SUBJECT: T/O & E, for a Camp Complement, Changes

TO : The Adjutant General, PA, APO 500

ATTN.: G-3

1. Recommend that the attached modified T/O & E 20-1-13 for a Camp Complement dated 1 May 1945 be approved and adopted. The changes made are based on actual experience in the operation of a Camp Complement, and on the following observations:

a. Personnel:

The Camp Headquarters staff was increased from eighteen (19) to twenty four (24) because:

- (1) The Hq Det. Commander was found to be much burdened with the triple duties of Camp S-2; Motor Transport Officer and Special Service Officer. The work of the MTO is a full job in itself-requiring all his attention in the maintenance and operation of the vehicles allowed a Camp Complement, hence an officer is very necessary to run a motor pool section, and not to have the Det. Commander do this when his hands are also full of the administrative and supply functions of the camp detachment. For this purpose also a junior officer in the detachment was found obviously necessary, it having the equivalent of a full strength company.
- (2) The Camp QM functions was found to be requiring one assistant to assist him in the procurement, storage, and issue of supplies and equipment, and the keeping of records thereof. Most of the time the Camp QM has to be out requisitioning and drawing supplies from the U.S. Army Depot, usually a minimum of two days due to distance and transportation facilities. Therefore an assistant could very well function in his absence so as not to tie up activities of the camp when the QM officer is out.
- (3) As Asst S-4, is also added for similar reasons stated in (2) above.
- (4) In view of Circular No. 46 HPA, dated 13 June 45 re-Food Conservation and also of the fact that the Camp maintains a sizeable consolidated mess, an officer is also assigned to this particular duty as efficient mess management and

conservation of food are prime requisites in the success of a camp or organization.

- (5) A Finance officer is included, not previously provided in T/O & E 20-1-15, but included in par. 2.g. Letter TAG, File 322, subject; Responsibility of Station Complement commanders, 28 April 1945.
- (6) The strength of EM has been increased as authorized in letter HPA dated 2 June 45 file 220.3 - subject; Assignment of EM. However due to the increase in the staff sections and the necessity of more personnel for the maintenance and security of a large camp, additional increase was made to the total aggregate of 160. Privates First Class and Privates are all basically assigned to the Hq Section, distribution to the different sections shall be made by direction of the Camp Commander. Present needs in the camp sometimes do not require all the men assigned by T/O, while some sections are sadly lacking in men. For instance, 31 men are assigned to the Guard section or MP. Present needs do not require all these men, only six (6) is sufficient. In the QM, only five (5) are assigned by T/O. The nature of and present needs of the camp require more men. Supplies are drawn from Manila, San Fabian, Zamortis, and San Fernando, LA Union. So it will be left to the discretion of the Camp Commander to distribute the basic Privates First Class and Privates to the different sections as the situation and needs of the camp so require.

b. Motor transportation;

- (1) Present needs do not require the use of a command car, hence it is proposed to exchange it with a 3/4 ton. weapons carrier, to be assigned to the supply section; one (1) additional 2 1/2 ton, 6 x 6, cargo truck for use of the Camp Quartermaster in hauling supplies in less time over long distances from the depots to this camp; and two (2)-1/4 ton trailers to be assigned to the Hq Section.

2. It is believed that this proposed T/O & E is flexible and will be best adopted to a camp complement even if the strength of regularly assigned and casual officers and men be increased from 500 to several thousands, there being key staff sections of officers and men, who can thereafter handle efficiently any volume of work required of a Camp Complement.

TO : The Adjutant General, PA, APO 500

ATT'N: G-3

1. Recommend that the attached modified T/O & E 20-1-1g for a Camp Complement dated 1 May 1945 be approved and adopted. The changes made are based on actual experience in the operation of a Camp Complement, and on the following observations:

a. personnel:

The Camp Headquarters staff was increased from eighteen (18) to twenty four (24) because:

- (1) The Hq Det. Commander was found to be much burdened with the triple duties of Camp S-2; Motor Transport Officer and Special Service Officer. The work of the MTO is a full job in itself-requiring all his attention in the maintenance and operation of the vehicles allowed a Camp Complement, hence an officer is very necessary to run a motor pool section, and not to have the Det. Present needs do not require all these men, only six (6) is sufficient. In the CM, only five (5) are assigned by T/O. The nature of and present needs of the camp require more men. Supplies are drawn from Manila, San Fabian, Zamortis, and San Fernando, La Union. So it will be left to the discretion of the Camp Commander to distribute the basic Privates First Class and Privates to the different sections as the situation and needs of the camp so require.
