FILE NO. AGRD-IB	SUBJECT Request for Authentication of SO # 19 & 37 and GO #2		
TO Archives Section, Records Branch (Attn: Mrs. Pinkerton)	FROM Document Examiner	DATE 11 Aug 52	COMMENT NO. 1 Mr. Morales/mvn
THRU: Adm Asst (Inv) <i>JP</i>			

1. Request for authentication of "Special Orders No. 19, dated Nov 20, 1942, "Special Orders No. 37, dated 30 March 1943" and "General Orders No. 2, dated December 18, 1942," as cited in comment No. 1 above, has been complied with.

2. After careful and thorough examination of the above cited documents, it is my findings, that Special Orders No. 19 and 37 and General Order No 2, are authentic documents, based on the following findings:

a. Special Order No. 19, extract, dated November 20, 1942, bears the authentic signature of Zoilo J. Jagunos, per numerous signatures found in the 201 file of Jagunos, this headquarters.

b. The signatures of Juan G. Galia shown on Special Order No. 37, dated 30 March 1943 and on General Orders No. 2, dated December 18, 1941 are Galia's authentic signatures.

c. Special Orders No. 19, 37 and General Orders No. 2 are found beyond reasonable doubt to have been typed on one and the same typewriter. This type of typewriter could not have been used in preparing any of the typewritten documents found in Archive file No. 330.32 Rosters 8th MD Hqs. Bohol Area Command, No. 242.5 Payroll of same nor in any of the 201 files of the following officers of said organization: Juan G. Galia, Rustico C. Cadelina, Felipe S. Pizarro and Zoilo Jagunos, except the letter in the 201 file of Ismael P. Ingeniero addressed to Lt. Col. W.W. Fertig, C.O., 10th MD, dated 27 March 1943 and stamped on the back "obtained from archive, V. Pinkerton(DAC)"

d. The typewriter used in preparing the Special Orders No. 19, 37 and General Orders No. 2 is pre-war commercial type as evidence by the tilde sign. No typewriters brought in by the liberation forces have a tilde sign.

e. In the 201 file of Juan G. Galia, this headquarters, is an original type-written copy of General Orders No. 2, dated December 18, 1942. The contents of the copy of General Orders No. 2 in the 201 file of Galia are absolutely the same as that found in the mimeograph copy of General Orders No. 2, except that the company E & F together with the names of officers were interchanged.

f. The original copy of General Orders No. 2 in the 201 file of Galia as he signed it, purports to be the real original made on Dec. 18, 1941. However, his ink signature in this order, reveals, beyond reasonable doubt that it is the same ink and pen which he used in signing all his documents in his 201 file from 1945 up to 1947.

g. This point gives us a clear picture that mimeograph copy of General Orders No. 2, dated 18 Dec 1941, is the authentic reproduction of General Orders No.2 and

therefore should be copied and kept in our Archives for future reference.

h. Determination of the authenticity of General Orders No. 2, automatically authenticates Special Orders No. 19 and 37, in view of the fact that they not only bear authentic signatures of the officers but were typed on the same typewriter as that used in General Orders No. 2.

3. Your attention is invited to my findings on 330.32 Rosters 8th MD, Headquarters, Bohol Area Command as follows:

a. Alphabetical Roster of Enlisted Men (GWR), dated December 1, 1942 of 8 pages, in my findings, is a good record and therefore should be used as valid reference, based on the following:

(1) Typewriter used in typing this roster is not found in any typewritten documents in any of the 201 files of the above mentioned officers, except again in the 201 file of Ingeniero of the Minutes of the "General Caucus and Conference" at Batuan, Bohol, November 29, 1942 for the purpose of centralization of Bohol Forces. This document was obtained also from Archives.

(2) The signature of Pizarro in this roster is the authentic signature of Felipe S. Pizarro, shown in his "Partial Payment (initial) dated 22 March 1945 in his 201 file, this headquarters.

b. Alphabetical Roster of Officers with their assignments, no date, bears the authentic ink signature of Juan Galia as Capt., Inf., Adjutant.

(1) This roster is composed of 4 pages of carbon copies.

