942. Taulbee was captured on Bataan on 9 April 1942, and was imprisoned at Camp O'Donnell until 8 May 1942. He was then transferred to Camp John Hay at Baguio where he remained until 1 August 1942. On that day he escaped from a detail, and made his way to the headquarters of Lt. Col. Martin E. Moses, Inf., who was commanding the guerrilla forces in northern Luzon. Col. Moses assigned Taulbee to the Baguio sector, where he organized the guerrillas. Col. Moses issued Special Order #1, appointing Taulbee to the rank of Second Lieutenant, by USAFFE authority. Taulbee, however, has never received an officer's serial number, and continued to use his ASN #6871460.

Taulbee was recaptured by the Japanese on 29 March 1943, and imprisoned at Bilibid 9 April 1943 until 4 Feb 1944. He was admitted to the hospital as a patient on 4 Feb 1944; transferred to Cabantuan on 15 June 1944, and transferred to duty status on 15 August 1944. Taulbee was placed on the draft list for transfer to Japan on 13 Oct 1944; but again went to the hospital, remaining in Bilibid until recovered by U. S. troops on 4 Feb 1945.

Taulbee served as second in command of an Aircraft Working Party, and later headed a party which unloaded Red Cross supplies from the relief ship in Manila. He also was in a movie made at Corregidor.

Taulbee had been keeping a roster of the 19th Group personnel and on these two working parties, he was able to contact a number of other prisoners. Through these contacts and through information received in other ways, Taulbee was enabled to compile the information contained in the attached roster.

Taulbee stated that personnel were listed as DEAD upon direct testimony only. If Taulbee himself did not see the deceased after death, he accepted only the statement of an eye-witness to the death. Other personnel are carried as having been in drafts to Japan, Missing in Action, etc., either from information contained in official Japanese hospital records or from persons who had seen the actual transfers to the various places. Men listed in the category of E. or W. Japan, under Present Location, are carried thus only after receipt of letters from those persons after arrival in Japan.

AGENT'S NOTES: Taulbee has carefully prepared the attached SUBJECT roster, and is willing to take oath as to the accuracy of the roster, particularly as to the personnel listed as DEAD or KILLED IN ACTION. This Agent accepted the SUBJECT roster for transmittal to the appropriate military authority. Taulbee has requested that a copy of this roster be given him for personal reasons.
