(Memorandum No. 872, March 19, 1940)

The penalty imposed under the old Assessment Law is the confiscation of the delinquent real property and its subsequent sale at public auction. Real property owners without sense of public duty laughed at this provision of the law on the assumption that the Government would not dare execute it because it would not know what to do with the lands so confiscated, and that, sooner or later, the National Assembly would have to pass legislation giving delinquent real property owners the right either to pay taxes due or to reacquire the properties seized, without payment of the penalties. Indeed, this is that has actually been happening in the past, but I desire to give formal public notice through this letter which I request you to cause to be published in every municipality and barrico in the Philippines - that I do know what to do with these properties. If the lands forfeited to the Government are not redeemed or repurchased by their owners within the time provided by law, or the delinquency taxes thereon are not paid on time, I shall sell them in small parcels to the people who own no real property and if they do not have the money with which to pay for these lands, I shall instruct the Agricultural and Industrial Bank to advance them the money and collect such advances from the products of the land. This would help solve the agrarian problem in the Philippines.

As you know, many of those who are delinquent in the payment of land taxes are large property owners. If they should persist in not paying the land tax, they must be prepared to bear the consequences and their failure will give the Government the opportunity to redistribute among the poor people the cultivated land of the Philippines.

In order that no one may say that he ~~has~~ has not been given every opportunity to comply with the provisions of Commonwealth Act No. 464, I want you to instruct all collecting agencies of the Government to receive the payment of back land taxes due, until April 30, 1940, as if these taxes were paid on or before December 31, 1939,

as provided in the said Act. In order that these collections may conform with the provisions of the said Act, I shall ask the National Assembly to legalize them before its adjournment as if such collections were made under the provisions of the above mentioned Act.

"You will please further instruct the provincial and municipal treasurers to proceed on the first day of May, 1940, to take possession of all confiscated lands and to subdivide them into small parcels and sell them to the people with the understanding that no one may buy more than one parcel of land nor may any proprietor owning more than 25 hectares take part in the auction. I shall ask the National Assembly to pass a law confirming this policy."

"Confirming the telegraphic instructions issued by this Department on February 7, 1940, all provincial, city and municipal treasurers are hereby instructed to accept payments of 50% of the real property tax for 1938 and the entire tax for the year 1939 due on real property coming within the purview of Commonwealth Act No. 464, until April 30, 1940. Such payments shall be treated as deposits pending the approval by the National Assembly of a law legalizing them. After April 30, 1940, all provincial and city treasurers should proceed to take action leading to the actual forfeiture of delinquent real property, ~~XXXXXXXXXX~~ ejectment of the primitive owner, and possession of the property by the Provincial Government. Then they shall subdivide such forfeited property into small parcels to be sold to the people in accordance with a law which the National Assembly may pass during the present session.

"Provincial Treasurers shall furnish copies of this Circular to the Provincial Boards, Municipal Councils, and Municipal Treasurers in their respective provinces and City Treasurers, the Municipal Boards and City Councils, and shall give the same the widest publicity. Copies of the Circular

MEMORANDUM NO. 897  
August 29, 1940

SUBJECT: Declaration of Real Property  
for Assessment Purposes,  
Instructions Governing -

To all Municipal and Deputy  
Municipal District Treasurers  
Mountain Province

There is quoted hereunder for your reference, information and strict compliance, the Unnumbered Provincial Circular dated July 23, 1940, of the Honorable, the Secretary of Finance:

"In connection with the Provincial Circular (Unnumbered) of this Department, dated June 10, 1940, the following instructions are hereby issued relative to Commonwealth Act No. 530, quoted in the circular mentioned:

"1. Important changes in present assessment laws.-  
Commonwealth Act No. 530 introduces two important changes in the assessment of real property in all the provinces and chartered cities. The first consists in the requirement that every owner or administrator of real property the value of which is not less than P1000 shall file with the provincial or city assessor or with any of his deputies a sworn statement of the true value of such property, which value, if approved by the provincial or city assessor, shall be considered as the value of the property for purposes of real estate taxation. This provision not only requires property owners to declare the true value of newly acquired property but also enables them to declare anew property previously declared. Property owners will thus be given an opportunity to fix in the first instance what in their opinion constitutes the just and reasonable value of their property.

"The second important change consists in the creation of a Central Board of Tax Appeals, composed of the Secretary of Finance, as chairman, and the Secretary of the Interior and the Secretary of Justice, as members, which board has been given the power to hear cases of assessments of real property appealed from the provincial and city board of tax appeals and render final decisions therein.