(2) Rigid examination of this roster coupled with the specified ranks of officers, signifies that this roster was made way back in 1942.

(3) With the signature of Galia, it appears that it is a carbon copy of the originals.

c. Organization Rosters of Officers, no date, bears the authentic ink signature of Juan Galia.

(1) This roster is composed of 5 pages of carbon copies.

(2) Examination of the typewriter used in typing this document, proves beyond reasonable doubt that it was typed on the same typewriter used in typing the Alphabetical roster of officers with their assignments cited in No. 2 supra. This finding, coupled with their specified ranks, gives us a reasonable presumption that this roster was made on or about 1942.

AGRD-IB (11 Aug 52)

SUBJECT: Request for Authentication of SO #19 & 37 and GO #2.

(3) The typewriter used in this roster as well as the roster cited in paragraph 3, sub-paragraph b above, is beyond reasonable doubt, the same typewriter used in typing several typewritten documents found in the 201 file of Juan G. Galia dated 1945 to 1947.

(4) The aging of the lower end portion of these two rosters is done purposely for deceit.

d. Roster of Troops, dated 5 April 1945, marked "A" in red pencil composed of 2 originals and one carbon copy of each original bearing the authentic ink signature of Juan Galia.

(1) Typewriter used in typing this roster of troops dated 5 April 1945, is beyond reasonable doubt, the same typewriter used in typing the roster cited in paragraph 3, sub-paragraph b and c above.

e. Another carbon copy of roster, dated 5 April 1945 and marked "B" for proper identification.

(1) The content of this roster is entirely the same as that found in the roster cited on the preceding paragraph except notation of promotion of some individuals.

(2) This roster was typed on another typewriter different from the typewriter used in typing rosters cited in paragraph 3 sub-paragraphs b to d inclusive.

(3) Typewriter used in typing this roster was also used on documents in the 201 file of Galia, dated 1945 to 1948.

4. Discussion of alleged rosters of officers in Archives Folder No. 330.32 Rosters 8th MD, Hqtrs, Bohol Area Command, cited in paragraph 3, sub-paragraphs a and b supra, as follows:

a. Rosters titled, Alphabetical Roster Officers With Their Assignments and Organizational Roster of Officers, are of doubtful authenticity. I said doubtful because:

(1) These rosters bear no date.

(2) The authentic ink signatures of Juan G. Galia shown in these rosters are of "Parker New Quink, Washable-blue ink" (liberation ink). To augment these findings, your attention is invited to all ink signatures of Juan G. Galia in all documents he signed in 1945 in the Folder No. 330.32 which must have been signed by the same ink and pen, and this ink and pen were also used on documents in his 201 file which he signed from 1945 to 1947.

(3) Rigid examination through magnification of the aging of the bottom portion of the questioned rosters, reveals that the aging was done intentionally and not by nature.

(4) That, Alphabetical Roster of Officers With Their Assign-

ments, contains 24 names of officers who are not listed in the General Orders No. 2, dated December 18, 1942. Some of these officers are without records in this headquarters and some, per their respective 201 files, claim to have joined the Bohol Guerrilla in February, March and July 1943. Under these facts, the Alphabetical roster of officers with their assignments could not have been made in 1942. The worst part of this alphabetical roster, if true that it was made in accordance with the organization's total strength of officers, is the omission of five officers names listed in the General Orders No. 2, who were really bonafide members of USAFFE.

These points raise a reasonable question as to Galia's failure to show the dates and to submit to this Hqtrs for records purposes the genuine copy of General Orders No. 2, dated December 18, 1942, found in his 201 file or the mimeograph copy of said General Orders No. 2.

5. Based on the facts cited above regarding the Alphabetical roster of officers with their assignments, and Organization Roster of Officers, it is my contention, that these records should not be accepted as Archive records for by such acceptance we are utilizing a record which creates liabilities to the U.S. Government based on spurious documents.

All the other documents inside folder No. 330.32 Rosters 8th MD, Headquarters, Bohol Area Command, except the "Alphabetical Rosters of Officers with their Assignments and Organizational Rosters of Officers above cited are in my opinion, good documents.
