civilian employees*

April 6, 1943.

Major General J. A. Ulio,
The Adjutant General,
War Department,
Washington, D.C.

My dear General Ulio:

In reply to your AG 201.3 (4-1-43) PC-V, I am enclosing two reports prepared in this Office:

Report 1 gives the information available in this Office as to relatives and date of notification of relatives of certain civilian employees of the War Department officially reported as interned in the Philippine Islands. For several of the internees listed we have no information concerning their relatives and this is indicated in the second column of the report by the entry "No information". Under the fourth column the date of notification is indicated. All notification was effected on the basis of lists which are on file in the Office of the Provost Marshal General. Unless otherwise indicated by footnotes, notification was first made on the basis of the official Japanese list.

Report 2 gives the information available in this Office as to relatives and date of notification of relatives of certain civilians identified as employees of the War Department and considered by the War Department as missing in the Philippine Islands since May 7, 1942. For many of the persons listed we have no information concerning their relatives and this is indicated in the second column of the report by the entry "No information". Under the fourth column the date of notification is indicated. All notification was effected on the basis of lists which are on file in the Office of the Provost Marshal General. Unless otherwise indicated by footnotes, notification was first made on the basis of the official Japanese list. In this connection, it should be noted that footnote "(d)" does not refer to the official Japanese list received through the Office of the Provost Marshal General but to a previous "official list" of some 200 names made up by the Provost Marshal General and forwarded to this Office under date of August 27, 1942.

We regularly furnish the Office of the Provost Marshal General with copies of all notifications sent to relatives of civilians. We do not handle notifications in respect to military and naval personnel.

Insofar as our records permit, we shall be glad to furnish any further information you may request.

98 A G O

Sincerely yours,

Memorandum to: Miscellaneous Section

Attached is a list of seven civilians, carried as Missing in the Philippine Islands, since May 7, 1942, for whom there has been no record in Casualty Branch of an Emergency Addressee.

The Emergency Addressees as shown, were obtained from the Office of the United States High Commissioner to the Philippines, and are the only known next of kin in the United States.

Request that Casualty Reports be processed, showing their status as Missing, and that the Emergency Addressees be notified accordingly.