"2. Statement of value, when to be submitted; notification of property owners. - As will be observed, the first sworn statement or declaration of value is required to be submitted to the provincial or city assessor on or before October 1, 1940. Failure to comply with this requirement is punishable with a fine of from P100 to P10,000. Renewals of statements of value after July 1, 1941, are optional with the owner. Persons who after October 1, 1940, acquire property not previously declared are not required to file a statement of value under Act No. 530, but in their case they should declare such properties under the provisions of existing assessment laws, which have not been repealed by Act No. 530. Properties declared on or before October 1, 1940, under Act No. 530 which change ownership after that date may be redeclared by the new owner under said Act after July 1, 1941.

"3. Declaration forms, instructions for accomplishing. - The forms entitled, "Declaration of Real Property - Provincial" (Provincial Form No. 140-A) and "Declaration of Real Property - City," are hereby prescribed to take the place of the corresponding provincial and city assessment forms, to the extent to which the present assessment laws for the provinces and the cities have been rendered obsolete or modified by Commonwealth Act No. 530. Accordingly, the declaration form for provinces shall be made out, as at present, in triplicate, the original (white sheet) to remain with the provincial assessor for his record, the duplicate (to be made out on the same form as the original) for the municipal treasurer concerned and the triplicate (blue sheet) for the property owner. The use of field sheets will, of course, be continued.

"The declaration form for cities, however, shall be made out in two copies only, the original copy to be retained by the city assessor for his record and the other copy to be furnished the property owner as notification of assessment. Such notification is not to be understood as doing away with owners with detailed statements showing how the valuations made by the city assessor have been arrived at.

"Renewals of declarations covering property originally declared by the owner (or administrator) under Act No. 530, as provided for in section 1 of said Act, shall likewise be accomplished on the form herein prescribed for original declarations, for provincial or city property as the case may be. Said form shall also be used for properties declared for the first time after October 1, 1940, in which case the sworn statement of the owner shall be modified so as to omit all reference to Commonwealth Act No. 530, and for properties

MEMORANDUM NO. 935  
July 29, 1941

SUBJECT: Election Inspectors and  
Poll Clerks and their  
substitutes, Appointments of -

To all Municipal and Deputy  
Municipal District Treasurers:

Pursuant to the telegram dated July 23, 1941, of the Commission on Elections, you are hereby delegated to issue appointments of election inspectors and poll clerks and their substitutes on September 22, 1941 in your respective municipal districts by signing my name and affixing your initials thereunder. Only persons nominated by authorized representatives of political parties may be appointed election inspectors. If nominees proposed by authorized representative of political party are disqualified in accordance with Section 77 of the Election Law, you should advise said representative immediately, in the name of this office, of such disqualifications so that he may propose another who possesses the necessary qualifications, copies of which should invariably be furnished this office.

✓ Authorized representatives of political parties will be telegraphed to this office by the Commission on Elections in due time and their names will be communicated to you without delay. Upon receipt of our communication, inform the persons concerned immediately to the effect that they must submit their proposal within the time prescribed by law, a copy of which to be furnished this office. If the authorized party or parties entitled to propose inspectors or poll clerks fail to submit in writing on or before September 12, 1941, names and addresses of persons to be appointed as such, the matter should immediately be communicated to this office without fail.

As the issuance of appointments of inspectors and poll clerks are directly under the responsibility of this office, it is important that you exercise the utmost care in the issuance thereof. This office will hold you responsible for any anomaly that may happen in connection therewith.

Please acknowledge receipt hereof.

"4. Statements to be acted upon promptly. - The law provides that the statements of value filed this year shall, if approved by the assessor, be the basis of the real property tax for the year 1941. Provincial and city assessors are therefore requested to take final action on these statements before December 31, 1940.

"In provinces where the general revision of assessments authorized in the Provincial Circular (Unnumbered) of this Department dated January 2, 1940, is carried out before October 1, 1940, the verification of declarations of value should be coordinated with such revision, to avoid duplication of field work. In the majority of the provinces, however, the revision probably cannot be undertaken until after that date, hence the verification of declarations in such provinces should be made regardless of such revision.

"Attention is called to the fact that expenses incidental to verification of declarations filed under Commonwealth Act No. 530 are not chargeable against the "General Revision Fund" authorized in Provincial Circular No. 17 of this Department dated December 29, 1939, unless such verifications is conducted simultaneously with the revision assessments. Provincial assessors should therefore see to it that such verification is done by the regular assessment personnel and in the most economical way possible.

