GENERAL ORDERS,)

No. 11)

1. OPERATION OF COCKPITS.- Hereafter the operation of cockpits within the area of the 115th Infantry, province of Davao will be stopped unless a license has been issued by this Headquarters. As before the war, permissions to operate a cockpit will be approved only upon payment of a quarterly license in the amount of P150.00 payable in advance.

2. APPOINTMENT OF DEPUTY TREASURERS.- Pending the appointments of civilian officials, 1st Lieut. CELESTINO IBANEZ, Finance Officer of this regiment will temporarily act as treasurer for all the unoccupied towns of Davao province. In view of the distance involved between the eastern coast and gulf towns and this Headquarters, the Battalion Commander, 3rd Battalion should recommend to this Headquarters civilians who may serve as deputies of the treasurer in the municipalities of Cateel, Compostela, Moncayo, Manay, Lupon, Mati, Baganga and Caraga.

3. COLLECTION AND DISBURSEMENT OF LICENSE FEES.- All license fees collected will be treated as a government general fund and should be taken up in an official cash book. Disbursement will not be made without specific instruction or approval from this Headquarters.

4. TRADING CENTERS.- Trading places known as "Tabo-tabo" will continue operating but payment of fees or "ar-cabales" will not be demanded from the respective traders regardless of the location of the trading places, whether be public or private place. However, when local traders operate around a licensed cockpit, the operator may demand a reasonable fee from them depending upon the articles sold. It has been always the policy of this Headquarters that the purpose of trading places is to give a chance to the people to sell, exchange or barter their products. Our objective will be defeated and the interest of our civil population will be prejudiced if small traders could not be given ample protection and encouragement to participate in any retail or home-product business.

5. PROHIBITION.- No officer, soldier or anybody connected with this organization will be allowed to apply for a license to operate a cockpit. Likewise members of our organization are forbidden to engage in salt, dry goods or any other form of business.

6. FIESTAS, BENEFITS, DANCES, ETC.- Due to our proximity to the Japanese occupied districts Filipino-Japanese operatives could easily get through our area especially during fiestas. In order that we could properly check the influx of enemy agents it is desired that before religious fiestas are celebrated, unit commanders should be apprised several days in advance. Balls, dances, beauty contest or any undertaking with the pretext of raising funds for the army should be stopped.
