llegado a la mitad del camino en que ahora estamos en el desenvolvimiento de nuestro plan económico, porque si el Presidente Quezon ha podido dar tal impulso a ese programa, ello se debe no tanto a que es el Presidente del Commonwealth o el Jefe Nato del Partido Nacionalista, sino principalmente porque tiene el apoyo y la confianza de todo el pueblo.

Cualquiera puede ser Presidente de Filipinas, y si éste fuera nacionalista sería automáticamente Jefe Nato del Partido Nacionalista, por virtud de su Reglamento. Lo que ya es muy difícil es tener la seguridad de contar en todos los momentos con el apoyo y la confianza de la inmensa mayoría del pueblo. Y presumo que no revelo ningún secreto si digo que en estos momentos no puedo ver en el horizonte político ninguna otra figura nacional que se destaque con decisiva prominencia y que pueda ofrecernos la seguridad de que, en cualquier momento dado, tendrá detrás de sí el esfuerzo aunado de una absoluta mayoría de nuestra ciudadanía, con sus diferentes clases sociales, sus antagónicos maticos