If it should appear that there will be no material time to dispose of all declarations of value before January 1, 1941, provincial and city assessors are requested to give preferential attention to declarations covering the larger parcels of property. Where no declaration for any property is filed by the owner or administrator thereof on or before October 1, 1940, the assessor shall declare and assess the same in accordance with Section 1 of Commonwealth Act No. 530 and the provisions of existing assessment laws before January 1, 1941.

"5. Verification of declarations in cities. - Declarations of value in the cities shall be verified as they are received. City assessors shall exert every effort to have all real property in their respective jurisdictions for which declarations of value are required under Commonwealth Act No. 530 duly assessed by December 31, 1940, for taxation for the ~~year~~ year 1941 as provided in Section 3 of said Act.

"6. Schedule of values still the basic rule of assessment in provinces; application of rule to cities. - The attention of provincial assessors is invited in this connection to Section 4 of Commonwealth Act No. 470, the Assess-

does not provide for the payment of tax for the lands leased thereunder. This argument, however, is unavailing because the tax on the road is imposed under Section 2 of Commonwealth Act No. 470 which taxes improvements. (Op. Sec. of Jus., Feb. 19, 1937.)

"Inasmuch as the tax is question is not upon public lands but on privately owned improvements thereon, the case of Fairchild vs. Sarmiento, 47 Phil. 485, cited by counsel for the Consolidated Mines, Inc., is not applicable. The cases applicable are Asiatic Petroleum Co. v. Llanes, 49 Phil. 466, and the American cases cited with this case in the earlier part of this opinion.

"The lengthy argument of counsel that the state should not tax itself is not in point. The thing taxed in the present case is not the state or property of the state, but a privately owned improvement built upon lands belonging to the state.

"The case of Antero and Lost Park Reservoir Co. vs. Commissioner, 65 Colo. 375, 137 Pac. 148, cited by counsel for the company is inapplicable to show that a road is so inseparable from the land that it cannot be taxed separately as an improvement. In that case the dam which was sought to be taxed was held exempt from taxation inasmuch as the owners of the reservoir water rights, upon whom the tax on the dam was sought to be imposed, were also owners of lands upon which the water from the reservoir was applied, and the reservoir rights were already taxed as 'improvements' of the land upon which the water was used. The additional taxation of the dam in this particular case was, therefore, not sustained in order to avoid double taxation.

"The case of Kern Valley Water Company vs. Kern County, 137, Cal. 511, 70

"If the title to the improvement on a public land is vested in the state, the possessory right of a private person to the improvement may even be taxed. (Outer Harbor Dock and Wharf v. City of Los Angeles, 49 Cal.App. 120, 193 Pac. 137; San Pedro, Longeles & Salt Lake Railroad Co., v. City of Los Angeles, 179 Pac. 393.)

"For the purpose of imposing real property tax on privately owned improvements built on public lands, it is immaterial that the public has also a right to the use of the improvement. (Smith vs. The Mayor, 68 N.Y. 552.)

"The argument that the road constructed on lands leased by the Government to the Consolidated Mines, Inc., under Commonwealth Act No. 141, cannot be taxed under Section 115 thereof because the lease agreement is only provisional and does not fix any valuation on which the tax may be based, is not valid. In the first place, Section 115 of Commonwealth Act No. 141 does not distinguish between a provisional and a final agreement for the lease of public lands. In the second place, inasmuch as the taxation of lands granted under Commonwealth Act No. 141 is made mandatory by Section 115, the taxation of lands granted thereunder cannot be avoided by the willful or negligent failure of the government officials concerned to fix a valuation of the land leased which will serve as a basis for the computation of the tax. If the parties failed to fix the value of the land leased, this may be done at any time after which the tax may be assessed accordingly.

"With respect to the road built on public lands leased under Section 1838 of the Revised Administrative Code, as amended by Commonwealth Act No. 100, it is contended that no tax can be imposed thereon inasmuch as the section

"In *Fargo v. Helmer*, 43 Horn (N.Y.) 17, 19, it was held that the rules by which the proceedings are governed are rules of procedure; those by which rights are established and defined, rules of law. It is the law which gives right to costs and fixes their amount. It is procedure which declares when and by whom the costs, to which a party has a previous title, shall be adjusted or taxed, and when and by whose direction a judgment in his favor shall be entered." Tested by this rule, it would seem that as the acts under consideration create rights, i. e. rights to exemption from certain liabilities, they are substantive rather than procedural laws.

