April 21, 1938

Respectfully returned to the District Engineer, thru the Provincial Auditor, Tacloban, Leyte, with the following remarks:

1. Although it has been said that the required advertisement for public auction, calling for bids, has been already made without any bid presented, this office is not aware of any regulation allowing the verbal "Paquiao System" in the construction of public buildings, and it is doubtful whether the Auditor's Office, the Provincial Board, and the Municipal Council concerned may agree to the payment of the work done under the system.

2. The provisions of Administrative Order No. 62, s. 1938, of His Excellency, the President of the Commonwealth, which require the use in any public works of unemployed persons appearing in the register kept in the office of the municipal treasurer in each municipality, should be complied with having into consideration, of course, the kind of work that each person may carry out.

3. As to the purchase of materials needed, attention is hereby invited to the attached copy of our form of letter to be used in the case such purchase is to be made in the municipality where the materials are to be used; in other cases the purchases will be made by this office as usual.

(Sgd.) ANDRES AGCAOILI  
Provincial Treasurer

Subject: ROSTER OF TROOPS, for December  
To : The Bn. Adjutant, 1st Bn. 96th Inf. Regt.  
In the Field

1. I am sending back our Roster of Troops for December, 1944 as it is. I can not place the names of Crisanto Peñaranda and Luciano Guzman as they are not with my company anymore. They reported to me only for about a day or two then they left leaving their arms behind because as they told me they were reporting to the Artillery Unit as they were trained for such work only.

2. I have informed already the Regimental Adjutant about this long before.
