- e. If USAFFE who did not reach Bataan state reason and circumstances, state places and dates he saw subsequent encounters- On Dec 28, 1941 the Signal Co. to which I belong, was ~~arrived~~ at Silang, Cavite after ~~while~~ laying communication lines in the vicinity of Tagaytay. After there we laid another line. After finishing our work we proceeded to Fort McKinley where we waited for the rest of the platoons. Meanwhile the enemy forces were pushing from the South. Due to the enemy pressure we left for the city (Manila) the next day. When we arrived our C.O., (Capt. Arroyo) and the rest of the men had already left for Bataan. The enemy, approaching from the North had blocked the route to Bataan and only the troops that left before Dec. 29, were able to pass thru. Lt. Castañeda, our platoon leader told us to infiltrate thru the enemy lines to Bataan where we could contact our Unit. I took seven (7) men with me and proceeded northward, but found it almost impossible to go further ~~east~~ west when we reached Plaridel, Bulacan, so we proceeded further North where I planned to join the forces that had retreated from the West Coast. By avoiding enemy positions in N.E. we reached Caranglaan where we contacted Lt. Mabunga, Pedro of the 12th Inf. From there, we proceeded ~~via~~ the national highway, via ~~Baliwag~~ ~~where we were captured by the Japs in the early part of Jan. After two weeks of confinement in the school house at Sta. Fe, I escaped and proceeded to Dupax. There I joined the Combat Co. under Capt. Longino Longino of the 14th Command by Col. Everett Warner. Later I was assigned to signal section under Lt. Jose Cabaynero of the 14th Inf. Operating from our station we made contact with the High Command in Bataan, later transferred to Corregidor and still later to Australia.~~

We were to proceed to Baguio when we learned that Baguio and the Kennon road were under the control of the enemy so we were ordered to Buboc sawmill 25 Dec. 41. While at Buboc we were ordered to proceed to Aritao via trail and as soon as we reached Aritao, N.V., Dec. 29, Capt. John H. Primrose and Late Major Martin L. Moses, Regimental Commander of the 12th Inf. ordered us to be disbanded in view of the fact that the road to San Jose and the Villa Verde trail were under the control of the enemy and there was no exit to go to Bataan. - c. State whether surrendered or not and where concentrated- Never surrendered.
- d. Not concerned.
- e. If USAFFE who did not reach Bataan, state reason and circumstances state place and date of subsequent encounters- On Dec. 22, 1941, the HQBN, 12th Inf., of which I was the Lt. Commander, fought the enemy landing forces in Bauang, La Union. Lt. Donald Blackburn was in command of the defense. Lt. Blackburn was on our right flank and I was on the left flank. After offering a stiff resistance against superior enemy forces, withdrawal was made. When I and some of my men arrived in the town of Bauang, our Regimental Commander (Major Moses), Lt. Blackburn and the rest of my men have already left for Baguio via the Naguillian Road using all available cars and trucks. The town and the Naguillian Road were already in the hands of the enemy. Fighting our way we went to the hills northeast of the town, where, I was informed by friendly civilians, there were Filipino soldiers. There we met Lt. Col. Guillermo Nakar and his command to which we were attached. I was assigned supply officer. The plan of Col. Nakar was that we should go to Baguio and then to Manila. Instead of following the Naguillian Road which was already in the hands of the enemy, we made our way across the Cordillera Mts. North of the Naguillian Road. When we arrived at Tublay, a town north of Baguio we were informed that Baguio was already taken by the enemy. The next plan of Col. Nakar was to make for Balete Pass to Aritao N.V. by following the trail across the mountains. Upon our arrival at Aritao we heard that Balete Pass was taken by the enemy. We were also informed that the 12th Inf. to which I belonged was disbanded at Aritao, by Major Moses. Inasmuch as the way to the south was already closed, we were not able to go to Bataan. From the time I joined the unit of Col. Nakar, I was always under him and under Lt. Col. Arnold who took over the command when the (Col. Nakar) was captured by the enemy in Jones, Isabela. Sept. 29, 1942. No subsequent encounters.