"Consistently with this doctrine, it has been held that the right to costs is a substantive right and not a mere matter of procedure (*United States v. French Sardinia Co., C. C. C., Wash, 80/2d/325*).

"The discussions in the National Assembly in connection with the passage of Commonwealth Act No. 419 also reveal that this act was regarded as a substantive law. So Assemblyman Romero, Cronse, Zulueta, and Mitra advanced the opinion that the act, being substantive is beyond the power of the Supreme Court to repeal or modify (*Journal of the Assembly on Bill No. 21 (Com. Act No. 419), April 27, 1939*).

"Even assuming, however, that Commonwealth Acts Nos. 419 and 422 are procedural in character, still they cannot be deemed repealed by the new Rules of Court.

"An examination of the record of proceedings of the Constitutional Convention incident to the approval of section 13, Article VIII, shows that supreme authority over pleading, practice, and procedure was intended to be lodged with the National Assembly.

"To the argument raised that the grant of power to the National Assembly to alter or repeal rules of court would result in confusion in that the Assembly may change or mo-

sideration of said ruling, Mr. A. F. Duggleby, second vice-president of the Benguet Consolidated Company, has, in a conference had with the undersigned, urged the view that the roads in question, constructed as they are on public lands, which under the provisions of law are exempt from taxation, are likewise except from tax. In support of his stand, he has submitted a letter dated January 13, 1941, which is also herewith enclosed to form part of this correspondence. This question is of first impression in this Department and a ruling in this case would affect the privately-owned roads of other mining companies, lumber mills, and sugar centrals located in different parts of the country, involving taxes of considerable amounts. In view of these considerations, I have deemed it advisable to seek a ruling from that Department on the question above stated.

"It may not be amiss to state, in this connection, that the taxation of an improvement, privately-owned, located on government property, which is exempt from tax, is not without precedent. Section 3(e) of the Assessment Law (Commonwealth Act No. 470), provides that a homestead shall be exempt from tax prior to the approval by the Director of Lands of the final evidence required by law, but the exemption does not extend to improvements and buildings thereon the title to which is not in the government. To complete the records of this case, the letter of Attorneys DeWitt, Perkins & Ponce Enrile stating the grounds in support of the exemption claimed by the Benguet Consolidated Mining Company, is hereto attached."

" the Honorable, the Secretary of Justice, in a letter dated February 13, 1941, has rendered the following opinions:

STATE POLICE CIRCULAR )

No. 1 )  
-----

March 7, 1938

1. Reports have been received by this Office to the effect that some members of the State Police indulge in gambling, specially in cockfighting, in the belief that the same, not being prohibited by law, can be legitimately indulged in by them, so much so that they enter cockpits either in uniform or in civilian, publicly bet, and in certain instances act as "soltadores" (those who release the roosters), "cristos" (those who accept the bets), "sentenciadores" (those who decide which rooster wins). Attention is, therefore, invited to the provisions of Paragraph 67 of the State Police Regulations prohibiting the members of the State Police from indulging in any form of gambling, prohibited or not by law. Hereafter, violation of this regulation shall be dealt with severely, ranging from fine to dismissal from the service.

2. Members who are detailed by their commanding officers as guards in cockpits during cockfighting days should invariably be in uniform and should act in such a manner as to be beyond the least suspicion that they indulge in gambling.

MEMORANDUM NO. 925  
March 11, 1941

SUBJECT: Vigorous tax campaign,  
waging of -

To all Municipal and Deputy  
Municipal District Treasurers  
Mountain Province

There is quoted hereunder, for your reference, information and strict compliance, the Unnumbered Provincial Circular dated February 12, 1941 of the Honorable, the Secretary of Finance:

"Provincial Treasurers are hereby directed to undertake immediately, if they have not yet done so, a vigorous and intensive tax campaign in their respective territories, giving particular attention to the collection of the real property tax and municipal license taxes. Provincial treasurers are requested to devote the major part of their time to directing and supervising such campaign, making direct personal contacts with taxpayers in all cases where the efforts of municipal treasurers prove unavailing. Coordinated action on the part of all local officials being necessary for a successful tax campaign, provincial and municipal treasurers should secure the active as well as moral cooperation of such officials, particularly the provincial governor and the municipal mayors. Under the law, the provincial governor is responsible for the faithful execution of laws in the provinces and the municipal mayor, in his municipality. They have, therefore, a joint responsibility in the success or failure of the campaign and they should be informed from time to time, say every fifteen days, of the results achieved in the respective municipalities.

