BOARD OF EDUCATION

June 30, 1954

BUREAU OF EDUCATION

Manila, October 9, 1939

C I R C U L A R
No. 56, s. 1939

COMMISSION OF TEACHERS IN THE RESERVE FORCE OF THE PHILIPPINE ARMY

To Division Superintendents:

1. The attention of the field is invited to the following excerpt from a 3rd indorsement of the Chief of Staff, Philippine Army, dated August 1, 1939:

... please be informed that this Headquarters considers it a sound policy not to commission teacher applicants in the Reserve Force of the Philippine Army until they shall have graduated at the Reserve Officers' Training School.

2. The application of teachers for direct commission in the Reserve Force will no longer be considered by the Chief of Staff, Philippine Army. In line with the Army's new policy, a teacher desiring to be commissioned as a reserve officer in the Philippine Army should apply to this Office through the Division Superintendent for admission to the Reserve Officers' Training School. The Army conducts the R. O. T. S. for teachers during the long vacation every year.

3. The purpose of the Bureau of Education in sending teachers for further training in the Reserve Officers' Training School is to make them better prepared to teach preparatory military training. Only those who are willing to teach preparatory military training in such positions as they may be assigned to should be recommended by the Division Superintendent for admission to the Reserve Officers' Training School.

CIRCULAR
 No. 44, s. 1939

SOCCER TO BE AN OFFICIAL EVENT IN INTERSCHOLASTIC MEETS

To Division Superintendents:

1. In accordance with the resolution passed by the division superintendents in their convention at Baguio last May, soccer is hereby included as an official event in interscholastic meets.
2. The plan of the soccer field is given in the inclosure to this Circular. Except for the modification in the plan of the field and the size of the ball, the PAAF Rules will be observed in the conduct of the game. Soccer ball No. 4 is prescribed for use in all elementary and secondary competitions.
3. Only the following uniform will be allowed in interscholastic soccer competitions: a. Sleeveless athletic shirt, b. Running pants, and c. Canvas rubber shoes. The goal keeper may be permitted to use a sweat shirt or Jersey with sleeves to distinguish him from the other players of the team. Under no circumstances will the other players be permitted to use sweat shirts or Jerseys during the game. No player will be permitted to use shin guards as these are not necessary when the players are using canvas shoes.
4. The following books are helpful reference material in the promotion of soccer in the schools:
 - a. Soccer for the Junior and Senior High School, by J. E. Caswell. (See A. B. 19, s. 1933.)
 - b. The Football Association Coaching Manual, Evans Brothers Limited, London.
 - c. Association Football, An Instructional Book of the Football Association, Evans Brothers Limited, London.

3. The materials mentioned in the inclosed lists should be taken up in connection with the subjects with which they are highly correlated, such as opening exercises, language, reading, character and health education, and history in elementary classes; and English, social science, and character in the secondary and collegiate classes.
4. The following program is intended to give the schools a general idea of the kind of program that may be given in the convocation mentioned in paragraph 2 of this Circular:
- I. Music: "Philippines, My Philippines," Santiago.
 - II. Brief introductory remarks by a pupil, explaining the purpose of the celebration.
 - III. Recitation: A suitable poem for the occasion.
 - IV. A Filipino folk dance or folk music.
 - V. A talk on the significance of the event, by an invited guest if available; if not, by a teacher.
 - VI. Music: "Philippine National Hymn."
5. Supervising teachers and principals are expected to make suitable plans for the celebration of each event to the end that the aim of the celebration may be fully realized. If they have better ideas than those indicated in paragraphs 2, 3, and 4, they should feel free to deviate from the instructions in these paragraphs, which are merely suggestive.
6. Division superintendents should comment in their monthly reports on steps taken to commemorate in their respective divisions these important events in Philippine history. Inasmuch as it is the intention of this Office to issue a pamphlet containing model programs and materials for use in the celebration of these events in succeeding years, it is requested that a copy of the best programs and materials used by the schools in the division be sent with the monthly reports.
7. The above commemorations do not replace any of the observances heretofore established. The list of historical events may be revised in succeeding years.

and difficult for the government to eject them later if and when their cleared areas will be needed for reforestation purposes.

As it can be seen from the map of the Central Cebu National Park, these Barrios are located along the bank of Combedo River. The land along the banks is rough and made up of radiating high ridges and deep gulleys. It is needless therefore, to state that these areas are needed to be kept forested to prevent erosion and river bank protection.

Allowing also these Barrios to permanently stay, the adjoining forests will be in constant danger of being encroached, and the fact is that even at this writing many people are planning while some are said to have started cleaning the underbrush preparatory to fell the big trees in their saligin making. It seems that the Municipal officials are working for the alienation of the Park as shown by the encouragement they give to the people. They have very little or no inclination to forest conservation. Apparently the idea of the Municipality to induce all the people thereat to declare their clearings for taxation purposes is to increase the revenue and there seems to be no way to stop this movement except if we could make it revert the money paid from land tax to the park income.

In view of the above it is recommended that the request of the Municipal Council of Balamban, Cebu, under Resolution No. 121, s. 1938, for a school site in Barrio Ginatilan, Municipality of Balamban, Province of Cebu, be denied again because it is only a step to assert their plan to ultimately alienate the Park and defeat the very purpose for which the Central Cebu National Park has been established.

of the present colonization plan. The present areas illegally occupied by them are steep so that the soil has already been impoverished by action of erosion. As a consequence, the inhabitants concerned - and inhabitants of any other forest area for that matter - are at present working under conditions where the law of diminishing return operates.

In this connection, it is hoped that no effort be spared by that Office to retain the present timberland areas of the municipality of Balsaban.
