SUBJECT: Commendation

TO : Commanding Officer, Chinese Volunteer Group.  

It has come to my attention that your group performed outstanding service against the enemy on Luzon, Philippine Islands during the period 1 ~~July~~<sup>July</sup> to 5 July 1945.

At the outset of the battle to secure New Bosoboso and the New Bosoboso River Valley your group was given the mission of sending long range patrols through the Japanese lines to harass and cut the enemy communications and supply routes. By your aggressive employment of the limited trained personnel on hand, movements of the Japanese forces in this sector were ascertained and, through the constant harassing of the enemy, the capture and securing of New Bosoboso was expedited.

When my division was assigned to the Ipo Dam sector it was with pride and pleasure that I found your group attached to it with the mission of patrolling and securing the supply routes of the tremendously important flanking movement of two combat teams of the Division which was to constitute the main effort. The success of this mission was due in a great measure to the splendid discipline of your hard-fighting and well-led force.

The indomitable spirit of your forces continues it's already well-earned reputation and I wish to take this opportunity to extend this commendation to you and your valiant men.