"The provincial treasurer is requested to see to it that all his municipal treasurers and other tax collectors under him follow a systematic method of campaigning. For example, whenever collectors are sent out to the field they should have specific instructions as to what to do, what taxpayers particularly to see, and, upon their return, should submit a report of the

MEMORANDUM NO. 923

March 1, 1941

SUBJECT: Municipal Salaries,  
Adjustment of as a  
result of Reclassification  
of Municipalities -

To all Municipal District Councils,  
Municipal and Deputy Municipal  
District Treasurers:

There is quoted hereunder Unnumbered Provincial Circular dated February 13, 1941, of the Department of Finance, for your information and guidance:

" In connection with Department Order No. 1, dated December 11, 1940, of the Department of the Interior, reclassifying the municipalities, effective on January 1, 1941, and with a view to precluding fund or salary questions that may arise in the municipalities raised or lowered in class by virtue of the same, the following instructions are issued:

1. In municipalities raised in class, the present rates of compensation of municipal officials, which will naturally be below those provided in Section 2184 of the Revised Administrative Code as amended by Section 3 of Act No. 3261, may not be increased unless (a) funds are available after all the necessary functional expenditures, the outstanding and current year obligations, and the emergency reserve have been fully provided for; (b) the percentage allowable for salaries and wages (Section 2299, Administrative Code) is not exceeded; and (c) the trend of revenue collections indicates no downward tendency. It is suggested, however, that in the interest of municipal stability, upward revision of salary rates be deferred until the next fiscal year.

2. In those cases where on account of the reclassification the percentage expendable for salaries and wages is reduced and may probably be exceeded if the present rates of compensation are maintained throughout the second semester of the current fiscal year, adjustment of those rates should at once be urged upon the municipal councils concerned so that the

Any violation of this regulation should be reported immediately to this Office.

3. LEAVE OF ABSENCE. - No application for leave of absence of members of the State Police shall be approved until after the elections of December 14, 1937.

4. MONTHLY ROSTER. - Beginning the 30th day of November, 1937, and every end of the month thereafter, all Detachment Commanders will submit to this Office direct a monthly roster similar to the form attached herewith, except in provinces where the State Police is already organized, in which case the report will be forwarded thru the Office of the Provincial Inspector.

The Provincial Inspectors will likewise submit a monthly roster of all the officers of every unit, and their respective places of assignment including the privates and noncommissioned officers detailed in their respective offices.

New members of the Detachment appointed during the month covered in the roster will be included therein and the dates of their respective appointments should be noted opposite their names.

The report under the columns "Loss" and "Remarks" in the attached form should be complete. In case of resignation or dismissal of a member of the detachment in the previous month, the same shall be carried in the month following under the column "Loss." If any member is undergoing suspension or is on leave of absence, he remains to be a member of the detachment and his name shall continue in the roster, but the cause and nature of his absence from the service shall be explained under the column "Remarks."

5. TRANSFER OF MEN. - No transfer or assignment of policemen or noncommissioned officers from one detachment to another or to any kind of police duty will be made without first securing the proper authority from the Commissioner of Public Safety, except in cases of emergency where the need of an additional police force is so urgent that delay will be actually prejudicial to the service.

In connection with the authority granted to Provincial and District Inspectors to detail not more than two (2) men for special duty as clerks in their respective offices (State Police Circular No. 1, par. 4), the corresponding authority referred to above shall likewise

MEMORANDUM NO. 788  
May 3, 1938

SUBJECT: Collection of ante-mortem  
fees for animals slaughtered  
in public slaughterhouses or  
in private meat packing es-  
tablishments -

To all Municipal and Deputy  
Municipal District Treasurers,  
Mountain Province:

Provincial Unnumbered Circular dated March 3, 1938, of the Honorable, the Secretary of Finance, is hereunder quoted, for your information, guidance, and compliance:

"For the information and guidance of all provincial and municipal treasurers, there is quoted hereunder a self-explanatory indorsement of the Director of Animal Industry, dated February 18, 1938, relative to the collection of ante-mortem fees provided for under Commonwealth Act No. 118. The views contained in said indorsement have been concurred in by the Department of Agriculture and Commerce and by this Department:

"Respectfully returned to the Honorable, the Secretary of Agriculture and Commerce, Manila.

