00 117  
Educational principles are modes of nature in inducing or prompting instinctive activities.

- T-14. The science of education is engaged in the discovery of educational principles which are applied by the school.
- F-15. Educational principles are mysteries hidden in the field of human activities.
- F-16. Educational principles are natural principles which explain the workings of the machines, and other mechanical devices.

## II. *The Aims of Education*

Directions: The same for I.

- T- 1. The aim in education is usually a reflection of the general purposes of the dominant class in a social group.
- F-- 2. The true and ultimate aim of education is the immediate aim of education.
- F-- 3. The ideal aims of education are moral character and harmonious development.
- T-- 4. The most popular aim of education is "social efficiency" or social welfare.
- F-- 5. The "harmonious development" aim of education is narrow because the emphasis is centered too much upon the welfare of the individual himself.
- T-- 6. "The harmonious development of all the powers and capabilities of an individual" is a wrong concept of educational aim because we are creatures of varying degrees of ability with capabilities which fit us for one activity rather than for another.
- F-- 7. The "harmonious development" aim of education is clear, unlimited, and practical.

SUMMARY OF PUPILS ENROLLED	BOYS	GIRLS	TOTAL
March monthly enrolment.....			
Pupils promoted from grade during year....			
Corrected enrolment.....			
Total age of pupils.....			
Average age of pupils.....			

SUMMARY OF PUPILS PROMOTED	DURING YEAR		IN MARCH		TOTAL		
	BOYS	GIRLS	BOYS	GIRLS	BOYS	GIRLS	TOTAL
Number promoted.....							
Total age of pupils.....							
Average age of pupils.....							

NOTE.—The person making out this report should also fill in the blank spaces under *Report on Promotions* on this side of the form.

### INSTRUCTIONS

1. This form will be made out in duplicate at the close of the school year by each teacher who is in charge of the enrolment and attendance records of any class in Grades I, II, or III. The original copy should be retained on file in the office of the principal of the school and the duplicate sent to the division office for filing.

2. In the first column will be written the names of all pupils who have been enrolled during the year in the register of the class for which this report is made. List names of boys first.

3. Under "Years in School," write 1, 1½, 2, 2½, 3, 3½, etc., to indicate the exact length of time the pupil has been in school from the first time he entered any school to the date of accomplishing this form.

4. The age of the pupil as reported on this form should be his age as of March 1. To find his age as of March 1, add ¼ to his age as of June 1, recorded in B. E. Form 1—*School Register*.

5. Under "Home Address" should be written the actual residence of the pupil, not a temporary residence which he may have taken up while attending school.

6. A pupil who is promoted during the year will be reported in each grade in which he is enrolled.

7. In the column for "Final Rating" should be indicated the final rating received by the pupil during the months he was enrolled in the grade for

Grade II in August, he should be reported on B. E. Form 18-C both for Grade I and Grade II. His final rating for Grade I will be based upon his work from June to August. His final rating for Grade II will be based upon his work from September to March, and not on those months in which he was studying in Grade I. The term "final rating" signifies either the average of all the periodic ratings according to the averaging system of grading or the last periodic cumulative rating according to the cumulative system of grading. In the cumulative system of grading, the periodic rating, after the first, is obtained by dividing by 3 the sum of twice the tentative rating and the periodic rating immediately preceding; and the last periodic rating becomes the final subject rating.

8. Great care should be exercised to make sure that the total number of days the pupil has attended the grade in both present and past school year is correctly recorded.

9. Under "Remarks" indicate all pupils promoted during the school year to the grade for which the report is made, by writing the words "Promoted from Grade \_\_\_\_," giving the number of the grade and the date on which the promotion was made. Likewise indicate all pupils promoted to a higher grade from the grade for which the report is made, by writing the words "Promoted to Grade \_\_\_\_," giving the number of the grade and the date on which the promotion was made. Indicate all Grade I pupils who enter the grade for the first time during the school year by writing the words "Entered school \_\_\_\_," giving the date on which the pupil entered.

10. When the blanks under "Summary of Pupils Enrolled" are filled in, the following points should be borne in mind:

- (1) The March monthly-enrolment figures given on the first line should agree with the monthly-enrolment figures given on B. E. Form 2 for March. (In the case of settlement farm schools, this will be May.)
- (2) The data for the second line should include all pupils promoted to the next higher grade before the end of the school year.
- (3) The data for the third line may be found by adding the figures on the first line to the figures on the second line.

11. Data for the "Summary of Pupils Promoted" may be obtained from the face of the form.

12. The sum of the ages of all pupils concerned should appear where "Total Age of Pupils" is called for. For example: Total age in a class of 58 pupils is 555. Average age,  $555 \div 58 = 9.5$ .

13. In indicating action taken on this form use only the word "promoted" and the word "retained" and abbreviate them to Prom., and Ret., respectively.

Honorable V. Carmona  
President, Philippine National Bank  
Manila

*Reg. No. 17755  
Iloilo City  
Oct. 11, 1941*

Honorable Sir:

I am furnishing herewith the Hon. P. N. B. Board of Directors, thru you, a copy of my Memorandum to His Excellency, the President of the Philippines, duly sworn to on September 29, 1941.

Allow me please, in this connection, to request for your kind recommendation to the Hon. Board or the Executive Committee thereof, to the effect that the existing order of dismissal under which my whole family and myself have been laboring with extreme pain and adversity, be now lifted or revoked, and that the undersigned be reinstated for reasons which I have stated in No. 3, page 13, of the attached Memorandum.

Even without invoking for the present the principle of constitutional rights that have been unfortunately transgressed in the instant case; even without need of mentioning now the "polluted source" from whence flows the substance of the penalty of dismissal; even if only for the sake of equity and humane kindness; even if only for the sake of humane considerations so essential and necessary to the prosecution and pursuance of "Social Justice", I am quite confident, Sir, that I may yet convince Your Honor to grant me this request for a recom-