'In the absence of any penal provisions in Commonwealth Act No. 118, any person who fails to pay the ante-mortem fees imposed under said Act cannot be prosecuted therein. However, this Office believes that a municipal treasurer who is charged with the duty of collecting ante-mortem fees, may refuse to issue the slaughter permit required under Sec. 532 of the Revised Administrative Code in favor of any person who fails to pay the corresponding ante-mortem fees. The municipality concerned may also refuse the slaughter of the animals in the public slaughterhouse unless the fees in question are paid by the owners.' "

"Provincial Treasurers are requested to transmit the contents of this circular to the municipal treasurers under their respective jurisdiction." (SGD.) A. DELAS ALAS,  
Secretary.

COMMONWEALTH OF THE PHILIPPINES  
MOUNTAIN PROVINCE

BONTOC  
Office of the Treasurer

MEMORANDUM NO. 787  
April 9, 1938

SUBJECT: Dealers' Bills

To all Deputy Provincial, Municipal,  
and Deputy Municipal Dist. Treasurers,  
Mountain Provinces:

The following circular-letter dated March 25, 1938, of the Purchasing Agent, Division of Purchase and Supply, is hereunder quoted for your information, guidance, and compliance:

"The importance of promptly settling dealers' bills is hereby strongly emphasized.

"Delays in settling bills, when no valid objection exists, are a source of evils from which the requisitioners, and no one else, suffer.

"Among such evils, the following may be mentioned -

"1. - Dealers refuse to fill orders for provinces and municipalities habitually retarding payment of bills, except on a cash basis.

"2. - Such orders are only filled at greatly increased cost, to protect against such delays and the inconvenience caused by unnecessary correspondence.

"Provincial treasurers are requested to transmit the contents hereof to all the municipal treasurers under their jurisdiction with appropriate instructions."

(SGD.) "C. E. UNSON  
Technical Adviser to the President  
Acting Purchasing Agent"

In this connection, it is instructed that bills rendered by merchants especially those stationed outside of the province, should be promptly attended to and paid at the earliest possible date. In so doing, we avoid to a great extent the evils unnumbered in the above-quoted circular-letter, and also minimize the complaint coming frequently from the creditors.

MEMORANDUM NO. 779  
February 10, 1938

SUBJECT: List of Male Persons  
born during the year 1918

To all Municipal and Deputy  
Municipal District Treasurers,  
Mountain Province:

The following Memorandum dated January 26, 1938, from The Adjutant General, Army Headquarters, is hereunder quoted, for your information, guidance, and prompt compliance:

"1. On June 8, 1937, the Municipal and Municipal District Treasurer through the Honorable, the Secretary of Interior were directed to prepare the following:

'(1). A list of male persons born during the year 1918, a copy thereof to be furnished each of the following: The Provincial Commander, the Municipal Secretary (The Registering Officer) and the Provost Marshal General. This list will enable each of the official mentioned above to know how many are expected to register in 1938 in each municipality, province and in the Philippine Islands.

'(2.) Certificate of birth of each male person born in 1918 with a notation that the person attains his 20th year of age in 1938 and is therefore required to register during the period April 1-7, 1938, with the nearest Registering Officer. Failure to comply with above requirement shall be dealt with in accordance with the provisions of law. These certificates shall be distributed by the Municipal Police. This will greatly facilitate the work of the Registering Officer and will prevent incorrect entries in the Military Register specially so if the person presents for registration in another municipality.'"

Office of the Treasurer

MEMORANDUM NO. 783  
March 2, 1938

SUBJECT: Medical and hospital services for government officers, employees or laborers ill on account of injuries or sickness sustained or contracted in line of duty.

To all Municipal and Deputy  
Municipal District Treasurers,  
Mountain Provinces:

General Circular No. 283 dated January 12, 1938, of the Auditor General, is hereunder quoted for your information and guidance:

"In connection with claims for payment of medical attendance under section 17 of Act 2935, section 699 of the Administrative Code, as amended, and Act 3428, as amended, this Office has consistently ruled that government officers, employees or laborers who sustain injury or contract illness in line of duty are entitled under the law (sections 707, 1030 and 1031, Administrative Code) to free medical services from government physicians and health officers, hospitals, clinics and other agencies supported by the government. Claims for doctor's fees for medical services rendered by private hospitals or physicians to such government officials, employees or laborers will, therefore, be disallowed in audit as heretofore in all cases where similar services of government hospitals, physicians, etc., could timely or properly be availed of.

"In case the services of private hospitals are availed of in provinces and cities where there are government hospitals, payment of hospital fees in excess of the rate being charged for government officials, employees, or laborers will not be allowed in audit. In other cases where there are no government hospitals only reasonable hospital fees would be allowed:

districts within their jurisdiction, debiting each of such municipalities and municipal districts with the proper amounts in the corresponding A-6-(1-?), Accounts Receivable, State Police Municipal Allotment, account. (See Section 25). Upon failure of a provincial, city or municipal budget, the total appropriations for police purposes standing in the books on December 31, 1936, shall be considered reappropriated and allotted to the State Police for the ensuing year. Ledger Sheet, Provincial Form No. 109(A), will be used for both the W-9-? and A-6-1a(1-?) accounts prescribed herein.

'Section 77(q) should read as follows: "42" - Allotment for the State Police (L) (N). The amounts formerly appropriated for salaries, wages, supplies, traveling expenses, etc., for jail guards, and such further amounts as may be appropriated by the provincial or city board or council for the operation and maintenance of the provincial or city units respectively, of the State Police force shall hereafter be appropriated and credited as an allotment to this account. Such allotment shall be set up in this account in one lump sum instead of its being functioned as the appropriation has been heretofore. On the fifteenth day of each month, 1/12 of the total allotment shall be charged to this account and credited to account W-9-?, State Police Disbursing Fund. Ledger Sheet, Provincial Form No. 109(A) shall be used for this account.

'Section 77(w) will also be amended to read as follows: "50" - Maintenance of Prisoners. All appropriations provided for the maintenance of prisoners, such as jailers' salaries and travel expenses, cost of office supplies, subsistence and clothing of prisoners and other expenses for the operation and maintenance of the jail shall be credited to this account.

'Section 358(r) is likewise amended to read as follows: "42" - Allotment for the State Police (L). The amounts formerly appropriated for salaries, wages, supplies, traveling expenses, etc., for the municipal police shall hereafter be appropriated and credited as an allotment to this account. Such allotment shall be set up in this account in one lump sum, instead of its being functioned as the appropriation has been heretofore. "2. In view of the foregoing, the following regulations are hereby promulgated.

"3. At the outset, it is well to bear in mind that there may exist two classes of members of the Government Service Insurance System in each province, city or municipality: (1) the "regular" members, mostly school teachers, who are defined by law as "those subject to the provisions of Act No. 3050, as amended, excluding the persons employed to take the place of teachers on maternity or sick leave, or otherwise employed temporarily", and for whom "it shall be compulsory for the municipal, city and provincial governments to pay the required government contribution"; and (2) those other permanent and regular employees, whom we may advisedly term as "optional" members and who may become members of the System only when the city, provincial or municipal government concerned exercises its option of joining the System, in which event "membership shall be compulsory upon all its permanent and regular employees, and it shall pay its share of the contribution of three per centum per annum of its employees' basic annual salary or compensation, plus the extra premium, if any, due to extra hazards of the member's ~~occupation~~ occupation". Sec. 4(g) of Act 186.

"4. The government contribution - i.e., 3% per annum of each employee's basic annual salary or compensation, plus the extra premium, if there be any - set aside by a city, province or municipality under the provisions of section 6 of the Act referred to should be appropriated at the same time the salaries of its employees who are members of the System are appropriated, and will be credited to expense account "p" (Contribution to the Government Service Insurance System) under the proper function. So much of this appropriated amount as may be found necessary from time to time will, beginning May 31, 1937, and monthly thereafter at the close of each month, be remitted to the Government Service Insurance System together with the amounts received covering membership contributions, donations, gifts, and so forth. A separate marginal column on the payroll for this purpose, headed "Government Contribution under Act 186", may be provided in order to facilitate the making of the journal entry. When such government contributions are determined at the end of the month, the same shall be debited to the proper appropriation account and credited to account E-23, "Contributions under Act 186".

DISTRIBUTION AND USE OF GENERAL FORM 86, *HEALTH EXAMINATION RECORD*

To Division Superintendents:

The following instructions should be observed regarding the distribution and use of General Form 86, *Health Examination Record*:

1. Every teacher, all division and General Office personnel, and every proposed appointee for a teaching or other school position should be provided with a copy of this form. When an applicant is appointed, his form should be sent to the school where he is assigned.
2. The form is good for five health examinations and should be used that number of times. After each use, the form of each teacher should be returned to the principal for checking. When a form has been used five times, a new copy should be provided. In case a teacher is transferred, his form should be forwarded to his new station.
3. Each year the division superintendent should requisition sufficient copies for his division to provide one copy for each teacher and employee in the service who has completely used his form, and enough copies for applicants for vacant and new positions.
4. The health examination to be recorded on General Form 86 should be conducted by a physician in the Government service.

tical Bank during the period from \_\_\_\_\_, 19\_\_ to \_\_\_\_\_, 19\_\_. You are hereby authorized to deduct the amount of ₱ \_\_\_\_\_ shown therein from the municipal deposit of this municipality in the provincial treasury and to turn over the same to the Agent of the Philippine National Bank together with the original copy of the said summary.

"Upon deduction of the said amount from our deposit (A-2, Municipal, and E-6, Provincial), the balance thereof should be ₱ \_\_\_\_\_.

"Municipal Treasurer"

This authority should be accomplished in triplicate; the original to be attached to the abstract submitted to the provincial treasurer, the duplicate to be attached to the voucher in the municipal treasurer's accounts submitted to the provincial auditor, and the triplicate to be filed in the municipal treasurer's office.

"3. Upon submission of the abstract to the provincial treasurer, the municipal treasurer will draw a Special Journal Voucher supported by the triplicate copy of the said abstract, the duplicate of official receipts and the duplicate of the above-mentioned authority. The voucher will be taken up in the municipal treasurer's accounts by debiting "Cash" (A-1) and crediting "Deposits, Provincial Treasury" (A-2).

"4. When the provincial treasurer receives the abstract and the authority from the municipal treasurer, he will draw a check against his official current account in favor of the Agent, Philippine National Bank, for the amount shown in the abstract. He will at the same time accomplish a provincial voucher to be supported by the authority and the duplicate of the abstract and take up the voucher in his accounts by debiting "Municipal Deposits" (E-6-?), if any, and crediting "Current Account, Philippine National Bank" (A-2). The original of the abstract and the check covering the amount should then be turned over to the Agent of the Philippine National Bank for credit in the agency accounts.

"5. In case the municipality has authorized the provincial treasurer to set aside part of the municipal deposit as reserve for loans under section 2117 of the Administrative Code, the said amount should be taken up under classification "A-3" which is hereby prescribed in the municipal accounts.

MEMORANDUM NO. 774  
December 4, 1937

SUBJECT: Vacation leave of absence  
of municipal officers and  
employees.

To all Deputy Municipal and  
Municipal District Treasurers,  
Mountain Province:

Provincial Treasurers' Memorandum No. 497 dated October 1, 1937, of the General Auditing Office is hereunder quoted for your information and guidance:

"For the information and guidance of all concerned, there is quoted hereunder the 1st indorsement of the Commissioner of Civil Service dated February 23, 1937, which is self-explanatory:

'Respectfully forwarded to the Honorable, the Auditor General.

'Inasmuch as the right of the sanitary division, employees and of the municipal officers and employees to leave of absence is governed by the special provisions contained in Sections 1017 and 2243(s) of the Administrative Code, respectively, and as these provisions have not been repealed by Commonwealth Act No. 220, it would seem that such special provisions are still in force and will remain operative until amended or repealed.

'With regard to the second paragraph of the foregoing communication, it should be stated that only new appointments in the classified civil service either original, by transfer, promotion, reinstatement or reduction made subsequent to the approval of Commonwealth Act No. 177 on November 13, 1936, should be submitted to this Bureau for appropriate action."

"Provincial and city treasurers are requested to transmit the contents hereof to the municipal treasurers and to other officials concerned in their respective cities and provinces."

Regulations to be observed by  
employees of telephone system.Circular No. 66  
June 18, 1919.

To Telephone Linemen,  
Operators and other Employees  
In charge of telephone apparatus.

To avoid further complaints which have heretofore been received in this office of subscribers as to the frequent interruptions of the line during conversation between two telephones, and to set at rest the negligence and discourtesy of the operators and linemen in connection with telephone calls, it is hereby made an absolute requirement hereafter that you will be made responsible and shall account for any irregularity of any nature, such as the use of indecent words on the telephone, etc., not reported by you to this office, that may take place at any time in your respective apparatus.

It is requested that all linemen, operators and other employees connected with the telephone system should exert every energy to eliminate or at least detect these irregularities which are discouraging the most efficient services the system is affording to the public with the view of giving a square satisfaction to the undersigned and to the private subscribers as well.

In order to carry out the above policy, it is therefore necessary that all employees of the telephone system should
